OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, JANUARY 3, 1948.

No. 1

HIGH PRAISE FOR MAYOR CURLEY AND CHRISTMAS SEASON'S GREETINGS FROM FRIENDS IN TOKYO, JAPAN—WAC SERGT. HELEN E. RYDER OF SOUTH BOSTON JOINED WITH FRIENDS TO SEND SPECIAL MESSAGE TO MAYOR, CONGRATULATING HIM ON RETURN TO HEALTH AND ACTIVE POLITICAL LIFE—ALSO THANKED FOR EFFORTS BEING MADE IN BEHALF OF MILITARY MEN IN VARIOUS PRISONS FOR MINOR OFFENSES AND EFFORTS TO SECURE AMNESTY FOR SUCH.

His Honor, the Mayor, on December 26, received the following letter:

COMPANY A, 8225TH WAC BATTALION,
GENERAL HEADQUARTERS, FAR EAST COMMAND.

MAYOR JAMES M. CURLEY,
Boston, Mass.

December 17, 1947.

YOUR HONOR,—You don't know me but I have followed your progress for many years. From the time I was a small child in South Boston and used to play at the old McNary Park, surrounded by a dump, I have known who Mr. Curley is. When that dump was converted to a decent swimming beach, Carson, I knew that Mr. Curley had done it. You can see that I have known you for a long, long time.

In later years, when I was out working for a living, I was a captain at Hugo's during several summers while I was going to college. I met you then, many times, so I know you to speak to but I don't expect you to remember me, by any means.

No doubt you are wondering what is bringing on this flood of memories. I followed your case in the papers even though I was in the Army and on duty in Colorado at the time. I felt a personal hurt when you did have to be punished. Last week, I see by *Time*, you were released and I want you to know that way over here in Tokyo, there are WACs from Boston who are happy for you. We feel as though it is a personal vindication for you. Naturally we are proud to know that your unfortunate experience has not caused you to lose any of the justly deserved political prestige you earned over the years.

By now, if you ever see this letter, you will know that for once you are not being asked for anything. We simply wanted to tell you the way we feel about you being back in City Hall, which would never seem the same to us without you.

In the issue of *Stars and Stripes* of tonight, 17 December, the attached clipping was given prominent space. There has been a lot of discussion about this matter and some feel that it is simply a political move but I feel that it might be your way of expressing thankfulness to the Lord for restoring you to your family at this time of the year (clipping refers to amnesty for jailed servicemen).

No matter what the motives are, we are all for you in this matter. We know of many service friends who will spend Christmas under arrest and many of them for small military offenses. We are grateful to you for taking an interest to the extent that you have.

In Japan, Christmas is just another day, but, of course, it will be observed as much as possible. They are allowing us a whole day off and that is something. We are well billeted and fed and cared for and have nothing to complain about unless it is homesickness but we would not dream of admitting that to anyone.

Please accept our friendly and respectful wishes for a happy Christmas season and may the Lord continue to bless you and give you strength for the New Year ahead.

Most respectfully,

HELEN E. RYDER (A-117630), Sergeant, WAC.

Mayor James M. Curley's Holiday Message.

It is pleasing, as Mayor of Boston, in extending heartfelt wishes for a Happy Christmas to the men, women and children of our city, to extend the same to the generous souls who have aided me in making possible a Happy Christmas for some 1,500 families, who might otherwise remain in want and forgotten at the Blessed Christmas Season.

The true Christmas spirit is best exemplified by considering the needy and unfortunate of the community, and it is gratifying to know that the City of Boston, in this respect, is second to no other community in America, or the world. With the war over, the loved ones who survived, home with the knowledge that those who did not return are with their Divine Master, with the prospect of permanent peace and the prayers of all to Almighty God that it may be a reality before another Christmas is observed in the World, in my opinion, echoe the thought and desire of everyone. That the year ahead may be one of prosperity, progress and peace through the providence of Almighty God is the sincere wish and the hope of every right-thinking person.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MAYOR CURLEY INVITED TO INSPECT THE RENOVATIONS IN FANEUIL HALL.

The following letter was received by his Honor, Mayor James M. Curley, from the Art Commission of the City of Boston:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—On the basis of the Boston Museum of Fine Arts' estimates of the cost of cleaning and restoring the city's paintings in Faneuil Hall, your Honor last year recommended, and the City Council voted, the appropriation which has made it possible for this commission to remedy the neglect from which all these works of art had suffered since 1931; and from which the huge painting of the Webster-Hayne debate by Healy had suffered still longer. The Art Commission accordingly employed as experts, Finlayson Brothers, to clean this painting at a favorable time when staging was in place for repainting the interior of Faneuil Hall. This commission moreover arranged with the Museum of Fine Arts to transport to the Museum and clean there all the other nineteen Faneuil Hall portraits. This has been done, a few at a time; and the paintings returned and rehung. The repainted and immaculately clean Hall makes a fine background for these historic portraits. And this work has been done well within our appropriation for this purpose. The Hall with all the portraits rehung, is now a sight worth seeing; and I take pleasure in inviting your Honor to join me there, one of these days, at your convenience. It will give me great satisfaction to show you the work which you have so wisely initiated.

With best wishes of the season.

Yours sincerely,

ROBERT P. BELLOW, *Chairman.*

TO THE MAYOR OF BOSTON, MASS.

DEAR MR. MAYOR,—As one of the Parish Councilors it has been my pleasure for some years now to convey to those of your good citizens, especially those who were with us during the war, our best wishes and thanks for all the great deeds accomplished then, and the wonderful efforts and sacrifices you are making today on behalf of our country. We should, therefore, be grateful if you will convey our heartfelt feeling either through your local press or by any means through which it will reach those concerned.

Yours faithfully,

P. J. WILDSMITH.

BOSTON, December 16, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Attached is list of bids on proposals for furnishing flour to the various city departments which were publicly opened and read at this office on December 15, 1947.

Bids were requested on a four- and a six-months basis and, in my opinion, the bid submitted for the longer period, namely, six months, should be accepted.

In view of this, I would respectfully request that permission be granted me to award a contract to the American Flour Company for furnishing to the various city departments 4,149 bags of bread flour for the period from January 1, 1948, to June 30, 1948, inclusive, at a price of \$7.305 a bag, and also a contract to Thurman Company for furnishing 384 bags of pastry flour for the same period indicated above at a price of \$7.39 a bag, less a cash discount of 2 per cent for payment within ten days.

Total amounts of contracts are as follows: American Flour Company, \$30,308.44; Thurman Company, \$2,781.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial firms, and supply houses for furnishing, labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

HOSPITAL DEPARTMENT.

BOSTON, December 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested for the award of a contract, without advertising, to the Viking Sprinkler Company, Inc., for renewing fire and sprinkler lines and new manhole, rear of South Department, Boston City Hospital, in the sum of \$3,188.13.

These lines supply our sprinkler and fire lines in two buildings, and presented a hazard to the safety of the children in this area in case of fire, as we would not have the necessary pressure to operate the fire equipment, sprinklers, etc.

Because of the emergency nature of this work, an immediate award was necessary. The Trustees therefore recommend the award of this contract to the Viking Sprinkler Company, Inc., at the above-mentioned price.

Respectfully yours,

JOSEPH F. TIMILTY,
Acting President, Board of Trustees.

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, December 8, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On November 6, 1947, letters were sent out to the following concerns for bids for the repair work needed on the Mayor's elevator at City Hall: Otis Elevator Company, Westinghouse Elevator Corporation, and the Consolidated Elevator Co., Inc.

The Otis Elevator Company and the Westinghouse Elevator Corporation have informed us that they would be unable to do the work. The Consolidated Elevator Company has sent in a bid of \$1,450 to perform this work.

The work to be done is as follows: Remove present Cutler-Hammer control board of main controls, all old wiring in machine room and well-way. Furnish and install new main control board complete, rewire all limit stops, governor safety and lines to car control, etc.

The earliest date of probable delivery the Consolidated Elevator Company would give was three months from date of order. The need for this repair is very urgent and advertising for bids for this contract would serve no useful purpose.

I respectfully request, therefore, that your Honor grant me authority to dispense with advertising and to award

JAMES E. SULLIVAN,
Superintendent.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 10, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Following each snowstorm, it is necessary for this department, in connection with keeping the highways and streets of the city open for traffic and travel, to supplement departmental forces and equipment by utilizing the equipment and services of outside firms and individuals.

The equipment we hire consists of trucks for plowing and hauling, loaders, tractors, etc., and the services embrace the manpower necessary to direct and operate such equipment.

The employment of this extra equipment and forces is largely of an emergency nature, the cost of which cannot reasonably be estimated in advance, since the extent or duration of winter storms is not open to exact prediction. In the event of a heavy or protracted storm, however, payments for these supplementary services may, in the aggregate, exceed \$1,000.

In view of this possibility and as the rates to be paid for services and the rental of equipment are established by this department, nothing would be gained by advertising. I hereby request your authority to dispense with public advertising and to pay all bills incurred on all snowstorms during the winter season of 1947-1948, without

the issuing of service orders and also the payment of such of these bills that may exceed \$1,000.

Yours respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 10, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On November 5, 1947, approval was granted this department to award a contract to Clark-Wilcox Company for furnishing two (2) Model HD-5A Allis-Chalmers Diesel tractors to the Paving Service of the Public Works Department, as per specifications, at a net total for the two tractors of \$11,434.20. Clark-Wilcox was the only bidder, and a delivery date of approximately four months from date of order was specified in their proposal.

Clark-Wilcox Company have now informed this office that they will be unable to furnish the HD-5A Model which they originally specified but they offered to furnish their Model HD-5B in lieu of the original model bid upon, and state that they can make delivery of this model in the very near future. This will necessitate a change in the original specifications and also an increase in price of \$308.50 each. The division engineer of the Paving Service has approved this change in order to secure delivery during the coming winter.

In view of this explanation, I would respectfully request that permission be granted me to cancel the original approval granted under date of November 5, 1947, and award a contract, without

further public advertisement, to Clark-Wilcox Company as follows:

Two (2) HD-5B Allis-Chalmers Diesel tractors as per revised specifications at a price of \$6,525.60 each; total, \$13,051.20, less allowance on turn-ins, as specified, of \$1,000, making net total of contract \$12,051.20.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, December 22, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to purchase one hundred thousand (100,000) pounds of clear high commercial beef at 55 cents per pound, from Bolton-Smart Company, Inc., Boston.

It is recommended that this beef be placed in freezers, and used during the months of February, March and April. The market is very unsettled and it is extremely difficult to predict future prices or supply. This purchase now will guarantee a supply for the hospital and, in my opinion, result in a saving for the city.

We have received prices from several sources and the quotation from Bolton-Smart Company, Inc., is excellent, and I believe no advantage would be gained by publicly advertising for bids.

Total amount of contract, \$55,000.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, December 19, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On October 31, 1947, permission was granted this office to award contracts for fire apparatus.

Item No. 5 called for delivery of twelve (12) hose wagons. Part of the specifications required them to be equipped with Akron style portable deluge nozzle. Subsequent to the request for approval to award contracts, the Fire Commissioner notified this department that he believed better service could be obtained by using the McIntire deluge nozzle, and has asked us to substitute same for the Akron type.

Prices were requested on the McIntire deluge nozzle and this substitution will result in an increase of \$2,693. It is respectfully requested that permission be granted to award the contract for hose wagons at the new prices as follows:

Five units to Mack Motor Company, \$58,237.50; three units to Ward LaFrance Company, \$39,579; two units to American LaFrance Company, \$28,376.50; two units to E. A. Forbes, \$24,314.

Total increase, \$2,693.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUFFOLK COUNTY.

SOUTH BOSTON MUNICIPAL COURT.

BOSTON, December 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR.—Under the provisions of chapter 156 of the Acts of 1939, it is requested that advertising in the *City Record* be dispensed with for the budget items of this court, for the year 1948, as listed below, for the reasons set forth.

B-4, Transportation of Persons.—This covers transportation of prisoners committed by this court and the travel and other expenses of the four probation officers.

D-1, Office Supplies.—This includes government postage. Balance of account includes cost of all printing, docket sheets, forms, office supplies, advance legislative sheets.

Yours respectfully,

JOHN E. FLAHERTY,
Clerk of Court.

BOSTON, December 1, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR.—In accordance with chapter 156 of the Acts of 1939, I write to ask if you will grant me the written authority to dispense with advertising in the *City Record* of proposals for bids for the transportation of prisoners to and from the South Boston Municipal Court for the year 1948.

The reasons for not inviting bids are as follows:

1. The physical condition of some prisoners, both men and women, demands responsibility of operator as well as immediate transportation.

2. This work has been done satisfactorily for several years by present operator, who is available for the year 1948.

3. Prices charged and to be charged are reasonable.

4. Although impossible to estimate exactly, average cost per year is about \$1,300. I have at hand cost for the year 1947 to date which amounts to \$1,300.

The proposed charges for transportation are as follows:

One prisoner to or from the jail, \$2.

Two prisoners to or from the jail, \$3.50.

Three prisoners to or from the jail, \$3.50.

Four prisoners to or from the jail, \$4.

Five prisoners to or from the jail, \$4.50.

Trips to House of Correction (via Sumner Tunnel and Winthrop), \$5 plus tunnel fares. One trip can accommodate five prisoners.

Yours respectfully,

LEO H. LEARY, *Justice.*

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Gil Wyner Company has been granted an extension of the contract for road, utility, and grading work at River street, Mattapan.

This extension of time is necessitated due mainly to the company's inability to obtain water pipe before January, 1948 (see letter of explanation attached).

The City of Boston has determined that:

1. The delay is due to unforeseen causes beyond the company's control and without their fault or negligence; and

2. Notice of the cause of the delay was given within the time and in the manner prescribed by the contract.

Now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows:

The contract time for completion is extended one hundred and forty-four days (144 days) to April 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all

the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

GIL WYNER COMPANY, INC.

MALDEN, MASS., November 17, 1947.

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston, Mass.

Re: Liverside Estate, No. 2, Road, Utility, and Grading Work.

GENTLEMEN,—In compliance with Article 9 (D) of above contract, we hereby apply for an extension of the contract time for the following reasons:

1. Inability of R. B. Wood Company and other pipe manufacturers to supply water pipe before January, 1948.

2. Excessive amount of trench ledge to drill and blast caused a complete slow-down on all trench work.

In view of the above we will be unable to complete the work as specified under sections 1, 2, and 3 in the specifications.

Inasmuch as we will not receive the water pipe until January, 1948, we feel we will be unable to lay this pipe during the winter and request an extension until May 31, 1948.

Thank you for your consideration to the above, we remain

Very truly yours,

GIL WYNER COMPANY, INC.,
By NATHAN WEINER, Vice-President.

DEPARTMENT OF SCHOOL BUILDINGS.

M. S. Kelliher Company have been granted an extension of the time of completion of the contract for alterations at the John Marshall School, contract approved by your Honor, July 7, 1947. Completion date to be extended from December 15, 1947, to March 15, 1948. This extension is requested because of shortage of labor for brickwork and delay in getting boilers.

Ricciardelli Company have been granted an extension of the time of completion of the contract for installing R. R. T. boilers in the Oliver Wendell Holmes School, contract approved by temporary Mayor, July 7, 1947. Completion date to be extended from December 15, 1947, to February 28, 1948. This extension is requested because difficulty in securing labor and materials.

Atlantic Roofing and Skylight Works have been granted an extension of the time of completion of the contract for roofing and metalwork at the Longfellow School, contract approved by your Honor, August 11, 1947. Completion date to be extended from December 15, 1947, to March 1, 1948. This extension is requested because of shortage of labor and materials.

Ricciardelli Company have been granted an extension of the time of completion of the contract for installing H. R. T. boilers in the William Bradford School, contract approved by Temporary Mayor, July 7, 1947. Completion date to be extended from December 15, 1947, to February 28, 1948. This extension is requested because of shortage of labor and materials.

FIRE DEPARTMENT.

J. A. Singarella Company have been granted an additional extension of time

for the performance of a contract for alterations, additions and renovations to Fire Station, Engine 33, located at 941 Boylston street, Back Bay.

The contract is dated April 15, 1947, and was to have been completed within 90 days after date of the Mayor's approval, your Honor having signed the contract April 24, 1947. The date of completion in accordance with the contract was July 23, 1947. However, Temporary Mayor Hynes approved an extension from July 23, 1947, to October 15, 1947, and a second extension of time to December 1, 1947.

Due to the fact that the contractor will be unable to obtain metal toilet partitions until the middle of January, 1948, and the heating subcontractor cannot obtain a large fan required until January, 1948, the work called for under the contract cannot be completed before February, 1948. Request is therefore made for an additional extension of time for performance of work under the contract until February 16, 1948.

PUBLIC WORKS DEPARTMENT.

James A. Freaney, Inc., have been granted an extension of the time of completion of the contract for cleaning catch-basins in City Proper, Roxbury, South Boston, Charlestown and East Boston, from December 8, 1947, to December 31, 1947. This extension is requested because of inability of contractor to secure repair parts for his machines on short notice and delay entailed in securing said parts.

John F. Shea Company Inc. have been granted an extension of the time of completion of the contract for resurfacing various bridges, to May 15, 1948. This extension is requested because this work involves resurfacing eight bridges, four of which have been practically completed. Because of adverse weather conditions this late in the season for laying sheet asphalt pavement, it is advisable to postpone the work on the other four bridges until early spring and this extension to May 15, 1948, is respectfully requested for the best interests of the city.

SUPPLY DEPARTMENT.

The Cowan Lumber Company has been granted an extension of the contract dated October 27, 1947, for furnishing lumber to the various city departments from December 15, 1947, to April 30, 1948.

This extension is requested owing to the fact that the Bridge Service experienced several breakdowns which required the use of the carpenter force thereby leaving the department unable to complete the work originally estimated.

CHANGES IN CONTRACTS.

BOSTON HOUSING AUTHORITY.

Gil Wyner Company, Inc., have been ordered to make the following change in the contract for road, utility, and grading work at Liversidge Estate, River street, Mattapan District, as follows:

For ledge drilled, blasted and removed from River Street Development (Liversidge No. 2) for the month ending October 31, 1947, an equitable adjustment of the contract price and the contract time is established as follows: The contract price is increased \$15,185.60. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

By NATHAN WEINER, Vice-President.

PUBLIC BUILDINGS DEPARTMENT.

Rossano Construction Company, Inc., have been ordered to change their contract for new shower room for use with new gymnasium at Municipal Building,

South Boston. Said changes being as enumerated on reverse side of this order, and the amount of \$145.70 will be added therefor, making the account as follows:

Contract price, \$6,540; total additions, \$195.70; total deductions, \$50; amount of contract, \$6,685.70.

Items ordered.—Replace about 15 linear feet of soil pipe including all excavation, concrete, backfill, replacement of floors, etc., add \$195.70; allowance for old marble partitions removed from the building, deduct \$50; change in contract amount, \$145.70.

CONTRACT AMENDED.

Lalime & Partridge, Inc., has been allowed to amend the contract for furnishing commercial vehicles to the Public Works Department as follows:

By striking out in Items Nos. 9 and 15 the aggregate trade-in allowances of \$2,007, relative to vehicles identified as SE-91, SE-88, SE-90, and S-372, and substituting in its place the aggregate figure of \$1,135. The letter relating to the permission to amend the aforesaid contract is made a part of this agreement and incorporated herein. All other provisions of the aforesaid contract not inconsistent herewith remain in full force and effect.

SUPPLY DEPARTMENT.

BOSTON, November 5, 1947.

HON. JOHN B. HYNES,

Temporary Mayor of Boston.

DEAR SIR,—Under date of October 26, 1946, a contract was executed with Lalime & Partridge, Inc., for furnishing commercial vehicles to the Public Works Department. At the time of the opening of the bids, trade-in values were offered on the following old cars turned in for credit: SE 91, \$554; SE 88, \$434; SE 90, \$475; S 372, \$544, total, \$2,007.

Owing to the inability of Lalime & Partridge, Inc., to effect delivery of the new cars until approximately a year from the date of the original proposal, the value of these cars has depreciated considerably because of constant use and accidents and the value at the present time of these trade-in cars is as follows: SE 91, \$225; SE 88, \$275; SE 90, \$325; S 372, \$310, total, \$1,135.

It is the opinion of the Public Works Commissioner that the recent appraisal is fair and proper and I would respectfully request that permission be granted to amend this contract in order to effect this adjustment.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

ADDITIONS TO AND DEDUCTIONS FROM CONTRACTS.

FIRE DEPARTMENT.

Approval has been given of the following additions to the contract of General Ship and Engine Works, Inc., for conversion of two former AMC-type naval vessels for use as fireboats. The contract is dated December 2, 1946, and additions given below are all in connection with work on the M. V. Bulwark:

Addition No. 55.—Bilge keels—Remove damaged bilge keels, plug all bolt holes and smooth off, \$268.

Addition No. 56.—Propeller—Remove and straighten damaged propeller, \$175.

Addition No. 57.—Shaft—Unship rudder, draw propeller shaft, and blank off-stern bearing, \$330.

Addition No. 58.—Shaft—Make new propeller shaft, fit bronze sleeves, dry-dock vessel and ship propeller shaft, replace propeller and rudder, \$2,315.

Addition No. 59.—Compressor—Supply and install new automatically-operated 26-foot air compressor with additional air tank, connect with present air system, including all piping, valves, gauges, and controls, \$3,025.

Addition No. 60.—Thrust bearing—Provide labor and material to raise bottom half of bearing to concentric position with thrust shaft. Inspect bearing, clean out and close up in good order, \$105.

Addition No. 61.—Pilot house—Provide labor and material to install new telltale panel in pilot house, \$160.

Addition No. 62.—Furnish necessary labor and material to remove present galley range. Remaining space to be cleaned and repaired in preparation to painting (present exhaust system to be changed to provide suction to upper engine room companionway, starboard side), \$325.

Addition No. 63.—Furnish necessary labor and material to remove present dresser, F.O. day tank, and dresser on center line of ship. Present dresser on starboard side of galley to be modified (shortened) to permit installation of salvage suction. Remaining part of dresser to be refinished as directed. Top to be covered, \$220.

Addition No. 64.—Furnish necessary labor and material to install converter. Install starting switch for same in pilot house as directed. Install A.C. double outlet box in pilot house as directed. Install proper A.C. and D.C. feed and control lines between converter, switchboard and pilot house. Boston Fire Department will furnish above-mentioned converter, \$482.

Addition No. 65.—Furnish necessary labor and material to install 24 wood lockers as directed. Alterations to present conditions on boat to be made to suit the installation of lockers. Bubblers drinking fountain in galley to be removed and put in shop, \$480.

Addition No. 66.—Furnish necessary labor and material to fabricate and install in the pump room, starboard side, the following: one work bench, 30 inches by 48 inches with wood top, 1½ inches thick and angle frame 2 inches by 2 inches by 1¼ inches, \$148.

Addition No. 67.—Fabricate suitable strongback for lifting "pup" boat, \$165.

Addition No. 68.—Furnish necessary labor and material to clean and cement-wash two fresh water tanks located port and starboard aft in the lazarette, \$120.

Addition No. 69.—Provide labor and material to install water visors over the side panels of the hose house, \$108.

Addition No. 70.—Provide labor and material to install indicator lights in the pump room (4) and pilot house (4) with individual switches. A horn is to be supplied in the pump room operated by a button in the wheelhouse. The whole to be operated on 12 volts, taken from the starting batteries at No. 1 pump forward. The arrangement to be submitted to Mr. Simpson for approval, \$610.

Addition No. 71.—Provide labor and material to move radiator in room on bridge deck (port side aft) to location on forward bulkhead. All other piping to be changed to suit installation of radiator, \$110.

Addition No. 72.—Provide labor and material to fabricate and install 10 rail gun sockets as per sketch. Location to be determined by Lieut. Landry, \$144.

Addition No. 73.—Provide labor and material to paint the main deck a second coat of nonskid gray, \$50.

Addition No. 74.—Furnish labor and material to cut 6 inches off top of watertight door between main engine room and pump room, \$80.

Addition No. 75.—Provide labor and material to relocate main engine telegraph, \$285.

Addition No. 76.—Furnish necessary labor and material to repair pipe rail (bridge deck). All loops to be removed and the rail faired, \$86.

Addition No. 77.—Provide labor and material to install a shelf to accommodate the electric hot plate, to be located in galley (starboard side) at aft end of dresser. Size of shelf to be given later, \$35.

Addition No. 78.—Provide labor and material to alter toilet vent, directly over forward starboard hose hydrant. Swing of vent cover to clear hydrant top, \$40.

Addition No. 79.—Provide labor and material to paint the deckhouse and hose house one extra coat of Socony red, \$450.

Addition No. 80.—Provide labor and material to alter the galley mess table to 18 inches wide by 6 feet long with 6-inch by 6-inch bias cut on inboard forward corner. Remove bench and seat entirely. Provide new mess bench 12 inches wide by 6 feet long, inboard of mess table, \$110.

Total of foregoing additions, \$10,426; original contract, \$168,600; total of additions Nos. 1, 2, 3, 4, dated April 28, 1947, \$3,327; total of addition No. 5, dated May 19, 1947, \$4,400; total of additions Nos. 6 to 40, inclusive, dated October 24, 1947, \$11,273; total of additions Nos. 41 to 54, inclusive, dated November 6, 1947, \$3,102; total contract, \$201,128.

Bilge keels originally were very crudely put on and were badly damaged requiring replacement. Additions Nos. 56-58 are required inasmuch as the propeller was found to be badly damaged and the propeller shaft cracked and unfit for use. The additional compressor complete with air tank, etc., is required for the efficient and safe operation of the vessel and also because the other compressor aboard the boat has been found to be in bad condition. Defective condition of thrust bearing was not discovered until it had been removed for cleaning and could not be foreseen. The telltale panel for navigation lights which is a complicated instrument was in very poor condition and had to be replaced. The present galley range had to be removed as space surrounding was found to be badly charred and in need of considerable repairs. It was necessary to remove present dresser in day tank in order to make room for additional lockers for crew. Other additions were either requested by the Fire Department or had to be done in order to put the boat in operating condition.

Although the foregoing work is in addition to that contemplated in the original contract it is incidental thereto.

Approval has been given for the following deduction to the contract of J. A. Singarella Company for the erection of a new fire station for Engine 10 at 127 Mt. Vernon street, Back Bay. The contract is dated August 29, 1947.

Deduction No. 1.—For furnishing of finished hardware in new fire station for Engine 10, \$1,500 was allowed in contract.

The finished hardware will cost \$1,200 which will allow for a deduction of \$300. Original contract, \$123,200, deduction No. 1, \$300; total contract with deduction, \$122,900.

ALLOCATION OF FUNDS.

Boston, November 18, 1947.

The Temporary Mayor has approved the following request of the Fire Commissioner:

HON. JOHN B. HYNES,

Temporary Mayor of Boston.

DEAR SIR,—I respectfully request that the sum of \$2,450 be allocated in the 1947 Equipment Loan to provide money to pay for the furnishing and installing of two booster pumps with tanks, and hose reel containing 250 feet of one-inch hose, on new Mack apparatus recently delivered to this department and paid for out of the 1946 Departmental Equipment Loan.

The two hose cars are now without booster pumps which should be installed in order to increase the efficiency of this apparatus when operating at fires.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A 10-inch pipe sanitary sewer in Stanley street, between 192 feet west of Clifford street and 80 feet east of Colchester street, in the Hyde Park district, at an estimated cost of \$2,500.

A 15-inch, 21-inch, and 24-inch pipe surface drain, a 10-inch and 12-inch sanitary sewer, and five (5) catch-basins in Cottage street, between State Parkway and 360 feet southeast of Washington street, in the Hyde Park district, at an estimated cost of \$18,600.

An 18-inch pipe surface drain, and a 10-inch pipe sanitary sewer in Washington street, between Cottage street and 140 feet southwesterly, in the Hyde Park district, at an estimated cost of \$1,800.

A 10-inch pipe sanitary sewer, one drop inlet and connection in Rosemont street, between Tileston street and 250 feet northeasterly, in the Hyde Park district, at an estimated cost of \$2,100.

To widen Sawmill Brook in private land, between Newton line (281 feet east of La Grange street) and Brookline line, in the West Roxbury district, at an estimated cost of \$3,300.

CLAIMS ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claims:

George E. Parsons, 446 Belgrade avenue, West Roxbury, to be reimbursed in the sum of \$6.50, as a result of an accident which occurred on June 12, 1947, when motor vehicle belonging to the Transit Department, which he was operating, collided with an automobile owned by Bessie Kudish.

Roy W. Chase, 19 Trull street, Dorchester, to be reimbursed in the sum of \$73.50, as a result of an accident which occurred on August 7, 1947, when motor truck belonging to the Street Cleaning Division, Public Works Department, which he was operating, collided with an automobile owned by Abraham Woolf.

Members of the force with less than one year's service, shall be allowed a vacation of one day for each month of service, to be taken at such time as may be arranged by the commanding officers.

For the purpose of determining a vacation allowance of more than two weeks, strict adherence will be given to the original date of appointment of a member to the force.

All 1948 vacations shall be completed by January 1, 1949, at 7.45 a. m., and no officer will be allowed to take more than a sixteen-day vacation period at one time, which includes two days of relief.

Five days before each vacation begins, commanding officers shall forward to the Superintendent a list, in triplicate, giving the names of all officers who will be on that vacation. One day before vacation begins, commanding officers shall forward to the Superintendent a list (one original copy), giving the names and vacation addresses of the officers who are going on vacation.

Commanding officers of divisions and units shall not allow vacations to interfere with the proper operation of their organization, making shifts in the day and night duty and taking such other steps as may be necessary to provide adequate protection and proper functioning of the force under their control.

Two copies of this General Order are sent to each division and unit so that one copy may be placed on the bulletin board for the direct notice of all officers.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 978.

The following-named police officer having requested retirement under the provisions of Statutes of 1892, chapter 353, as amended, for the reason that he is incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that he be retired from active service in the Police Department; effective Friday, December 26, 1947, at 7:45 o'clock a. m.

Patrolman John W. O'Brien, Division 18, 27 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 979.

Under ordinary circumstances, police listing at the beginning of each year calls for the careful and accurate attention of all officers detailed to this work.

Due to the number of persons still absent from their homes as members of

some branch of the United States military service, it is doubly important that all officers detailed to listing work exercise the greatest care to the end that absolute accuracy be obtained in the listing of all residents twenty years of age and over.

It is imperative that all listing officers visit each and every building to secure the names and required information of the occupants. Under no circumstances shall the printed list of the previous year be referred to as a basis of residence, nor shall it be assumed that a resident, according to the 1947 printed list, is now an occupant of the same dwelling.

Men and women who upon inquiry are found to be absent from the city due to their membership in the United States armed forces shall be listed from their last legal Boston residence.

The particular branch in which men and women are enrolled in the United States military service shall be indicated in the space on the card that is set aside for "Occupation."

The attention of the department is again called to Superintendent's order of December 26, 1947, in reference to police listing which begins on Friday, January 2, 1948.

The Superintendent will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 980.

The resignation of Patrolman William J. Benkis of Division 7 having been presented, it is hereby accepted to take effect as of Friday, December 26, 1947, at 5:45 o'clock p. m., seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

APPROPRIATION FOR EAST BOSTON DISTRICT COURT.

The following was received:

City of Boston,

Office of the Mayor, December 22, 1947.

To the City Council.

Gentlemen.—There is attached herewith communication from the Clerk of the East Boston District Court addressed to the City Auditor, requesting that the sum of \$100.12 be made available so that he may distribute this amount to the various defendants rightfully entitled to such a return of bail money which they deposited with the court, and which was lost by the closing of the Federal National Bank, where these funds were deposited.

In compliance with this request, there is forwarded herewith an order appropriating this sum from the County of Suffolk Contingent Fund, and I recommend its passage by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
East Boston District Court,
December 8, 1947.

MR. CHARLES J. FOX,
Auditor.

DEAR SIR.—When the Federal National Bank paid the final dividend to the depositors of the closed bank, there then remained an unpaid balance of deposit due this court amounting to the sum of \$100.12, which was part of the funds paid into this court by defendants and others as cash bail or tender for civil cases.

We have not as yet paid these persons who are entitled to the return of their funds, and since 1938 or 1939 we have been carrying this amount on "Memo" to balance out our cash and other accounts.

The examiners of the Division of Accounts are insistent that this money be returned to the rightful bail depositors to whom it belongs, in order to clear our books and records.

Due to the fact that we were compelled to surrender the proof of claim on the payment of the final dividend by the comptroller of national banks, we cannot submit that document with this letter.

I am, therefore, requesting reimbursement from the County of Suffolk in the sum of \$100.12 in order that I may distribute this amount to the various defendants rightfully entitled to such a return of bail money which they deposited with this court, and which was lost by the closing of our bank depository.

Thanking you for your kind attention to this matter, I am

Very truly yours,
WILLIAM H. BARKER, Clerk.

Ordered, That the sum of \$100.12 be, and the same hereby is, appropriated, to be expended under the direction of the Clerk of the East Boston District Court, the same to be charged to the Contingent Fund for the County of Suffolk.

Referred to the Executive Committee.

TRANSFER OF APPROPRIATIONS.

The following was received:

City of Boston,

Office of the Mayor, December 22, 1947.

Ordered, That the Traffic Commissioner be requested, through his Honor the Mayor, to arrange for the installation of traffic signal lights at New Heath street and Columbus avenue.

Passed under suspension of the rules.

MEETING OF COMMITTEE ON ORDINANCES REQUESTED.

Coun. COOK offered the following:

Ordered, That the Ordinance Committee of the City Council be requested to hold a meeting to determine the advisability of accepting section 2 of chapter 592 of the Acts of 1946, as amended by chapters 427, 568, and 609 of the Acts of 1947.

Referred to the Committee on Ordinances.

NEW VOTING PRECINCT AT CAMP MCKAY.

Coun. HANNON offered the following:

Ordered, That the Board of Election Commissioners be directed to establish a new voting precinct at Columbia Village, otherwise known as Camp McKay.

Passed under suspension of the rules.

Adjourned, on motion of Councilor Russo, at 4.05 p. m., to meet on Monday, December 29, 1947, at 2 p. m.

Note: All debate of City Council eliminated from proceedings in accordance with Chapter 447, Acts of 1947.

(Stenographic copy of such debate on file in office of City Clerk.)

546 NEW INDUSTRIES ON NYC SYSTEM.

A record number of new industries located in a single year on the lines of the New York Central System, of which the Boston & Albany Railroad is a part, was established during 1946.

The 1946 record totals 546 new industries, and it is estimated that they will produce annually an approximate volume of 204,900 carloads of freight traffic, or the equivalent of that produced by a major city.

The location of these new businesses in the territory served by the New York Central demonstrates the continuing growth of that great manufacturing section of the United States, extending through the north-central and northeastern states.

Boston Business.

SUPERVISION OF DAY NURSERIES.

During the past year the medical inspectors made 173 visits to day nurseries to make the facilities of the Health Department available to these nurseries. This includes physical examinations, immunization against diphtheria, vaccination against smallpox, and inspection for communicable diseases. The increasing employment of mothers in war industries added to the attendance in the day nurseries and other homes established to care for children during this period.

CITY OF BOSTON.

TRANSIT DEPARTMENT.

PROPOSALS FOR TRACTOR EQUIPPED WITH BULLDOZER, RAPID TRANSIT FACILITIES, EAST BOSTON DISTRICT.

The Transit Department of the City of Boston, Rooms 335-352, 294 Washington street, invites proposals for furnishing and delivering one new or used tractor and bulldozer for Rapid Transit Facilities, East Boston district. Specifications may be obtained at the office of the Department on and after Monday, December 29, 1947. A deposit of \$5 in cash or certified check will be required for two sets of specifications. Mutilation of them will be deemed sufficient cause for the forfeiture of said deposit. The bids will be publicly opened and read at 12 o'clock noon, Wednesday, January 14, 1948. A properly certified check for one thousand (1,000) dollars payable to the city must accompany the proposal. The Department reserves the right to reject any or all bids and award the contract as it deems for the best interest of the city.

By order of the CITY OF BOSTON TRANSIT DEPARTMENT.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, JANUARY 10, 1948.

No. 2

MAYOR CURLEY, IN ANNUAL ADDRESS AT INAUGURATION OF 1948 CITY GOVERNMENT, WARNS OF \$7 INCREASE IN BOSTON TAX RATE UNLESS LEGISLATURE PROVIDES REVENUE TO CARE FOR BURDENS PLACED ON CITY BY INCREASES IN WAGES AND PERSONNEL AND SHORTENING OF HOURS OF WORK WEEK DURING 1947 SESSION—SUGGESTS INCREASE OF STATE'S CORPORATE TAXES AS ONE MEANS OF CARING FOR SITUATION WHICH OTHERWISE WILL COMPEL A RATE JUMP TO \$53—REGRETS DEMANDS MADE BY "PRIVILEGED GROUPS" OF EMPLOYEES FOR INCREASES NOT PERMISSIBLE AT THIS TIME FOR ALL—SITUATION BLAMED ON REFERENDUM VOTES AND LEGISLATURE—HOPES FOR LEGAL WAYS FOR OFFSETTING INEQUALITIES AT PRESENT SESSION.

The following is the annual address of Hon. James M. Curley, Mayor of Boston, before the City Council at its inaugural session:

Gentlemen of the City Council.

The year 1948 upon which we are about to embark finds a bewildered world with everyone fearful as to the possibility of war with Russia, and with communistic groups active in most of the European countries. These communistic groups were equally active even while the war was in progress, and since the close of the war have been increasingly active in our own country in the fostering of discord through strikes, demands for wage increases, and shortening of the hours of labor with the purpose of limiting production, stifling industry, and creating general chaos.

In more recent months it has been evident in the attacks on all religions, and it has been tolerated in our own country without the adoption of measures that would speedily end these destructive tactics. Abraham Lincoln once said, "there never was a good war or a bad peace," and it is about time that America took inspiration from the wisdom of Abraham Lincoln and served notice on Russia that we are prepared to take immediate steps to have enacted, between the United States and the countries who favor a democratic form of government, a program of economic warfare which would make unnecessary the shedding of blood through a shooting war.

MAYOR CURLEY'S WISHES FOR THE NEW YEAR FOR BOSTON CITIZENS.

The year 1948 finds America enjoying a larger measure of prosperity and happiness than any other country in the world, and for this we should give thanks to Almighty God. In all countries with the exception of those on this continent, north and south, the year 1948 presents a picture of confusion, famine, suffering, and fear as to the future.

Happily, we have been spared, during the two recent world wars, from invasion, and yet in countless American homes tears, sorrow, and heartaches have entered through the loss of a dear one who fought to preserve democratic institutions in the world.

There is no means of determining when an agreement will be arrived at among the nations of the world for the establishment of permanent peace, and there is nothing that means more to the human family than permanent world peace, and there is no agency that will make it possible other than Almighty God, to whom our prayers should be offered for the happiness and security of the human family the world over. That world peace may become a reality in 1948 is my sincere wish, and in expressing this wish I believe I re-echo the thought uppermost in the hearts and minds of every right-thinking person in our beautiful city.

May the bells of the new year

Ring in for all

Peace, happiness, and prosperity.

Notice served upon Premier Stalin and his group that America would refuse to provide anything that might be necessary to his government and refuse to trade with them, either now or hereafter, unless they agree to join in the program for permanent world peace at once, would be more effective than anything that might be done by the United Nations.

Permanent Peace.

I realize that the United Nations has accomplished much despite the constant barriers raised by the forces of communism in that body, and I likewise realize that a recourse to arms and the shedding of blood of innocent people as a means of settling international differences has been the policy for thousands of years, but the time has come for the adoption of a more sane and rational policy as a means of establishing and maintaining permanent peace in the world. The time has arrived for courageous and decisive action, the kind of action upon the part of America that made possible the American Republic.

MAYOR CURLEY WANTS LESS OIL SHIPPED TO CANADA AND MORE TO NEW ENGLAND.

The following letter was on January 6 sent to all the members of the Senate and Congress of the United States:

DEAR SIR,—The press of Boston today reports that the quota of fuel oil for Massachusetts is to be reduced 15 per cent. My further information is that there is to be a meeting of the coordinators for New England held at the office of the Fuel Oil Administrator, and I trust that you will make it your business to attend this meeting, which is to be held on Monday next, and direct to their attention that a reduction in the quota of fuel oil for Massachusetts that is contemplated would work extreme hardship. To the present, we have had an extreme winter here, and an individual without fuel oil in the home where oil is burned can be just as cold in Massachusetts as he can in any portion of Canada, with the possible exception of Medicine Hat, Saskatchewan.

For the well-being of the people of Massachusetts, I sincerely trust that you will use your best endeavors to bring about a further reduction in the allocation of oil to Canada and permit the oil to remain in the United States, where it is as greatly needed as it is in Canada.

Sincerely,

JAMES M. CURLEY,
Mayor of Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

ANNUAL ADDRESS OF HON. JAMES M. CURLEY BEFORE THE BOSTON CITY COUNCIL AT INAUGURAL SESSION.

(Continued from page 17.)

Here in Boston the tocsin was sounded by the courageous handful in the early brave days when they threw down the gauntlet to the then most powerful nation in the world and carried on the war for a period of eight long years until the freedom of the colonies was established and the liberty of the individual man made possible. The knowledge that they possessed neither army nor navy, and that to conduct the war to a successful conclusion was only possible through capture of the ships of the enemy on the sea and the arms of the enemy on land was no deterrent to these early Americans. Now, surely, at a time when the United States possesses greater power than all nations of the world combined, in the air, on land, and on sea, with its agencies of production, wealth, and food supply, it is about time to stop the policy of attempting to appease Russia and assert ourselves, not for the enslavement of any people, nor for the acquisition of the territories of any nation, but for the establishment of that for which the women and men of the world have prayed from the beginning of creation — permanent peace.

The accomplishment of this great objective is possible provided we possess the vision and courage displayed by the brave handful in the early days when America had its birth. It is about time that the truth, which is now whispered, was spoken out loud, namely, that World War I and World War II resulted in a crepe on one out of every three doors in Russia. These families had given a son, a husband, or a father to the God of War, and, fearful as were the ravages of these two wars upon the people of Russia, it would be as nothing compared to the dreadful specter of famine as a result of economic warfare.

U. S. Should Warn.

It must be apparent to every thoughtful individual that the terrific toll upon the population of Russia, namely, 45,000,000 persons killed, or a total ten times greater than the entire population of the State of Massachusetts, as a consequence of World War I and World War II, would cause them to be fearful of the menace of a famine more dreadful than bloody warfare. The mere announcement of our position with reference to economic warfare plus our strength and power should be sufficient to compel Premier Stalin and his cohorts to agree to the program which would mean peace in the world and security for the people of his own country, while failure to agree would unquestionably result in revolution in Russia, and those responsible for the failure to agree to a program of peace would be compelled to travel down the bloody road taken by Tamerlane, Napoleon Bonaparte, Caesar, Kaiser Wilhelm, Hitler, Mussolini, and countless others, whom Almighty God, in His wisdom, decreed "had gone too far."

World War II ended in 1945, and its end was marked by sadness, sorrow, and tears in countless homes throughout the entire world. It has been further marked by an estoppel of an orderly program for the welfare and happiness of all the people of the world. The diversion of industry, agriculture, and in fact every activity, to the preparation for the conduct of war resulted in a complete trans-

formation of all normal activities, as conducted in peace times, with the result that substantially every community in the world is required to bear a burden for normal peace activities in a period of a few years that might be spread over seven years or more.

While rejoicing in the end of war and offering our prayers to Almighty God that it has ended, a duty still remains for all to earnestly pray that we may be spared participation in another war because of the character which that war must inevitably take on. World War II differed from any previous war in the world's history, in that it was not a conflict in which armies alone were engaged. It was what was known as an all-out war, in which not only the men who served in the armies and navies were the victims, but entire populations of countries, men, women, and children, were subjected to destruction — none were permitted to escape the atrocities and ravages.

Urges Prayers for Peace.

The closing days of the war witnessed the introduction of a new weapon, more deadly and destructive than any that ever had been previously used, a weapon that destroyed entire peoples and communities, and which weapon, in the event of another war, might be more generally used and, if used, result in the destruction of all that society had created and built up from the beginning of time.

Truly this must not happen again, and in my judgment the most potent agency for the prevention of another war is the sending to the throne of Almighty God and His Blessed Mother on high a prayer for peace from the hearts of all right-thinking people in the world.

Almighty God in His mercy and generosity has been extremely kind to us as a municipality, and for this we should give expression through prayer of our thanks in that we have been spared from serious disasters and epidemics.

The problems of reconversion and reconstruction in our city as a consequence of World War II, which appeared insurmountable two years ago, are gradually being overcome, and we have met our every obligation in such manner as to achieve the highest possible rating from financial agencies.

The suspension of essential needs in substantially every department of the city during the period of the war made necessary the expenditures of vast sums of money of which the present and future generations will be beneficiaries.

It must be understood that the primary functions of a city are the care of its sick, the prevention of disease, and the protection of lives and property from the ravages of conflagration, without entailing an insurmountable burden which must be borne by home owners and business generally. To this work we have dedicated our best efforts, and the results have been most gratifying. It must be understood further that the work is one in which every element of the community should share, as the achievement of a proper measure of success is beyond the power of any single individual.

Departmental Ratings.

It is pleasing to note that the Boston City Hospital, the largest single hospital unit in the world, is today enjoying the highest rating; and for the first time in a long period of years the same rating, namely, Grade A, has been accorded the institution for the poor at Long Island by all medical authorities.

The Fire Department, which was in a complete state of demoralization two years ago, is today equipped with apparatus and men, making that department second to none of its size in the entire country.

The Public Works Department, two years ago lacking in substantially every facility required to properly conduct this department, is today in a position to cope with any emergency that arises, and this is substantially true of every department of the city.

There is a serious question, as pointed out by certain leaders of organized labor, as to the advisability of granting further increases in wages. It must be apparent to everyone that every increase in wages means a further increase in the cost of every commodity, and yet the vicious circle has been allowed to grow, until today it has become a menace to the future of every individual and particularly the little man who, in the last analysis, is required to bear almost the entire burden.

After a long study with a view to adjusting salaries and ending the rewarding of favorites, it was decided to make a permanent part of their salaries the emergency \$200 granted to employees of the city, and to give them \$200 additional, or a total of \$400, to meet the increase in the cost of living. The "privileged groups" immediately demanded more than this scale, and the Legislature acceded to their request, imposing a further burden upon the home owners and businessmen through an increase in the tax rate.

It must be apparent to every intelligent individual that every increase in wages is reflected by an increase in the cost of commodities, so that the purchasing power of the individual becomes less and the granting of further demands simply adds to the increase in the cost of living. It is about time to end this system, and it can only be ended by every individual taking a more active part in legislation that directly affects his living. It must be understood that the owners of real property represent but a small portion of the population as contrasted with the great purchasing public who, in the last analysis, are required to bear almost the entire burden of increased costs, but which they seldom realize they are required to meet.

Blame on Legislature.

Legislative enactments plus referendum votes adopted by the people on important financial measures, with no consideration given as to where the revenue may be obtained to meet the obligations entailed, resulted in an increase in 1947 of seven and one-half million dollars, and these burdens carried for a full year in 1948 may represent in the vicinity of ten million dollars additional. It must be remembered that every additional million dollars in the conduct of the activities of the city means an increase in the tax rate of seventy cents, so that we are confronted with an increase in the tax rate of seven dollars per thousand of valuation, unless revenue-producing measures are enacted by the incoming Legislature, or relief is accorded the city in the same manner enjoyed by municipalities in other portions of the country, all of whom are confronted with a like condition.

The forty-eight-hour law for firemen, the day-off-in-six for members of the Police Department, the increased wage scale for teachers, the increase in maximum and minimum salaries for members of the Fire and Police Departments, the general increase for

all employees of the city, the forty-hour week for city employees, the retirement on pension of veterans after ten years of service with the city, the increased cost of commodities of every character, and the rising cost of welfare were all burdens imposed upon the city with no revenue-producing legislation to provide for the added costs of conducting these municipal activities. It is clearly the duty of the state to enact legislation for the reimbursement by the state of a sufficient sum to cover anticipated requirements, essential in 1948, if we are to avoid imposing further burdens upon real estate, which can only be reflected in increased rents entailing further increases in the cost of living.

I realize how necessary some of these increases were, and it is to be hoped that the Legislature will enact legislation to meet the obligations imposed by them on the municipality.

The federal government, during the past year, granted a refund to corporations in Massachusetts in the sum of \$350,000,000, and, in view of the fact that an income tax paid the state is deductible from federal income taxes, it would appear but proper to increase corporate taxes from the present 5½ per cent to 10 per cent. This additional revenue would make possible the distribution by the state to the cities and towns of the Commonwealth of some \$33,000,000, and, provided it was distributed on a basis of valuation, one fourth of this sum would be available to the City of Boston. A tax of this character is far preferable to a sales tax and would provide the money necessary to meet the mounting costs of education and welfare, and make unnecessary too great a burden upon the already heavy one borne by the community.

I direct attention to this particular measure as one that will provide immediate relief to all the cities and towns of the Commonwealth, and yet I recognize the power of the forces that will be arrayed to prevent adoption of this legislation. Consequently, I appeal to the entire people of the city to use their influence with their regularly elected senators and representatives to the State Legislature, with a view to the enactment of this legislation, and, further, that they insist that provision be made, in the event of added burdens being placed upon the city, that ways and means to meet the same be provided.

Increase of Employees.

An analysis recently made as to the number of persons placed at work in the city service between January 1, 1946, and December 29, 1947, a period of twenty-four months, discloses the fact that legislative enactments plus referendum votes are responsible for an increase of nearly 2,000 in the number of persons employed by the city, while the departments directly under control of the Mayor show an increase in appointments of but 70 persons during this same period of time.

The adoption of the forty-eight-hour week by referendum vote of the people was responsible for an increase of 596 men in the Fire Department. The forty-hour week authorized by the Legislature was responsible for an increase of 437 employees in the Hospital Department. Legislative enactment providing for one day off in six for members of the Police Department, together with the restoration of quotas depleted during the war, was responsible for the

appointment of 275 men. Appointments made by the School Committee, over which the Mayor has no control, were responsible for 203 additional employees, notwithstanding the fact that there are several thousand less pupils than there were two years ago. The extension of Rapid Transit facilities in East Boston has made necessary the appointment of 285 additional men. Legislative enactments providing for an increase in Aid to Dependent Children, Old Age Assistance, and Dependent Aid have resulted in the appointment of 41 additional persons to administer the aid in the Welfare Department.

Legislation making provision for veterans and their dependents has made necessary the appointment of 27 additional employees in the Veterans' Bureau. A reduction in the working hours of the employees of the Printing Department to conform to union agreement made necessary the appointment of 10 additional persons. The establishment of a second retirement system for city employees, authorized by the Legislature, made necessary the employment of 7 additional men. The adoption of legislation making provision for off-street parking facilities made necessary the appointment of 4 additional men in the Real Estate Commission, or a total of 1,885 additional employees, all beyond the control of the Mayor.

Reductions Listed.

In the departments under the control of the Mayor, a reduction has been made in the Bureau of Americanization in the number of 10 persons through the abolition of this department in January of 1946; the Municipal Employment Bureau reduced its personnel from 15 to 11; the Public Celebrations Department, from 4 to 3; the Payroll Allotment Division, from 18 to 16; the Veterans' Information Center was abolished, and the services of 13 persons dispensed with; the Assessing Department has 25 less employees than on January 1, 1946; the Auditing Department, 1 less; the Board of Recreation was abolished with the services of 139 persons dispensed with; the Election Department reduced from 69 to 54, 15 less employees. The Electrical Inspection Division of the Fire Department reduced its personnel from 34 to 32; the Bridge Service, from 217 to 202; the Ferry Service reduced from 81 to 73; the Sanitary Service, from 376 to 361; the Sewer Service, from 255 to 215; the Registry Department, from 40 to 34; the Street Laying-Out Department, from 77 to 72, and the Treasury Department, from 37 to 34, so that the number of city employees directly under control of the Mayor shows an appreciable reduction, and, providing we had not been required to conform to either referendum vote or legislative enactments, there would be further reductions rather than increases in personnel in all departments of the city.

I have instructed department heads not to fill vacancies that occur by new appointments, but to arrange transfers from those departments within the control of the Mayor. Despite the practice of rigid economy in those departments directly under control of the Mayor, it is impossible to achieve the desired goals without the aid of the Legislature and the public.

If the Legislature will cease enacting laws affecting the cities and towns of the Commonwealth, increasing their burdens without making provision for reimbursement, and if the public will develop a greater degree of interest in their own welfare and the

welfare of the city in the matter of voting on referendums making provision for increases in the cost of conducting the activities of the city, we can achieve commendable results.

Big Year Ahead.

The year 1948 gives promise of being the greatest year, with the exception of 1922, in the history of the city in the matter of new construction. The estimated total value of proposed construction is in excess of \$246,000,000, but, unfortunately, little of this new construction will be subject to taxation until 1949.

This is an indication of the confidence that business has in the future of our city, and is a refutation of the assertion that a change in our system of government is the sole panacea for our ills.

In conclusion, I beg to direct to the attention of carping critics, who never see good in anything that is accomplished, unless sponsored by them, a study of the reports of municipal departments for the year 1947 which should prove most enlightening.

In the annual address of 1947, I directed attention to the fact that, at that time, we were at the crossroads, and to maintain our vaunted position among the great cities of America we must assert our willingness to go forward in the marching events of a progressive era. This we have done.

The solution of our traffic problem is today receiving not only consideration, but direct action, and a housing program for veterans and their dependents is being rapidly provided, and, in addition, provision has been made, entailing the expenditure of many millions of dollars, for the construction of the South End housing development and the development at South Boston, which represented two blights upon the city for a period of six years. The blessings that flow from a happy and contented people, when attained, augment and dignify the spiritual values of a community, so that a solution of the housing problem becomes increasingly vital.

If we are to maintain the advantages of a free government, the primal consideration of all municipalities must first be the family unit. The future clamors for a well-considered and coordinated program, since communal decency breeds prosperous, well-ordered cities, states, and nations. To plan our future solely upon economic planning is like building a house upon shifting sands, since the solidarity of our government structure depends upon the reconstruction of moral values. The faith of our fathers is with us. America created a nation, and in the last two generations made possible the preservation of the freedom of the world.

As members of the city government of Boston, we jointly face the future with that courage which has ever marked American citizenship. We have a profound appreciation of our responsibilities, and the insurmountable problems confronting us in the lessening of our tax burden, as well as the problems of economic adjustments, housing, slum clearance, and the care of the sick and the needy.

In accepting public office we are required to accept the responsibilities which that public office entails, and it is clearly our duty, on the completion of our terms, to leave behind a record of achievements and accomplishments that will justify the faith which the public has reposed in us.

FRANKLIN PARK ZOO LIONS SOLD.

Mayor Curley has approved the following request of the Park Commissioner:

BOSTON, January 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to dispose of twin male lions to William Chase of Egypt, Mass.

The reason for this request at this time is that a new tiger is to be delivered to the Franklin Park Zoo, and the cage which now houses the twin lions is needed for the tiger.

The tiger is to be donated to the City of Boston by the Boston Cat Club. There are other lions in the zoo besides the twin lions. The tiger is a beautiful animal and will cost the Cat Club about \$1,000, which price is considered a bargain.

The twin lions are no longer good specimens for display purposes in a municipal zoo. We are unable to find anyone willing to give anything in money or trade for these animals.

Respectfully yours,

JOHN J. MURPHY,
Chairman.

Upon December 24, 1947, the Mayor approved a contract with the Municipal Fire Appliance Company as requested in the following letter:

BOSTON, December 23, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Attached is list of bids on proposals for furnishing five hundred (500) 5-gallon cans of Liquid Aero-Foam to the Boston Fire Department, which were publicly opened and read at this office on December 1, 1947.

The Fire Department has very definitely informed this department that they do not desire government surplus material to be delivered on this requirement, as the old foam offered as surplus by War Assets Administration is inferior in quality to the new foam.

It is respectfully requested that permission be granted me to award a contract to the Municipal Fire Appliance Company, 304 Newbury street, Boston, the lowest bidder on new foam, at a price of \$10.95 per 5-gallon can.

Total amount of contract, \$8,500.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Bids, opened December 1, were as follows:

500 5-Gallon Cans Liquid Aero-Foam, Per Can.—Ellis Fire Appliance Company, \$17; Municipal Fire Appliance Company, \$10.95; Gorham Fire Equipment Company, \$19, alternate bid, \$7.50; American-LaFrance Foamite Corporation, \$19; American Fire Equipment Company,

\$19; Doyle Fire Appliance Company, \$7.50; National Foam System, Inc., \$19.†

Brand Bidding On.—Ellis Fire Appliance Company, Pyrene Airfoam; Municipal Fire Appliance Company, Mearle; Gorham Fire Equipment Company, Pyrene Foamide, alternate bid, Mearle, government surplus; American-LaFrance Foamite Corporation, Foamite-Airfoam; American Fire Equipment Company, Aero-Foam; Doyle Fire Appliance Company, 60 cans Aero-Foam, balance, Mearle, all government surplus; National Foam System, Inc., Aero-Foam.

Delivery.—Ellis Fire Appliance Company, on receipt of order; Municipal Fire Appliance Company, from stock; Gorham Fire Equipment Company, 2 to 3 weeks; American-LaFrance Foamite Corporation, 30 days; American Fire Equipment Company, at once; Doyle Fire Appliance Company, part immediately, balance soon; National Foam System, Inc., 30 days.

Cash Discount for Payment in 10 Days.—Ellis Fire Appliance Company, 5 per cent; Municipal Fire Appliance Company, net; Gorham Fire Equipment Company, 2 per cent; American-LaFrance Foamite Corporation, net; American Fire Equipment Company, 2 per cent; Doyle Fire Appliance Company, 1 per cent; National Foam System, Inc., net.

* Contract awarded.

† Bid received by telegram November 28, 1947.

Upon December 12, 1947, the Mayor approved a contract as requested in the following letter:

BOSTON, December 11, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract and an order, respectively, to the lowest bidders as indicated on the attached sheet.

These bids were not publicly advertised because the requisitions from the departments using this material were received too late. It is to be used during the month of December, 1947.

Total amounts of awards are as follows: William Culkeen & Sons Company, \$2,820; Thomas F. Culkeen Company, \$1,098.

There is a cash discount for payment within ten days of 1 per cent from the above amounts.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

Item No. 1, Per Hundredweight.—William Culkeen & Sons Company, \$5.64*; Thomas F. Culkeen Company, \$5.66; Flory's Golden Egg Starter and Broiler Mash, \$5.46.

Item No. 2, Per Hundredweight.—William Culkeen & Sons Company, \$5.56; Thomas F. Culkeen Company, \$5.49.*

Cash Discount.—William Culkeen & Sons Company, 1 per cent; Thomas F. Culkeen Company, 1 per cent.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with contractors, commercial firms, and supply houses for furnishing, labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

INSTITUTIONS DEPARTMENT.

BOSTON, December 17, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Authority is requested to incur expenditure not exceeding \$2,000 for boat hire to supplement our regular boat service, beginning January 1, 1948 (as per S. O. 1 and 2).

This department has been accustomed to hire a boat to allow the crew of the "O'Meara" regular time off—one trip on Saturday, two trips on Sunday, and as required on holidays.

Since the 40-hour week went into effect we have hired a boat for the 11.30 p. m. trip three nights a week, to avoid overtime.

Rates paid are as follows:

One round trip on any one day, \$30; two round trips on any one day, \$30 each trip; three round trips on any one day, \$20 each trip.

These trips are covered by service orders and charged to Item B-10 of appropriation for "Steamers."

The prices appear reasonable, and I believe nothing would be gained by advertising.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

PARK DEPARTMENT.

BOSTON, December 18, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR.—You are respectfully requested to award a service order for the building of an outdoor nativity scene on Boston Common to the Caproni Galleries of Amedeo, Inc., 1914 Washington street, Boston, for an estimated sum of \$1,650.

The reason for the request of awarding of the order for the work to this company

is that it has been doing this kind of work successfully with excellent results for many years.

The cost of this work is to be charged to "B-42" in the Park Department budget.

Respectfully yours,

JOHN J. MURPHY,
Chairman.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On December 5 you approved my recommendation for the award of contracts in 14 of the 15 districts in which garbage and refuse are collected and removed by this method.

At the time I made these recommendations I was not prepared to submit one in connection with the Dudley district, known as 7-B, as I still had the proposals under consideration. I have given considerable attention to the matter of awarding this contract, and I am firmly convinced that Marinucci Brothers & Co. is the lowest qualified bidder, and that it is for the best interests of the City of Boston to award the contract for this district to this firm.

I therefore respectfully request your authority to award a contract to Marinucci Brothers & Co. for collecting and removing garbage and refuse in the Dudley district, 7-B (Mile Road dump furnished by the city), at a cost of \$6,600 per month.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, October 12, 1947.

HON. JOHN B. HYNES,
Temporary Mayor of Boston.

DEAR SIR,—Proposals for furnishing feed for Deer Island were publicly opened and read in this office on October 20, 1947.

It is respectfully requested that permission be granted me to award a contract to the total low bidder, Thomas F. Culkeen. Total amount of contract will be: \$5,213.60; less a cash discount of 1 per cent for payment within ten days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, November 6, 1947.

HON. JOHN B. HYNES,
Temporary Mayor of Boston.

DEAR SIR,—Under date of August 5, 1947, your Honor approved a request from this department to award a contract to Thomas F. Culkeen for furnishing hay and grain to the various city departments at a total amount of \$3,509.50. Owing to an error in calculation the proper amount should have been \$4,030.50.

I would respectfully request that approval be granted to award this contract to Thomas F. Culkeen in the proper amount, namely, \$4,030.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, December 17, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to award a contract to Abbott-Garvin, Boston, for two hundred (200) dozen sheets at \$30.20 each dozen.

The textile market is very unsettled, and it has been extremely difficult to secure linens. We have received no response from public advertisements for bids; therefore, in my opinion, it would be to the best advantage to secure this bed linen at once without public advertisement.

Total amount of contract will be \$6,040.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

DEPARTMENT OF SCHOOL BUILDINGS.

J. W. Praught Company has been granted an extension of the time of completion of the contract for installing H. R. T. boilers in the Bigelow School, contract approved by Temporary Mayor, July 14, 1947. Contract to be extended from December 15, 1947, to February 28, 1948. This extension is requested because of a shortage of labor and materials.

P. J. Cantwell & Son have been granted an extension of the time of completion of the contract for alterations at the Theodore Roosevelt School, contract approved by your Honor, July 7, 1947. Completion date to be extended from December 15, 1947, to January 30, 1948. This extension is requested because the painting of the cafeteria floor cannot be done until Christmas vacation period.

Ricciardelli Company has been granted an extension of the time of completion of the contract for installing H. R. T. boilers in the Oliver Wendell Holmes School, contract approved by Temporary Mayor, July 7, 1947. Completion date to be extended from December 15, 1947, to February 28, 1948. This extension is requested because of difficulty in securing labor and materials.

Peabody Construction Company has been granted an extension of the time of completion of the contract for alterations at the William Howard Taft School, contract approved by Temporary Mayor, June 30, 1947. Completion date to be extended from December 15, 1947, to January 18, 1948. This extension is requested because of shortages and delays in receiving necessary materials to complete work.

PARK DEPARTMENT.

Central Construction Company has been granted an extension of time until June 1, for resurfacing or repairing with sheet asphalt the pavement in any park roadway upon which there is no maintenance guaranty.

Frost and Higgins Company has been granted an extension of time until December 20, 1947, for the completion of the contract for furnishing and transplanting a live spruce tree on Boston Common.

PUBLIC WORKS DEPARTMENT.

James A. Freaney, Inc., has been granted an extension of the time of completion of the contract for cleaning catchbasins in Brighton, West Roxbury, Dorchester, and Hyde Park, from December 8,

1947, to December 31, 1947. This extension is requested because of inability of contractor to secure repair parts for his machines on short notice and delay entailed in securing said parts.

The West End Iron Works has been granted an extension of the time of completion of the contract for building the Old Colony Avenue stairway to March 31, 1948. This extension is requested because the mills have been unable to furnish the contractor the genuine wrought-iron pipe required for the railings.

The National Painting Company has been granted an extension of the time of completion of the contract for painting steel floor system of the South Ferry Bridges, East Boston side, to January 20, 1948. This extension is requested because the contractor has been delayed on account of cold weather and excessive high tides.

AUTHORITY TO DO WORK.

PUBLIC WORKS DEPARTMENT.

Authority has been given to employ the C. & R. Construction Company, 75 Braden street, Roslindale, to repair the broken-end lift of the Northern Avenue Bridge, without inviting proposals therefor by advertisement, the estimated cost for labor and material being \$1,800.

This was emergency work and the above company was well qualified to do the work, having the necessary men and equipment available.

CONSTRUCTION WORK.

The Mayor has approved the request of the Public Works Department for the following construction work:

A sanitary sewer of 10-inch pipe, and one drop inlet and connection in Rosemont street, between Tileston street and 250 feet northeasterly, in the Hyde Park district, at an estimated cost of \$2,100.

Sawmill Brook is to be widened and deepened in private land, between Newton line (281 feet east of La Grange street) and Brookline line, in the West Roxbury district, at an estimated cost of \$3,300.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

ASSESSING DEPARTMENT.

From C-9, Office Equipment, \$30, to C-13, Tools and Instruments, \$30.

BOSTON TRAFFIC COMMISSION.

From A-2, Temporary Employees, \$114.95, to A-1, Permanent Employees, \$114.95.

REALLOCATION OF FUNDS.

The Mayor has approved requests for reallocation of funds as requested in the following letters:

PARK DEPARTMENT.

BOSTON, December 19, 1947.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request your approval of the following transfer of funds within this department:

From Department Equipment Loan, Motor Vehicles, \$38.60, to Departmental Equipment Loan, Machinery, \$38.60.

This transfer is needed to cover a deficit existing in the machinery item caused by the purchase of an air-blown sprayer which has been delivered to this department.

Respectfully yours,

JOHN J. MURPHY,
Chairman.

SUPPLY DEPARTMENT.

BOSTON, December 18, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—I would respectfully request that the amount of \$1,003.50 be allocated from the Equipment Loan to this department for the purchase of office equipment as follows:

One motor driven Mimeograph, \$607; one electric adding machine, 10-bank, \$256.50; one automatic time stamp, \$140. Total, \$1,003.50.

This equipment is urgently needed to replace items which are practically obsolete due to constant use.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TREASURY DEPARTMENT.

BOSTON, December 10, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—The following equipment is urgently needed for the continued efficient operation of the Treasury Department:

1. One new Graphotype machine for the cutting of Addressograph plates. The machine now in use is over twenty-seven years old and is in poor condition. A complete breakdown of this machine would seriously interfere with the preparation of checks for the payment of interest on city debt, pensions, etc. A new keyboard style machine is priced at \$1,020 f.o.b. Cleveland, Ohio.

2. Four new Burroughs desk adding machines. The machines now in use are over twenty years old, are a constant source of expense to the office and should be replaced as soon as possible. Quoted prices for these machines are \$331.20 each for three 10-column machines and \$459 for one 13-column machine.

I therefore respectfully request an allocation of \$2,500 from the Departmental Equipment Reserve Account for the purchase of these new machines.

Very truly yours,

HENRY F. BRENNAN,
City Treasurer.

FIRE DEPARTMENT ORDERS.**General Order No. 77.****I. INVENTORY.**

Form 1, Inventory Form, is being issued to the department on December thirty-first. These forms are to be filled out as of January 1, 1948, and returned to the office of the Fire Commissioner for his personal inspection on or before Monday, January 26, 1948. One form is to be given to each company commander and head of each branch division.

In houses where more than one company is located, the senior officers in command of the houses will include in their inventory all articles which are used in common by the various companies in the stations. They will note on the last page of the inventory form the fact that their inventory includes house equipment.

II. RETIREMENTS.

The following retirements, which will become effective at 8 a. m., Thursday, January 1, 1948, are hereby announced:

Lieut. Francis J. Maloney, Engine Company 26.

Hoseman Daniel F. Hines, Engine Company 25.

Ladderman Thomas W. Savage, Ladder Company 24.

Lieutenant Maloney was appointed to the department February 1, 1924, and was promoted to the grade of lieutenant March 1, 1944; Hoseman Hines and Ladderman Savage were both appointed to the department December 23, 1929.

All the foregoing leave the department with the best wishes of their associates.

III. FIRE ALARM BOX REMOVED FROM SERVICE.

The following fire alarm box has been removed from service and discontinued permanently:

13-3854, New York, New Haven & Hartford R.R. yard, Wolcott square.

Company commanders shall delete this box from the assignment card for Box 3854.

IV. A. D. T. ASSIGNMENTS.

The following signal numbers are to be added to running cards of the A. D. T. Company in this department:

Signal 737, Reiss Realty Company, 718 and 720 Beacon street. (Sprinkler.) Apparatus to respond: Engine 33, Ladder 15, District Chief 8. Nearest box is 2315.

Signal 741, Berke Brothers, Distilleries, Inc., 1022 Massachusetts avenue, building No. 1. (Sprinkler.)

Signal 742, Berke Brothers, Distilleries, Inc., 1006 Massachusetts avenue, building No. 2. (Sprinkler.)

Signal 323, 94-106 Terrace street, Highland Distilleries.

Signal 519, 50-52 Midway street, James J. Sullivan.

VI. HIGH COMMENDATION.

At 9.32 p. m., December 13, 1947, the department responded to an alarm from Box 1551 for a fire in the building at 711 Tremont street. Upon arrival, District Chief William A. Terrenzi was informed that a blind man was trapped on the fourth floor, from which considerable smoke was issuing.

Lieut. Thomas J. Cooney, Hosemen John M. Burke, John T. Cashman and Joseph L. Hurrie of Rescue Company 1, donned masks and entered the building to make a thorough search for the man. Ventilation had not been completed and the floor was heavily charged with heat, smoke and fire, causing the search to be made under most trying conditions. (Chief Terrenzi was afterwards informed that the blind man had escaped from the building before the arrival of the Fire Department.) Lieutenant Cooney and Hoseman Hurrie received first and second degree burns and Hoseman Burke received a head injury during the search.

Because of the extreme risk to which these men exposed themselves in attempting to find the blind man supposed to have been trapped in the building, the Fire Commissioner is pleased to commend them highly and their cases are referred to the Board of Merit for further consideration.

VII. COMMENDATIONS.

Ladderman Joseph C. Heil of Ladder Company 2 is hereby commended for assisting members of Ladder Company 2 in removing the body of a boy from under a street car in East Boston, on December 16, 1947, while off duty.

Hoseman Gerard D. Spear of Tower Company 2 is hereby commended for responding to and working at fire, Box 2131, four alarms, on December 22, 1947, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

Third. In Rule 8, under heading "Pawnbrokers," upon page 257, amend Section 1 (fourth paragraph) to read as follows:

"The annual fee for a pawnbroker's license or renewal thereof shall be two hundred dollars. If a license is granted for less than six months the fee for such license shall be one hundred dollars."

Fourth. In Rule 70, under heading "Sale of Second-Hand Motor Vehicles," upon page 269, strike out the following sentence in 12th and 13th lines:

"The annual fee for the licenses described shall be fifty dollars," and insert in place thereof the following:

"The annual fees for licenses described shall be as follows:

Class 1. Agent's or Seller's License, \$150.

Class 2. Used Car Dealer's License, \$250.

Class 3. Motor Vehicle Junk License, \$100."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 985.

Rule 67 of the rules and regulations pertaining to auctioneers is amended by striking out the entire rule and inserting in place thereof the following; effective Thursday, January 1, 1948:

Rule 67. Auctioneers.

1. The commissioner may, upon application, license suitable persons to be auctioneers, as follows:

Class I.

General License to Inhabitant of Six Months — Fee, Twenty-five Dollars.

2. The commissioner may, upon application and upon payment of a license fee of twenty-five dollars, license any suitable inhabitant of the City of Boston, who has resided therein during the six months next preceding the application for such license, to be an auctioneer therein, for one year. (G. L., c. 100, s. 2, as amended by St. 1941, c. 81.)

Class II.

Special License to Non-Inhabitant of Six Months for Certain Sales — Fee, Five Dollars a Day.

3. The commissioner may, upon application and upon payment of the license fee hereinafter stated, issue a special license, to any person not such an inhabitant, to be an auctioneer, in the City of Boston, for days specified in the license, in the sale of real estate, livestock and general farm equipment and produce. The fee for a special license shall be five dollars for each of the days specified in such license. (G. L., c. 100, s. 2, as amended by St. 1941, c. 81.)

Class III.

Licensing Certain Premises — Fee, Ten Dollars—and—Permit to Auctioneer (Not Licensed by the Commissioner) to Act Thereon—Fee, Two Dollars.

4. Except as hereinafter provided, no person shall conduct or maintain an establishment where any gold, silver, or plated ware, stones, precious or otherwise, watches, clocks, jewelry, bric-a-brac, crockery, glassware, art goods or leather goods, or articles or goods represented as such, are sold at auction unless he is licensed to conduct or maintain the same by the commissioner. (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2.)

Every license granted hereunder shall expire thirty days from its date, but the commissioner upon application therefor may grant a renewal of such license for an additional thirty days, for the sole purpose of enabling the licensee to complete the sale of any unsold articles or goods described in the original application and the fee for such license or renewal thereof shall be ten dollars, which shall accompany the application therefor. (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2.)

Every application for such a license shall contain the name and place of residence of the applicant, a description of the premises whereon the applicant intends to conduct or maintain such an establishment, the name of the owner of said premises and a detailed inventory of the articles or goods intended to be sold under the license and no articles or goods except those described in the application shall be sold thereunder.

No person licensed hereunder shall conduct or maintain such an establishment in any place other than that set forth in the license.

Every such licensee shall keep books in which shall be described and inventoried

all goods received at such establishment, the date of such receipt, the name and place of business of the person on whose account they are sold, the cost price to the licensee if purchased by him for the purposes of the sale, together with the name and place of business of vendor, the names and addresses of the purchasers at the auction, the dates when sold at auction and the prices paid by said purchasers, together with a description of each article so sold. (G. L., c. 100, s. 15; see also G. L., c. 100, s. 4.)

Said books shall be open to the inspection at all reasonable times, of the commissioner or his agents, or of any police officer. (G. L., c. 100, s. 15.)

Hours Establishment May Be Open.

Such establishment shall be open only between the hours of 8 a. m. and 6 p. m. on weekdays. (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2; Police Rule.)

The commissioner may revoke a license to conduct or maintain an establishment, issued under G. L., c. 100, s. 14, after notice to the licensee and reasonable opportunity for him to be heard, upon satisfactory proof that he has violated or permitted a violation of any condition thereof, or of any law, by-law or ordinance. (G. L., c. 100, s. 16, as amended by St. 1932, c. 156, s. 3.)

The pendency of proceedings before a court shall not suspend or interfere with the power of the commissioner to revoke. (G. L., c. 100, s. 16, as amended by St. 1932, c. 156, s. 3.)

If the license is revoked, the licensee shall be disqualified to receive a like license for one year after date of revocation. (G. L., c. 100, s. 16, as amended by St. 1932, c. 156, s. 3.)

Any person who violates any provision of section fourteen or fifteen of G. L., c. 100, as amended, or any person licensed under said section fourteen, to conduct or maintain an auction establishment, who is guilty of fraud or deceit in relation to any sale thereat, shall be punished by a fine of not more than one hundred dollars or by imprisonment for ten days, or both; and if a person licensed as aforesaid is convicted of a violation of any provision of section seventeen of G. L., c. 100, as amended, or of said section fourteen or fifteen of said chapter, such license shall be revoked by the commissioner without a hearing. (G. L., c. 100, s. 17.)

G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2, shall not apply to establishments whose principal business is finally determined by the commissioner, is the sale at auction of property other than the articles or goods hereinbefore specified. (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2.)

Permit to Auctioneer (Not Licensed by the Commissioner) under Class III License—Fee, Two Dollars.

No person shall act as auctioneer in the sale of articles or goods authorized to be sold in pursuance of a license or renewal thereof, issued hereunder, unless he is the holder of an auctioneer's license in full force and effect, granted under section two of chapter 100, as amended, by the Police Commissioner, provided, that the commissioner, when granting a license or renewal thereof to conduct or maintain an establishment, as provided in G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2, may, upon payment of a fee of two dollars, issue a permit, which shall authorize any suitable person holding a license under section two of chapter 100,

as amended, to act as auctioneer in the sale at such establishment of the articles or goods to which the license issued hereunder relates. Such a permit shall expire with such license or renewal and shall be subject to revocation in the same manner as a license granted under section two of chapter 100, as amended (the commissioner may for any cause deemed satisfactory, and without a hearing, revoke or suspend any license issued under authority of section one and two of G. L., c. 100, s. 2, as amended by St. 1941, c. 81). (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2.)

A person acting as auctioneer under authority of such a permit shall be subject to all the provisions of chapter 100, as amended, so far as apt, applicable to auctioneers and to the penalties prescribed therein for violation thereof. (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2.)

Class IV.

Licensing Certain Premises for Sixty-Day Period with No Provision for Renewal—Fee for Premises—Ten Dollars.

Only a Licensed Auctioneer, under s. 14, c. 100, as Amended, May So Conduct, or One Not So Licensed May Be Granted a License by the Commissioner to Conduct.

5. No person, except a licensee under section fourteen, of G. L., c. 100, as amended, shall conduct or maintain an establishment wherein is held any auction represented or advertised by any one of such descriptive terms as "bankruptcy," "insolvent," "creditors," "receiver's," "trustee's," "assignee's," "removal," "closing out," "selling out," "going out of business," or "liquidation," unless he is the holder of a license issued by the commissioner, authorizing him to conduct or maintain such establishment for the holding of the auction represented or advertised by such descriptive term.

Every License Granted Hereunder Shall Expire Sixty Days from Its Date and the Fee for Each Such License Shall Be Ten Dollars, Which Shall Accompany the Application therefor.

Every application for such a license shall contain the name and place of residence of the applicant, a description of the premises whereon the applicant intends to conduct or maintain such an establishment, a sworn statement of the reasons for and character of the auction intended to be held and a detailed inventory and any other information necessary to fully identify the goods, wares or merchandise intended to be sold at such auction. (See G. L., c. 100, s. 4.)

No goods, wares or merchandise except those described in the application shall be sold at such auction; and no such licensee shall bring or cause to be brought into the licensed establishment for the purpose of being sold at an auction represented or advertised under any one of the descriptive terms aforesaid, any goods, wares or merchandise not truly described by such terms.

No person licensed hereunder shall conduct or maintain such an establishment in any place other than that set forth in the license.

No person shall act as auctioneer at any auction at such an establishment if he knows or has reason to believe that the provisions of this section have not been complied with.

Any License Issued Hereunder May Be Revoked or Suspended by the Commissioner for Any Cause Deemed Satisfactory by Him and without a Hearing.

(G. L., c. 100, s. 18, as added by c. 209, Acts 1936, s. 2.)

Hours Establishment May Be Open.

Such establishment shall be open only between the hours of 8 a. m. and 6 p. m. on weekdays. (G. L., c. 100, s. 14, as amended by St. 1932, c. 156, s. 2. Police Rule.)

Class V.

Goods, Wares and Merchandise Brought into Boston.

Licensed Auctioneer in Boston, May Sell

or

Non-Resident Licensed Auctioneer (with Place of Business in Boston) May Obtain Permit, and Pay Special License Fee of Twenty-five Dollars or Two Dollars per Day, and Sell.

6. Goods, wares and merchandise brought into Boston for the purpose of being sold by auction shall be sold by auction therein, only by an auctioneer duly licensed in Boston, or in some other city or town within the Commonwealth, and having a regular and established place of business in Boston, where the goods, wares and merchandise are to be sold. (G. L., c. 100, s. 6.)

If he is a non-resident of Boston—where he has his place of business, he shall obtain from the commissioner a permit to hold such sales by auction therein, and a special license fee of twenty-five dollars for a specified period within the license year or two dollars per day, may be required therefor. (G. L., c. 100, s. 6. Police Rule.)

Violation of G. L., c. 100, s. 6, shall be punished by a fine of not more than one hundred dollars. (G. L., c. 100, s. 6.)

7. All auctioneers' licenses and permits shall be given subject to G. L., c. 100, as amended and to such terms, conditions and regulations as the commissioner shall prescribe in general orders or otherwise. (G. L., c. 100, as amended, Police Rule.)

8. The words "auction," or "public auction," shall include in addition to sales coming within its ordinary meaning, any sale by public outcry where property is offered first at a stated price and thereafter successively or gradually at lower prices until an acceptor or purchaser is found, this method being commonly known as "down hill selling," "action sale," or "Dutch auction," and "auctioneer" shall include any person who personally sells or offers for sale any property by the above described method. (G. L., c. 100, s. 1, as added by St. 1932, c. 209, s. 1.)

9. Every auctioneer licensed by the Police Commissioner, shall give a bond in the penal sum of five hundred dollars, with sufficient sureties, to the treasurer of the City of Boston, with condition that he shall in all things conform to the law relating to auctioneers. (G. L., c. 100, s. 3. Police Rule.)

10. Every auctioneer shall keep a fair and particular account of all goods and chattels sold by him and of the person from whom such goods and chattels were received and to whom they were sold. (G. L., c. 100, s. 4; see also G. L., c. 100, s. 15 and s. 18, as added by c. 209, Acts 1936, s. 2.)

11. The commissioner may for any cause deemed satisfactory and without a hearing, revoke or suspend any license

issued under authority of sections one and two of G. L., c. 100, as amended (refer to Class I and Class II licenses). (G. L., c. 100, s. 2, as amended by St. 1941, c. 81.)

Sales by Auctioneers—Penalties.

An Auctioneer, Generally, May Sell Real and Personal Property.

12. An auctioneer, except as provided in section fourteen of chapter 100, as amended (Class III), or in section twenty-nine of chapter 101, of the General Laws (transient vendors, hawkers, peddlers, who are licensed by State Director of Standards), may sell real or personal property by public auction in any place within his county, and, when employed by others, may sell such property in any place within the commonwealth, if such sale is made where such property is situated and in accordance with such conditions relative to the hours and places of selling goods and chattels in the town of sale as the licensing authority (in Boston, the Police Commissioner) thereof deems expedient; provided, that personal property does not consist of goods, wares or merchandise which have been brought into a town by persons engaged in the business of traveling and carrying stocks of goods, wares or merchandise from one town to another within the commonwealth for the purpose of selling the same by auction. (G. L., c. 100, s. 5, as amended by St. 1932, c. 156, s. 1. Police Rule.)

13. An auctioneer selling by auction in Boston where he is not authorized to sell shall forfeit fifty dollars. (G. L., c. 100, s. 5, as amended by St. 1932, c. 156, s. 1.)

14. If an auctioneer makes a sale by auction at a time or place in Boston not authorized by the commissioner he shall be liable to like penalties as if he had sold without a license. (G. L., c. 100, s. 5, as amended by St. 1932, c. 156, s. 1 and s. 8; see Comm. vs. Harnden, 19 Pick, 482; as to penalty see G. L., c. 100, s. 10—shall forfeit not more than five hundred dollars.)

15. Any tenant or occupant of a house or store, having the actual possession and control of the same, who knowingly permits a person to sell real or personal property by public auction in such house or store, or in any apartment or yard appurtenant thereto, contrary to chapter 100, as amended, shall forfeit not more than five hundred dollars. (G. L., c. 100, s. 7.)

16. Whoever not being licensed and qualified as an auctioneer, sells or attempts to sell any property by public auction, shall forfeit not more than five hundred dollars. (G. L., c. 100, s. 10.)

17. An auctioneer who receives for sale by auction any goods from a minor, knowing him to be such, shall forfeit not more than two hundred dollars to the use of Boston. (G. L., c. 100, s. 9.)

18. Whoever sells or attempts to sell by public auction or advertises for sale any goods, wares or merchandise falsely representing or pretending that such goods, wares or merchandise are, in whole or in part, a bankrupt or insolvent stock, or damaged goods, or goods saved from fire, or makes any false statement as to the previous history or character of such goods, wares or merchandise, shall be punished by a fine or not more than one hundred dollars, and shall be liable in contract to any person purchasing any such goods, wares or merchandise because of such representation or state-

ment, in an amount equal to three times the amount paid therefor. (G. L., c. 100, s. 11.)

19. An auctioneer or other person who is guilty of fraud or deceit in relation to a sale by auction shall forfeit not more than one thousand dollars. (G. L., c. 100, s. 12.)

Acts of 1906, Chapter 185.

Animal.

20. Section 1. It shall be unlawful for any person holding an auctioneer's license to receive or offer for sale or sell at public auction any horse which by reason of debility, disease or lameness, or for other cause, could not be worked in this Commonwealth without violating the laws against cruelty to animals.

20. Section 2. It shall be unlawful for any person to lead, ride or drive on any public way, for any purpose except that of conveying the animal to a proper place for its humane keeping or killing, or for medical or surgical treatment, any horse, which, by reason of debility, disease or lameness, or for other cause, could not be worked in this Commonwealth without violating the laws against cruelty to animals.

20. Section 3. Any licensed auctioneer violating any provision of this act shall forfeit his license, and any person violating any provision of this act shall be punished by a fine of not less than five nor more than one hundred dollars, or by imprisonment for not more than six months.

21. No auctioneer, or licensee under section fourteen or eighteen of chapter 100, or any other person shall employ or permit to be employed or allow, directly or indirectly, any person to act at any public auction as a "capper," "by-bidder," or in any like capacity, for the purpose of bidding up the price of any goods, wares or merchandise offered for sale, in competition with bona fide bidders, or for the purpose of encouraging or enticing bona fide bidders to purchase, or stimulating competitive bidding or sales; and no person shall act in such a capacity at any public auction; nor shall any person make or accept any false bid to buy, or pretend to buy or sell, any goods, wares or merchandise at any public auction. (G. L. c. 100, s. 20, as added by St. 1936, c. 209, s. 2.)

22. Any person who violates any provisions of sections eighteen to twenty, inclusive, of chapter 100, as amended, or any person licensed under section eighteen of said chapter, to conduct or maintain an auction establishment who is guilty of fraud or deceit in relation to any auction thereat; shall be punished as provided in section seventeen of said chapter (shall be punished by a fine of not more than one hundred dollars or by imprisonment for ten days, or both); and if the holder of a license under section two or eighteen, of said chapter, is convicted of a violation of any provision of sections eighteen to twenty, inclusive, of said chapter, or of section twenty-one of said chapter, such license shall be revoked by the commissioner without a hearing. (G. L., c. 100, s. 21, as added by St. 1936, c. 209, s. 2.)

23. No auctioneer, or licensee under section fourteen or eighteen, of chapter one hundred, shall sell or offer for sale or give away or permit to be sold, offered for sale or given away, in connection with or as part of a public auction, any goods, wares or merchandise as prize packages, gifts, premiums, or bonus, or otherwise

as an inducement to purchase any other goods, wares or merchandise; and no auctioneer or licensee aforesaid shall, at any public auction, sell, offer for sale or dispose of, or permit to be sold, offered for sale, or disposed of, any goods, wares or merchandise by chance or lot or without first exhibiting to prospective bidders all such goods, wares or merchandise, including those in packages, bundles or containers; provided, that the foregoing requirement relative to the exhibition of the contents of packages, bundles and containers shall not apply in the case of auctions of unclaimed articles. (G. L., c. 100, s. 19, as added by St. 1936, c. 209, s. 2.)

Exception to Sales by Auctioneers.

24. G. L., c. 100, as amended, shall not extend to sales made by sheriffs, deputy sheriffs, constables, collectors of taxes, executors, administrators, guardians, conservators, assignees of insolvent debtors or by any other person required by law to sell real or personal property. (G. L., c. 100, s. 13.)

Yeas—Councilors Bryan, Cantwell, Chase, Hannon, Linehan, McCormack, Muchnick—7.

Nays—Councilors Bayley, Coffey, Fish, Keenan, Kelly, Moriarty, Russo, Scannell, Sullivan—9.

The question came on the passage of clause 26, as amended, and it was passed.

Coun. SULLIVAN moved reconsideration of clause 18. The motion for reconsideration was lost.

The ordinance, as amended, was passed.

CONVEYANCE OF LAND TO ROMAN CATHOLIC ARCHBISHOP.

The following was received:

City of Boston,
Office of the Mayor, December 29, 1947
To the City Council.

Gentlemen,—The Roman Catholic Archbishop of Boston is erecting St. Ignatius of Loyola Church on Commonwealth avenue adjacent to the reservoir at Chestnut Hill.

The City of Boston owns certain parcels of land bounding the church property and lying between said church property and the present reservoir driveways. This land was originally acquired by the city for Water Department purposes but after the transfer of the reservoir basin to the Metropolitan Water Board in 1898 said land was transferred to the control of the Park Department.

In order that the church property may have proper and sufficient means of access and egress to the city's existing roadways, leading from Commonwealth avenue and bounding the reservoir, it is necessary that the Church acquire from the City of Boston approximately 15,230 square feet of land.

Rev. Thomas M. Herlihy, S. J., pastor of St. Ignatius of Loyola Church, informs me that the proposed area of land, if conveyed by the city, will be used for purposes of providing walks and driveways as approaches to the present church property, the same to be constructed at the sole expense of the Archdiocese.

The Board of Park Commissioners informs me that the Park Department has no use for the said area of land and that the transfer of, as well as the use of, said land for the construction of walks and driveways thereon will result in a benefit to

the church property and provide a more beautiful approach to the reservoir grounds.

In my opinion this parcel of land is not devoted to, nor is it suitable or adaptable for, a public use or purpose; that this parcel of land should be conveyed to the Roman Catholic Archbishop of Boston for the sum of \$1 on the condition that the said land be used for the purpose of constructing walks and driveways thereon at the expense of the Archdiocese.

I recommend your consideration and passage of the accompanying order.

Respectfully,
JAMES M. CURLEY, Mayor.

Whereas, The City of Boston owns in fee a certain parcel of land containing approximately fifteen thousand two hundred thirty (15,230) square feet situated on the southerly side of Commonwealth avenue at the so-called Lake Street entrance to the Chestnut Hill Park and Reservoir; and

Whereas, The said parcel of land is now in the custody, care and control of the Board of Park Commissioners for Park Department purposes, and the Board of Park Commissioners has declared the said parcel of land is no longer required for Park Department purposes; now, therefore, it is hereby

Ordered, That the Board of Park Commissioners of the City of Boston be, and they hereby are, authorized in the name and behalf of the City of Boston to sell at private sale to the Roman Catholic Archbishop of Boston, a corporation sole in the Commonwealth of Massachusetts, the parcel of land hereinafter described for the sum of one dollar (\$1) and subject to the condition that the grantee, his successors and assigns shall grade the granted premises and construct walks and driveways thereon in accordance with a plan approved by the Board of Park Commissioners; and it is hereby further

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized in the name and behalf of the City of Boston to execute and deliver to the Roman Catholic Archbishop of Boston a written instrument satisfactory in form to the Law Department of the City of Boston conveying all the City of Boston's right, title, and interest in and to said parcel of land hereinafter described subject to the aforesaid condition and upon the payment of the sum of one dollar (\$1) to the City of Boston. Said parcel of land is bounded and described as follows:

Northerly by Commonwealth avenue, by two measurements, nine and 9/100 (9.09) and fifteen and 50/100 (15.50) feet, respectively; easterly by land of the City of Boston, one hundred sixty-three and 13/100 (163.13) feet; southeasterly by land of the City of Boston, twenty-five and 87/100 (25.87) feet; southerly by land of the City of Boston, two hundred eighty-three and 86/100 (283.86) feet; westerly by land of the City of Boston, sixty-three (63) feet; northerly by land of the Roman Catholic Archbishop of Boston, two hundred seventy-seven and 2/100 (277.02) feet; westerly by land of the Roman Catholic Archbishop of Boston, one hundred fifty-one and 79/100 (151.79) feet; containing fifteen thousand two hundred thirty (15,230) square feet of land, more or less.

Said parcel of land and all of said measurements are shown on a plan marked "City of Boston, Chestnut Hill Park, Brighton, December 22, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston, Mass.

Referred to Committee on Public Lands.

SALE OF LAND.

President KELLY called up Nos. 1, 2, and 3 on the Calendar, under unfinished business, viz.:

1. Order for sale of land on Sumner street, East Boston. On December 15, 1947, the foregoing order was read once and passed, yeas sixteen, nays none.

2. Order for sale of land on West Broadway, C and Athens streets, South Boston. On December 15, 1947, the foregoing order was read once and passed, yeas sixteen, nays none.

3. Order for release to Commonwealth of Massachusetts, Port of Boston Authority, of all rights and easements in Hoosac Docks, Charlestown. On December 15, 1947, the foregoing order was read once and passed, yeas sixteen, nays none.

The orders were given their second reading and passage, yeas 19, nays 0:

Yeas—Councilors Bayley, Bryan, Cantwell, Chase, Coffey, Cook, Fish, Hannon, Hurley, Keenan, Kelly, Lane, Linehan, McCormack, Moriarty, Muchnick, Russo, Scannell, Sullivan—19.

Nays—0.

NEW PLAYGROUND, GALLIVAN BOULEVARD AND WASHINGTON STREET.

Coun. KEENAN offered the following:

Ordered, That the Park Commission be requested, through his Honor the Mayor, to include in its 1948 budget sufficient funds for the construction of the new playground at Gallivan Boulevard and Washington street, Ward 17.

Passed under suspension of the rules.

REPORT OF COMMITTEE ON LICENSES.

Coun. COFFEY, for the Committee on Licenses, submitted the following:

1. Report on petitions to operate bowling alleys on the Lord's Day:

Charlestown Daylight Alleys, James J. Uvello, 575 Rutherford avenue, Charlestown (referred December 15)—recommending that license be granted.

Mattapan Square Bowling Alleys, Joseph V. Celli, 500 River street, Mattapan (referred December 8)—recommending that license be granted.

Reports accepted; licenses granted under usual conditions.

2. Report on petition (referred August 18)—recommending passage of following order:

Ordered, That the Mayor and City Council of the City of Boston hereby consent to the laying out, use, and location of a track for midget auto racing and other racing, not including horse or dog racing, in that part of Boston known as the Dorchester district, bounded by Mount Vernon street, land of Samuel Tomasello, land of Boston Consolidated Gas Company, southerly by low water mark, land of E. B. Badger Company and the Old Colony Parkway; said bounds being more correctly and more specifically described in a petition of the Boston Stadium Corporation, filed with the City Clerk of the said City of Boston on August 18, 1947.

The report was accepted.

Coun. HANNON moved that the matter be laid over until the final meeting on Saturday and that in the meantime there be a public hearing held on either Wednesday or Friday. Councilor Hannon then amended his motion and moved to refer the matter back to the Executive Committee for public hearing on either Wednesday or Friday.

Coun. LINEHAN moved to amend by having the hearing on Friday, and Councilor Hannon accepted the amendment. The question came on the motion to refer back to the Executive Committee and to have a public hearing on Friday morning. The Chair announced that the motion was lost. Councilor Linehan doubted the vote and asked for a roll call. The motion was lost, yeas 6, nays 12:

Yeas—Councilors Bayley, Bryan, Chase, Hannon, Lane, Linehan—6.

Nays—Councilors Cantwell, Coffey, Fish, Hurley, Keenan, Kelly, Kinsella, McCormack, Moriarty, Russo, Scannell, Sullivan—12.

Coun. HANNON moved that further consideration be postponed until Saturday. The Chair announced it was not a vote. Councilor Hannon doubted the vote and asked for a roll call. The motion was lost, yeas 6, nays 11:

Yeas—Councilors Bayley, Bryan, Chase, Hannon, Lane, Linehan—6.

Nays—Councilors Coffey, Fish, Hurley, Keenan, Kelly, Kinsella, McCormack, Moriarty, Russo, Scannell, Sullivan—11.

Voting present—Councilor Cantwell—1.

The question came on the granting of the license. The Chair declared it was a vote. Councilor Linehan doubted the vote and asked for a roll call.

The roll was called and the license was granted, yeas 12, nays 6:

Yeas—Councilors Cantwell, Coffey, Fish, Hurley, Keenan, Kelly, Kinsella, McCormack, Moriarty, Russo, Scannell, Sullivan—12.

Nays—Councilors Bayley, Bryan, Chase, Hannon, Lane, Linehan—6.

Coun. LINEHAN moved reconsideration. During debate Councilor Bayley was ruled out of order and the Chair announced he would not be allowed to take the floor until he apologized to the Body. Reconsideration was declared not carried. Councilor Linehan doubted the vote and asked for a roll call. The roll was called and reconsideration was lost, yeas 7, nays 11:

Yeas—Councilors Bayley, Bryan, Chase, Cook, Hannon, Lane, Linehan—7.

Nays—Councilors Coffey, Fish, Hurley, Keenan, Kelly, Kinsella, McCormack, Moriarty, Russo, Scannell, Sullivan—11.

PROPOSALS FOR ALTERATION OF CANOPY ON SUMMER STREET ENTRANCE OF SOUTH STATION.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest is owned by a citizen or citizens of the United States, for alteration of canopy on Summer Street entrance of South Station. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Alteration of Canopy on Summer Street Entrance of South Station," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, JANUARY 16, 1948, with a certified check for ONE HUNDRED (100) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

STREET LAYING-OUT DEPARTMENT.

IN BOARD OF STREET COMMISSIONERS OF THE
CITY OF BOSTON,

January 6, 1948.

Ordered, That due notice be given that this Board is of the opinion that public necessity requires the taking of a certain parcel of land, wharf, dock, and flats controlled by the Old Colony Trust Company, as trustee, for the benefit of Edwin F. Brown and others, situated in Boston Proper district, being part of Sargent's Wharf, so called, bounded and described as follows: Beginning at a point in the division line between the estate of the City of Boston (known as the Eastern Railroad Wharf) and the estate of the City of Boston (known as Sargent's Wharf); thence running northeasterly one hundred fifty-eight and 50-100 feet to a point; thence turning and running southeasterly one hundred thirty-nine feet to a point; thence in the same direction to the Harbor Commissioners' line (1853); thence turning and running southerly by said Harbor Commissioners' line to its intersection with said division line; thence turning and running westerly by said division line to the point of beginning, for dock and wharf purposes, substantially as shown on a plan on file in the office of this Board, that it intends to pass an order to make said taking, and that it appoints 10 o'clock a. m. of January 21, 1948, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:

DEPARTMENT OF SCHOOL BUILDINGS.

PROPOSALS FOR FURNISHING ELEVATOR INSPECTION, MAINTENANCE AND TEST ON VARIOUS ELEVATORS.

The Superintendent of Construction, Department of School Buildings, City of Boston, invites sealed proposals for furnishing elevator inspection, maintenance and test on various elevators. Forms of proposals may be obtained at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass. Each proposal must be signed by the bidder, placed in an envelope, properly sealed, and marked "Proposal for Furnishing Elevator Inspection, Maintenance and Test on Various Elevators," and left at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston, Mass., before 12 noon, January 19, 1948, accompanied by cash or certified check on, or a certificate of deposit issued by, a responsible bank or trust company payable to the City of Boston in the sum of \$100, to become and be the property of the City of Boston as liquidated damages, if, after an award is made to him, the bidder shall fail to enter into the contract therefor within ten days after notice of said award has been mailed to him. Bid bonds will not be accepted. Said proposals will then and there be publicly opened and read. Proposals must be made in duplicate, one with cash, certified check or certificate of deposit to be left as above, the other without cash, certified check or certificate of deposit to be filed with the City Auditor, City Hall, Boston, before the time stated above for the opening of proposals.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained without cost upon application therefor at the office of the Superintendent of Construction, fourth floor, 26 Norman street, Boston. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract.

Specifications will be ready for distribution Monday, January 12, 1948, and may be obtained at the office of the Superintendent of Construction, Department of School Buildings, fourth floor, 26 Norman street, Boston.

A bond of a surety company, approved by the Superintendent of Construction, in the full amount of the contract, to secure the due performance of the contract and the full protection of the city, will be required. The Superintendent of Construction reserves the right to reject any and all bids if it be in the public interest so to do.

JAMES H. MOONEY,
Superintendent of Construction,
Department of School Buildings.

VETERANS' BENEFITS FROM CITY SHOW DECIDED INCREASE FOR NOVEMBER, ACCORDING TO REPORT FROM DIRECTOR DAVID J. BRICKLEY TO MAYOR CURLEY—458 ADDITIONAL CASES AND HIGHER BUDGET RATES ESTABLISHED BY STATE DEPARTMENT ACCOUNT FOR \$38,438.82 INCREASE—TOTAL OF 129 CASES DROPPED DURING PERIOD DUE TO SUCCESS OF DEPARTMENT IN SECURING EMPLOYMENT FOR APPLICANTS.

THE COLEMAN DISPOSAL COMPANY AWARDED GARBAGE AND REFUSE CONTRACT AS MOST ADVANTAGEOUS TO CITY.

The following letter was received by his Honor the Mayor from Commissioner Curley, Public Works Department:

DEAR MR. MAYOR.—The contract of the Coleman Disposal Company for disposing of the garbage and refuse from certain sections of the city will terminate on December 31, 1947.

Under the terms of the contract, facilities are provided by this firm for taking the collections in the districts served by the department forces, as well as in other districts where the collection work is done by contract. The work is being done at the present time at a cost, for the year, of \$488,520, which does not include the Brighton district. This firm has a contract specifically covering the Brighton district, at the additional sum of \$36,000 per year.

The Coleman Disposal Company has been doing this work for the past 25 years, and it is the only concern which has facilities and dumping space available to accommodate the accumulations from the districts in question. I have been negotiating with the officials of the firm with the view of making a new contract to cover the year 1948.

I feel, because of the higher cost of labor and the increased cost of repairs which are necessary to the plant and equipment, that the present price, as provided in the contract for 1947, is the lowest that can be obtained, under conditions as they exist today. Furthermore, for the reasons stated as regards the unavailability of dumping facilities, absolutely nothing would be gained by advertising.

In view of these facts, I respectfully request your permission to dispense with advertising for bids and to award a contract to Coleman Disposal Company, 40 Central street, Boston, for the disposal of garbage and refuse for the year beginning January 1, 1948, and ending December 31, 1948, at a cost of \$524,520, which cost is exactly the same as the city is now paying this firm for the disposal of garbage and refuse.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Expenditures for veterans' benefits for the month of November show a decided increase over the corresponding period in 1946, according to the monthly report submitted to his Honor the Mayor by David J. Brickley, Director of Veterans' Services. The actual increase in money amounted to \$38,438.82. This, according to the report, is attributable to the fact that the department assisted 458 more cases in the period than in the previous year. There were 1,217 cases aided during the month, representing a total of 2,545 individuals benefited through the facilities of the Veterans' Services, with 129 cases dropped during the month. The full report reads as follows:

Expenditures for veterans' benefits for November, 1947, show an increase of \$38,438.82 in comparison with expenditures for the corresponding period in 1946. The large increase is partially attributable to the fact that the department assisted 458 cases more than in November, 1946. Another factor to be considered is the increased budget rates established by the State Department of Veterans' Services.

The 1,217 cases aided during the month of November, 1947, represent a total of 2,545 individuals benefited through the facilities of the Department of Veterans' Services. There were 129 cases dropped from Veterans' Services pay rolls during the month of November, 1947, because of obtaining private employment, having been awarded unemployment compensation, and miscellaneous other reasons.

CIRCULAR LETTER NO. 17.

CITY OF BOSTON,
MAYOR'S OFFICE, January 8, 1948.

To the Heads of All Departments.

GENTLEMEN,—In view of the acute shortage of fuel oils it is advisable to conserve the same wherever possible. In the opinion of competent authorities a setting of the thermostat at a lower degree is a most effective means of accomplishing results.

The rationing of fuel oil during the wartime period made necessary the

adoption of such a course, with the result that service was uninterrupted in institutions and public buildings. The choice lies between empty fuel tanks or a reasonable supply.

Kindly issue the required order to all branches of your department with the request that this order be complied with at once.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY GETS THANKS OF VETERANS FOR ABOLISHING SERVICE CHARGES FOR OPENING GRAVES FOR HERO DEAD.

The following letter was on January 9 received by his Honor the Mayor from the Suffolk County Council of the American Legion:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—At a recent meeting of Suffolk County Council Department of Massachusetts, the American Legion, the following Resolve was presented:

"That Suffolk County Council, representing the 18,769 members of Suffolk County, go on record and extend to the Honorable Mayor of Boston, James M. Curley, our sincerest thanks and appreciation for his untiring efforts in behalf of the welfare of the veteran and his family, and especially for his most recent kind act in the discontinuance of the service charge, connected with the opening of graves for our repatriated dead at Mount Hope Cemetery.

An act of this kind will be long remembered by the Legionnaires of Suffolk County. Thank you sincerely."

Ever yours in comradeship,

MORTIMER J. COAKLEY, Commander.

MAYOR CURLEY HONORS AMERICAN LEGION BLOOD DONOR COMMITTEE.

The following letter was on January 9 received by his Honor from the American Legion, Department of Massachusetts:

HON. JAMES MICHAEL CURLEY,
Mayor of Boston.

DEAR MAYOR CURLEY,—The American Legion, Department of Massachusetts, extends to you our sincere appreciation of your recognition of our Blood Donor Committee in your presentation to Chairman Charles E. Neilan of the "key" to the City of Boston.

Your high praise of this service to the hospitalized veterans is indeed encouraging and will help toward more intensive effort on our part.

The writer will deliver to Sister Mary Basilla the "Book of Boston" you so kindly autographed for her, and you may rest assured of her daily remembrance of our great Mayor in her daily prayers.

With kind personal regards, we are

Sincerely yours,

CHARLES E. NEILAN, Chairman,
Department Blood Donor Committee.

MAYOR WANTS TEA SHIPPED TO IRELAND.

The following is the statement of Mayor Curley:

The article appearing on January 9 in the New York Times, suggesting that a reverse Boston Tea Party be started to send a shipload of tea to England, because of the scarcity of that commodity there, is an excellent one, provided that an allotment of the tea be made to the people of Ireland, who, when the colonies were starving in the early days, sent a cargo of food to Boston which prevented them from being wiped out of existence through famine.

However, this is a matter that could better be conducted by the Chamber of Commerce, which was so successful in the handling of the Friendship Train, and I refer the matter to that body with the assurance of my hearty cooperation.

MAYOR CURLEY APPEALS TO PRESIDENT AND CONGRESS FOR OIL SHORTAGE RELIEF.

The following letter was on January 9 sent by the Mayor to Hon. Harry S. Truman, President of the United States, the Governor of Texas, the Mayor of Texas City, Texas, the representatives of the C. I. O. in Washington, the Senators and Congressmen from the New England states:

DEAR SIR,—I have been reliably informed that tankers located at the Pan-American Refinery Docks, Texas City, Texas, are now available and can be loaded at once with fuel oil.

This fuel oil has been processed before the strike, and is now held in refinery tanks, so it will in no way interfere with the settlement of the pending strikes.

The release of this finished product should not affect the status of either strike-bound group, and it is vital that this be done at once, as the situation in New England is critical.

Trusting that you will use your best efforts to make the product that is necessary for New England available without delay, I remain

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

MAYOR ADDS TO DONATION IN BEHALF OF EVICTED 101-YEAR-OLD WIDOW.

His Honor the Mayor on January 12 received the following letter and news clipping which was attached:

From: Steve's Wheel Chair All Magazine Agency.

January 8, 1948.

Mayor of Boston, Mass.

MY DEAR MAYOR,—Attached hereto is an article out from the St. Louis *Star-Time*, of which I am a subscriber, relating to this little old lady that trusts God.

I am enclosing a check for \$5 for her, and will you be kind enough to see that some official of your city sees that she gets it, and please tell her this is not charity, that this is part of God's money and, inasmuch as she works for God, it is His money. Thanking you, I am

Sincerely,

JOHN A. STEPHENSON,
8236 Chippewa Street,
St. Louis 9, Missouri.

(His Honor was pleased to add \$10 to the \$5 check sent by Mr. Stephenson.)

—
"CHILDLESS WIDOW, 101, REFUSES EVICTION HELP; 'CAN WORK FOR GOD.'"

BOSTON, Jan. 8 (UP)—Mrs. Muriel Salisbury, 101, a widow, childless and broke, was ordered out of her \$12-a-week apartment by a municipal court today, but she took it chin up.

"I don't want charity," she said to suggestions that she enter an old folks' home. "I can still work. I work for God, and He has never let me down."

Mrs. Salisbury said she had rent receipts through last September, but her landlord's attorney said she was \$300 behind with her rent.

When a court summons was served several days ago, she tried to go to court and explain things, but she couldn't find the right room. "So I came home. I was sick. I couldn't stay out long."

Her eyesight is dim. The summons ordered her to appear in court yesterday. But she didn't see the date. The landlord was granted an eviction order "by default."

There was snow on the ground. Mrs. Salisbury admitted she had no money in the house—her only income is from a small legacy. But she was proud. She wrapped her shawl around her thin shoulders and said: "My family and friends are gone. I'll have to work this one out by myself."

MAYOR CURLEY SEEKS TO SECURE SURPLUS LAND AT FORT STRONG FOR HOSPITAL PURPOSES.

His Honor, the Mayor on January 6 sent the following letter:

MR. JOSEPH CONNELLY, *Real Estate Deputy, War Assets Administration*, 100 Washington Street, Boston, Mass.

DEAR SIR,—I am informed that the Army has declared surplus the land, building and appurtenances held by it on Long Island in Boston Harbor, and known as Fort Strong.

The City of Boston wishes to obtain title to this property for the purpose of expanding its hospital facilities for chronic patients, now located on Long Island.

I understand that in these circumstances the city may, under the regulations of your administration, obtain the property at 100 per cent discount.

This is to inform you that the city desires to take advantage of that provision to obtain the property described.

Yours very truly,

JAMES M. CURLEY,
Mayor of Boston.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with commercial houses, contractors, etc., for furnishing labor and supplies. Communications from heads of the departments interested were as follows:

FIRE DEPARTMENT.

BOSTON, December 30, 1947.

HON. JAMES M. CURLEY.

Mayor of Boston.

DEAR SIR.—Your Honor's permission is requested to award, without public advertising, the work of installing booster pumps on the new hose wagons of Engines 4 and 26 to the Mack Motor Truck Company, 75 North Beacon street, Boston, at a cost of \$2,450 as follows:

Furnish labor and materials to install booster equipment on hose wagons of Engines 4 and 26. The following equipment is to be installed on each unit:

One 150-gallon booster tank.

One rotary 100-gallon pump with power take-off control lever on seat riser.

Relief valve in pipe by-pass to have pressure gauge and ground control throttle. Hose reel to be mounted above with 250 feet of $\frac{1}{2}$ -inch hose, with nozzle with McIntyre chrome-plated booster nozzle. No. 155, with $\frac{1}{4}$ -inch tip.

The Mack Motor Truck Company built the two hose wagons referred to above and has in its possession the booster equipment ready for installation. In my opinion no advantage would be gained by the city through public advertising for bids inasmuch as there would be quite a delay in completing the required installations and at present we have the two hose cars in our shop waiting to be placed in service. Also, as the Mack Company manufactured the hose wagons, they are

familiar with all the details of their construction and can install the booster equipment at a lower cost than any other contractor.

All other hose cars recently delivered to the Fire Department have been delivered with booster equipment already installed, but in the case of these two wagons the contract did not call for the booster equipment. With booster pumps and tanks installed the wagons will be able to perform much more efficiently at fires.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PUBLIC WORKS DEPARTMENT.

BOSTON, December 29, 1947.

HON. JAMES M. CURLEY.

Mayor of Boston.

DEAR MR. MAYOR.—On December 11, 1947, your Honor approved my request for authority to dispense with advertising and to engage outside firms and individuals to furnish labor and equipment for the purpose of supplementing the department forces and equipment in connection with the work of keeping highways and streets open following snowstorms, which we deem to be an emergency.

While in many of these instances the cost of this work will be more than \$1,000, it will not exceed \$2,000. However, because of the unusual conditions which often arise following storms and the prolonged periods during which the equipment and necessary labor provided by these contractors must be kept at work, the cost in other instances will be more than \$2,000, necessitating, under the provisions of the charter, written contracts with the firms which have been engaged.

I consider it to the city's advantage to have the department in a position to call upon these contractors to furnish labor and equipment, when and where required, when these emergency occasions arise, and I respectfully request the authority of your Honor to dispense with advertising and to award contracts to the following-named firms to furnish labor and equipment, when considered necessary, during the current winter, to supplement the regular forces of the Public Works Department engaged in snow removal activities:

Edward M. Matz, Inc.; Walter Reed Corporation; Baker & Co.; Hugh Nawn, Inc.; John Deveney Company; Coleman Brothers Corporation; Ward General Contracting Company; Martin J. Kelly Company, Inc.; M. DeMatteo Construction Company; Joseph P. McCabe, Inc.; Dooley Brothers, Inc.; C. & R. Construction Company; Hancock Construction Company; M. Doyle & Co., Inc.; J. A. Singarella Company.

From a canvass conducted by this office, it has been ascertained that the firms named are the only contractors in this city possessing loaders, which are so essential for proper snow removal. Furthermore, advertising for bids would not, in my opinion, be practicable on account of the uncertainty of the amount of work to be done or of the length of time when this supplementary service would be required, and, when these emergencies arise, the work is widely scattered and is not confined to a particular area or section.

In the event this work becomes necessary, payment will be in accordance with the following rates, which have been prescribed by this department for snow removal work during the season of 1947—

1948 (the truck rates being those established by the Department of Public Utilities):

Rental of Equipment.

(These rates include operators.)

Dump trucks, 1,001 pounds to 6,000 pounds registered carrying capacity; registration fee, \$6 to \$16.50; \$2.50 per hour.

Dump trucks, 6,001 pounds to 12,000 pounds registered carrying capacity; registration fee, \$18 to \$28.50; \$3 per hour.

Dump trucks, 12,001 pounds to 16,000 pounds registered carrying capacity; registration fee, \$30 to \$36; \$3.75 per hour.

Dump trucks, 16,001 pounds to 22,000 pounds registered carrying capacity; registration fee, \$37.50 and over; \$4.50 per hour.

Tractors, all except oversize, \$8; oversize, \$14.

Snow loaders, all except wheel-mounted, \$10; wheel-mounted, \$14.

Hiring of Labor from Contractors.

(To be paid on a force account basis.)

Foremen, \$2.50 per hour.

Laborers, \$1.90 per hour.

Time and a half will be allowed for overtime work beyond the regular working day and for work on Saturdays. Double time will be allowed for work on Sundays and holidays.

The above rates include all profit, governmental contributions, Workmen's Compensation and Public Liability Insurance.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

BOSTON, December 15, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—The contract which the American Service Company of 253 Adams street, Dorchester, has with the city for lighting, extinguishing, servicing, and maintaining its gas lamps, will expire on December 31, 1947.

Since the city became the owner of all the equipment used for lighting the streets by means of gas, the work has been done by this firm in a very satisfactory manner, and as it is the only firm in Boston qualified to do this work, I am of the opinion that the best interests of the city will be served if it is given a contract to perform this service during the coming year.

With that in mind, I have been in negotiation with this firm for a contract to cover the coming year, for the same services which it performed last year. The American Service Company has agreed to do this at a reduction of 28 cents a unit in the price for service and maintenance. In addition, I have negotiated with this firm for a contract to cover the furnishing and installing of all necessary equipment for the proper operation of lamps, with the exception of glass globes, which the city itself will continue to supply.

I consider these features of considerable benefit to the city, since the responsibility for complete maintenance of our gas lamps (excepting the glass globes previously mentioned) will be in one source.

Because of the conditions existing, no advantage will be gained by publicly advertising for bids and, furthermore, this is the only qualified and properly equipped firm capable of doing this work.

I therefore respectfully request your permission to dispense with advertising, and to award a contract to the American

Service Company of 253 Adams street, Dorchester, for lighting, extinguishing, servicing, and maintaining gas lamps (approximately 8,917) from January 1 to December 31, 1948, inclusive, at \$13.88 each, or an estimated cost of \$123,768, and for furnishing and installing plastic globes, metal domes, gas mantles, ventilators, and metal globe rings, at an estimated cost of approximately \$28,500, making the total estimated cost for the year \$152,268.

The unit price for which the American Service Company has agreed to furnish and install the last mentioned items (not including mantles) is lower than what the department has been paying for these articles during the current year, indicating a further saving to the city in its cost of street lighting service of an amount well over \$10,000. The price now being paid will apply in the new contract to the item relating to mantles.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

SUPPLY DEPARTMENT.

BOSTON, December 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to award, without advertising, the following: 100 bags of 88 per cent soap chips, 110 pounds each, at 25.625 cents per pound, net, to the Edison Chemical Company. This purchase will be one cent less per pound than the publicly advertised bid of December 15, 1947. The low bid that day was 27.125 cents per pound, which has since dropped to 26.625 cents per pound, at which price the city has contracted for 100 bags.

This purchase is recommended because of the anticipated shortage of soap in the early spring.

Total amount of contract is \$2,818.75.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, December 11, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Permission is respectfully requested to place an order, without public advertisement, with the Bendix Machinery Company, Inc., for furnishing 2 new $\frac{3}{4}$ -cubic yard capacity, general purpose type, Model 335-5, clamshell buckets, all welded, together with 4 tag line cables and 2 closing cables for each bucket, and spares of 2 bronze bushings and 10 Torrington bearings for each bucket, at a price of \$1,800, f.o.b. Boston.

At the present market price in Boston for buckets of a similar size, it would cost the department in the vicinity of \$2,200, without the extra cables, bushings, and bearings so that this means a considerable saving for the department.

The department is in urgent need of these buckets to be used on the East Boston Tunnel Rapid Transit extension. The total amount of the order would be \$1,800.

We wish to award to the Bendix Machinery Company, Inc., as no advantage would be gained by advertising.

For this reason I respectfully request that the permission asked for above be granted.

Respectfully yours,

MALCOLM E. NICHOLS,
Chairman.

ADDITIONS TO CONTRACT.

HOSPITAL DEPARTMENT.

The Mayor has approved the request indicated in the following letter:

BOSTON, December 20, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—At a meeting of the Board of Trustees held on December 12, 1947, it was voted to request an additional \$5,000 in the non-revenue appropriation, Hospital Department, Construction of Buildings, Acquisition of Land, etc., in order to meet additional costs and to satisfactorily complete the contract made January 29, 1947, with J. A. Singarella Company, for alterations and additions to the Thorndike Building, Boston City Hospital.

The additions are as follows:

1. Obstructions encountered in the foundations, less amount of credit for savings made on the caissons; these being covered by clauses and unit prices in the contract making it an obligation of the city to pay for such work.
2. Installing water supply and waste lines.
3. Providing rest room for nurses and secretaries.
4. New door for dark room.

Items 2, 3, and 4 were not included in the original plans.

These additions together with architect's fee will amount to approximately \$5,000.

Respectfully yours,

MARTIN J. ENGLISH, M. D.,
President, Board of Trustees.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

Warren Brothers Roads Company has been directed to omit and substitute the following work under the contract for laying sheet asphalt pavement in Vernon street, Ward 9, from Auburn street to Tremont street, dated October 9, 1947.

Items ordered: Omit approximately 760 cubic yards of excavation at \$1 per cubic yard, 394 tons of gravel filling at \$1.50 per ton, and 3,139 square yards of bituminous macadam base at 90 cents per square yard (items 2A, 2C and 5A of contract), and substitute approximately 3,081 square yards of stripping existing bituminous concrete pavement at 60 cents per square yard, and furnishing approximately 158 tons of asphalt binder at \$8 per ton.

Estimated cost of omitted work, \$4,176.10; estimated cost of substituted work \$3,112.60; estimated decrease in cost, \$1,063.50.

CLAIM ALLOWED.

The Mayor, upon recommendation of the Corporation Counsel, has approved the following claim:

John James Kerrigan, 1073 Saratoga street, East Boston, to be reimbursed in the sum of \$53.71, because of loss of salary as an employee of the Bridge and Ferry Division, Public Works Department, due to a suspension which was not imposed in accordance with the statute or civil service rules, from October 3, 1947, through October 10, 1947.

CONTRACTS AMENDED.

FIRE DEPARTMENT.

The Mayor has approved the following request of the Fire Commissioner:

BOSTON, December 30, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—On September 8, 1947, the contract between the City of Boston, acting through this department, and J. A. Singarella Company was approved for the erection of a new fire station, Engine 10, at 127 Mt. Vernon street, in the sum of \$123,200.

According to the report of John M. Gray, the architect for this job, at the time of the preparation of the plans and specifications on which the bids were invited, it was assumed that the rear wall of the existing station house, Engine 10, on River street, was a 12-inch masonry wall resting on granite levelers, which in turn were supported by wood piles. The plan received from the City of Boston Street Laying-Out Department, November 20, 1946, indicated that the 12-inch wall was entirely on land owned by the City of Boston. Information was also obtained at this time to the effect that there was no record of any party wall agreement with the adjacent owner of the building at 70 River street. From this it was assumed that the old stable which is now used as a storehouse had an independent 8-inch brick wall built entirely on the property of the adjacent owner, which is recorded in the city maps showing streets and property, as being now or formerly owned by Mary C. Briggs. On further investigation on the part of the architects, the 12-inch wall owned by the city was found to be entirely on City of Boston property supported on granite levelers which in turn were resting on wood piles.

As the work progressed the actual condition, based upon the report of Mr. Gray, was found to be as follows:

"It was again verified that the city-owned property had a 12-inch wall entirely within the property line which rested on granite foundation, which in turn rested on wood pile caps. However, when this wall was being demolished under the contract dated August 29, 1947 (approved on September 8, 1947, by the Temporary Mayor), with the J. A. Singarella Company, it was found that the adjacent wall on privately-owned property was not an independent 8-inch brick wall but was merely a 4-inch brick wall which had been laid up directly against the city-owned 12-inch brick wall. This 4-inch wall was supported on the granite foundation that is part of the city property. Under the contract that the J. A. Singarella Company has with the City of Boston Fire Department, the existing 12-inch city-owned brick wall is to be demolished entirely, including granite foundations, and the existing wood piles are to be cut down approximately 3 feet below the present water line, after which new concrete pile caps and foundations are to be built, on top of which a new 12-inch brick wall is to be erected. It is impossible to remove the existing 12-inch wall at this time without remedying the defect in the property of the adjacent owner. In all probability if any great part of the city-owned wall is removed, the adjacent wall will collapse."

The Law Department is of the opinion that there is a real question of liability

on the part of the city if any damage results to the property of the adjacent owner.

After conference with all parties concerned, it was decided to deal with the problem in the following manner as being in the best interests of the city:

It is proposed that the adjacent existing building will be shored up starting from the foundation line and continuing on through two floors, and including the roof. After the building is properly shored and underpinned, both the city-owned 12-inch brick wall and the privately owned 4-inch brick wall will be demolished. As stated before, the aforesaid contract approved on September 8, 1947, provides for a new 12-inch brick wall to be built starting from the new cutoff line of the existing wood piles. As part of this extra work masonry corbels will be included in new brick wall which will support the existing first and second floors and the roof timbers. Also included in this extra work will be the removal and storing of existing wood sheathing that is located within the building of the adjacent private property. The underpinning of the adjacent foundation which would have been included in the original contract will be eliminated entirely.

Because of the close tie-in between the extra work and the construction of the station, it is proposed to engage J. A. Singarella Company to perform the above-mentioned work at the additional cost to the city for all labor performed and materials furnished at a sum not to exceed \$6,100 for such work as specified below:

1. Shoring of the McKenna property, \$3,200.
2. Building protecting wall on McKenna property during construction, \$1,300.
3. Labor and material for corbel breakdown to support McKenna property framing, \$850.
4. Miscellaneous repairs in connection with roofing and flashing, \$750.

Total, \$6,100.

In view of the foregoing, I respectfully request permission to amend the contract of September 8, 1947, with J. A. Singarella, in accordance with the above-mentioned provisions.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

PUBLIC BUILDINGS DEPARTMENT.

J. A. Singarella Company has been allowed to amend the contract to perform all work necessary and incidental to covering unfinished work at the Charlestown Municipal Building, Charlestown, by striking out the words, "60 days," as appearing on line 4, Article II, thereof, and substituting therefor the date "December 31, 1947," so that said Article II shall read as follows:

"The contractor shall commence work forthwith upon the approval of this contract by his Honor the Mayor and shall bring the work to entire completion before December 31, 1947."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Construction Units, Inc., have been granted an extension of contract due to several causes, such as:

1. The delay is due to unforeseen causes beyond control and without fault or negligence; and

2. Notice of the cause of the delay was given within the time and in the manner prescribed by the contract, for 103 days to December 31, 1947.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

BOSTON HOUSING AUTHORITY,
10 Post Office Square, Boston, Mass.
Re: Housing (20), River Street, Mattapan, Mass.

GENTLEMEN.—On September 12, 1947, we sent you a letter requesting an extension of time from September 15, 1947, to December 1, 1947, due to delays caused through changes, stoppages, strikes and other reasons all beyond our control. These delays have caused us considerable time and expense.

On the date of September 12, 1947, we requested an extension of 2½ months. Now, we find that our heating contractor will not have all the work completed, nor will the plumbing contractor due to his inability to secure the required materials because of shortages, etc.

It is therefore respectfully requested that the completion date of the contract be extended for a period of 3½ months from September 15, 1947.

We have this extension on the present available information regarding the delivery of materials.

Very truly yours,

CONSTRUCTION UNITS, INC.,
By CHARLES A. MOGAVERE.

S. Volpe & Co. have been granted an extension of contract due to causes as outlined in letters attached, which show:

1. The delay is due to unforeseen causes beyond control and without fault or negligence; and

2. Notice of the cause of the delay was given within the time and in the manner prescribed by the contract, for 44 days to January 15, 1948.

The conditions referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract,

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Allied Engineering Corporation has been granted an extension of contract for the general construction of six houses on Saratoga street, East Boston, due to inability to obtain various materials.

The City of Boston has determined that:

1. The delay is due to unforeseen causes beyond your control and without your fault or negligence; and
2. Notice of the cause of the delay was given within the time and in the manner prescribed by the contract for 42 days to December 31, 1947.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of this Authority are in no way prejudiced by this order.
3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Re: East Boston Project.

Attention: Mr. Paul F. Liston, Attorney.

DEAR SIR,—We wish to request an extension of time in the performance of our contract in East Boston with the Boston Housing Authority.

The 120-day time allotted for the performance of this work expires approximately November 20, 1947. Due to difficulty in obtaining many materials for this contract our work has been

delayed and we expect that an additional six weeks will be required to complete the work involved.

Your cooperation, therefore, in extending to us an additional six weeks for the performance of this contract will be sincerely appreciated.

Very truly yours,

ROBERT E. BESSETTE,
President.

DEPARTMENT OF SCHOOL BUILDINGS.

W. A. Shephard Company has been granted an extension of the time of completion of the contract for installing H. R. T. boilers in the Thomas Gardner School, contract approved by Temporary Mayor, July 7, 1947. Completion date to be extended from December 15, 1947, to February 28, 1948. This extension is requested because of a shortage of labor and materials.

S. M. Levin Company, Inc., has been granted an extension of the time of completion of the contract for furnishing and delivering miscellaneous furniture for various schools, contract approved by the Mayor, June 4, 1946. Completion date to be extended from December 15, 1947, to April 30, 1948. This extension is requested because of difficulty in securing satisfactory material for table tops.

FIRE DEPARTMENT.

Approval has been given for an extension of time for the performance of the contract of the Boston Marine Works, Inc., for repairs to fireboat "Matthew J. Boyle," Engine Company 44, until December 19, 1947. The original contract dated October 27, 1947, was to have been completed within 21 working days after approval by the Mayor. The contract was signed by Temporary Mayor John B. Hynes, November 10, 1947. The extension of time is requested because of the fact that after the boat was sent to the Boston Marine Works, Inc., for repairs it was necessary for this department to take the boat from them and move it to the Bethlehem Steel Company for work on the hull. Additional time was also required because of the fact that the U. S. Coast Guard Marine Inspection Bureau ordered additional work to be done before their approval was given to place the boat back in service.

PUBLIC WORKS DEPARTMENT.

Approval has been given for the extension of the time of completion of the contract made with M. DeMatteo Construction Company for removing snow in Area 3, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract with Baker & Co., Inc., for removing snow in Area 2, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Hugh Nawn, Inc., for removing snow in Area 4, from December 31, 1947, to May 1, 1948. This extension is requested for the reason

that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with John Deveney Company for removing snow in Area 7, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

CHANGES IN CONTRACTS.

M. S. Kelliher Company has been ordered to make the following change in the contract for the general construction of 30 houses on River street, Mattapan, Mass.:

Change of heating system from a one-pipe steam system to a hot air system—cutting, framing, and furring, \$2,040, plumbing, \$1,746.42.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$3,786.42. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

M. S. KELLIHER COMPANY,

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston 6, Mass.

Subject: Change Order VPH: G-1, 30 Houses, Southern Side of River Street, Mattapan District, City of Boston, Mass.

GENTLEMEN,—We enclose seven copies of our price to change the heating system from a one-pipe steam system as originally specified to a hot air system as outlined in your addendum for the subject contract.

Our price for this change is the sum of \$3,786.42.

The breakdown of this price is as follows: cutting, framing, and furrings, \$2,040; plumbing work, \$1,746.42.

Very truly yours,

M. S. KELLIHER COMPANY,
JOHN J. KELLIHER, Treasurer.

Allied Engineering Corporation has been allowed the following changes in the contract for the general construction of veterans' housing at Baker street, West Roxbury:

Revised kitchen plan and details to make provisions for a 36-inch gas range. Attached is breakdown of charges.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$1,489.93. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

BOSTON 16, MASS., December 5, 1947.
BOSTON HOUSING AUTHORITY, 10 Post
Office Square, Boston, Mass.
Re: Baker Street Project.
Attention: Mr. John F. Millerick.

GENTLEMEN,—We have been requested by the Authority to submit our estimate of extra charges on the above contract caused by the revising of the kitchen plan and details for houses Nos. 100, 101, 102, and 103, as drawn by John M. Gray and known as Drawing 8A.

We list below our breakdown for these changes:

Plumbing cost—relocating gas piping, \$919.36; electrical cost—change wiring of one house now rough wired to provide refrigerator plug in new location, \$20; heat expense—changing heat risers in two houses now completed to new location, at \$15, \$30—\$969.36; add $7\frac{1}{2}$ per cent of above for supervision, \$72.70; inside carpentry, additional cabinets, \$390; add allowances for supervision and profit, \$57.87; total extra required for this work, \$1,489.93.

It is understood that in certain houses which were already under construction before this change of kitchen layout was received it will not be required to move the window location the two inches as shown on the plan, but the window will be placed in the same location as appears on the original plans.

Very truly yours,

ROBERT E. BESSETTE,
President.

Matthew Cummings Company has been allowed the following change in the contract for the general construction of 55 houses at Captain John's Hill, West Roxbury:

Adjustment in kitchen cabinet and equipment location due to change from 30-inch to 36-inch range. Breakdown attached.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$2,848.21. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of the City of Boston are in no way prejudiced by this order.

3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

J. J. Hurley & Co. has been ordered
to make the following deduction in the
contract for the Rice School for work not
done:

Three 8-inch "P's," 7 feet long, not
installed.

The amount of \$60 will be deducted
therefor, making the account as follows:
Contract price, \$10,175; total deduc-
tions, \$60; amount of contract, \$10,115.

FIRE DEPARTMENT.

Approval has been given for the fol-
lowing addition to the contract of J. A.
Singarella Company, dated April 15,
1947, for alterations, additions and re-
novations to Fire Station, Engine 33, located
at 941 Boylston street, Back Bay:

Addition No. 12.—Furnish materials,
labor, supervision, etc., as follows for
excavating all pits around piles in sub-
basement of fire station to a depth of 2
feet 6 inches below the bottoms of the
granite capstones and remove all material
from underneath capstones so that an
unobstructed view might be had of the
bottoms of the capstones and the support-
ing piles. Also furnish and place wooden
templets for measurements, drill cap-
stones for dowels, and place dowels and
bearing plates under each column.

Superintendent, 14 days, at \$20, \$280;
labor, 140 days, at \$11.20, \$1,568;
engineer, 42 days, at \$14.80, \$621.60; car-
penters, 28 days, at \$15.20, \$425.60—
\$2,895.20; plus insurance on labor, 10 per
cent, \$289.52—\$3,184.72; pump, 31 days,
at \$10, \$310; compressor, 14 days, at
\$32, \$448; steel plates and dowels, \$184;
lumber, \$225—\$4,351.72; plus 10 per
cent, \$435.17—\$4,786.89; administrative
expenses, two months, at \$5.00, \$1,000—
\$5,785.69; plus bond, \$57.87—\$5,844.76.

Original contract, \$49,337; total of fore-
going addition, \$5,844.76; total of Addi-
tions Nos. 1, 2, and 3, dated August 27,
1947, \$796.95; total of Additions Nos. 4
to 8, inclusive, dated October 29, 1947,
\$2,404.75; total of Additions Nos. 9
to 11, inclusive, dated December 10,
1947, \$490.94; total contract with all
additions, \$58,874.40; Deduction No. 1,
\$40; total contract, \$58,834.40.

In order to do the work mentioned
above which was not included in the
original contract, it was necessary for the
contractor to excavate pits around each
pile on orders of the Building Depart-
ment. In order to do this and keep them
open for examination at the convenience
of the Building Department, continuous
pumping was necessary. As the building
inspector was not always available when
the work was ready for inspection, and
as a representative of the architect's
office and his engineer had to be present
at the time of examination of every pile
grouping, the work was delayed many

weeks beyond any reasonable expectation
and it required a vast amount of addi-
tional labor and cost of supervision. I
have been informed by Mr. John M.
Gray, the architect, that the job was con-
tinually examined in a very exacting
manner by representatives of the Building
Department and that the addition claimed
by the contractor is justified.

Although the foregoing is in addition to
the work contemplated in the original
contract, it is incidental thereto.

PUBLIC BUILDINGS DEPARTMENT.

Consolidated Elevator Company has
been ordered to make a change in the
contract for alterations to elevator at the
South End Municipal Building, and the
amount of \$727 will be added therefor,
making the account as follows:

Contract price, \$5,518; total additions,
\$727; amount of contract, \$6,245.

Ordered.—Furnish the necessary labor
and material to extend the elevator
service to serve floors 1, 3 and 4, placing
the present hoistway doors in proper
working order on those floors and provid-
ing such other mechanical devices as
specified in your proposal, Alternate No. 1,
dated August 5, 1947.

ALLOCATION OF FUNDS.

PARK DEPARTMENT.

Cemetery Division.

The Mayor has approved the following request of the Park Commissioner:

BOSTON, December 29, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Reference is respectfully made to the writer's letter, addressed to your Honor, dated November 28, 1947, in which it was asked that a sum of \$675 be allocated to the Cemetery Division of this department for Departmental Equipment (Motor Vehicles Equipment) Loan Account.

This allocation was approved by your Honor on December 3, 1947.

May I now respectfully ask that a further allocation, in the amount of \$200, be made to the Cemetery Division for Departmental Equipment Loan Account, to be added to the \$675 already approved for allocation.

It has been found that the truck to be purchased on this item will cost, with the turn-in of a 1941 Chevrolet Carryall closed car, nearly \$200 in excess of the amount originally anticipated, and this department has been so advised by the Supply Department.

Very truly yours,

JOHN J. MURPHY,
Chairman, Board of Park Commissioners.

III. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter, received from President Walter S. Bucklin of the National Shawmut Bank, for the information of members of the department:

"December 30, 1947.

DEAR MR. CODMAN,—Last night, as you know, there were several severe manhole explosions in the vicinity of Dewey square. One of our branch offices is nearby, and suffered some damage through window breakage.

I am writing this letter to express to you our appreciation of the prompt and efficient manner in which the men of your department handled this situation. They did a splendid job and I want you to know that we are grateful.

With warm regards,

Sincerely,
WALTER S. BUCKLIN,
President."

IV. COMMENDATIONS.

Capt. Miles V. Murphy of Ladder 10 and Lieut. Rizkal'ah Teebagy of Ladder 14 are hereby commended for responding to and working at fire, Box 2461, December 29, 1947, while off duty.

LAND-TAKING IN HYDE PARK.

The Mayor has approved the order of the Board of Street Commissioners for the taking of land for sewerage works to be constructed as follows:

The right and easement is taken to lay and maintain sewerage works in the following-described lands, exclusive of any interest in trees, buildings or other structures standing thereon, reserving to the owners thereof the right to use the lands for any purpose except such as may injure or obstruct said works, and except for placing or maintaining any structure on said lands not authorized in writing by the Mayor of said city; trees, buildings or other structures standing upon or affixed to the land in which an easement is hereby taken are to be removed therefrom within sixty days following a notice of the city's intention to enter upon said taking for the purpose of constructing said sewerage works. Said lands are in that part of Boston, formerly Hyde Park, and are bounded as follows:

A parcel of land, supposed to belong to owners unknown, being part of the private way known as Cottage street, bounded:

Northwesterly by Washington street, forty feet; northeasterly by the northeasterly line of Cottage street, three hundred and sixty feet; southeasterly by another part of Cottage street, forty feet; and southwesterly by the southwesterly line of Cottage street, three hundred and sixty feet, containing fourteen thousand four hundred square feet, more or less.

A parcel of land, supposed to belong to owners unknown, being part of the private way known as Washington street, bounded:

Southeasterly by the southeasterly line of Washington street, one hundred and sixty feet; southwesterly by another part

of Washington street, forty feet; northwesterly by the northwesterly line of Washington street, one hundred and sixty feet; northeasterly by another part of Washington street, seventeen feet; southeasterly by taking made by the City of Boston for sewerage purposes April 27, 1914, one hundred and forty-four feet; northeasterly by the same, six feet; northwesterly by the same, one hundred and forty-four feet; northeasterly by another part of Washington street, seventeen feet, containing fifty-five hundred and thirty-six square feet, more or less.

A parcel of land, supposed to belong to owners unknown, being part of the private way known as Cottage street, bounded:

Southeasterly by Washington street, forty feet; southwesterly by the southwesterly line of Cottage street, seventy-five feet; northwesterly by part of Cottage street, forty feet; and northeasterly by the northeasterly line of Cottage street, seventy-five feet, containing three thousand square feet, more or less.

The sewerage works to be constructed are as follows: 140 linear feet of 10-inch pipe sanitary sewer and 140 linear feet of 18-inch pipe surface drain in Washington street; 475 linear feet of 10-inch and 12-inch pipe sanitary sewer and 475 linear feet of 15-inch and 21-inch pipe surface drain in Cottage street.

Betterments are to be assessed for the making of the aforesaid improvement.

Ordered, That this Board estimates that the abutting lots of land on the northeasterly side of Cottage street, leading from Washington street southeasterly for a distance of approximately 410 feet, excluding the lot at the easterly corner of Washington street, the abutting lot of land on the southwesterly side of Cottage street, designated as lot 6 on the plan hereinbefore referred to, and the abutting lots of land on the southwesterly side of Cottage street, leading from Washington street southeasterly for a distance of approximately three hundred and sixty feet, excluding the lot at the southerly corner of Washington street, will receive benefit or advantage, beyond the general advantage to all real estate in said city, from the improvement herein ordered; each of said lots in the amount hereinafter respectively set against it; said lots and the supposed owners thereof being shown on the plan hereinbefore referred to, and said plan being on file in the office of said department.

Last date for filing applications, Monday, January 19, 1948, at 5 p. m.

Salary: The entrance salary is \$2,280 a year; the maximum salary is \$2,760 a year.

Vacancies: At present there are two vacancies for males, to be filled on a permanent basis.

Duties: To visit milk dealers' plants and check-test producers' composite samples of milk for butterfat content; to collect and test daily samples of milk and/or cream for butterfat content; to check milk producers' weights of milk received at milk plants; to check methods of weighing and sampling milk at milk plants; to visit dairy farms and test herds and individual cow samples for their butterfat content; to instruct milk dealers relative to the laws and regulations governing the methods and frequency of testing milk for butterfat content when such test is to be used as a basis for determining the prices to be paid to producers; to submit reports of investigations; and to perform related work as required.

Examples of Duties: Visiting milk dealers' plants, checking to see that milk dealers and employees are complying with regulations concerning the manner of taking samples properly and giving samples proper care, and testing milk producers' composite samples of milk to determine butterfat content; determining cause of any wide variations found in these tests as compared to milk dealer's tests by visiting milk producers at milking time, discussing the condition of the herds, observing the manner in which the producers milk cows to see if they are stripped down properly and that care is given the milk as it is drawn from the cows, and taking further samples of the producer's milk and testing for comparison with the check-test of the composite sample; visiting milk dealers' plants when milk is being received at the plants from the milk producers, checking each producer's weights, taking and testing a sample of each producer's milk for butterfat content, checking to see if milk dealers weigh the milk properly, and taking and caring for producers' composite samples of milk according to regulations; visiting milk producers' dairy farms, weighing and sampling individual cow's milk both night and morning, testing such samples for butterfat content, calculating the average test of the milking herd, and conferring with milk producers relative to findings as the result of the herd-testing; making plant checks by visiting milk dealers' plants for approximately three to seven days, checking producers' weights, taking daily samples of milk upon receipt at the plants, testing daily samples, calculating the amount of milk received by milk dealers to determine the pounds of butterfat received from each individual producer's delivery, and calculating the average test for each individual producer's milk.

A knowledge of the grades of milk and cream sold in Massachusetts and the rules and regulations for sampling and testing milk and cream for milk fat is required, as well as a knowledge of chapter 94A of the Massachusetts General Laws and the official orders issued thereunder, and of sections 25

through 31 of chapter 94 of the Massachusetts General Laws.

Entrance Requirements: Applicants must possess a motor vehicle operator's license and a certificate for the operation of the Babcock machine. Applicants must have at least one year of full-time, paid experience in milk production or milk plant operator's work. **Substitution:** Two years of training in a recognized school of agriculture with courses in dairying or milk-testing may be substituted for the required experience.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

HEAVY LIFT LIGHTER TO SERVE HUB PORT.

A new all-steel, diesel-powered, heavy lift lighter has been obtained by Charles L. Hazelton & Son Co. of East Boston. With a capacity to lift from 60 to 70 tons, it was built for the U. S. Army and completed just as the war came to an end, and features an elevated boom which makes it more adaptable for all around general port work. It can also be used for dredging by attaching a 5-ton grab bucket.

The lighter is 135 feet long, has a 50-foot beam, and was purchased recently from the Maritime Commission. According to its owners it has the heaviest lifting capacity of any equipment north of New York. It cost \$265,000.

PROCEEDINGS OF CITY COUNCIL.

Saturday, January 3, 1948.

Final meeting of the City Council of 1947 held in the Council Chamber, City Hall, at 11 a. m., President KELLY in the chair. Absent, Councilor Madden.

The meeting was opened with the salute to the Flag.

VETO OF MIDGET AUTO RACE TRACK LICENSE.

The following was received:

City of Boston,
Office of the Mayor, January 2, 1948.
To the City Council.

Gentlemen,—I return herewith, disapproved and without my signature, the order passed by your Honorable Body on December 29, 1947, consenting to the location of a track for midget auto racing in the Dorchester district, in the vicinity of Mt. Vernon street.

I have studied this matter and have considered the opposition to the proposed enterprise, which has been voiced by the residents and property owners in this section of the city, and it is my judgment that such an enterprise would prevent a more desirable development already agreed upon, from being established in this area.

Respectfully submitted,

JAMES M. CURLEY,
Mayor of Boston.

Placed on file.

PETITIONS REFERRED.

(Stenographic copy of such debate on file in office of City Clerk.)

Monday, January 5, 1948.

The members-elect of the City Council assembled in the Council Chamber, City Hall, at 11 a. m., Senior Member-Elect Wenzler in the Chair.

On motion of Councilor-Elect HURLEY, it was voted that a committee of two be appointed by the Chair to escort his Honor the Mayor to the Chamber.

The Chair appointed Councilors-Elect Linehan and Hurley to escort his Honor the Mayor to the Chamber, and the City Messenger was requested to conduct them. The committee appointed left the Chamber and presently returned, escorting his Honor the Mayor.

Chairman WENZLER—Ladies and gentlemen, I present the Mayor of Boston, the Honorable James M. Curley.

Mayor CURLEY—The invocation will be said by the Most Reverend John J. Wright, Auxiliary Bishop of Boston.

Most Reverend JOHN J. WRIGHT—In the name of the Father and of the Son and of the Holy Ghost, Amen.

I shall read passages from the Sacred Scripture.

"The wise man will seek out the wisdom of all the ancients and will be occupied in the prophecies.

He will keep the sayings of renowned men and will enter within into the subtleties of parables.

He will search out the hidden meaning of proverbs and will be conversant in the secrets of parables.

He shall serve among great men and appear before the governor.

He shall pass into strange countries; for he shall try good and evil among men.

He will give his heart to resort early to the Lord that made him and he will pray in the sight of the most High.

He will open his mouth in prayer and will make supplication for his sins.

For it shall please the great Lord, he will fill him with the spirit of understanding.

And he will pour forth the words of his wisdom as showers; and in his prayer he will confess to the Lord.

And he shall direct his counsel, and his knowledge, and in his secrets shall he meditate.

He shall shew forth the discipline he hath learned; and shall glory in the law of the covenant of the Lord.

Many shall praise his wisdom, and it shall never be forgotten.

The memory of him shall not depart away; and his name shall be in request from generation to generation.

Nations shall declare his wisdom; and the church shall shew forth his praise.

If he continue, he shall leave a name above a thousand; and if he rest, it shall be to his advantage."

"Lord, who shall dwell in thy tabernacle? Or who shall rest in thy holy hill?

He that walketh without blemish, and worketh justice.

He that speaketh truth in his heart; who hath not used deceit in his tongue.

Nor hath done evil to his neighbor, nor taken up a reproach against his neighbors.

In his sight the malignant is brought to nothing; but he glorifieth them that fear the Lord.

He that sweareth to his neighbor, and deceiveth not; he that hath not put out his money to usury, nor taken bribes against the innocent.

He that doeth these things shall not be moved for ever."

"Blessed be the Lord, who hath given rest to his people Israel, according to all that he promised: There hath not failed so much as one word of all the good things that he promised by his servant Moses.

The Lord our God be with us, as he was with our fathers, and not leave us, nor cast us off.

But may he incline our hearts to himself, that we may walk in all his ways, and keep his commandments, and his ceremonies, and all his judgments which he commanded our fathers.

And let these my words, wherewith I have prayed before the Lord, be nigh unto the Lord

our God day and night; that he may do judgment for his servant, and for his people Israel day by day."

Through Christ our Lord, Amen.

In the name of the Father and of the Son and of the Holy Ghost, Amen.

Mayor CURLEY—The City Clerk will read a communication from the Election Commissioners certifying the new members elected to the City Council, and will call the roll.

Assistant City Clerk MALLOY read the certification of the Election Commissioners to the election of the following members of the City Council:

Joseph C. White, 12 Ruskin street.

The three members-elect were present.

Mayor CURLEY then administered the oath of office to the three members-elect of the School Committee.

ADDRESS BY MAYOR CURLEY.

Mayor CURLEY then delivered his address, as follows:

Gentlemen of the City Council, Members of the School Committee, Most Reverend Bishop Wright, and Citizens of Boston.

The year 1948 upon which we are about to embark finds a bewildered world with everyone fearful as to the possibility of war with Russia, and with communistic groups active in most of the European countries. These communistic groups were equally active even while the war was in progress, and since the close of the war have been increasingly active in our own country in the fostering of discord through strikes, demands for wage increases, and shortening of the hours of labor with the purpose of limiting production, stifling industry, and creating general chaos.

In more recent months it has been evident in the attacks on all religions, and it has been tolerated in our own country without the adoption of measures that would speedily end these destructive tactics. Abraham Lincoln once said "there never was a good war or a bad peace," and it is about time that America took inspiration from the wisdom of Abraham Lincoln and served notice on Russia that we are prepared to take immediate steps to have enacted, between the United States and the countries who favor a democratic form of government, a program of economic warfare which would make unnecessary the shedding of blood through a shooting war.

Notice served upon Premier Stalin and his group that America would refuse to provide anything that might be necessary to his government and refuse to trade with them, regarding them as outlaws, either now or hereafter, unless they agree to join in the program for permanent world peace at once, would be more effective than anything that might be done by the United Nations. I realize that the United Nations has accomplished much despite the constant barriers raised by the forces of communism in that body, and I likewise realize that a recourse to arms and the shedding of blood of innocent people as a means of settling international differences has been the policy for thousands of years, but the time has come for the adoption of a more sane and rational policy as a means of establishing and maintaining permanent peace in the world. The time has arrived for courageous and decisive action, the kind of action upon the part of America that made possible the American Republic.

Here in Boston the tocsin was sounded by the courageous handful in the early brave days when they threw down the gauntlet to the then most powerful nation in the world and carried on the

war for a period of eight long years until the freedom of the colonies was established and the liberty of the individual man made possible. The knowledge that they possessed neither army nor navy, and that to conduct the war to a successful conclusion was only possible through capture of the ships of the enemy on the sea and the arms of the enemy on land was no deterrent to these early Americans. Now, surely, at a time when the United States possesses greater power than all nations of the world combined, in the air, on land, and on sea, with its agencies of production, wealth, and food supply, it is about time to stop the policy of attempting to appease Russia and assert ourselves, not for the enslavement of any people, for the acquisition of the territories of any nation, but for the establishment of that for which the women and men of the world have prayed from the beginning of creation—permanent peace based on social and economic justice.

The accomplishment of this great objective is possible provided we possess the vision and courage displayed by the brave handful in the early days when America had its birth. It is about time that the truth, which is now whispered, was spoken out loud, namely, that World War I and World War II resulted in a crepe on one out of every three doors in Russia. These families had given a son, a husband, or a father to the God of War, and, fearful as were the ravages of these two wars upon the people of Russia, it would be as nothing compared to the dreadful specter of famine as a result of economic warfare.

It must be apparent to every thoughtful individual that the terrific toll upon the population of Russia, namely, 45,000,000 persons killed, or a total ten times greater than the entire population of the State of Massachusetts, as a consequence of World War I, the revolution succeeding it, and World War II, would cause them to be fearful of the menace of a famine more dreadful than bloody warfare. The mere announcement of our position with reference to economic warfare plus our strength and power should be sufficient to compel Premier Stalin and his cohorts to agree to the program which would mean peace in the world and security for the people of his own country, while failure to agree would unquestionably result in revolution in Russia, and those responsible for the failure to agree to a program of peace would be compelled to travel down the bloody road taken by Tamerlane, Napoleon Bonaparte, Caesar, Kaiser Wilhelm, Hitler, Mussolini, and countless others, "whom Almighty God, in His wisdom, decreed 'had gone too far.'"

World War II ended in 1945, and its end was marked by sadness, sorrow, and tears in countless homes throughout the entire world. It has been further marked by an estoppel of an orderly program for the welfare and happiness of all the people of the world. The diversion of industry, agriculture, and in fact every activity, to the preparation for the conduct of war resulted in a complete transformation of all normal activities, as conducted in peace times, with the result that substantially every community in the world is required to bear a burden for normal peace activities in a period of a few years that might be spread over seven years or more.

While rejoicing in the end of war and offering our prayers to Almighty God that it has ended, a duty still remains for all to earnestly pray that we may be spared participation in another war because of the character which that war must inevitably take on. World War II differed from any previous war in the world's history, in that it was not a conflict in which armies alone were engaged. It was what was known as an all-out war, in which not only the men who served in the armies and navies were the victims, but entire populations of countries, men, women, and children, were subjected to destruction—none were permitted to escape the atrocities and ravages.

The closing days of the war witnessed the introduction of a new weapon, more deadly and destructive than any that ever had been previously used, a weapon that destroyed entire peoples and communities, and which weapon, in the event of another war, might be more generally used and, if used, result in the destruction of all that society had created and built up from the beginning of time.

Truly this must not happen again, and in my judgment the most potent agency for the prevention of another war is the sending to the throne of Almighty God and His Blessed Mother on high a prayer for peace from the hearts of all right-thinking people in the world. It is not much to offer, and we can all do our part in this particular.

Almighty God in His mercy and generosity has been extremely kind to us as a municipality, and for this we should give expression through prayer of our thanks in that we have been spared from serious disasters and epidemics.

The problems of reconversion and reconstruction in our city as a consequence of World War II, which appeared insurmountable two years ago, are gradually being overcome, and we have met our every obligation in such manner as to achieve the highest possible rating from financial agencies.

The suspension of essential needs in substantially every department of the city during the period of the war made necessary the expenditures of vast sums of money of which the present and future generations will be beneficiaries.

It must be understood that the primary functions of a city are the care of its sick, the prevention of disease, and the protection of lives and property from the ravages of conflagration, without entailing

an insurmountable burden which must be borne by home owners and business generally. To this work we have dedicated our best efforts, and the results have been most gratifying. It must be understood further that the work is one in which every element of the community should share, as the achievement of a proper measure of success is beyond the power of any single individual.

It is pleasing to note that the Boston City Hospital, the largest single hospital unit in the world, is today enjoying the highest rating; and for the first time in a long period of years the same rating, namely, Grade A, has been accorded the institution for the poor at Long Island by all medical authorities.

The Fire Department, which was in a complete state of demoralization two years ago, is today equipped with apparatus and men, making that department second to none of its size in the entire country.

The Public Works Department, two years ago lacking in substantially every facility required to conduct properly this department, is today in a position to cope with any emergency that arises, and this is substantially true of every department of the city.

There is a serious question, as pointed out by certain leaders of organized labor, as to the advisability of granting further increases in wages. It must be apparent to everyone, that every increase in wages means a further increase in the cost of every commodity and yet the vicious circle has been allowed to grow, until today it has become a menace to the future of every individual and particularly the little man who, in the last analysis, is required to bear almost the entire burden.

After a long study with a view to adjusting salaries and ending the rewarding of favorites, it was decided to make a permanent part of the salaries of city employees the emergency \$200 granted to employees of the city, and to give them \$200 additional, or a total of \$400, to meet the increase in the cost of living. The "privileged groups" immediately demanded more than this scale, and the Legislature acceded to their request, imposing a further burden upon the home owners and businessmen through an increase in the tax rate. An increase in the tax rate is reflected by the increase in the rent paid.

It must be apparent to every intelligent individual that every increase in wages is reflected by an increase in the cost of commodities, so that the purchasing power of the individual becomes less and the granting of further demands simply adds to the increase in the cost of living. It is about time to end this system, and it can only be ended by every individual taking a more active part in legislation that directly affects his living. It must be understood that the owners of real property represent but a small portion of the population as contrasted with the great purchasing public who, in the last analysis, are required to bear almost the entire burden of increased costs, but which they seldom realize or appreciate they are required to meet.

Legislative enactments plus referendum votes adopted by the people on important financial measures, with no consideration given as to where the revenue may be obtained to meet the obligations entailed, resulted in an increase in 1947 of seven and one-half million dollars, and these burdens carried for a full year in 1948 may represent in the vicinity of ten million dollars additional. It must be remembered that every additional million dollars in the conduct of the activities of the city means an increase in the tax rate of seventy cents, so that we are confronted with an increase in the tax rate of seven dollars per thousand of valuation, unless revenue-producing measures are enacted by the incoming Legislature, or relief is accorded the city in the same manner enjoyed by municipalities in other portions of the country, all of whom are confronted with a like condition.

The forty-eight-hour law for firemen, the day-off-in-six for members of the Police Department, the increased wage scale for teachers, the increase in maximum and minimum salaries for members of the Fire and Police Departments, the general increase for all employees of the city, the forty-hour week for city employees, the retirement on pension of veterans after ten years of service with the city, the increased cost of commodities of every character, and the rising cost of welfare and education were all burdens imposed upon the city with no revenue-producing legislation to provide for the added costs of conducting these municipal activities. It is clearly the duty of the state to enact legislation for the reimbursement by the state of a sufficient sum to cover anticipated requirements, essential in 1948, if we are to avoid imposing further burdens upon real estate, which can only be reflected in increased rents entailing further increases in the cost of living.

I realize how necessary some of these increases were, and it is to be hoped that the Legislature will enact legislation to meet the obligations imposed by them on the municipality.

The federal government, during the past year, granted a refund to corporations in Massachusetts in the sum of \$350,000,000, and in view of the fact that an income tax paid the state is deductible from federal income taxes, it would appear but proper to increase corporate taxes from the present 5 1/2-2 per cent to 10 per cent. This additional revenue would make possible the distribution by the state to the cities and towns of the Commonwealth, of some \$33,000,000, and provided it was distributed on a basis of valuation, one-fourth of this sum would be available to the City of Boston. A tax of this

character is far preferable to a sales tax and would provide the money necessary to meet the mounting costs of education and welfare, and make unnecessary too great a burden upon the already heavy one borne by the community.

I direct attention to this particular measure as one that will provide immediate relief to all the cities and towns of the Commonwealth, and yet I recognize the power of the forces that will be arrayed to prevent adoption of this legislation. Consequently, I appeal to the entire people of the city to use their influence with their regularly-elected senators and representatives to the State Legislature, with a view to the enactment of this legislation and further, that they insist that provision be made, in the event of added burdens being placed upon the city, that ways and means to meet the same be provided.

An analysis recently made as to the number of persons placed at work in the city service between January 1, 1946, and December 29, 1947, a period of twenty-four months, discloses the fact that legislative enactments plus referendum votes are responsible for an increase of nearly 2,000 in the number of persons employed by the city, while the departments directly under control of the Mayor show an increase in appointments of but 70 persons during this same period of time.

The adoption of the forty-eight-hour week by referendum vote of the people was responsible for an increase of 596 men in the Fire Department. The forty-hour week authorized by the Legislature was responsible for an increase of 437 employees in the Hospital Department. Legislative enactment providing for one day off in six for members of the Police Department, together with the restoration of quotas depleted during the war, was responsible for the appointment of 275 men. Appointments made by the School Committee, over which the Mayor has no control, unfortunately, were responsible for 203 additional employees, notwithstanding the fact that there are several thousand less pupils than there were two years ago. It is rather hard to understand why they should require 203 more teachers for some 3,000 less pupils. The extension of Rapid Transit facilities in East Boston has made necessary the appointment of 285 additional men. Legislative enactments providing for an increase in Aid to Dependent Children, Old Age Assistance, and Dependent Aid, have resulted in the appointment of 41 additional persons to administer the aid in the Welfare Department.

Legislation making provision for veterans and their dependents has made necessary the appointment of 27 additional employees in the Veterans' Bureau. A reduction in the working hours of the employees of the Printing Department to conform to union agreement, made necessary the appointment of 10 additional persons. The establishment of a second retirement system for city employees, authorized by the Legislature, made necessary the employment of 7 additional men. The adoption of legislation making provision for off-street parking facilities made necessary the appointment of 4 additional men in the Real Estate Commission, or a total of 1,885 additional employees, all beyond the control of the Mayor.

In the departments under the control of the Mayor, a reduction has been made in the Bureau of Americanization in the number of 10 persons through the abolition of this department in January of 1946; the Municipal Employment Bureau reduced its personnel from 15 to 11; the Public Celebrations Department, from 4 to 3; the Payroll Allotment Division, from 18 to 16; the Veterans' Information Center was abolished and the services of 13 persons dispensed with; the Assessing Department has 25 less employees than on January 1, 1946; the Auditing Department, 1 less; the Board of Recreation was abolished with the services of 139 persons dispensed with; the Election Department reduced from 69 to 54, 15 less employees. The Electrical Inspection Division of the Fire Department reduced its personnel from 34 to 32; the Bridge Service, from 217 to 202; the Ferry Service reduced from 81 to 73; the Sanitary Service, from 376 to 361; the Sewer Service, from 255 to 215; the Registry Department, from 40 to 34; the Street Laying-Out Department, from 77 to 72, and the Treasury Department, from 37 to 34, so that the number of city employees directly under control of the Mayor shows an appreciable reduction, and, providing we had not been required to conform to either referendum vote or legislative enactments, there would be further reductions rather than increases in personnel in all departments of the city.

I have instructed department heads not to fill vacancies that occur by new appointments, but to arrange transfers from those departments within the control of the Mayor. Despite the practice of rigid economy in those departments directly under control of the Mayor, it is impossible to achieve the desired goals without the aid of the Legislature and the public.

If the Legislature will cease enacting laws affecting the cities and towns of the Commonwealth, increasing their burdens without making provision for reimbursement, and if the public will develop a greater degree of interest in their own welfare and the welfare of the city in the matter of voting on referendums making provision for increases in the cost of conducting the activities of the city, we can achieve commendable results.

The year 1948 gives promise of being the greatest year, with the exception of 1922, in the history of the city in the matter of new construction. The estimated total value of proposed construction is

in excess of \$246,000,000, but, unfortunately, little of this new construction will be subject to taxation until 1949.

This is an indication of the confidence that business has in the future of our city, and is a refutation of the assertion that a change in our system of government is the sole panacea for our ills.

In conclusion, I beg to direct to the attention of carping critics, who never see good in anything that is accomplished, unless sponsored by them, a study of the reports of municipal departments for the year 1947 which should prove most enlightening.

In the annual address of 1947, I directed attention to the fact that, at that time, we were at the crossroads, and to maintain our vaunted position among the great cities of America we must assert our willingness to go forward in the marching events of a progressive era. This we have done.

The solution of our traffic problem is today receiving not only consideration, but direct action, and a housing program for veterans and their dependents is being rapidly provided, and, in addition, provision has been made, entailing the expenditure of many millions of dollars, for the construction of the South End housing development and the development at South Boston, which represented two blights upon the city for a period of six years. The blessings that flow from a happy and contented people, when attained, augment and dignify the spiritual values of a community, so that a solution of the housing problem becomes increasingly vital.

If we are to maintain the advantages of a free government, the primal consideration of all municipalities must first be the family unit. The future clamors for a well-considered and coordinated program, since communal decency breeds prosperous, well-ordered cities, states, and nations. To plan our future solely upon economic planning is like building a house upon shifting sands, since the solidarity of our governmental structure depends upon the reconstruction of moral values. The faith of our fathers is with us. America created a nation—it had its birth in Boston—and in the last two generations made possible the preservation of the freedom of the world.

As members of the city government of Boston, we jointly face the future with that courage which has ever marked American citizenship. We have a profound appreciation of our responsibilities, and the insurmountable problems confronting us in the lessening of our tax burden, as well as the problems of economic adjustments, housing, slum clearance, and the care of the sick and the needy.

In accepting public office we are required to accept the responsibilities which that public office entails, and it is clearly our duty, on the completion of our terms, to leave behind a record of achievements and accomplishments that will justify the faith which the public has reposed in us.

I requested every department to submit a report of their activities for the year 1947. Those will be compiled within the coming week and they will be most illuminating and will show, contrary to general opinion, that most of the smaller departments of the city have been placed on a self-sustaining basis. Certainly, it is one great step forward and if we can do likewise later with the county departments, we will have accomplished something which will justify the existence of the form of government under which we now conduct our business. (Applause.)

The Mayor and suite then retired from the Council Chamber.

Chairman WENZLER. The City Council will now take a recess for five minutes.

The members reassembled in the Council Chamber and were called to order by Chairman Wenzler at 12.09 p. m.

The roll was called and all of the 22 members were present.

The meeting was opened with the salute to the Flag.

PUBLICATION OF MUNICIPAL REGISTER, ETC.

Coun. KINSELLA offered the following:

Ordered, That the Statistics Department be authorized, under the direction of the Committee on Rules, to prepare and have printed the Municipal Register for the current year; and that the Clerk of Committees be authorized to prepare and have printed a pocket edition of the Organization of the City Government; the expense of said register and organization to be charged to the appropriation for City Documents.

The order was passed.

For William A. Carey—Councilors Cook, Linehan, McCormack, Tracy—4.
For Thomas E. Linehan—Councilors Chase, Wenzler, Yerxa—3.
For Michael H. Cantwell—Councilor Bryan—1.
For Walter D. Bryan—Councilor Cantwell—1.
For Milton Cook—Councilor Carey—1.
For Julius Ansel—Councilor Kinsella—1.
Councilor Ansel voted Present.
The Chair announced there was no choice.
On motion of Councilor Cook the Council adjourned at 12.19 p. m., to meet at 2.30 p. m.

Afternoon Session.

The members of the Council reassembled at 2.30 p. m. in the Council Chamber, Chairman Wenzler presiding.
On motion of Councilor Sullivan, the Council voted to proceed to the election of a President for the year 1948.
The Clerk called the roll with the following result:
For Thomas J. Hannon—Councilors Ansel, Beades, Coffey, Hannon, Hurley, Keenan, Lane, Lanigan, McCormack, Ramsey, Shanley, Sullivan, Tracy, Wenzler, Yerxa—15.
For William A. Carey—Councilors Bryan, Carey, Cook, Linehan—4.
For John J. Beades—Councilor Kinsella—1.
The Chair announced the election of Councilor Hannon as President, and appointed Councilors Keenan and Beades a committee of two to escort Councilor Hannon to the chair.
Coun. KEENAN and BEADES escorted President Hannon to the chair amid applause.
Councilor Kinsella moved that the election of Councilor Hannon as President be made unanimous, and the Chair ruled the motion out of order.

LOAN IN ANTICIPATION OF REVENUE.

The following was received:
City of Boston,
Office of the Mayor, January 5, 1948.
To the City Council.
Gentlemen,—I am in receipt of the attached communication from the Deputy City Auditor. In accordance with the recommendation contained therein, I submit an order providing for the issuance in anticipation of the revenue receipts of the year 1948 of temporary notes in an amount not to exceed \$40,000,000. I respectfully recommend consideration and adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Auditing Department, January 5, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—It is customary to submit to the City Council at its first meeting in the New Year an order authorizing the issuance as needed during the year of temporary loans in anticipation of revenue receipts. Last year the maximum amount of temporary borrowing authorized by the Council was \$40,000,000. I respectfully recommend that an order in this amount be submitted to the City Council for consideration and adoption.

Respectfully,
DANIEL J. FALVEY,
Deputy City Auditor.

Ordered, That to provide temporarily money to meet the appropriations for the financial year 1948, the City Treasurer be, and hereby is, authorized to issue and sell, at such times and in such amounts as he may deem best, notes or certificates of indebtedness of the City of Boston not exceeding \$40,000,000 in the total, in anticipation of the revenue of the financial year; that all such notes or certificates of indebtedness be made payable with the interest thereon within one year of their date and bear interest from their rate until the same are made payable at such rate as the City Treasurer and the Mayor may determine. The said City Treasurer is hereby further authorized to renew or refund any such notes issued for a shorter period than one year, under the provisions of section 17 of chapter 44 of the General Laws.

The order was given its first reading and passage, yeas 21, nays 0:

Yeas—Councilors Ansel, Beades, Bryan, Carey, Chase, Coffey, Cook, Hannon, Hurley, Keenan, Kinsella, Lane, Lanigan, Linehan, McCormack, Ramsey, Shanley, Sullivan, Tracy, Wenzler, Yerxa—21.
Nays—0.

APPOINTMENT OF SPECIAL COMMITTEES.

Coun. LANE offered the following:
Ordered, That special committees be appointed by the President to consider the subjects indicated by their titles and such other matters as may be referred to them from time to time, viz.:
Building Code, five members.
Constables and Confirmations, three members.
Hospitals, seven members.
Parks and Playgrounds, five members.
Public Housing, five members.
Public Safety, five members.
Public Welfare, five members.
Public Works and Street Commissioners, five members.
The order was passed.

TELEVISION SETS FOR CERTAIN INSTITUTIONS.

Coun. COFFEY offered the following:
Ordered, That his Honor the Mayor consider the advisability of providing television sets for the Long Island Hospital and the Boston Sanatorium for the enjoyment of the patients at said institutions.
Passed under suspension of the rules.

LEGISLATION PRESENTED BY LAW DEPARTMENT, UNDER INSTRUCTIONS FROM MAYOR CURLEY, TO BE CONSIDERED AT PRESENT SESSION OF THE GENERAL COURT, HAVE AS THEIR OBJECTIVE RELIEF FROM BURDENS CITIZENS ARE FORCED AT PRESENT TO BEAR AND AID FOR SUCH AS ARE RECIPIENTS OF GENERAL WELFARE AND OLD AGE ASSISTANCE—SOME OF ACTS MADE TO INCLUDE RELIEF FOR ALL CITIES AND TOWNS OF THE STATE AS WELL AS BOSTON.

MAYOR CURLEY RECEIVES BUDGET FOR EVACUATION DAY FROM DIRECTOR OF PUBLIC CELEBRATIONS.

The following letter was received on January 20 by his Honor the Mayor from the Director of Public Celebrations, George J. Curley:

HON. JAMES M. CURLEY,
Mayor of Boston.

YOUR HONOR,—In preparing a preliminary budget for the observance of Evacuation Day in Boston for this year, this office has made a study of the budget for 1947, and has seen fit to make an estimated budget for 1948, which budget amounts to \$4,925. If this budget is to be followed, it will mean we will stay within the \$5,000 estimated at the beginning of the calendar year for this occasion.

This can and should be done, provided whatever committees are appointed will work in close cooperation with the Celebrations Department, and will conduct all preliminary business in this office.

As an enclosure to this letter, I am submitting to your Honor the estimated amounts expended on each feature of Evacuation Day in 1947.

It is felt that, if the handling of this occasion is in accordance with paragraph two of this letter, it will be possible to stay within the \$5,000 set at the beginning of the current year as the amount of money to be expended for Evacuation Day.

Respectfully submitted,

GEORGE JAMES CURLEY,
Director, Public Celebrations.

Among the important legislation sought from the present session of the General Court by Mayor James M. Curley, through the Law Department, are several measures seeking to secure aid and relief for Boston citizens from some of the burdens that now oppress them. Among these may be cited an Act seeking state aid for the public schools; an Act providing for reimbursement by the Commonwealth of part of the costs to cities and towns for general relief; an Act extending to aliens the benefits of the Old Age Assistance Law, so called; and an Act providing for the immediate disbursement to municipalities of money received by the Commonwealth from the federal government as a grant* for Old Age Assistance. A number of other measures of importance to the City of Boston have also been prepared by the Corporation Counsel, under instruction from the Mayor, and will be given consideration. The complete list of such legislation is as follows:

1. An Act relative to state aid for public schools.
2. An Act providing for reimbursement by the Commonwealth of part of the cost to cities and towns of general relief.
3. An Act extending to aliens the benefits of the Old Age Assistance Law, so called.
4. An Act providing for the immediate disbursement to municipalities of money received by the Commonwealth from the federal government as a grant for Old Age Assistance.
5. An Act authorizing the City of Boston to make deposits in the City of New York.
6. An Act relative to the making by the Transit Department of the City of Boston of alterations in certain rapid transit subways and tunnels.
7. An Act authorizing the City of Boston to borrow within the debt limit for parkways and for roads and ways within public parks.
8. An Act requiring owners of buildings in the City of Boston occupied for family dwelling purposes to provide suitable receptacles for ashes, garbage and the like.
9. An Act providing for the service by registered mail of orders for the abatement of nuisances.
10. An Act regulating the serving of horse meat in certain places.
11. An Act concerning the roadways and sidewalks of unaccepted streets and ways in the City of Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

20. An Act relative to the inspection, and regulating the installation and use, of certain electric wiring, apparatus, equipment and appliances in the City of Boston.

MAYOR WARNS OF POSSIBLE FLOOD CONDITIONS AS RESULT OF SNOWFALL.

His Honor the Mayor, on January 19, sent the following letter to Governor Bradford:

HON. ROBERT F. BRADFORD, *Governor of Massachusetts*, State House, Boston, Mass.

YOUR EXCELLENCY,—I beg to suggest that the Department of Public Works of the State give some consideration to the possibility of floods in the Connecticut-Merrimac-and-Blackstone Valleys when snow starts melting, as there is every indication that we may have a repetition of what took place in 1936 despite the reservoirs that have been constructed since then to prevent floods.

Respectfully,

JAMES M. CURLEY, *Mayor*.

AMERICAN OIL COMPANY HEAD THANKS MAYOR CURLEY FOR SUCCESSFUL EFFORTS IN MOVING FUEL OIL FROM TEXAS TO NEW ENGLAND.

His Honor the Mayor received the following letter from C. H. Wagner, President, American Oil Company, American Building, Baltimore, Maryland:

DEAR SIR,—The voluntary response to assist in bringing about the release and transportation of the inventory of finished fuel oil at our Texas City Refinery and the resumption of production at the refinery of vitally needed fuel oil was indeed praiseworthy. Your contribution was of such value that, had it not been for this effort, great distress might have occurred.

Your assistance and cooperation have been of untold value in the public interest and your efforts in that direction must be sincerely appreciated by and gratifying to all concerned.

Thank you sincerely.

Respectfully yours,

C. H. WAGNER, *President*.

MAYOR CONGRATULATES JAMES L. RICHARDS ON REACHING 90th BIRTHDAY.

His Honor the Mayor, on January 15, sent the following letter to Mr. James L. Richards, 47 Kirkstol road, West Newton, Mass., on his 90th birthday:

MR. JAMES L. RICHARDS, 47 Kirkstol Road, West Newton, Mass.

DEAR MR. RICHARDS,—I have just learned that today is your ninetieth birthday, and I hasten to extend to you my heartiest congratulations.

The years have not dimmed your sincere interest in Boston, its problems and its needs. Your contributions to the public welfare over the years have been outstanding. For all of our citizens I may say that we are deeply appreciative.

As a director of the American Sugar Refining Company, chairman of the board of the Boston Consolidated Gas Company, and as a director or officer in many business institutions of New England, you have had a most successful and active life. And yet you have found time to identify yourself with many of our educational and social activities.

Again, I congratulate you, and may the future years bring to you and your loved ones a full measure of health, success and happiness.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

DISPOSE OF ZOO LIONS.

The Mayor has approved the request of the Park Commissioner as contained in the following letter:

BOSTON, January 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Your approval is respectfully requested to dispose of twin male lions to William Chase of Egypt, Mass.

The reason for this request at this time is that a new tiger is to be delivered to the Franklin Park Zoo, and that the cage, which now houses the twin lions, is needed for the tiger.

The tiger is to be donated to the City of Boston by the Boston Cat Club. There are other lions in the zoo besides the twin lions. The tiger is a beautiful animal and will cost the Cat Club about \$1,000, which price is considered a bargain.

The twin lions are no longer good specimens for display purposes in a municipal zoo. We are unable to find anyone willing to give anything in money or trade for these animals.

Respectfully yours,

JOHN J. MURPHY, *Chairman*.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

John F. Shea Co., Inc., has been granted an extension of the time of completion of the contract for renewing high curbs on the Chelsea South and Malden Bridges, to April 1, 1948. This extension is requested for the reason that the contractor has been unable to obtain sheet metal for form lining and the necessity of casting blocks indoors instead of outdoors, as anticipated, due to inclement weather.

FIRE DEPARTMENT ORDERS.

General Order No. 3.

I. DANIEL R. A. MILLIKEN.

It is with deep regret that the Fire Commissioner announces the death, on January 9, 1948, of Steamfitter Daniel R. A. Milliken of the Maintenance Division. Steamfitter Milliken was appointed to the department September 6, 1915.

The funeral was held from the funeral home of Samuel Sullivan, at Shawmut avenue and Union Park street, on January 13, 1948, followed by services at St. Williams Church, Dorchester avenue, Dorchester, at 9 a. m.

Members of the Maintenance Division were detailed to act as a funeral escort.

II. NEW ASSIGNMENT CARDS.

As announced in previous General Orders, new assignment cards are being issued to the department today for the following boxes:

- 211, Washington and East Lenox streets.
- 2389, Sunnyside and Creighton streets.
- 2396, Parker street and Bromley park.
- 4115, Harvard street and Harvard square.
- 4124, Park street and Henley street.
- 4125, Water and Gray streets.
- 4126, Chelsea street and Henley place.
- 4127, Chelsea street, opposite Prospect street.
- 631, Deer Island.
- 7611, Long Island.

Company commanders shall replace old cards for above boxes with the new cards. Old cards shall be destroyed.

III. CHARITABLE ASSOCIATION OF THE BOSTON FIRE DEPARTMENT.

Attention of permanent members of the fire fighting force of the department is called to the fact that they can become members of the Charitable Association of the Fire Department by payment of \$2 per year. If a member desires to become a life member of the Charitable Association, he can do so by payment of \$10.

Further information concerning this organization can be obtained from George F. Frazier of the Fire Prevention Division who is treasurer of the Charitable Association.

IV. APPRECIATION.

The Fire Commissioner is pleased to publish the following letter from Dr. Martin J. English, President of the Board of Trustees of the Boston City Hospital:

"January 9, 1948.

DEAR COMMISSIONER,—It was with great pleasure that the Board of Trustees of the Boston City Hospital interviewed Captain Murphy of the Fire Department on the Fire Prevention activities at the hospital. Captain Murphy was substituting for District Chief Coughlin who was ill.

Captain Murphy felt that he was receiving every cooperation from all branches of the hospital, and that the hospital was doing everything possible to carry on the fire prevention program in a satisfactory manner. In the course of the interview, Captain Murphy made some very practical recommendations which will be carried out by the hospital.

I wish to take this opportunity to extend the appreciation and gratitude of the trustees to the Boston Fire Department and its officers for their splendid service in the Fire Prevention program at the Boston City Hospital.

With kindest regards, I am,

Sincerely yours,

MARTIN J. ENGLISH, M. D.,
President, Board of Trustees."

V. COMMENDATION.

Lieut. Edmund J. Hagerty of Ladder Company 15 is hereby commended for sounding an alarm from Box 12-1546 on January 10, 1948, and working with the department at the scene of an accident in the Back Bay railroad station, while off duty.

By order of Fire Commissioner
RUSSELL S. CODMAN, JR.

NAPEEN BOUTILIER,
Chief of Department.

LIGHT IN FRONT OF ST. PATRICK'S CHURCH, WARD 8.

The following was received:

City of Boston,
Office of the Mayor, January 9, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to the installing of a street light in front

of St. Patrick's Church, at the intersection of Dudley and Magazine streets, Roxbury, Ward 8.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
January 8, 1948.

Mr. J. Joseph Connors,

Secretary, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Public Works Commissioner install a street light in front of St. Patrick's Church at the intersection of Dudley and Magazine streets, Roxbury, Ward 8, and this will advise you that the Boston Edison Company has an order requesting lamp installation at this location.

The Edison Company has been asked to try and expedite same.

Very truly yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

REAPPOINTMENT OF JOSEPH J. BENKERT.

The following was received:

City of Boston,
Office of the Mayor, January 8, 1948.
To the City Council.

Gentlemen,—Under the provisions of section 26M of the Housing Authority of the Commonwealth (as inserted in chapter 121 of the General Laws and as amended by section 1 of chapter 484 of the Acts of 1938) I hereby reappoint Joseph J. Benkert of 3 Paula road, Dorchester, to be a member of the Boston Housing Authority for the term expiring January 8, 1953.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the appointment by his Honor, the Mayor, of Joseph J. Benkert to be a member of the Boston Housing Authority for the term expiring January 8, 1953, be, and hereby is, confirmed and approved.

Referred to the Committee on Constables and Confirmations, when appointed.

SALE OF MARINE BOILERS BY FIRE DEPARTMENT.

The following was received:

City of Boston,
Office of the Mayor, January 12, 1948.
To the City Council.

Gentlemen,—The Fire Department is in possession of two marine boilers which are no longer of any use to that department. The boat for which these boilers were purchased has been sold.

During 1946, your Honorable Body gave authority to the Fire Commissioner to dispose of these two boilers at an upset price of \$10,000. At the price set, there have been no bidders. However, according to the attached communication of the Fire Commissioner the Steam and Power Equipment Company of Woburn are interested in the purchase of these boilers for \$3,500.

In view of the fact that these boilers are of no use to the city, and in view of the fact that no other bidders are interested in these boilers, I recommend the passage by your Honorable Body of the accompanying order for the sale of the two boilers to the above-named concern.

Respectfully,

JAMES M. CURLEY, Mayor.

City of Boston,
Fire Department, January 5, 1948.
Hon. James M. Curley,
Mayor of Boston.

Dear Sir,—I beg to advise you that I have at hand an offer from the Steam and Power Equipment Company of Woburn, Mass., of \$3,500 for two Scotch type marine boilers which were built for installation on the fireboat "John P. Dowd."

These boilers were contracted for by the city prior to your administration at a cost of \$18,750. The fireboat for which they were intended was turned over to the Public Works Department on January 10, 1947, and, I believe, disposed of by the Public Works Department so that this boat is no longer in the service of the city.

This department has no further use for the boilers and inasmuch as they were built under marine boiler specifications their use as stationary land boilers would be prohibited under the laws of the Commonwealth.

Your Honor has previously requested the City Council to pass an order for the sale of these boilers at public auction to the highest bidder. The public auction was held December 3, 1946. There were no bidders as the City Council had established an upset price of \$10,000 for the two boilers.

It is my recommendation that the offer of the Steam and Power Equipment Company be accepted. The offer is contingent, however, upon the boilers being approved by the United States Steamboat Inspection Service after the application of a hydrostatic test and also by the State of Connecticut where the boilers are to be installed.

The purchaser will pay all expenses involved in making the tests and will also pay for the cost of removal.

Respectfully yours,
RUSSELL S. CODMAN, JR.,
Fire Commissioner.

Ordered, That the Fire Commissioner be authorized to sell to the Steam and Power Equipment Company of Woburn, Mass., two boilers built by the Hodge Boiler Works for the fireboat "John P. Dowd," at a price of thirty-five hundred dollars.

Referred to the Executive Committee.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LARGE INCANDESCENT LAMPS.

The Supply Department of the City of Boston invites proposals for furnishing large incandescent lamps, as specified in forms which may be obtained at the office of the Supply Department, Room 1001, City Hall Annex. The bidder must leave his proposal with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, at the above office. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Incandescent Lamps." There will be a charge of twenty-five cents (\$0.25) for each set of proposals. The bids will be publicly opened and read Monday, February 2, 1948, at 12 m., at Room 1001, City Hall Annex. The successful bidder must furnish a bond for one half the total estimated amount of the contract with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. The Superintendent reserves the right to accept or reject any or all bids, or any part of a bid, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

WILLIAM I. ROSE,
(Jan. 24.) Superintendent of Supplies.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

CONSTRUCTION OF VETERANS' HOUSING DEVELOPMENT.

The City of Boston, acting by and through the Boston Housing Authority, pursuant to the provisions of chapter 372 of the Acts of 1946, as amended by chapter 479 of the Acts of 1947, will receive sealed bids for the construction of a veterans' housing development located on River street, in the Mattapan district, City of Boston, Mass., until 12 o'clock noon, Eastern Standard Time, February 4, 1948, at the office of the Architect, George Steven Lewis & Associates and Lawrence A. Howard, Room 927, 18 Tremont street, Boston, Mass., at which time and place all bids will be publicly opened and read aloud. A duplicate copy of the proposal, without bid security, shall be left with the City Auditor previous to the time named for opening of bids.

The successful bidder will be required to furnish a Performance and Payment Bond as set forth in the specifications.

Attention is called to the fact that not less than the minimum wage rates as set forth in a schedule contained in the specification must be paid on this project. Attention is also called to the requirements relating to Workmen's Compensation and conditions of employment.

Contract documents, including drawings and specifications, will be on file at the office of the Architect, as above, on January 26, 1948. Copies of the documents may be obtained by depositing \$10 in the form of a certified check or cash with the Boston Housing Authority, for each set of documents so obtained, or with the Architect. The amount of the deposit will be refunded to each person who returns all the documents in good condition within 10 days after opening of bids.

Sub-bids will be taken on the following portions of the work until 12 o'clock noon, Eastern Standard Time, Monday, February 2, 1948:

1. Heating.
2. Lathing and Plastering.
3. Plumbing.
4. Electrical Work.
5. Landscaping.

The City of Boston reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest so to do. The City of Boston also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

Cash, certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, or a satisfactory bid bond executed by the bidder and a surety company, shall be submitted with each bid as follows:

1. By general bidders, in the amount of five (5) per cent of the Base Proposal.
2. By sub-bidders listed under Item 2 of the General Contractor's Bid Form in not less than 5 per cent of the sub-bidder's bid price.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Boston Housing Authority and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids, without the consent of the Boston Housing Authority.

GEORGE ROBERT WHITE FUND.

INVITATIONS FOR PROPOSALS FOR ALTERATIONS TO HYDE PARK HEALTH UNIT, 26 CENTRAL AVENUE, HYDE PARK DISTRICT, BOSTON, MASS.

The Trustees of the George Robert White Fund, hereinafter referred to as the Awarding Authority, invite sealed proposals for alterations to Hyde Park Health Unit, 26 Central Avenue, Hyde Park district, Boston, Mass.

Proposals will be received until 12 o'clock noon, Thursday, February 6, 1948, Eastern Standard Time, at the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the George Robert White Fund, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the George Robert White Fund, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the George Robert White Fund.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the George Robert White Fund.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form obtainable from the Awarding Authority upon request.

All sub-bidders' proposals must be in the possession of the George Robert White Fund and delivered or mailed to the general bidder no later than 12 o'clock noon, Eastern Standard Time, Tuesday, February 3, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the George Robert White Fund, or a satisfactory bid bond executed by the sub-bidder and a surety company shall be submitted by sub-bidders listed under Item 2 of the general contractor's bid form in not less than 5 per cent of the sub-bidder's bid price, and shall be submitted with each sub-bid.

Sub-bids will be taken on the following portions of the work:

A. Elevator. B. Plumbing. C. Heating. D. Electrical.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The George Robert White Fund reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The George Robert White Fund also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority,

and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, JANUARY 31, 1948.

No. 5

BOSTON'S SNOW REMOVAL COSTS FOR 1947-48, IT IS ESTIMATED, WILL REACH THE SUM OF MORE THAN \$1,250,000—THESE ARE THE FIGURES OF BOTH MAYOR CURLEY AND PUBLIC WORKS COMMISSIONER ROBERT P. CURLEY—730 MILES OF HIGHWAY REQUIRE SERVICES OF 800 CITY EMPLOYEES PLUS OTHER TEMPORARY AID IN BATTLING STORMS—PARKING OF CARS ON HIGHWAYS INCREASES WORK OF REMOVAL AND ADDS TO COSTS, WHICH TO DATE EXCEED \$784,514.86.

SECRETARY OF ARMY ROYALL INVITES MAYOR CURLEY TO APPLY FOR RIGHT TO ACQUIRE FORT STRONG FOR CITY USE.

Mr. John P. Brennan, secretary to his Honor the Mayor, has received the following letter from Kenneth C. Royall, Secretary of the Army, Washington, D. C.:

MR. JOHN P. BRENNAN, *Federal Relations Secretary*, City Hall, Boston, Mass.

DEAR MR. BRENNAN,—Reference is made to your letter dated December 26, 1947, in which you stated that the City of Boston, Massachusetts, desired to obtain possession of Fort Strong, Massachusetts, in order to enlarge its hospital facilities on Long Island, and requested advice in connection with the procedure to be taken in the matter.

Fort Strong, Massachusetts, was placed in the category of surplus by the Department of the Army, September 30, 1947, and it is being certified to the War Assets Administration for disposal.

Senate Concurrent Resolution No. 31 withholds disposition until March 15, 1948, of surplus Department of the Army property in which any state, municipality, local government, or political subdivision thereof maintains an interest as suitable for use for educational, recreational, medical, or scientific purposes. This resolution also provided that the resolution shall not be deemed to prevent or delay the disposition of such property under existing provisions of law.

Under the provisions of section 13 of the Surplus Property Act of 1944, local governments and nonprofit institutions may acquire surplus property from the War Assets Administration if the property is to be used for educational purposes or the protection of public health. The City of Boston may invoke the provisions of this Act and may make immediate application to acquire Fort Strong for hospital purposes by applying to the Regional Director, War Assets Administration, Boston Army Base, Boston, Massachusetts.

Sincerely yours,

KENNETH C. ROYALL,
Secretary of the Army.

Boston's snow removal bill for this winter is estimated as possibly more than \$1,250,000, with costs already amounting, up to January 23, to \$784,514.86. These are the figures of both Mayor James M. Curley and Public Works Commissioner Robert P. Curley. To the above date the cost has been as follows:

COST OF SNOW REMOVAL—SEASON 1947-1948.

Amount available January 1, 1947	\$486,490 96
Expended to November 1, 1947	370,226 93

Amount available November 1, 1947	\$116,264 03
Expenditures and commitments for November and December, 1947	272,824 86

Deficit for 1947	\$156,560 83
Expenditures and commitments from January 1 to January 23, 1948	511,690 00

Total required for commitments to date (January 23)	\$668,250 83
Total cost of snow removal from November 1 to date (January 23)	\$784,514 86

Permanent Employees Working.

The city has 800 permanent men on the road, supplemented with 300 city-owned plows, 300 contract plows, about three or four snow loaders to each section, eight snow fighters using sand, salt, and calcium chloride, 50-55 bulldozers. So far they have used about 2,000 tons of salt and 100 tons of calcium chloride, in addition to the sand they are constantly putting on roads.

From December 27 to January 22 the men of the Street Department have had one day off—New Year's Day. These men of the snow and ice department average a 12-hour day during the winter season and 20 to 22 hours during a bad storm. Their days on duty are apt to run into months instead of weeks.

Boston has more than 730 miles of roadway that must be cleared. With about 800 men on permanent duty, that is about one mile to each man after each storm.

Added to the problem of weather conditions, there is also the problem of public cooperation in the matter of parking on the highways. All such hampers the department workers and helps the costs to mount. Give the plows those first few vital hours at the beginning of the storm so that they can make a clean sweep of the roads.

(Continued on page 99.)

MAYOR CURLEY INVITES HON. EAMON DeVALERA, PRESIDENT OF EIRE, TO BE CITY'S EVACUATION DAY GUEST.

His Honor the Mayor on January 27 sent the following letter to Hon. Eamon DeValera, President of Eire, Dublin, Eire: HON. EAMON DeVALERA, *President of Eire*, Dublin, Eire (Ireland).

DEAR MR. PRESIDENT,—Boston, on March 17, 1948, will observe the 173rd anniversary of the evacuation of the British troops from our Dorchester Heights, in what was an epoch-making event in our successful struggle for freedom and the birth of a great nation.

In conjunction with that observance, our people also celebrate each year on March 17 the everlasting memory of the immortal St. Patrick.

On behalf of the citizens of our municipality and its neighboring cities and towns who love and admire Ireland—for many thousands of us are proud descendants of the beautiful Emerald Isle—I am inviting you most cordially to be the guest of the City of Boston on that day, March 17, 1948.

I would appreciate more than words can express your acceptance of our invitation, for we hold you in the highest of esteem.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain or the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

PLANS DRAFTED FOR REORGANIZING MEDICAL SERVICES AT LONG ISLAND HOSPITAL, BOSTON HARBOR—INSTITUTIONS COMMISSIONER G. FRANK McDONALD LAYS MATTER BEFORE MAYOR CURLEY AND SECURES APPROVAL—DISTINGUISHED GROUP OF PHYSICIANS AND SURGEONS TO COMPRISE STAFF, THUS GIVING PATIENTS CHRONICALLY ILL BEST MEDICAL CARE OBTAINABLE.

His Honor the Mayor on January 22 received the following letter from G. Frank McDonald, Commissioner, Institutions Department:

DEAR MR. MAYOR,—I am pleased to report to your Honor that plans have been made to reorganize the medical services at the Long Island Hospital, Boston Harbor. For a great many years the hospital has had a medical visiting staff comprised of as many as 50 leading physicians, unpaid, whose value in consultation and diagnosis was immeasurable. This group of doctors was headed by an executive board of physicians, also unpaid, who formulated the medical policies of the hospital and instituted rules for our resident physicians. That the interest of these physicians lagged in the last eight years to a point where their services became nonexistent is regrettable. As a result, the hospital was obliged, during the war and after, to obtain doctors as residents whose training and technique left much to be desired.

During the summer of 1947 the American College of Surgeons visited the hospital for the purpose of inspection. The matter of the hospital's being without an executive visiting staff was discussed, and the city promised that a determined effort would be made to re-establish this staff in order for us to receive a class "A" classification, which was given tentatively. As a result of the improvements made in the physical plant and in equipment during your administration, and with the far-reaching plans to further improve hospital facilities, employ competent personnel, and the installation of an Attendant Nursing School, the department succeeded in obtaining once more the enthusiastic approval and cooperation of the Executive Visiting Staff.

At a meeting in the Harvard Club on Wednesday night, January 14, with this staff, comprising:

Dr. Robert H. Morris, Orthopedist,
Chairman,

Dr. Richard I. Smith, Surgeon,
Dr. Robert T. Monroe, Physician,
Dr. Henry R. Viets, Neurologist,

plans were mapped to reorganize the medical service of the hospital by:

1. Instituting an entire new medical policy and code of by-laws.
2. Making rules and regulations for resident physicians.
3. Reopening of the surgery. This is an excellent surgery and has not been used for eight years.
4. The classification of patients in wards according to their degree of illness.
 - a. Those requiring a large amount of intense nursing care.
 - b. Those requiring skilled nursing care under regular supervision by physician.

c. Those requiring custodial and domiciliary care under medical and nursing supervision, perhaps of an ambulatory nature.

5. Their promise to obtain for the hospital no less than ten doctors as paid assistant residents who have had no less than two years' internship in approved hospitals and who are further interested in the study of geriatrics.

6. Their promise to obtain a paid resident doctor with not less than three years' internship in an approved hospital to act as assistant to the Medical Director.

7. The appointment of an unpaid Visiting Staff of leading doctors who are specialists in their fields to act as consultants and diagnosticians.

I am confident that this information will be highly interesting to your Honor, knowing as we all do the solicitude you have for the chronic sick at the Long Island Hospital.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

BOSTON'S SNOW REMOVAL FOR 1947-48 ESTIMATED TO COST MORE THAN \$1,250,000.

(Continued from page 97.)

A cost breakdown, covering the winter to Thursday, January 22, was as follows: Contractors, for hauling away snow, \$250,000; hiring of plows, \$221,000; overtime for city employees, \$87,000; temporary snow shovellers, \$55,000; and rental of equipment, \$86,000.

The city's expenditures for snow clearance, under the city charter, have nearly reached the limit, and this situation requires an emergency appropriation.

EVACUATION DAY CHIEF MARSHAL THANKS MAYOR CURLEY.

The following telegram was received on January 23 by his Honor the Mayor from Charles MacGillivray:

James M. Curley,
Mayor of Boston.

YOUR HONOR; ON ARRIVING BACK IN BOSTON I LEARNED FROM THE SOUTH BOSTON ALLIED VETERANS COUNCIL OF YOUR DECISION IN REGARD TO THE MARCH 17TH CELEBRATION IN SOUTH BOSTON. I WANT TO THANK YOU BECAUSE YOUR DECISION ENABLES THEM TO APPOINT ME AS THE CHIEF MARSHAL THIS YEAR. I KNOW WE WON'T DISAPPOINT YOU.

RESPECTFULLY,

CHARLIE MACGILLIVRAY.

SECRETARY OF INTERIOR J. A. KRUG REPLIES TO MAYOR CURLEY ON MATTER OF FUEL OIL FOR BOSTON.

The following letter was on January 26 received from J. Krug, Secretary of the Interior, by his Honor the Mayor:

DEAR MAYOR CURLEY,—This is to acknowledge your letter of January 9, addressed to President Truman, who has referred it to me for reply.

I trust that you were greatly reassured to learn soon after writing to the President that the strike at Texas City had been terminated, as a result of the efforts of the Federal Conciliation Service.

Although the strike was short-lived, the loss of production was nevertheless serious, in view of the present shortage of fuel oil, and your great concern regarding its occurrence was certainly justified.

Please call upon me at any time for any information that I can supply.

Sincerely,

J. A. KRUG,
Secretary of the Interior.

SNOW TRAIN URGED FOR BOSTON'S "ST. MORITZ" AT GEORGE WRIGHT GOLF COURSE.

The following letter was received on January 22 by his Honor the Mayor, from Joseph Lee, member of the Boston Park Department:

MY DEAR MAYOR CURLEY,—As to the snow train to the George Wright winter resort — about which we spoke the other day — I suggest that you make an effort to have the Metropolitan Transit Authority put on extra snow trains to this Boston's "St. Moritz."

As it is, the service is pretty good. A snow train leaves Sullivan square every 5 minutes for Forest Hills — none other than the regular Sullivan Square-Forest Hills Rapid Transit trains. A surface car then continues the trip from Forest Hills, outbound for Cleary square every 10 minutes. After a brief 12-minute run, the excursionists get off at West street, and reach the golf course after a 7-minute walk along a winding, snow-clad road. (There is a bus, at this junction, along West street to the golf course gate for those who wish to wait.)

Attractions at Boston's newly opened winter resort:

Onespacious, cheery, "hunting lodge"—namely, the picturesque George Wright Clubhouse.

One quarter-mile long toboggan chute (lighted at night and equipped with a wind shelter at the top).

Innumerable hills for skiing.

Music over the hilltops from outdoor loudspeaker system.

Toboggans of all sizes for hire.

Hot chocolate, doughnuts, frankfurters, toasted cheese sandwiches are served in spacious dining room, open every night till 11 p. m.

Fireplace and piano.

Plenty of colorful, happy winter-sports lovers like one's self.

One full moon (coming this week end).

Yours sincerely,

JOSEPH LEE.

MORE REVENUES FOR CITY FROM USE OF LIBRARY FACILITIES.

The following letter was received on January 23 from Francis B. Masterson, President, the Public Library of the City of Boston:

HON. JAMES M. CURLEY,
Mayor of Boston.

Dear MR. MAYOR,—I am in receipt of your letter of January 19 in connection with the matter of building up revenues in our Library Department such as is done in New York, Chicago, and Detroit.

You will be interested to know that our Director has discussed this matter with the trustees and that they plan to explore the possibility of securing aid from interested groups in the business community of Boston toward the support of our business activities. Such plans are in the tentative stage at the present time. This matter has been one that has plagued the trustees for some time, and the Board has felt that positive action should be taken. In line with this, it is my pleasure to advise you that the Director now has in process of preparation a presentation in this matter to be sent to outstanding mercantile, industrial, and financial organizations of the city.

I shall, of course, at the next meeting of the Board discuss the matter at length with the trustees and will give you a report as to the progress we are making.

Yours respectfully,

FRANCIS MASTERSON,
President.

MAYOR ASKS M. I. T. HEAD TO AID IN FINDING RELIEF FROM FLOOD CONDITIONS WHICH MIGHT RESULT FROM WINTER'S SNOWS.

On January 23 Mayor Curley addressed the following letter to the President of Massachusetts Institute of Technology:

DR. KARL T. COMPTON, President,
Massachusetts Institute of Technology, Memorial Drive, Cambridge, Mass.

MY DEAR DOCTOR COMPTON,—The snowfall this year has exceeded that of any year in the history of Massachusetts, and there is every indication that it may continue, with perhaps disastrous results in the matter of the flooding of the Connecticut-Merrimac-and-Blackstone Valleys when the snow starts to melt.

I am very desirous that the Institute of Technology have a competent group of engineers make an immediate study as to ways and means of removing the huge accumulation not only in Boston, but throughout the entire state, whether it be by the use of flame throwers or chemicals or otherwise, so that we may have a gradual disposal when it starts to melt rather than having disastrous floods as a consequence of its melting with great property damage and with injury to the public.

Trusting that you will give the matter your sincere consideration, I remain,

Sincerely yours,

JAMES M. CURLEY, Mayor.

VETERANS' GRAVES REGISTRATION HEAD WINS PRAISE FOR AID IN INTEREST OF WAR HERO DEAD.

The following statement was issued on January 27 by Frank Pedonti, Supervisor of Veterans' Graves Registration for the City of Boston:

Many letters have been received from the next of kin of the World War II dead from Boston and Metropolitan areas. Frank T. Pedonti, Supervisor of Veterans' Graves Registration for the City of Boston, said: "Those escorts have impressed the next of kin with the fact that their country is grateful for the supreme sacrifice made by their loved ones. Families have been made to feel that the government has shown this appreciation, by sending an outstanding representative of the armed forces for the remains of their loved ones, which will continue at least for another two years in the Repatriation Program."

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with firms, contractors and commercial houses for furnishing supplies, labor, etc. Communications from the heads of the departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, January 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I would respectfully request that permission be granted me to award an order to the Addressograph Sales Agency, 569 Boylston street, Boston, for furnishing to the Treasury Department one Class 6300 Graphotype Machine with typewriter keyboard at a price of \$1,020 f. o. b. Cleveland.

The Treasury Department feels that this particular machine is best suited to perform the work needed, and as the Addressograph Sales Agency are the manufacturers no advantage will result from public advertisement.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I would respectfully request that permission be granted me to award an order to the Burroughs Adding Machine Company, 40 Broad street, Boston, for furnishing to the Treasury Department the following machines:

Three Model No. 19053W Burroughs desk electric adding machines, \$368 each, less 10 per cent.

One Model No. 91355W Burroughs desk electric adding machine, \$510, less 10 per cent.

The Burroughs Adding Machine Company are the manufacturers of the above machines and therefore, in my opinion, no advantage would be gained from public advertisement for bids. Total amount of order will be \$1,452.60.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On June 30, 1947, a contract was awarded by the Acting Mayor to the Burroughs Adding Machine Company of 40 Broad street, Boston, for the purchase of three budgetary accounting machines Style No. 780678.

The contract as executed shows no exact delivery date and it now develops that the three machines covered by this contract will not be available for delivery for at least another year. The Burroughs Company have informed this office that a new and improved type of machine has been recently developed by this company which will be available not later than July, 1948. The machines now in use at the Auditor's office are 13 years old and early replacement is necessary.

In view of the above, I would respectfully request that permission be granted me to cancel the contract dated June 30, 1947, and award a new contract, without further public advertisement, to the same company, viz., Burroughs Adding Machine Company, for furnishing and delivering to the Auditing Department three Burroughs high keyboard budgetary accounting machines Style No. 301720 at a price of \$3,850 each, less municipal discount of 10 per cent, less a trade-in of \$600 for the three Burroughs bookkeeping machines now on hand in the Auditor's office. Since the Burroughs Adding Machine Company are the manufacturers, no advantage would result from a public advertisement for bids.

Total net amount of contract is \$9,795.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to award a contract, without public advertisement, to the Barber-Greene Company, Aurora, Illinois, for the following:

Three 548-A Barber-Greene four-wheel drive snow loaders complete with 42.5 horsepower, 6 cylinder, 6-B-230 Buda gasoline engine, electric lights, starting equipment, swivel conveyor discharge boom, overload safety release sprocket 8.25 by 20 ten-ply tires on steering wheels, 13.00 by 24 eight-ply tires on drive wheels, \$10,760 each, including operators' cabs, \$32,280; allowance for B-G snow loader No. 38-9-17, No. P-171, purchased January, 1935, \$350; allowance for B-G snow loader No. 17581, No. P-62, purchased February, 1926, \$200; allowance for B-G snow loader No. 78-2-1, No. P-170, purchased January, 1935, \$200; total allowance, \$750; net, \$31,530.

The Public Works Commissioner strongly recommends this equipment

as best meeting his requirements. Attached is copy of his recommendation. The Barber-Greene Company guarantee delivery within a week. Total amount of contract, \$31,530.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On December 24, 1947, your Honor approved a request for permission to award a contract to the Municipal Fire Appliance Company for furnishing liquid Mearlfoam to the Fire Department.

The amount of contract stated in this permission was \$8,500, but due to an error in computation the proper amount should have been \$5,475 net.

I would respectfully request that permission be granted me to make this change without further public advertisement.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 15, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to purchase 3,000 pounds of shortening at 36½ cents per pound from Swift & Co. to be used by the City Hospital during the months of February and March, 1948.

Swift & Co. have guaranteed to give the city the benefit of any price reduction that might arise. Total amount of order will be \$1,095.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order to F. N. McIntire Brass Works, 221 High street, Boston, for furnishing the following equipment to the Fire Department:

6 only Morse gates, 12 only Morse shut-off nozzles, ¾-inch, No. 155, McIntire brass, 12 only 2½-inch playpipes complete, No. 156, McIntire brass, 6 only shut-offs for 2½-inch McIntire playpipe, No. 156.

Since the F. N. McIntire Brass Works are the manufacturers of the above, no advantage would be gained from a public advertisement for bids. Total amount of order will be \$1,362.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 21, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I would respectfully request that permission be granted me to award an order to the Harper-Wallins Company for furnishing the following to the Boston City Hospital:

One dozen 14 by 17 cassettes, complete with par-speed screens; one dozen 10 by 12 cassettes, complete with par-speed screens; one dozen 8 by 10 cassettes, complete with par-speed screens; one dozen 6½ by 8½ cassettes, complete with par-speed screens, total price, \$1,425 net.

The City Hospital was in immediate need of this material and informal bids were secured as follows:

Harper-Wallins Company, \$1,425.60; E. M. Parker Company, \$1,590.60; Kelley-Koett Manufacturing Company, \$1,758.60; Westinghouse X-Ray Corporation, \$1,758.60; Picker X-Ray Corporation, \$1,864.20; General Electric X-Ray Corporation, \$1,864.20.

The award is requested for the lowest bidder.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 22, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award an order, without public advertisement, to Willys-Boston, Inc., furnishing one Willys jeep, Universal Model CJ-2A, fully equipped, as per specifications, to the Sumner Traffic Tunnel.

As Willys-Boston, Inc., are the manufacturers of this type of vehicle, no advantage would accrue from public advertisement for bids.

Total amount of order will be \$1,849.69.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

EXTENSION OF CONTRACTS.

FIRE DEPARTMENT.

The General Ship and Engine Works, Inc., have been granted an extension of the contract for the conversion of two former AMc type naval vessels for use as fireboats. The contract, dated December 2, 1946, was to have been completed within 60 working days after receipt of pumps and engines as per Item 58 of the contract's specifications. The pumps were received September 27, 1947, and 60 working days after that date would require completion of the contract on December 26, 1947. Due to additional work on the boats requested by the Fire Department and the fact that weather conditions prohibited the performance of said work on several days, contract was extended to January 19, 1948.

PUBLIC WORKS DEPARTMENT.

A. Singarella and Sons have been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Bucknam street, Buena Vista street, Cliff street, Fenno street, Intervale street, Lawn street, Sewall street and Westminster avenue, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor had to suspend work and will resume work as early as possible in the spring.

James A. Susi has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Braeburn road and Myopia road, from October 16, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor had to suspend work and will resume work as early as possible in the spring.

R. A. Buccella and Son have been granted an extension of the time of completion of the contract for construction of safety island in Beacon street and

Park Drive and other locations, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor was unable to start work and will begin work as early as possible in the spring.

John Deveney and Company have been granted an extension of the time of completion of the contract for the construction of sewerage works in Tenean Creek, Tenean street, Old Colony Parkway, Victory road and Freeport street, Dorchester, from December 31, 1947, to June 30, 1948. This extension is requested for the reason that during the year the contractor has had several setbacks on steel deliveries, and because of bad weather.

Baker & Co., Inc., have been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Ashfield street and Chesbrough road, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor was unable to start work and will begin work as early as possible in the spring.

Baker & Co., Inc., have been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Belmore terrace, Oakdale street and Oakview terrace, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor was unable to start work and will begin work as early as possible in the spring.

Joseph Civitarese and Company have been granted an extension of the time of completion of the contract for the building of sewerage works in Spring Street Brook in Prospect street and private land, Baker street, at Belle avenue, Centre street, at No. 2501, Bussey Brook inlet and Hart street, West Roxbury, from October 19, 1947, to December 18, 1947, a period of 60 days. This extension is requested for the reason that unforeseen obstacles encountered during the prosecution of the work.

Dooley Brothers Inc., have been granted an extension of the time of completion of the contract laying sheet asphalt pavement in Brayton road and Undine road, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor was unable to start work and will begin work as early as possible in the spring.

Warren Brothers Roads Company has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Birchcroft road, Florian street, Lewiston street and Rosebery street, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions the contractor was unable to start work and will begin work as early as possible in the spring.

R. A. Buccella and Sons have been granted an extension of the time of completion of the contract for the construction of catch-basins and manholes in Tobin road, Florian street, Goethe street and Kerna road, in West Roxbury; Ridgemont street, Brighton, and Sherborn street, Newbury street, Commonwealth avenue, and Kenmore street, in Roxbury, from October 7, 1947, to March 31, 1948. This

extension is requested for the reason that due to the winter weather unfavorable conditions have been met.

R. A. Buccella and Sons have been granted an extension of the time of completion of the contract for the construction of catch-basins and manholes in City Proper, Roxbury, East Boston and South Boston districts, from January 4, 1948, to June 15, 1948. This extension is requested for the reason that during the winter months unfavorable weather has been met.

Hancock Construction Company has been granted an extension of the time of completion of the contract for laying sheet asphalt pavement in Foundry street and Macallen street from December 31, 1947 to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions, the contractor had to suspend work and will resume work as early as possible in the spring.

SUPPLY DEPARTMENT.

William J. Troy Company has been granted an extension of the contract for furnishing to the Boston City Hospital one No. 75-46421 Meteor Cadillac ambulance, as per specifications, at a price of \$5,237.70 net delivered. This price was subject to change of price in effect at time of delivery. There was also an allowance of \$100 for an old 1937 White ambulance, offered in trade, which was accepted. The City Hospital now desires to keep the old machine instead of accepting the trade-in allowance, furthermore, the price has been advanced by \$195.80 due to the manufacturer's increased cost. Permission has been granted to amend the original contract by an amount of \$295.80 to meet the increased cost necessitated by the changes in the contract, making the net amount of the new contract \$5,533.50.

TRANSIT DEPARTMENT.

Approval has been given for an alteration of contract with Koppers Company, Inc., for furnishing and delivering coal-tar pitch for waterproofing Rapid Transit Facilities, East Boston district, whereby the time of completion is extended from April 22, 1947, to January 10, 1948. Deliveries were delayed by mutual agreement between the company and the department as the tar would melt in the hot weather and the department would not be ready to use all of it until the colder weather, also the department had insufficient storage space for this material.

Approval has been given for an alteration of contract with George McQuesten Company, Inc., for furnishing and delivering lumber for Rapid Transit Facilities, East Boston district, whereby the time of completion is extended six months. There have been many unexpected and unforeseen factors, wholly beyond the control of the McQuesten Company, which have delayed deliveries making this extension of time necessary.

Approval has been given for an alteration of contract with Raymond Concrete Pile Company for wash borings on the proposed vehicular tunnel, Boston to East Boston, whereby the time of completion is extended from 65 calendar days to 80 calendar days. The delay in the work has been due to unfavorable weather conditions.

SUFFOLK COUNTY JAIL.

Daniel Marr & Son Company have been granted an extension of window repair contract for the Suffolk County Jail, completion date December 31, 1947. Due to a delay in securing the necessary materials the contractor was unable to complete this work until January 10, 1948.

OMIT AND SUBSTITUTE WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

C. & R. Construction Company has been directed to omit and substitute the following extra work under the contract for sewerage works in Stony Brook, Section 16, from 20 feet south of Stella road to Hyde Park line, West Roxbury district, dated October 8, 1946. Items ordered: Omit the furnishing and placing of 24 linear feet of 4-foot high wire fence at screen at connection with open brook at end of work (included in Item 44), and substitute the furnishing and placing of 103 linear feet of 7-foot high wire fence, including three strands of barbed wire and one 3-foot single gate, and including all incidental work. Price to be paid for substituted work: 103 linear feet of 7-foot high wire fence and appurtenances, as above, at \$3.75 per linear foot, in place of 24 linear feet of 4-foot high wire fence at \$1.20 per linear foot, plus \$20 for end posts. Estimated cost of substituted work, \$386.25; less—estimated cost, omitted work, \$48.80; increase in cost, \$337.45. Reason: In order to provide greater protection to the screen and ramp at end of work, it was deemed advisable to erect a higher and longer fence than planned.

TO PURCHASE ACCOUNTING MACHINES.

The Mayor has approved the following request of the City Auditor:

BOSTON, December 12, 1947.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—At the present time this department has an allotment of \$6,150 within the Departmental Equipment Loan to purchase three Burroughs budgetary accounting machines, Style 780678. This purchase is to permit the replacement of a similar number of Burroughs machines which have been in operation in this department since 1935. In checking with the Burroughs Company I find that the three machines on order will not be available for delivery for at least another year. I am informed, however, that a new and improved type of machine has been recently developed by the company will be available not later than July of next year. This machine has certain automatic features not present in our present machines or the ones on order. Because of these automatic features, it will be possible to handle a greater volume of work. This is a desirable accomplishment since our present machines are really overloaded. As might be expected, the new machines are more expensive and their purchase will involve an additional expenditure of \$1,215 per machine. Because of the age of our present machines, early delivery of the new machines is very desirable. I feel it is for the best interest of the department, therefore, to cancel the machines now on order and enter into a new contract for the improved machines on which delivery is assured,

within the next six months. I, therefore, request your approval of the following proposal:

1. Cancel current allotment of \$6,150 in the Non-Revenue Departmental Equipment Loan.
2. Allocate \$9,795 from the Revenue Departmental Equipment Account.

Respectfully,

CHARLES J. FOX,
City Auditor.

TO PURCHASE ADDING MACHINES.

The Mayor has approved the following request of the Chairman of the Assessing Department:

BOSTON, January 13, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—The Board of Assessors requisitioned by purchase order in 1947 under city appropriation C-9, Office Equipment, two Burroughs ten-bank duplex electric adding machines, at an amount encumbered on the 1947 budget of \$585 for the two machines.

The machines were not delivered in the year 1947.

The City Auditor informs the Board that because of the fact that no delivery of the items requested was made in 1947, no extension of the amount can be carried into the 1947 unliquidated reserve account; that it will be necessary to cancel out the previous requisition and reorder for the year 1948 under a different form of appropriation, which is requested here.

It is therefore respectfully requested that his Honor the Mayor approve this request of the Board of Assessors be included within the present Departmental Loan account to the extent of the sum of \$585 to provide for the payment for these two adding machines which will be re-ordered under this particular appropriation in the year 1948.

Very truly yours,

PETER J. ALLEN, Chairman.

The commissioner accepts the finding and recommendation of the Trial Board and hereby orders that the said Patrolman John E. Doris perform 140 hours' punishment duty.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1005.

The Commissioner is pleased to call to the attention of the members of the department the following letter from His Excellency, Governor Robert F. Bradford:

January 23, 1948.

THOMAS F. SULLIVAN,
Police Commissioner.

DEAR COMMISSIONER SULLIVAN,—I am writing you at this time commending

you on the prompt action of your subordinates in the Boston Police Department in responding to the emergency alarm sent out because of the airplane crash at the Logan International Airport earlier this week.

The fact that the Boston Police Department cooperated so splendidly with the airport crews undoubtedly contributed much toward avoiding what might have been a major catastrophe with a great loss of life.

I assure you that the Commonwealth of Massachusetts is deeply grateful for the service rendered by the members of the Boston Police Department.

Sincerely yours,

ROBERT F. BRADFORD.

This letter of His Excellency has specific reference to the work of the department when called on for assistance after a plane crashed at the Logan International Airport on January 21, 1948.

At 4.20 a. m. on that date, a call for aid from a dispatcher at the airport was received at Station 7 by Lieut. Cornelius F. O'Brien. Lieutenant O'Brien immediately contacted the Bureau of Operations at Headquarters, and at 4.21 a. m. a teletype was received at nine divisions directing their ambulances to proceed to the airport. They arrived there promptly and fully manned.

At 4.21 a. m., Lieutenant O'Brien notified the Fire Alarm Headquarters to send an alarm from Box No. 6121 at the airport.

In response to the radio order from Police Headquarters, Captain Ahern of the Superintendent's Office Special Service Squad, Sergeant Williams of Division 7, and two radio cars from Division 7 with ten officers arrived at the scene.

At 4.22 a. m., Lieutenant O'Brien notified the East Boston Relief Hospital to be prepared to receive any casualties and also to dispatch their ambulances to the airport.

Lieutenant O'Brien directed the assignment of other officers to assist at the East Boston Relief Hospital and to cover the movement of traffic for emergency vehicles by way of the Sumner Tunnel.

At 4.23 a. m., two clergymen were escorted by one of our radio cars to administer religious rites, if necessary.

In addition to the above, families of those injured, living at points as far away as New York City, were notified promptly.

The manner in which this entire matter was handled by the officers concerned is a striking example of the service which the members of this department are prepared at all times to render.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

LAND-TAKING IN BOSTON PROPER.

The Mayor has approved the order of the Board of Street Commissioners for the taking of a certain parcel of land, wharf, dock and flats, controlled by the Old Colony Trust Company, as trustee,

for the benefit of Edwin F. Brown and others, situated in Boston Proper district, being part of Sargent's Wharf, so called, bounded and described as follows:

Beginning at a point in the division line between the estate of the City of Boston (known as the Eastern Railroad Wharf) and the estate of the City of Boston (known as Sargent's Wharf); thence running northeasterly one hundred fifty-eight and 5-10 feet to a point; thence turning and running southeasterly one hundred thirty-nine feet to a point; thence in the same direction to the Harbor Commissioners' line (1853); thence turning and running southerly by said Harbor Commissioners' line to its intersection with said division line; thence turning and running westerly by said division line to the point of beginning, for dock and wharf purposes, substantially as shown on a plan on file in the office of this Board; that it intends to pass an order to make said taking, and that it appoints 10 o'clock a. m., of January 21, 1948, and the office of this Board, 401 City Hall Annex, as the time and place for a public hearing in the matter.

A true copy of an order passed by said Board on said day.

Attest:

LAWRENCE W. COSTELLO,
Secretary.

IN BOARD OF STREET COMMISSIONERS OF THE CITY OF BOSTON, January 21, 1948.

Whereas, The Board of Street Commissioners has passed the aforesaid order of notice and has caused a copy of said order to be published January 10, 1948, in the *City Record*, and January 9, 10, 12, and 13, 1948, in the *Boston Globe* and the *Boston Herald*, two daily newspapers published in the City of Boston, and has given the public hearing, notice of which was given in said order; and

Whereas, The Institutions Department of the City of Boston, with the approval of the Mayor, has selected, designated and requested the Board of Street Commissioners of said city to take for said city for dock and wharf purposes the land, wharf, dock, and flats hereinafter described, in that part of Boston known as Boston Proper district; it is

Voted, That the Board of Street Commissioners of said City of Boston, acting under the provisions of chapter 486 of the Acts of the Legislature of 1909 and chapter 79 of the General Laws and all other authority thereto enabling, hereby takes in fee for said city for dock and wharf purposes, all the right, title and interest of the Old Colony Trust Company as it is trustee under a deed and declaration of trust for the benefit of Edwin F. Brown and others, dated June 8, 1904, and recorded with Essex South District Deeds, Book 1745, page 375, in and to a certain parcel of land, wharf, and flats situated in Boston being part of Sargent's Wharf, so called, and bounded and described as follows:

Beginning at a point in the division line between the estate of the City of Boston (formerly known as the Eastern Railroad Wharf and estate of City of Boston known as Sargent's Wharf) which point is designated as "A" on the plan hereinafter referred to; thence running northeasterly one hundred fifty-eight feet six inches (158.5) to a point "B," which point is northerly from said division line sixty-four (64) feet measured at right angles therewith and one hundred forty-five (145) feet easterly on said division line from said point "A"; thence

turning and running southeasterly one hundred thirty-nine (139) feet to a point "D," which point is eighty-two (82) feet northerly from the division line measured at right angles therewith and two hundred eighty-three (283) feet from the said point "A"; thence running to the Harbor Commissioners' line (1853); thence turning and running southerly by said Harbor Commissioners' line (1853) to its intersection with said division line; thence turning and running westerly by said division line to the point "A", containing about fifteen thousand eight hundred sixty-two (15,862) square feet; and

Take in fee all the right, title and interest of the said Old Colony Trust Company as it is trustee as aforesaid in and to an indenture of lease made between the Proprietors of Sargent's Wharf and the East Boston Ferry Company dated April 30, 1853, and recorded with Suffolk Deeds, Book 647, page 105, including said lease, the rents therein reserved and all the rights, benefits and advantages accruing to the lessor under or by virtue of the same and subject to the provisions and stipulations therein set forth; reserving, however, to the Quincy Market Cold Storage and Warehouse Company and without diminution or enlargement thereof all right, title and interest granted by the City of Boston to Quincy Market Cold Storage Company by deed dated September 5, 1901, and recorded with Suffolk Deeds, Book 2890, page 337, in and to the parcels of land and wharf described in said deed and shown as "Parcel 1" and "Parcel 2" on the plan hereinafter referred to.

The above-described parcels of land, wharf and flats are shown on a plan marked "City of Boston, Eastern Avenue, Boston Proper, April 18, 1947, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department," and on file in the office of said department.

SOUTH BAY FILLING.

The following was received:

City of Boston,
Office of the Mayor, January 19, 1948.
To the City Council.

Gentlemen,—More than seventy years ago it was reported by a committee of the Legislature that the South Bay in the City of Boston should be filled in for the improvement of sanitary conditions and the industrial development of the city. Since that time this proposition has been considered and reported upon by at least fifteen or twenty commissions, committees and other public bodies, all in favor of the filling.

In 1931 a special commission submitted a report recommending the filling of the Roxbury Canal, South Bay, and a portion of Fort Point Channel northwest of Dorchester avenue, but no action was taken at that time.

This year a bill has been filed in the Legislature, based on the recommendations of the 1931 commission, and it appears that after more than half a century of lethargy there is a possibility of some action.

The proposed filling assumes a considerable expense for the construction of a system of conduits to dispose of storm water drainage, street construction, etc., the cost to be met by the city by loan outside the debt limit.

Under Joint Rule 7B of the Legislature a bill authorizing borrowing of money by a city outside the debt limit requires the approval in advance by the Mayor and City Council.

While I have no intention of committing the City Council, or myself, to the details of the bill as filed, I am heartily in favor of some action along the lines proposed, and I recommend the passage by your Honorable Body of the accompanying resolution which is necessary to release the bill to the appropriate committee of the Legislature.

Respectfully,
JAMES M. CURLEY, Mayor.

Resolved, That the City Council of Boston hereby approves the enactment of legislation to authorize the City of Boston to borrow money, outside the debt limit, to meet any expense imposed on said city by the filling in of the South Bay, Roxbury Canal, and a portion of Fort Point Channel.

Referred to the Executive Committee.

ADDITIONAL COMPENSATION TO CUSTODIAN, GIRLS' HIGH SCHOOL

A communication was received from the Schoolhouse Custodian, under date of Dec. 29, 1947, recommending, in view of the large number of persons taking the

Civil Service examination in the Girls' High School-house on Dec. 6 and 13, 1947, that the senior custodian of that building be allowed additional compensation for an additional assistant on these two dates.

Placed on file.

On motion, it was ORDERED, That Edward J. McDonald, senior custodian, Girls' High School-house, be allowed additional compensation for an additional assistant in that building on Dec. 6 and 13, 1947, in view of the large number of persons taking the Civil Service examination on those dates.

UNFINISHED BUSINESS

The three orders laid over at the meeting of Dec. 11, 1947, making changes in and additions to the List of Authorized Text Books, were taken up and passed, the four members present voting in the affirmative.

On motion, all unfinished business was referred to the next Committee.

The Committee adjourned.
Attest:

LOUISE KANE,
Secretary.

Jan. 5, 1948.

The meeting for organization of the School Committee of the City of Boston for the current municipal year was held in the Administration Building, 15 Beacon Street, at 2:45 P. M.

Present: Messrs. Foley, McDevitt, Muchnick, Ward, and White.

The meeting was called to order by Mr. Joseph C. White, the senior member whose original election is of the earliest date.

Chairman pro tempore: The first meeting of the year of the School Committee is held for the purpose of organization.

Before proceeding to the election of a Chairman, I would like to take this opportunity to congratulate Mr. McDevitt on his reelection to this Board and also I take pleasure in welcoming the new member, Mr. Isadore Muchnick, to our body; and I wish them both a very successful and pleasant year.

Dr. Foley: I express the same sentiments.

Mr. McDevitt: I too express the same sentiments only I should like to insert the name of Mr. White in place of Mr. McDevitt in his statement.

Mr. Ward: I wish to welcome the new member.

Mr. Muchnick: Thank you very much, gentlemen.

Placed on file.

ELECTION OF CHAIRMAN

Mr. White: I am presiding as chairman pro tempore, being the member whose original election is of the earliest date. The immediate business before the Committee at this time is the election of a Chairman for the coming year.

The Committee proceeded to the election of a Chairman, and the Secretary was directed to call the roll:

On roll call, the members respectively voted as follows:

For JOSEPH C. WHITE—
Messrs. Foley, McDevitt, Muchnick and Ward—4.

NOT VOTING—Mr. White—1.

On motion of Dr. Foley, the election of Mr. White as Chairman of the School Committee was declared unanimous, and Mr. White assumed the Chair.

Dr. Foley: I wish at this time to congratulate the new Chairman and wish him every happiness in the New Year.

Chairman: I am well aware of the honor conferred upon me today, and I am profoundly grateful to my colleagues for the opportunity to serve again in the office of Chairman of the Boston School Committee after a lapse of six years. I am also deeply mindful of the many responsibilities which this position imposes, particularly in the conduct of meetings. Nevertheless, I approach my task with the confidence that my colleagues are likewise aware of our common obligations as members of the Boston School Committee, and are eager to conduct our deliberations with such efficiency and decorum that calm and reasoned judgments may be the basis of all our decisions. I am confident that in response to the clear mandate of the citizens of Boston, the members of this Committee will devote every effort to ensuring order and dignity in the deliberations of the School Board. To the end that such a serious responsibility may be discharged under conditions that encourage full and free discussion in an orderly manner consistent with the best tradition of democratic public assemblies, I shall offer certain amendments,—now in the hands of the Secretary—to the Rules.

The coming year will present many critical problems, educational and administrative, as well as financial. Of primary importance will be the selection of a successor to our retiring superintendent. The future pattern of our educational system will be determined by our choice. Consequently, we must solicit the advice and assistance of all qualified agencies in obtaining an outstanding man of character and integrity endowed with the highest qualities of educational and administrative leadership.

I recommend that our Superintendent and Assistant Superintendents cooperate with our masters and teachers to consider the course of study used in the Junior and the Senior High Schools. It is obvious to all educators that the recent vogue of Experimentalism has overloaded our school curricula to the point that, at best, a student may get a superficial and often confused knowledge of many superfluous, irrelevant, subjects and no thorough knowledge of any fundamental subject.

Their young minds are often crammed with unrelated facts and scraps of uncorrelated information. This is not education. The studies that are vital and indispensable in developing a child morally, intellectually, and physically should be integrated so that we will be awarding diplomas and degrees to students who have a love, an understanding, and an appreciation of wisdom, of truth, and of knowledge.

We have learned by sad experience, and at a suicidal cost, that

scrapping the accumulated wisdom of the past has left us a woefully ignorant generation. Surrounded by the terrifying potentialities of modern scientific achievement, we have behaved like children without any heritage of knowledge because we have been allowed to derogate or ignore the inherited wisdom of our race. I am not advocating a static policy, or one of retrogression. Prudent experiment adds to the treasury of knowledge; rash experimentalism robs, and has robbed us of our cultural inheritance. As one eminent educator phrases it: "We are nauseated with novelties—what we need are the things that are immutable!" I would like to see such a study conducted by a group of able scholars from our own school system, and recommendations effected that will result in integrating all of the essential studies for the purpose of training the child, and preparing him for a good, happy and useful adult life.

I hope that there will be no interference from this body with the salutary discipline imposed by those who are in proper authority, and are familiar with the circumstances and individuals involved in any particular case, and are therefore competent and qualified to pronounce judgment, and to impose penalties for infractions of class room rules, insubordination, or truancy. Where such facts are established, we should be able to accept with confidence the decision of our masters and teachers. Only where investigation shows an abuse of power by those in authority should we interfere, and where and when this fact is established, we should move to correct the situation with expedition and complete accord.

No teacher, no matter how competent, can convey knowledge without maintaining class room discipline. The best quotation that I know on this subject is one used by the Reverend Robert I. Gannon, S. J., President of Fordham University, who said: "The worst education which teaches self-control is better than the best education which teaches everything else—and not this."

I feel very strongly that the four matters, to which I have limited this brief address, are of primary importance. I am certain that, with the unfailing cooperation of my associates on the School Committee, of the Officers of the Board, of the Directors, Supervisors, Principals, and Teachers, in these and in other vital considerations, we shall move forward together with dignity and with harmony to the development of an outstanding educational program which Boston so richly deserves.

AMENDMENTS TO RULES

The amendments to the Rules referred to by Mr. White follow:
ORDERED, That the rules be amended as follows:

Section 16—Insert the following new paragraph as paragraph 2:

2—No person, except members and officers of the School Committee, persons in the exercise of an official duty directly connected with the business of the School Committee, and representatives of the press, shall, unless invited by the Chairman upon a four-fifths vote of the Committee, be admitted to the Conference Room during conferences or executive sessions.

Section 24—Paragraph 1. Strike out the section and insert in place thereof the following:

Section 24—1. No vote of the School Committee shall be taken except by a call of the yeas and nays, and such record vote shall be published and distributed as provided heretofore.

Insert the following new sections as Sections 31 and 32:

Section 31—1. Petitions for hearings before the School Committee shall be addressed to the Secretary in writing, and if the petition be granted, then notice of such hearing and the time and the subject matter thereof shall be published in the minutes of the School Committee meeting at least one week in advance of said hearing.

2—The decision of the School Committee on the subject matter of the hearing shall not be announced prior to the meeting next following said hearing.

Section 32—1. Motions, orders, resolutions, communications, petitions, etc., shall not be finally disposed of by the School Committee until a report thereon has been made by the Board of Superintendents which report shall contain a recorded vote of the Board on the questions submitted. Where there is a divided vote, majority and minority reports shall be submitted in writing.

Renumber Section 31 as Section 33.

Insert the following new Sections as Sections 34 and 35:

Section 34—1. When the subject matter of a petition or memorandum has been finally rejected or disposed of by the School Committee, no measure substantially the same may be introduced by any member or person during the same school year.

Section 35—1. The rules of parliamentary practice as set forth in Robert's Rules of Order shall govern the School Committee in all cases in which they are applicable and in which they are not inconsistent with the Rules of the School Committee.

Renumber Section 32 as 36.

The amendments to the Rules as submitted by Mr. White were laid over.

Mr. McDevitt: Mr. Chairman, I listened with interest to the sound statement made by our new Chairman, Mr. White, and I wish to assure him of my fullest cooperation in carrying out his program.

Also, I would like to take this opportunity to thank the members of this Committee, those remaining, and Mr. White, for their cooperation in the past year; and I am sure that with the guidance that we will have this coming year, this Committee can function with the greatest degree of integrity. Thank you.

ELECTION OF TREASURER

Mr. Ward: Mr. Chairman, I wish to place in nomination for treasurer, a man who is newly on our Board, Mr. Isadore H. Y. Muchnick, who has the qualifications, I believe. Since every member of this Board has served at some time as treasurer, I place in nomination Mr. Muchnick's name for this office.

Chairman: Any further nominations?

Mr. McDevitt: Yes, Mr. Chairman, I nominate Dr. Patrick J. Foley as treasurer.

Dr. Foley: That is a very high honor, Mr. Chairman, and it is very much appreciated. I have been treasurer of the Committee for some years, and I give way to Mr. Muchnick since he has been nominated.

Mr. Muchnick: Mr. Chairman, I appreciate the high honor. I just wonder if, as a new man, it might not be more appropriate for somebody who is more familiar with the workings of the Committee to handle the job, unless I can get some expert information.

Chairman: We feel you are qualified, and the Secretary will be instructed to give you the necessary information.

Mr. McDevitt: Mr. Chairman, I second Mr. Ward's nomination.

The Secretary was directed to call the roll, and the members as their names were called respectively voted as follows:

For ISADORE H. Y. MUCHNICK—

Messrs. Foley, McDevitt, Ward, and White—4.

NOT VOTING—Isadore H. Y. Muchnick—1.

The Chair declared Isadore H. Y. Muchnick elected Treasurer of the Corporation and congratulated him on his new responsibilities.

Dr. Foley: I wish to be recognized at this time in order that, since we are starting the new year, we start in the right way, which I think is of the utmost importance.

Now we have for many years held conferences in this building — open conferences — allowing everybody to come into the building; and where we are dealing with the city's interest and the moneys amounting to probably seventeen, eighteen, or nineteen millions of dollars, I feel that conferences of the Boston School Committee should be more or less private.

By private I mean the press, the Superintendent, the Business Manager, and the Schoolhouse Custodian. I do not believe that

the Board of Superintendents should be present unless invited, and I feel at this time, Mr. Chairman, that the School Committee may ask to have present any assistant superintendent or any head of department. At public meetings everybody is invited, but in conference, the members of the School Committee, with the Superintendent, Business Manager, and Schoolhouse Custodian—with the press present—should be allowed to conduct the affairs of the schools to their best interest. I hope Mr. Chairman, that the members of the School Committee agree with me in this matter because, after all, the most important part of our business today—outside of electing our chairman—is to see that we start this year right, so that in all our deliberations—in conference at least—we know that we are conducting the affairs of the city diligently and correctly, having in mind to make this system the best in our land.

Chairman: Dr. Foley, I might say in conjunction with your statement that in my reference to orderly meetings, the amendments that I offered as submitted to the Secretary, under our rules must lie over for two readings before they are accepted.

I am including a new procedure that will do what you want, but which at the same time will give an opportunity for everybody to be heard, in democratic fashion, both petitioners and objectors, to a petition before we go into our own deliberations in a session with the press present; and I suggest that the members of the Committee take a copy of these amendments suggested by me, which I think will accomplish what you suggest—efficient meetings—and give them serious consideration before the next meeting at which a final vote should be taken. The Secretary, if you wish, will read them:

Secretary: Section 16—Insert the following new paragraph as paragraph 2.

2. No person, except members and officers of the School Committee, persons in the exercise of an official duty directly connected with the business of the School Committee, and representatives of the press, shall, unless invited by the Chairman upon a four-fifths vote of the Committee, be admitted to the Conference Room during conferences or executive sessions.

Chairman: That is strictly, I may say, during deliberations. That is not while we are hearing objectors or petitioners. Those will be open public hearings, but in decisions, in the adjudication of matters under consideration, these will be done in our own conferences with the press present.

Secretary: Section 24—Paragraph 1: Strike out the section and insert in place thereof the following:

Section 24—1. No vote of the School Committee shall be taken

except by a call of the yeas and nays, and such record vote shall be published and distributed as provided heretofore.

Insert the following new sections as Sections 31 and 32:

Section 31. 1. Petitions for hearings before the School Committee shall be addressed to the Secretary in writing, and if the petition be granted, then notice of such hearing and the time and the subject matter thereof shall be published in the minutes of the School Committee meeting at least one week in advance of said hearing.

2. The decision of the School Committee on the subject matter of the hearing shall not be announced prior to the meeting next following said hearing.

Chairman: Now may I interject there that the purpose of this rule is that for petitions—both petitioners and objectors together should be duly notified when a hearing is to be held, and if these dates are publicly published in the Minutes of the School Committee all objectors may come in and appear at the same time and we thus save a duplication of hearings.

However, as I said before, these amendments will have to lie over for a second reading, giving you opportunity for deliberation and objections and perhaps corrections, if there are any.

Secretary: Section 32. 1. Motions, orders, resolutions, communications, petitions, etc., shall not be finally disposed of by the School Committee until a report thereon has been made by the Board of Superintendents which report shall contain recorded vote of the Board on the questions submitted. Where there is a divided vote, majority and minority reports shall be submitted in writing.

Chairman: I believe that is self-explanatory—that is if the Board of Superintendents has a division of opinion, both reports should be submitted to the School Committee in writing.

Secretary: Renumber Section 31 as Section 33.

Insert the following new sections as Sections 34 and 35.

Section 34. 1. When the subject matter of a petition or memorandum has been finally rejected or disposed of by the School Committee, no measure substantially the same may be introduced by any member or person during the same school year.

Chairman: May I explain that. There may be some objection to it or there may not. Where we have disposed publicly of a matter after due deliberation before this Committee, if we take that matter up once, twice, or three times again, it means that much repetition of work; and once we dispose of it publicly, it should be considered as finished.

Mr. Ward: It may be taken up again by four-fifths vote if something new is introduced into that petition.

Chairman: You can suspend with four votes at any time, Mr. Ward.

Secretary: Section 35. 1. The rules of parliamentary practice as set forth in Robert's Rules of Order shall govern the School Committee in all cases in which they are applicable and in which they are not inconsistent with the rules of the School Committee.

Chairman: Now the only purpose of that was this. That up until now I could find no reference to any authoritative parliamentary procedure in places of disagreement with the rule of the chair, and I think we had that situation come up several times last year where the decisions of the chair were appealed or objected to at different times, and the School Committee had to rely strictly on the chairman's interpretation.

Isn't that so, Mr. McDevitt?

Mr. McDevitt: Yes.

Chairman: And we have no authority under the rules to refer to any other authority, and I should say the recognized authority is Robert's.

Mr. Ward: Mr. Chairman, what happens to all of the items of the School Committee that now have been lying dormant in the Board of Superintendents on which we have never received reports?

Chairman: Well, I should say that we should at the next meeting Mr. Ward, and I assume as soon as possible thereafter, ask the Board of Superintendents to report to us forthwith on all unfinished deliberations.

Mr. Ward: That's right, I have had one in there for eighteen months that I haven't heard from as yet, and I think I filed it and a record was made. It was simply a recommendation to present a study.

Chairman: I suggest you make the motion.

Mr. Ward: They are all matters of unfinished business. We don't care whether they rule one way or the other but let us have reports.

Secretary: Renumber Section 32 as 36.

Dr. Foley: Mr. Chairman, I am elated over these changes of rules that you have prescribed here, and I feel that we are starting off correctly and with some intelligence.

Chairman: Thank you, Doctor.

ADOPTION OF RULES AND REGULATIONS

The two following orders were offered:

ORDERED, That the Rules of the School Committee and the Regulations of the Public Schools of last year which involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

ORDERED, That the Rules of the School Committee and the Regulations of the Public Schools

of last year which do not involve the expenditure of money, are hereby adopted for the present year until otherwise ordered.

At the direction of the Chairman, the Secretary proceeded to call the roll and the order passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward and White—5.

NAYS—0.

AUTHORITY OF CHAIRMAN TO EXECUTE CONTRACTS OR LEASES

The following was offered:

ORDERED, That the Chairman is hereby authorized, in the name and on behalf of the School Committee, to execute any contract or lease for the use of school premises, the use of said quarters having been authorized previously by the School Committee.

At the direction of the Chairman, the Secretary proceeded to call the roll and the order passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

TEMPORARY ASSISTANCE

The two following orders were offered:

ORDERED, That during the current financial year the Superintendent is hereby authorized to employ such temporary emergency secretaries, clerical assistants, assistant librarians and librarians in the schools as he may deem advisable.

ORDERED, That during the current financial year the Secretary is hereby authorized to employ such temporary assistance in the offices of the Superintendent, Secretary and at such compensation as she may deem advisable.

At the direction of the Chairman, the Secretary proceeded to call the roll and the orders passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

NAYS—0.

EXTENSION OF CONTRACTS, APPROVAL OF SUMMARIZED REQUISITIONS ON CITY AUD- ITOR, AND OTHER ITEMS

A communication was received from the Business Manager, under date of Jan. 5, 1948, recommending the passage of the accompanying ten orders, as follows:

ORDERED, That during the fiscal year 1948 any member of the School Committee is hereby authorized to approve summarized requisitions and special drafts on the City Auditor prepared by the Business Manager and which cover all pay rolls, vouchers and other documents calling for the expenditure of money, each of which has been previously approved in writing by the Business Manager

as required under the provisions of Chapter 231 of the Acts of 1932.

ORDERED, That during the fiscal year 1948 the Chairman of the School Committee is hereby authorized to accept, enter into and execute on behalf of the School Committee, contracts for equipment, supplies and other items, each contract having been prepared by the Business Manager and previously approved by him in writing as required under the provisions of Chapter 231 of the Acts of 1932.

ORDERED, That during the current fiscal year the Business Manager is hereby authorized to employ such temporary assistance as may be required in his office and at the Supply Room, and at such compensation as he may deem advisable.

Mr. Muchnick: Are those appointments first submitted to this Committee?

Mr. White: For approval, yes.

Secretary: For temporary help, not always. Sometimes you need them in an emergency.

Business Manager: On temporary help you can't wait for a School Committee meeting. Lots of times you have to get a temporary person in a hurry. However, all permanent additions are submitted to the School Committee, Mr. Muchnick, but as a practical matter both Miss Kane's office, the Superintendent's department, and the Business Manager's office at various times during the year have emergency work.

Superintendent: It's only in an emergency.

Mr. Muchnick: I am frankly a little bit confused, but I can't see what would make such an immediate emergency on anything that you wouldn't know about more than a week or two in advance, even for temporary help.

Secretary: Well, Mr. Muchnick, in a school a clerk may become ill over the week-end, and her doctor may say that she is going to be out for a few days. The master will call Monday asking for help right away. All appointments are subject to Civil Service approval.

Mr. Muchnick: That's enough for me.

ORDERED, That the School Committee acknowledges the valuable assistance rendered by the Sealer of Weights and Measures in checking the weights of coal delivered by contractors in the several school buildings during the past year and hereby requests the Sealer of Weights and Measures to check the weights of coal to be delivered to the several school buildings during the current year.

ORDERED, That the contract for anthracite coal between the School Committee and the Snider Fuel Corporation, under date of June 10, 1947, and providing for the delivery of anthracite coal from June 16, 1947 to December

31, 1947, is hereby continued to June 15, 1948, as provided for in Section 1 of the contract.

ORDERED, That the contracts for semi-bituminous coal between the School Committee and the White Fuel Corporation and the Staples Coal Company, d/b/a City Fuel Company, under dates of June 10 and 13, 1947 respectively, and providing for the delivery of semi-bituminous coal from June 16, 1947 to December 31, 1947, are hereby continued to June 15, 1948, as provided for in Section 1 of the contracts.

Mr. Muchnick: I don't want to hold up preliminaries unnecessarily, but may I know what Section 1 of those contracts was in a rough way.

Business Manager: I will get a copy of a contract for you right away.

Chairman: Do you mind if the Secretary continues reading?

Mr. Muchnick: No.

ORDERED, That the contracts for heavy fuel oil between the School Committee and the Pennsylvania Oil Company and the Petroleum Heat and Power Company, under dates of June 13 and July 1, 1947 respectively, and providing for the delivery of oil from June 16, 1947 to December 31, 1947, are hereby continued to June 15, 1948, as provided for in Section 1 of the contracts.

ORDERED, That the contract for medium fuel oil between the School Committee and the Metropolitan Coal Company, under date of June 10, 1947, and providing for the delivery of oil from June 16, 1947, to December 31, 1947, is hereby continued to June 15, 1948, as provided for in Section 1 of the contract.

ORDERED, That the contract for light fuel oil between the School Committee and the Everett Fuel Company, under date of June 18, 1947, and providing for the delivery of oil from June 16, 1947, to December 31, 1947, is hereby continued to June 15, 1948, as provided for in Section 1 of the contract.

Mr. Muchnick. Mr. Chairman, in hearing these orders I am wondering why there were so many different fuel companies involved, whether this was out on bids, and whether or not if we had one big contract with one company we might not get lower bids for the entire contract if one company were able to handle it.

Business Manager: The city is split up into nine different districts—we ask for bids for nine different districts. We feel that we can get better prices that way. A particular coal company because of close proximity to a particular district might be interested in giving us a lower price.

We think it has been in the best interest of the city to do it that way.

Mr. Muchnick: Has it ever been given to one contractor?

Business Manager: I can only speak for the past year. In recent years it has always been split up.

Mr. Muchnick: It seems to me a company like the Batchelder Whittemore Company, or any other company, which delivers all over the city and Greater Boston could handle East Boston as well as Hyde Park and could give us a better price.

Chairman: I don't think so.

Business Manager: The invitation to bid is publicly advertised.

Mr. Muchnick: What I mean is, if it was all one contract, the nine districts lumped into one—I may be dead wrong on it, but I think it's worth trying.

Mr. McDevitt: Are all these different companies invited to bid?

Business Manager: Yes, it is publicly advertised, and the coal companies furthermore are notified.

Chairman: Let me ask you this question. Aren't all companies that are able to deliver in all districts given the right to bid on every district of the city?

Business Manager: Yes, they bid on every district.

Chairman: They submit different prices for different districts.

Business Manager: You probably differ with us.

Mr. Muchnick: I don't know. I don't differ at all.

Business Manager: It has been the thought of the previous business manager, and I thought too, that the best interest of the city is served by asking for bids for Brighton and for East Boston and so forth. Some of the bidders are smaller companies and are only interested in a local area and will cut the price to get that particular area.

Now Section 1, Mr. Muchnick, covers this:

"The undersigned offers to furnish and deliver in the bins of various school buildings—so forth and so on—such quantities of semi-bituminous coal as from time to time between June 16, 1947 and December 31, 1947 may be ordered by the School Committee. Deliveries will continue until June 15, 1948, provided sufficient appropriation is made therefor and the School Committee so orders."

Mr. Muchnick: And it will be re-advertised sometime in February or March?

Business Manager: It will be advertised in May.

Mr. Muchnick: Thank you.

Chairman: The Secretary will proceed with reading the orders.

ORDERED, That under the provisions of Chapter 231 of the Acts of 1932, the Assistant Business Manager, or in his absence, William J. Gorman, Chief Clerk, shall act as Business Manager during the current fiscal year, only during the time that the Business Manager is absent or otherwise unable to act, and shall, during

such time, exercise all the powers and perform all the duties of said Business Manager.

At the direction of the Chairman, the Secretary proceeded to call the roll on the ten orders submitted by the Business Manager and the ten orders passed by the following vote:

YEAS—Messrs. Foley, McDevitt, Muchnick, Ward, and White—5.

CITY OF BOSTON.

BOSTON HOUSING AUTHORITY.

PROPOSALS FOR ALTERATIONS FOR THE ADJUSTMENT OF FLOOR GRADES AT VETERANS' HOUSING DEVELOPMENT, COLUMBIA VILLAGE, DORCHESTER, MASS.

The City of Boston, acting by and through the Boston Housing Authority, in accordance with the provisions of chapter 372 of the Massachusetts Acts of 1946 as amended, office, Room 1220, 10 Post Office square, Boston, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for alterations for the adjustment of floor grades at veterans' housing development, Columbia Village, Dorchester district, Boston, Mass.

A bond will be required for doing the work of a surety company approved by the Boston Housing Authority in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 1220, 10 Post Office square, Boston. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Alterations for the Adjustment of Floor Grades at Veterans' Housing Development, Columbia Village, Dorchester District, Boston, Mass.," and left at Room 1220, 10 Post Office square, Boston, before 4.30 p. m. of February 5, 1948, with a certified check for 5 per cent of the amount of the proposal, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening of the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Boston Housing Authority to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Boston Housing Authority. The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of said contract. The undersigned reserves the right to reject any or all proposals or to award the contract as it deems best.

City of Boston, acting by and through Boston Housing Authority.

CORNELIUS P. CRONIN,
Chairman.
(Jan. 31.)

CITY OF BOSTON.

SUPPLY DEPARTMENT.

PROPOSALS FOR FURNISHING LEAD PIPE.

The Supply Department of the City of Boston invites proposals for furnishing lead pipe, on specifications, to be delivered in such quantities as required. The bidder must use the form of proposal to be obtained at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, and the successful bidder must furnish a bond for one half the total estimated amount of the bid with a surety company authorized to do business in Massachusetts as surety for the faithful performance of the contract. There will be a charge of twenty-five cents (\$.25) for each set of proposals. The bid, with a certified check for \$200, payable to and to become the property of the City of Boston if the proposal is not carried out, must be left at the office of the Superintendent of Supplies, Room 1001, City Hall Annex, before 12 m., Tuesday, February 10, 1948, at which time and place they will be publicly opened and read. A duplicate bid, without check, must be left at the office of the City Auditor prior to the time named for opening bids. Envelopes containing bids to be sealed and marked "Proposal for Lead Pipe." The Superintendent of Supplies reserves the right to accept or reject any or all proposals, or any part of a proposal, and to award the contract as he deems for the best interests of the city. All contracts made subject to appropriations to meet payments thereunder.

GEORGE ROBERT WHITE FUND.

INVITATIONS FOR PROPOSALS FOR ALTERATIONS AND ADDITIONS TO COLEMAN BUILDING, 151 AND 153 TREMONT STREET, BOSTON, MASS.

The Trustees of the George Robert White Fund, hereinafter referred to as the Awarding Authority, invite sealed proposals for alterations and additions to the Coleman Building, 151 and 153 Tremont street, Boston, Mass.

Proposals will be received until 12 o'clock noon, Friday, February 6, 1948, Eastern Standard Time, at the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass. Each copy of the proposal shall be properly filled out, signed, and enclosed in a sealed envelope plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the George Robert White Fund, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the George Robert White Fund, or a satisfactory bid bond executed by the bidder and a surety company in the amount of 5 per cent of the base proposal shall be submitted with each bid filed with the George Robert White Fund.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs, laborers, etc., in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts, a copy of which schedule is attached to the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under the contract.

Plans and specifications may be obtained at the office of the George Robert White Fund, Room 45, City Hall, Boston, Mass. A deposit of \$50 in cash or a certified check will be required for each set of plans and specifications, and this deposit will be returned to the bidders upon receipt of said plans and specifications in good condition by the George Robert White Fund.

Sub-bidders bidding on the work of sub-contractors shall use the proposal form obtainable from the Awarding Authority upon request.

All sub-bidders' proposals must be in the possession of the George Robert White Fund, and delivered or mailed to the general bidder not later than 12 o'clock noon, Eastern Standard Time, Wednesday, February 4, 1948.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the George Robert White Fund, or a satisfactory bid bond executed by the sub-bidder and a surety company shall be submitted by sub-bidders listed under Item 2 of the general contractor's bid form in not less than 5 per cent of the sub-bidder's bid price, and shall be submitted with each sub-bid.

Sub-bids will be taken on the following portions of the work:

A. Plumbing. B. Heating.

A performance bond, issued by a surety company satisfactory to the Awarding Authority in the full amount of the contract, will be required of the successful general contractor.

Information relating to the performance bonds of sub-contractors is set forth in the notice to sub-bidders.

The George Robert White Fund reserves the right to reject any or all bids of the general bidders and to waive any informalities in bidding, if it be in the public interest to do so. The George Robert White Fund also reserves the right to reject all bids of the sub-bidders on any item or items and to waive any informalities in the bidding, if such rejection or waiver be in conformance with section 44C of chapter 149 of the General Laws.

No bid of a general bidder shall be withdrawn prior to thirty (30) days from the opening of bids by the Awarding Authority, and no bid of a sub-bidder shall be withdrawn prior to thirty (30) days from the opening of bids without the consent of the Awarding Authority.

MAYOR CURLEY PRESENTS BUDGET RECOMMENDATIONS TO COUNCIL FOR 1948 — ASKS \$71,360,274.79 — THIS IS INCREASE OF APPROXIMATELY \$6,000,000 BUT IS \$8,000,000 BELOW WHAT DEPARTMENTS ESTIMATED TO TAKE CARE OF THEIR NEEDS—INCREASES DUE TO COST OF SNOW REMOVAL AND JUMPS IN SALARIES AND HOURLY REGULATIONS FOR WORK ESTABLISHED BY 1947 LEGISLATURE AND POPULAR REFERENDA AS WELL AS HIGH COSTS OF EQUIPMENT TO BRING DEPARTMENTS UP TO STANDARDS OF SAFETY AND EFFICIENCY BOSTON CITIZENS REQUIRE.

The following is the estimate of budgetary needs for Boston for 1948 as presented to the City Council on Monday, February 2:

To the City Council.

GENTLEMEN,—In compliance with section 3 of the Amended City Charter, I submit herewith my budget recommendations in full segregated form for the fiscal year 1948.

These recommendations cover three main appropriation divisions, namely, City Maintenance, County Maintenance, and Revenue Departments and Accounts. The appropriations recommended for the first two divisions will be included in the computation of the tax rate by the Board of Assessors, while the appropriations for the last division will be met from the income received by the several revenue divisions of the city.

The grand total of the recommendations for the year 1948, including \$1,250,000, the amount already appropriated by your Honorable Body for Snow Removal, is \$71,360,274.79. This amount represents an increase of \$6,240,711.89 over the total of similar budget recommendations for 1947. The following table indicates in comparative form the appropriations by divisions for this year and last.

	1947.	1948.
CITY MAINTENANCE . . .	\$57,291,444 66	\$63,358,705 64
COUNTY MAINTENANCE . .	4,511,229 16	4,620,399 81
TOTAL	\$61,802,673 82	\$67,979,105 45
REVENUE DEPARTMENTS AND ACCOUNTS	3,316,889 08	3,381,169 34
GRAND TOTAL	\$65,119,562 90	\$71,360,274 79

The following detailed explanations are offered in connection with the three groups in question.

City Maintenance.

The allowances recommended for City Maintenance total \$63,358,705.64. This total represents a reduction of \$8,506,807.09 in the estimates as originally submitted by department officials, and is \$6,067,260.98 more than the total of appropriation recommendations submitted in 1947.

An analysis of this increase reveals that approximately 90 per cent is centered in the following budget divisions:

Fire Department.....	\$1,051,707 04
Hospital Department and Sanatorium Division,	1,396,792 84
Public Welfare Department.....	1,117,544 92
Police Department.....	814,825 42
Long Island Hospital and Child Welfare Division,	118,208 29
Department of Veterans' Services.....	219,707 70
Snow Removal.....	850,000 00
Total.....	\$5,568,786 21

Legislative Action.

The increases generally in the Police and Fire Departments are necessary because of referendum of the people, or legislative enactments by their duly elected representatives in the General Court, and are listed as follows:

- (1) Forty-eight-hour week for firemen.
- (2) Day off in six for policemen.
- (3) Increase in minimum and maximum salaries for members of the Police Department.
- (4) The subsequent similar increase in minimum and maximum salaries for members of the Fire Department to equalize with the Police Department.
- (5) Increased pension costs.
- (6) The increased cost of uniforms and personal equipment of the added personnel in both the Fire and Police Departments due to the adoption of the 48-hour week for firemen, and a day off in six for policemen.

The increases in the Hospital Department, Sanatorium Division, Long Island Hospital, and the Child Welfare Division, are due, in part, to the establishment of the 40-hour week, which, while general throughout the city, affects these departments perhaps more than any other, because they are on a seven-day twenty-four hour basis. In addition, the rise in cost of food, fuel and medical supplies and equipment adds necessarily to the increases in appropriations for these departments.

The increases in allotments for recipients authorized by the state, and the rise in case-loads, makes necessary these substantial increases in the appropriations for the Public Welfare and Veterans' Services Departments.

An appropriation of \$1,250,000 for Snow Removal has already been approved by your Honorable Body. This is an increase of \$850,000 over similar appropriations for last year. We are all aware of the fact that the snowstorms of the present winter have been record breaking, and whether or not this appropriation will be sufficient is not easy to determine. Usually February, from past experience, is a high snow month, and if this February lives up to its past record, it is possible that this appropriation may have to be increased.

The balance of the increase for City Maintenance, amounting to \$498,474.77, is divided among the remaining budget divisions of the city, and provides for step-rate increases, additional employees necessary because of the 40-hour week law, and the rising cost for Contractual Services, Supplies, Equipment, Materials, and all other commodities necessary for the proper operation of the various city departments.

The following tabulation indicates by budget groups the difference between the appropriations of last year and the allowances of the current year.

TWO-YEAR BUDGET COMPARISON.

City Maintenance.

	1947 Appropriations.	1948 Allowances.	Increase.
A. Personal Service.....	\$29,699,586 77	\$32,861,512 52	\$3,164,925 75
B. Contractual Services...	6,214,313 57	6,511,142 39	296,828 82
C. Equipment.....	1,151,114 35	1,314,714 00	163,599 65
D. Supplies.....	3,685,203 39	4,155,373 07	470,169 68
E. Materials.....	435,536 00	530,187 50	94,651 50
F. Special Items.....	12,797,541 99	14,338,960 84	1,541,418 85
G. Incidentals.....	17,195 00	16,605 00	590 00*
Snow Removal.....	400,000 00	1,250,000 00	850,000 00
Special Appropriations....	2,890,953 59	2,377,210 32	513,743 27*
Totals.....	\$57,291,444 66	\$63,358,705 64	\$6,067,260 98

* Decrease.

County Maintenance.

The allowances recommended for County Maintenance total \$4,620,399.81. This total represents a reduction of \$501,260.67 in the estimates as originally submitted by county officials, and is \$109,170.65 more than the total of the appropriations submitted in 1947.

The following table indicates in comparative form the main points of difference between last year's appropriations and allowances recommended for the current year for County Maintenance.

TWO-YEAR BUDGET COMPARISON.

County Maintenance.

	1947 Appropriations.	1948 Allowances.	Increase.
A. Personal Service.....	\$3,221,908 38	\$3,288,491 75	\$66,583 37
B. Contractual Services...	619,211 00	650,961 18	31,750 18
C. Equipment.....	82,488 14	91,443 35	8,955 21
D. Supplies.....	335,904 80	422,090 00	86,185 20
E. Materials.....	30,659 64	28,630 00	2,029 64*
F. Special Items.....	75,557 20	71,783 53	3,773 67*
Special Appropriations....	145,500 00	67,000 00	78,500 00*
Totals.....	\$4,511,229 16	\$4,620,399 81	\$109,170 65

* Decrease.

The increase in County Maintenance provides for current step-rate increases authorized under the County Compensation and Classification Plan; the additional amount necessary to provide for statutory increases granted to county officials and employees last year by the General Court; the 40-hour week law in a smaller degree than the city departments; and the rising cost for Contractual Services, Supplies, Equipment, Materials, and all other commodities necessary for the proper operation of the various county departments and institutions.

Revenue Departments and Accounts.

The following table indicates in comparative form the main points of difference between last year's appropriations and the allowances recommended for the current year for Revenue Departments and Accounts.

TWO-YEAR BUDGET COMPARISON.
Revenue Departments and Accounts.

	1947 Appropriations.	1948 Allowances.	Increase.
A. Personal Service.....	\$1,797,173 05	\$1,804,383 25	\$7,210 20
B. Contractual Services..	566,873 14	589,551 40	22,678 26
C. Equipment.....	120,340 00	99,670 40	20,669 60*
D. Supplies.....	61,354 75	64,465 00	3,110 25
E. Materials.....	280,655 50	297,835 50	17,180 00
F. Special Items.....	54,034 64	45,263 79	8,770 85*
Special Appropriations....	436,458 00	480,000 00	43,542 00
Totals.....	\$3,316,889 08	\$3,381,169 34	\$64,280 26

* Decrease.

The above increase is due mainly to the increased cost of commodities and equipment, and the increase in the State-Boston Retirement System Pension Fund.

As previously stated, the appropriations for the Revenue Departments and Accounts will be met from the income received by them.

I respectfully recommend the adoption of the budget as submitted after early consideration by your Honorable Body.

Very truly yours,

JAMES M. CURLEY, Mayor.

CIRCULAR LETTER NO. 2.

CITY OF BOSTON,

MAYOR'S OFFICE, January 28, 1948.

To the Heads of Departments.

GENTLEMEN,—The expenditure for city documents for all city departments last year was \$31,600, and a like amount is being requested for 1948.

There is no way of justifying the expenditure of this sum of money and I have accordingly reduced the total by one half as the printing and issuance of documents every week or month is absolutely unnecessary since few, if any, of the documents are read in their entirety.

One annual report covering all departments of the city should be sufficient, and in these annual reports it is well to confine the same to the outstanding achievements in the conduct of departmental activity since the tables and tabulations which are contained in documents now issued represent an excessive cost for setting up and printing.

Respectfully,

JAMES M. CURLEY, Mayor.

MAYOR CURLEY IN RADIO BROADCAST OVER STATION WMEX EXPLAINS TO CITIZENS THE NECESSITIES WHICH COMPEL THE JUMP IN BUDGET OF \$6,250,712 OVER FIGURES FOR 1947—ALSO POINTS TO CUTS OF \$8,506,807 IN ESTIMATES BY DEPARTMENT HEADS AS NEEDED FOR 1948—POINTS OUT FACT ONLY 10 PER CENT OF ESTIMATES ARE UNDER HIS CONTROL WHILE 90 PER CENT ARE BEYOND HIS JURISDICTION—NAMES AS FACTORS IN INCREASE HIGHER COSTS OF MATERIAL AND EQUIPMENT, SALARY AND HOURLY BOOSTS FOR FIREMEN, POLICEMEN AND SCHOOL TEACHERS WITH NO LEGISLATIVE PROVISION TO CARE FOR THESE.

In his remarks over Station WMEX on Monday, February 2, Mayor Curley spoke as follows:

The Budget for 1948 was submitted this day to the City Council for action. The amount allowed was \$8,506,807 less than the estimates as made by the Municipal Departments. The final amount allowed is \$71,360,274.79, which is \$6,250,712 more than was appropriated in 1947.

The increase in the appropriations under the control of the Mayor represents but 10 per cent of the total increase. Increases beyond the control of the Mayor represent a total of 90 per cent and these increases were due largely, as in the case of the Fire Department which increased \$1,051,707, to the establishment of the 48-hour week for firemen, which was decreased from an 84-hour week, and which made necessary the appointment of 600 additional firemen and the promotion of some 50 officers in addition to the purchasing of uniforms and equipment.

The day off in six for policemen will represent in 1948 an increased cost of \$814,825, and this measure which was adopted by the Legislature made necessary the employment of 125 additional police officers. The city was also obliged to increase the minimum and maximum salaries for members of the Police Department, which made necessary the adoption of similar salary increases for members of the Fire Department. The adoption of a change in the pensionable status for members of the Police and Fire Departments, under which veterans who had been in the employ of the departments for a period of 10 years could be retired on physical disability, with a pension equal to two-thirds of the salary which they had been receiving, was another measure which placed a burden on the city.

There were increases in the Hospital Department, the Sanatorium Division, at Long Island, and the Child Welfare Division, due to the establishment of the 40-hour week as against the previous 7-day week where employees were subject to a 24-hour call basis. In addition, all of these institutions required increases in appropriations due to the advance in cost of food, fuel, medical supplies and equipment.

Snow Removal Costs Heavy.

Due to the excessive snowstorms in the latter part of December and through January, it has been necessary to expend an additional \$850,000 or making a grand total of \$5,568,786. The balance of the increase for City Maintenance, amounting to \$498,474, is divided among the remaining budget divisions of the city and provides for step-rate increases, additional employees necessary because of the 40-hour week law, and the rising cost for contractual services, supplies, equipment, materials, and all other commodities necessary for the proper operation of the various city departments.

Despite the practice of the strictest character of economies due to agencies and actions beyond the control of city officials, the indications are that the budget without the appropriations for the School Department will be nearly \$6,250,712, in excess of what was expended in 1947. It must be apparent to everyone that there is an absolute and vital need for an awakening on the part of the public, so that they may become more tax-conscious, not only in Boston but in every city and town in the entire Commonwealth. It must likewise be apparent that a closer relationship must be established between the public and their public officials at the State House, to the end that whenever burdens are imposed by the Legislature on the cities and towns of the Commonwealth, that provision be made in the legislation for the reimbursement of the cities and towns or for revenue-producing legislation to offset the burdens imposed.

In the past, it has been possible to estimate 4 per cent of the annual pay roll as a possible saving due to deaths, resignations, and withdrawals in pensions. But this no longer obtains for the reason that the 40-hour week makes necessary the continued employment of all persons at present on the pay roll and makes necessary the employment of additional personnel for the various departments where their services may be required as a consequence of the reduction of the working hours of the week.

State Budget Comparisons.

A comparison between the budget of the City of Boston and the budget of the Commonwealth of Massachusetts in the years from 1935 to the present time discloses the fact that:

MASSACHUSETTS STATE BUDGET.

1935 Budget Total — JAMES M. CURLEY, Governor, So-called "Balloon Budget".....	\$61,149,530 59
1936 Budget Total — JAMES M. CURLEY, Governor, So-called "Zeppelin Budget".....	\$69,162,710 69
1937 Budget Total — CHARLES F. HURLEY, Governor, So-called "Super-Zeppelin Budget"....	\$71,452,961 74
1939 Budget Total — LEVERETT SALTONSTALL, Governor, So-called "Real Reformers' Budget".....	\$95,000,000 00
1948 Budget Total — ROBERT F. BRADFORD, Governor, this must be a "Stratospheric Budget".....	\$208,014,579 00

CITY OF BOSTON.

1935 — FREDERICK W. MANSFIELD, *Mayor*.

Total Amount to be Raised by Taxation, \$61,050,000.
(Note that this amount for Boston is almost identical with the amount of the state budget in 1935 when James Michael Curley was Governor of Massachusetts.)

1947 — JAMES M. CURLEY, *Mayor*.

Total Amount to be Raised by Taxation,
\$72,996,380.85.

From 1935 to 1947, the total amount to be raised by taxation for Boston increased less than \$12,000,000, while in the period between 1935 and 1948 the state budget has increased almost \$147,000,000.

It will be noted from these figures that the State budget under Curley in 1935, which was \$61,149,530, and designated as a "Balloon Budget," has risen in the short period to 1948 to a "Stratospheric Budget" of \$208,014,579, or an increase of 230 per cent. The amount to be raised by taxation in Boston in 1935 under Mansfield was \$61,050,000, and under Curley in 1947 was \$72,996,380, or an increase of but 20 per cent as contrasted with an increase of 230 per cent in the state budget, or an increase in actual dollars of approximately \$12,000,000, in Boston as against an increase of \$147,000,000, by the state.

Various methods have been designated for the relief of the cities and towns of the Commonwealth, and apparently the most acceptable and feasible method is that of increasing the net income of foreign and domestic business corporations. It would be no burden on the foreign and domestic corporations doing business in Massachusetts to pay a reasonable increase in this tax for the reason that in 1947 a refund of \$350,000,000 was granted them through the repeal of the excess profits tax by the Federal Government. It must further be understood that any moneys paid by them in the form of state income tax is deductible from the Federal Income Tax. The adoption of this increase as proposed, from 5½ per cent to 10 per cent would represent an additional return to the Commonwealth of approximately \$33,000,000.

How to Offset Rate Jumps.

The distribution of this money direct to the cities and towns of the Commonwealth would make unnecessary an increase in the tax rate of every city and town in the state. It will provide the necessary increases to meet the increased cost of public welfare, as it applies to Mothers' Aid, Old Age Assistance, and Aid to Dependent Children, and it would likewise provide the money to meet the increasing cost of commodities of every character. It would pay for the additional personnel that it is necessary to employ in the hospitals and institutions of the municipality

and in the public services as well, due to the adoption of the 40-hour week law for persons in the employ of the municipality.

This money would also provide the funds necessary to meet the increased costs of education and provide sufficient revenue to make possible reasonable increases in the wages of city and town employees throughout the state who are experiencing extreme difficulty living on their present wages.

The other two alternatives suggested are an occupational pay roll tax which netted the City of Philadelphia the sum of \$25,000,000 in 1947. This occupational tax, in the event that it is applied to every city and town in the state, would make unnecessary a constitutional convention, the approval of two successive legislatures, and the approval on referendum vote and could be adopted at once.

The third alternative, which was rejected almost unanimously by the Legislature in 1947, is what is known as the 2 per cent sales tax and this would add to the burden of the already overburdened householder in every portion of the state, so that all things considered, the Corporation Tax would be the least objectionable and would benefit everyone. It can and it should be adopted. It can be adopted if you who are listening in will do your part. Contact the senators and representatives in the General Court from your district and induce them to vote in favor of the adoption of this measure for the relief of your family and every family in the Commonwealth as well as for the relief of all the cities and towns. This measure comes up for consideration before the Committee on Taxation at the State House on March 18, and it would be advisable for everyone listening in who can afford the time, to go there and voice their demands for its enactment which, in the event that it is adopted would mean so much to them.

It must be understood that the corporations are no mean power to contend with. They are powerful and abundantly supplied with money. They will utilize the press and every possible form of publicity and pressure to prevent any inroads being made in the present law. However, they represent but about 10 per cent of the electorate of the state, while the citizenship of the state represents 90 per cent, and what is acceptable and beneficial to the vast majority should be our prime consideration.

We can secure the adoption of this vital legislation, the enactment of which means so much for the welfare of all the people and which is already in operation in many states of the Union, provided everyone will do his part for the good of the Commonwealth, for the good of the cities and towns of the Commonwealth, and for the good of all the distressed people of the Commonwealth.

Let us stand together, work together, and fight together, until success crowns our efforts.

MAYOR REFUTES STATEMENT ON INCREASES IN VALUATION OF CITY PROPERTIES.

The statement appearing in the press with reference to increases in valuation of properties in Boston amounting to \$500,000,000, and also increases in valuation of apartment blocks and residential property, is without foundation.

The question of increasing valuation on apartment house properties in Boston was discussed with the Apartment House

Association and the Chairman of the Assessing Board, and an agreement was arrived at that there would be no increase in the valuation of these properties unless they increased rentals.

In the case of small homes I have made it a practice for 15 years never to increase the valuation of the same, because in my judgment it would be penalizing thrifty, hard-working people, interested in owning and maintaining a home.

In the matter of revenue to offset the increased costs of conducting the activities of the city, for 90 per cent of which the

Mayor and the city government are not responsible, I have sufficient faith in the intelligence of his Excellency the Governor and the Legislature to believe that they will shortly recognize the wisdom of increasing the corporation tax from the present figure of 5½ per cent to 10 per cent, and if this is done the additional 4½ per cent will show an increase of income to the state of \$33,000,000, and if distributed upon a valuation basis to the cities and towns it would mean sufficient income to the city to make unnecessary a further increase in the tax rate.

MAYOR CURLEY TAKES PROBLEMS OF TAX BURDENS OF CITIES AND TOWNS TO MUNICIPALITIES THEMSELVES—OVER STATION WLAW HE EXPLAINS PART LEGISLATURE HAS PLAYED IN BRINGING ABOUT CONDITIONS AND ASKS ALL CITIZENS TO CONTACT THEIR REPRESENTATIVES IN GENERAL COURT AND ASK FOR LEGISLATION TO REMEDY CONDITIONS—PROPOSES INCREASED CORPORATION TAX OR PAYROLL TAX AS SIMPLEST OF PLANS.

The following are the remarks of Mayor James M. Curley, over Station WLAW on Saturday, January 31:

The residents of cities comprise over 56 per cent of the population of the nation. An analysis of the annual income of the various occupational groups in the country readily discloses the fact that the urban 56 per cent of the population produces approximately 73 per cent of the nation's annual income. Although almost three-fourths of the national income is produced within the corporate limits of our cities and towns, the taxes payable on that income have gone largely and increasingly to the federal and state governments.

According to the census bureau, between the years 1932 and 1941, federal revenues increased 313 per cent and state revenues 138 per cent, while the revenues of cities increased only 2½ per cent. Despite this negligible increase in income, the financial burdens on cities have steadily increased. Every type of municipal cost has risen along with the universal rise in prices. Because of its restricted revenue base a city has only one outlet for advancing costs, namely, higher tax rates.

Disturbed by the rise which has taken place in municipal tax rates in the past two decades, certain self-righteous critics have labeled the whole municipal financial structure as wasteful and extravagant, and have given scant consideration to the fact that the major growth which has taken place in municipal expenditures during the present century has been occasioned largely by factors beyond the control of the administrative officials of our cities.

STATE ASSISTANCE MEANS?

What a well-devised program for state assistance can mean to local communities is set forth in the budget recommendations submitted in 1946 by Governor Dewey to the State Legislature. In the budget, 55 per cent of state revenues have been allocated for financing assistance to local communities. This portion of the state budget totals \$371,000,000, or an increase of \$64,000,000 over similar assistance provided last year. Over 80 per cent of this increase has been set aside for welfare assistance to cities and towns. One of the items in this welfare program is of special significance. Twenty-two million dollars has been allocated to enable the state department to make quarterly advance grants to municipalities.

Up to the present time, New York, like Massachusetts, has been content to reimburse municipalities long after they had actually paid out welfare funds. Under the new system, municipalities will receive state funds in advance of actual expenditures and will account for the ex-

penditures at a later date. In his budget message, Governor Dewey made this interesting comment on the new procedure: "It will improve our welfare assistance practice and make state assistance available to municipalities to the end that they do not have to borrow or otherwise finance the state's share of relief and other welfare payments."

In commenting on the fiscal relations between the state and its municipalities, Governor Dewey made the following observations in his budget message: "It is proper that the welfare of the local governments should be a prime concern of the state. However, this concern must not be carried to a point where it would weaken local initiative and responsibility. The major share of financing local functions must continue to be provided by the local communities themselves—if the taxing powers of the localities are not sufficient to enable them to take care of their special needs these powers should be broadened."

BLAME ON LEGISLATURE.

The increased cost of conducting the activities of the city is due to the liberality of the Legislature, and to the increase in the cost of living, making necessary increased wages. Added to this was the adoption, by referendum vote of the people, of the 48-hour week for the firemen; the adoption by the Legislature of "one-day-off-in-six" for policemen; the increase in the minimum and maximum wage for nurses and attendants at the Boston City Hospital; the making general of an increase of \$200 in the salary of the employees of the city which was given to all employees during the war under the name of Emergency Compensation Allotment; and in addition, another \$200 salary increase granted to the 18,000 city employees, which amounted to \$2,600,000; the increase in school teachers' salaries authorized by the Legislature, in the amount of \$1,600,000; the equalization of salaries for school teachers, and the forty-hour-week for city employees.

These various items adopted during the past year, over which I had but very limited control, plus the raising of the salaries of the Fire Department to conform with that received by the Police Department, represented a total increase in the cost of conducting the affairs of the city of \$7,500,000 for the year 1947.

The Special Acts of the Legislature, plus referendums, will represent a total increase in the budget for 1948 of \$7,330,000.

I have asked the Legislature to cease burdening the City of Boston with addi-

tional liberal measures calling for the expenditure of vast sums of money, unless provision is made by the state—either for reimbursement or for authority from the state to initiate revenue-producing legislation.

Every city and town in the nation is in substantially the same position, to a large extent, that Boston is in today. Various panaceas for the evils which afflict the cities and towns have been considered. The experience of His Excellency the Governor with the 2 per cent sales tax last year (which met with general opposition as it does everywhere) leaves no possible chance for consideration of this method of providing funds.

ALTERNATIVES OFFERED.

There are, however, two alternatives.

First, an increase in the corporation tax from the present 5½ per cent to 10 per cent, which, if distributed to the cities and towns upon a basis of valuation, would be almost sufficient to offset any increase in the tax rate of Boston and other communities in the Commonwealth this year.

In view of the fact that the federal government granted a \$350,000,000 refund to the corporations in 1947, and in view of the added fact that monies paid on state income tax are deductible on federal taxes, it appears the least objectionable.

The second alternative is a withholding payroll tax of 1 per cent which is now in operation in many cities throughout the nation, Philadelphia being a notable example. The payroll withholding tax last year netted the city of Philadelphia \$25,000,000. In view of the fact that a number of persons, 25 per cent in excess of the present population of Boston, derive their livelihood in the city, it would appear but fair that they pay their proportionate share of the cost of maintaining the Police, Fire, Water, Sewerage and Lighting Departments and other advantages which they enjoy and to which they contribute nothing.

In the case of Boston as applied on a basis of valuation, this would net the city in the neighborhood of \$12,000,000, or make possible the meeting of all our obligations in 1948 that have been imposed on the city, either by the Legislature or referendum votes of the people, or due to the increased costs of commodities of every character. In addition it would make possible a reduction in the tax rate for 1948.

It is possible to secure one of these two measures, so essential to the welfare of everyone of the 351 municipalities of the state, provided every person listening in would present the facts to their senators and representatives in the General Court and induce them to support those measures so vitally essential to the well-being of every inhabitant in the entire Commonwealth.

OLD AGE ASSISTANCE IN BOSTON.

The number of persons and the amount paid out under Old Age Assistance for the year 1947 in the City of Boston was \$6,086,898.

It is estimated that for 1948 the total will exceed \$7,000,000.

The number of persons receiving Old Age Assistance is 16,665, making an increase of nearly 1,500 cases since 1947.

The average grant as given now per person is \$56 per month.

MAYOR CURLEY CONDOLES WITH FAMILY OVER DEATH OF EX-GOVERNOR BRANN.

Mayor James M. Curley on Tuesday, February 3, issued the following statement:

I have been greatly grieved and distressed to learn of the sudden death this morning, at his home, 629 Foreside road, Portland, of my friend over the years, the Hon. Louis J. Brann, former Governor of Maine.

Governor Brann, in addition to his law offices in his native Pine Tree State, was associated, here in Boston, with the firm of Ely, Bradford, Bartlett, Thompson & Brown, at 49 Federal street.

In his passing, Maine has lost a first citizen—the only Democrat to be elected Governor of that state since the Civil War. I had the pleasure of stumping Maine with him and for him in his successful campaigns. He was first elected in 1932, and was reelected in 1934.

The loss of Governor Brann to Maine is also a loss to the nation and to Boston and Massachusetts. He was a most able lawyer, a born public executive, a loyal friend of the people, and a truly great New England character.

To his widow and three daughters, in their home in Portland, I extend my heartfelt sympathy. May God comfort them and bless them in their sorrow and bereavement, and may He give them the strength and fortitude to sustain them in their tragic trial.

DISTINGUISHED FOREIGN GUESTS TO VISIT BOSTON.

The following letter was, on February 2, received by his Honor the Mayor from the United States Conference of Mayors:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MAYOR.—The cities of Holland are to be represented at our Annual Conference by a distinguished delegation including the following:

Dr. P. J. Oud, Burgomaster of Rotterdam; Hon. C. G. Matser, Burgomaster of Arnheim; Hon. H. Arkema, Head-Director of Union of Dutch Municipalities, The Hague; Mr. G. van Hus, Secretary to Mr. Oud.

The Dutch Embassy here in Washington is anxious for the delegation to visit a few cities following the conference, and the Ambassador has made tentative plans for the delegation to come to Boston on Thursday, February 19.

The Mayor of Rotterdam particularly is interested in port, harbor and shipping developments, as Rotterdam is one of the major ports of the world. I should appreciate anything you can do to make the visit of these officials to Boston informative when the Dutch Consul gets in touch with you, since they are our guests while here in this country.

With best personal wishes always, I am

Yours sincerely,

PAUL V. BETTERS,
Executive Director.

RETIREMENT BOARD REPORT.

To the Auditor.

At meetings of the Boston Retirement Board, held on the following dates, January 15 and January 23, the retirement from active service of the following-named employees under the provisions of chapter 521 of the Acts of 1922

(Boston Retirement Act) was approved to become effective at the close of business, January 31, 1948:

INSTITUTIONS DEPARTMENT.

Catherine M. Devlin, attendant, salary at time of retirement \$1,500 a year.

POLICE DEPARTMENT.

Stephen J. Donovan, patrolman, salary at time of retirement \$3,000 a year.

PUBLIC BUILDINGS DEPARTMENT.

Elizabeth Carey, cleaner, salary at time of retirement \$1,440 a year.

PUBLIC WORKS DEPARTMENT.

William F. Coffey, laborer, salary at time of retirement \$2,025 a year.

Thomas B. Lennon, laborer, salary at time of retirement \$2,025 a year.

SCHOOL DEPARTMENT.

Ernest G. Hapgood, master, salary at time of retirement \$6,200 a year.

Attest:

W. J. DOYLE, *Chairman.*

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

BOSTON HOUSING AUTHORITY.

On January 9 the Mayor approved a contract with Construction Units, Inc., for veterans' housing development on the North Side of River street in the Mattapan district of the City of Boston. Bids, opened January 5, were as follows:

Allied Engineering Corporation, \$485,800; Construction Units, Inc., \$453,203; Grande & Sons, \$498,864; M. S. Kelliher Company, \$498,412; Park Construction Company, \$487,000; Platt Construction Company, \$482,400; J. A. Singarella Company, \$496,250; S. Volpe & Co., \$485,000.

FIRE DEPARTMENT.

Upon January 28 the Mayor approved a contract in accordance with the request contained in the following letter:

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—On Friday, January 23, 1948, proposals were received and opened at the office of the Fire Commissioner at 12 noon, for doing the laundry work of the Fire Department for the year 1948, in accordance with an advertisement in the *City Record* of January 17, 1948. The proposals were as follows:

Sheets.—Merchants Towel Supply & Laundry Company, Inc., 5½ cents each; Elk Laundry, Inc., 5 cents each.

Pillow Slips.—Merchants Towel Supply & Laundry Company, Inc., 2½ cents each; Elk Laundry, Inc., 3 cents each.

Towels.—Merchants Towel Supply & Laundry Company, Inc., 2 cents each; Elk Laundry, Inc., 2 cents each.

Bed Spreads.—Merchants Towel Supply & Laundry Company, Inc., 8 cents each; Elk Laundry, Inc., 8 cents each.

Blankets.—Merchants Towel Supply & Laundry Company, Inc., 25 cents each; Elk Laundry, Inc., 25 cents each.

Based on the estimated quantity of work for the year the approximate total

CONTRACTS AWARDED.

(Continued from page 129.)

of the foregoing bids are as follows: Elk Laundry, Inc., \$6,406; Merchants Towel Supply & Laundry Company, Inc., \$6,436.

The estimated work to be done for the Fire Department is as follows: sheets, 6,000 per month; pillow slips, 5,500 per month; towels, 2,000 per month; bed spreads, 100 per month; blankets, 1,000 annually.

The price of the lowest bidder for laundering sheets is 1 cent less in cost per sheet than in 1947. However, there will be an increase in the amount of the contract over the previous two years principally because of the fact that there will be more laundry work to be done on account of the increase in personnel in the Fire Department.

Subject to your Honor's approval the contract for doing the laundry work of the Fire Department for the year 1948 will be awarded to the Elk Laundry, Inc., 90 Kemble street, Boston 19, Mass., at the foregoing prices.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

Sanatorium Division.

Upon January 2 the Mayor approved a contract with M. Solimando for installation of new elevator and new hot water piping at the Sanatorium Division. Bids, opened December 5, were as follows:

The price of M. Solimando, \$50,945, is their bid price of \$51,934, less alternate No. 8 amounting to \$989, or a sum total of \$50,945.

PUBLIC WORKS DEPARTMENT.

Upon January 28 the Mayor approved a contract with Construction Units, Inc., for earth excavation and refilling to assist the Water Division employees to install, regulate or repair Water Division structures, etc., in City Proper, South Boston, East Boston, Charlestown, and Roxbury districts, at an estimated cost of \$58,835.

The work contemplated in the contract is to be completed on or before December 31, 1948.

The following bids were received January 19:

Construction Units, Inc., \$58,835; Appel & O'Toole Company, \$65,250; Joseph Botti & Son, \$69,250.

Upon January 28 the Mayor approved a contract with Edward X. Taaffee for earth excavation and refilling to allow Water Division employees to install, regulate or repair Water Division structures; also for the installation of wooden boxes and establishing of post hydrants in the Brighton district, at an estimated cost of \$17,787.50.

The proposal of R. W. Balam has been rejected because he failed to submit a price on Item No. 6 in the duplicate proposal filed with the City Auditor.

The work contemplated in the contract is to be completed on or before December 31, 1948.

The following bids were received January 9:

R. W. Balam, \$16,362; Edward X. Taaffe, \$17,787.50; Joseph Capone & Son, \$18,375; Joseph Botti & Son, \$21,250.

Upon January 28 the Mayor approved a contract with Appel & O'Toole Company for earth excavation and refilling to assist Water Division employees to install, regulate or repair Water Division structures and other incidental work in the Dorchester district, at an estimated cost of \$37,575.

The work contemplated in the contract is to be completed on or before December 31, 1948.

The following bids were received January 19:

Appel & O'Toole Company, \$37,575; Joseph Capone and Son, \$42,680; Construction Units, Inc., \$43,220; Joseph Botti and Son, \$43,355.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, commercial houses and contractors for furnishing labor, supplies, etc. Communications from the heads of the various departments interested were as follows:

PUBLIC BUILDINGS DEPARTMENT.

BOSTON, January 26, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Your permission is respectfully requested for this depart-

ment to dispense with advertising and to enter into a contract with the Lawyers Building Corporation whereby said corporation will lease the entire tenth floor of the Lawyers Building, 11 Beacon street, Boston Proper, for the term of one year beginning January 1, 1948, at the annual rental of \$19,000, for the purpose of providing suitable quarters for the Law Department.

The Law Department has occupied quarters in the Lawyers Building, 11 Beacon street, continuously since 1924. At the present time there are no available and suitable quarters obtainable for occupancy by the Law Department in city-owned property or within the immediate vicinity of City Hall, the Court House and other public buildings.

Very truly yours,

JAMES E. SULLIVAN,
Superintendent of Public Buildings.

SUPPLY DEPARTMENT.

BOSTON, January 2, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—Under date of October 16, 1947, bids were publicly opened and read in this office on proposals for furnishing automotive maintenance equipment for the various city departments. Item 19 of this proposal called for five two-ton chassis with catch-basin cleaners, as per specifications. On this particular item a recommendation was asked for from the Public Works Commissioner and in concurrence with his findings, I would respectfully ask that permission be granted to award contracts on this particular item as follows:

To the Clark-Wilcox Company, 118 Western avenue, Allston, Mass., three Netco catch-basin cleaners, mounted on two-ton Ford trucks, as per specifications, at a price of \$8,939 each, less a trade-in allowance, for three old trucks turned in, of \$600 each, making net amount of contract \$25,017 for three units.

To the Field Machinery Company, 300 Binney street, Cambridge, Mass., two Model H-2 Hydro-Crane catch-basin cleaners, mounted on two-ton Ford trucks, as per specification, at a price of \$7,884 each, less a deduction of \$69 excise tax, less an allowance of \$500 each on two old trucks turned in, making a total amount of contract of \$14,630 for the two units.

I am enclosing copy of recommendation received from the Public Works Commissioner concerning these purchases.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On July 21, 1947, an order was placed with the Cote Motor Company for furnishing to the Traffic Commission one 4-door Ford sedan at a net price of \$949.16. This order was placed with the customary escalator clause, namely, that the final price shall be that in effect at time of delivery. This car was recently delivered at a price that has advanced in the interim to \$1,068.34.

In view of the above, I would respectfully request that permission be granted me to issue a corrected order to the Cote Motor Company for furnishing one Ford sedan to the Traffic Commission at a price of \$1,068.34 delivered.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, January 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to award a contract, without public advertisement, to the Mack Motor Truck Company for five Cardox units furnished and installed at a cost of \$2,279.25 each unit.

This quotation was submitted on detailed specifications received from the Fire Department. The hose wagons in which these units will be used now are being manufactured by the Mack Motor Truck Company and, in my opinion, no advantage would be gained by public advertisement for bids.

Total amount of contract \$11,396.25.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

MUNICIPAL COURT, CHARLESTOWN
DISTRICT.

BOSTON, January 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Under the provisions of chapter 156 of the Acts of 1939, it is respectfully requested that advertising be dispensed with for the budget items of this court as listed below for the reasons set forth.

B-4, Transportation of Persons. This covers commitment of persons by the Court Officer to Charles Street Jail, House of Correction at Deer Island, and occasionally to the State Hospital at Mattapan.

D-1, Office Supplies. This includes cost of U. S. postage; balance of account includes cost of all printing, docket sheets, forms, office supplies, etc.

Respectfully yours,

JAMES J. MULLEN, *Clerk.*

BOSTON, January 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

In Re Transportation of Prisoners.

DEAR MR. MAYOR,—Please be advised that I have given the contract for the transportation of prisoners to and from this court to Mr. Daniel A. Wiles, of 3 Dexter row, Charlestown, Mass., effective January 1, 1948, subject to your approval.

Yours very truly,
JOHN F. GILMORE, *Justice.*

REGISTRY OF PROBATE.

BOSTON, January 7, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—As you are aware it is necessary for me to purchase supplies for the Probate Court and the Registry of Probate under Item D-1 in the budget. The principal expenditures from this item are for the purchase of blank forms of which we have approximately three hundred kinds. With such a variety it is very difficult, if not impossible, to anticipate the needs of the Bar, the public and the office in that connection and very often we find it necessary to order some items for quick delivery, so that we cannot wait until our needs would amount to one thousand dollars.

We do not usually expend as much as one thousand dollars at any one time for the purchase of such blank forms and other supplies. I believe that if we were required to build up our orders to the one thousand dollar mark and advertise for bids such action would be likely to result (no matter how unintentionally) in over purchasing.

In the light of the foregoing, I respectfully request authority to dispense with advertising for bids for the purchase of supplies under budget Item D-1. This request is made under the provisions of chapter 156 of the Acts of 1939.

Respectfully yours,

ARTHUR W. SULLIVAN,
Register of Probate.

BOSTON, MASS., December 19, 1947.

JOHN M. GRAY COMPANY, Architects,
175 High Street, Boston, Mass.
Re: 19-House Contract, River Street,
Mattapan.

GENTLEMEN,—We are pleased to quote the sum of \$1,720.47 for kitchen changes on the above contract, according to the revised sketch.

This price is made up as follows (houses Nos. 100, 101, 102, 103):

Cutting for gas piping (13 houses), \$52; extra labor in 13 houses, at \$30. \$390; changing window location (26 windows), \$130—\$572; supervision and profit, 15 per cent, \$85.80—\$657.80.

Substitute: Plumbing, new gas outlet, \$919.36; profit, 7½ per cent, \$68.95—\$988.31—\$1,646.11; liability and old age insurance, 13 per cent on labor, \$74.36—amount quoted, \$1,720.47.

Very truly yours,

F. C. Power Corporation has been ordered to make the following changes in the contract for the installation of hard surfacing at Alsen Playground, Dorchester, Mass.

Install temporary walks between curb of the new streets and existing walks in accordance with the attached sketch.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$260. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of the City of Boston are in no way prejudiced by this order.

3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

F. C. POWER CORPORATION,

BOSTON HOUSING AUTHORITY, 10 Post
Office Square, Boston, Mass.

Re: Surfacing Alsen Village.
Attention: Mr. John F. Millerick, Chief of
Construction.

Gentlemen—Confirming estimate quoted you today, we hereby agree to furnish labor and materials, excavate to required depth, as shown on sketch, lay 4 inches of gravel and 2 inches of bituminous concrete, Class "1," Rice mixture, in walks adjoining new roadway constructed by us in accordance with our contract with you at the above-captioned project, all for the sum of \$260.

We are substituting bituminous concrete, Class "1," Rice mixture, in place of the 2 inches of cold patch due to the fact that the plants have not started mixing the material as yet and will not start until after they shut down for the season.

However, the use of the Rice bituminous mix is far superior and will make a much better job in every respect.

Yours very truly,

F. C. POWER CORPORATION,
By F. C. POWER.

Matthew Cummings Company has been allowed to make the following change in the contract for the general construction of 33 houses at Hawthorne street, Readville, Mass.:

Omission of water pipe in Colchester street in accordance with attached proposal.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is decreased \$966. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of the City of Boston are in no way prejudiced by this order.

3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Allied Engineering Corporation has been allowed to make the following change in the contract for the general construction of 38 houses at Baker street, West Roxbury, Mass:

Adjusting of grades and extra footings due to subsoil conditions. See attached proposal.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$1,857.55. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of the City of Boston are in no way prejudiced by this order.

3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Re: Baker Street Project.
Attention: Mr. John F. Millerick.

DEAR SIR,—We wish to advise your office of extra charges on lots 20-38, inclusive, due to change of first floor

grades, finish grades, additional excavation on lot 38, and extra back-filling and concrete work on lots 27 and 38. This extra charge is analyzed as follows:

1. (a) Fill required by raising of finish grades of lots 20 to 38, due to soil conditions in this area, 874 yards at \$2. \$1,748.

(b) Credit for excavation due to raising of first floor levels, 688 yards at 60 cents. \$412.80.

(c) Net extra due to changes on these grades, \$1,335.20.

2. Lot 27—This cellar, Plan No. 103, was fully excavated in accordance with grades as given, and upon such excavation it was found to have an improper soil condition at that depth. Upon order of your engineers we raised the grade of the first floor by 2 feet and also installed a footing across 15 feet of the front and 16 feet of one side wall which was 24 inches wide by 2 feet deep. The balance of this side wall, namely, 16 feet, had a footing 16 inches wide.

Over the remaining section of the foundation walls it was necessary to have our wall poured 2 feet higher all around due to this condition. Within the cellar there were 8 footings which required an additional foot of depth.

I list the extras on this house:

Back-filling cellar, 73 yards, at 55 cents, \$40.15; form work foundation walls, 272 square feet, at 20 cents, \$54.40; form work lally footings, 70 square feet, at 30 cents, \$21; concrete walls and footings, 14½ yards, at \$11, \$159.50; total charges, lot 27, \$275.05.

3. Lot 38—This cellar, Plan 201R, was fully excavated in accordance with grades as given on the plans and specifications. After such excavation it was discovered that we had not reached solid bottom on 50 per cent of the area, and it was necessary to hand excavate this area to a depth of 2 feet in order to hit hard pan. The trenching was 2 feet wide and covered 137 lineal feet. This area amounts to 546 cubic feet.

It was also necessary to go down the 2 feet for bulkhead footings, involving an additional 34 cubic feet. This totals 21½ yards.

I list the extras on this house:

Hand excavation, 21½ yards, at \$3, \$64.50; form work—foundation walls, 274 square feet, at 20 cents, \$54.80; 8-inch blocks for bulkhead footing, 36, at 50 cents, \$18; concrete needed, 10 yards, at \$11, \$110; total charges, \$247.30.

These charges may be summarized as follows:

Item 1—Filling, less excavation credit due to grade changes, lots 20-38, inclusive, \$1,335.20; Item 2—foundation, lot 27, \$275.05; Item 3—foundation, lot 38, \$247.30; total amount of extra charges, \$1,857.55.

Very truly yours,

ROBERT E. BESSETTE.

M. S. Kelliher Company has been allowed to make the following change in the contract for the general construction of 30 houses at River street, Mattapan, Mass.

Change from cement-lined Class 250 water pipe to unlined water pipe, in accordance with attached proposal.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is decreased \$125.76. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

M. S. KELLIHER COMPANY,
294 WASHINGTON STREET,

BOSTON, MASS., November 12, 1947.

BOSTON HOUSING AUTHORITY, 10 Post Office Square, Boston, Mass.

Subject: 30 Houses, Southern Side of River Street, Mattapan.

Attention: John F. Millerick, *Chief of Construction*.

GENTLEMEN,—Our subcontractor for plumbing, Robert A. LaCentra Company, has advised us that they will be unable to obtain the 6-inch and 8-inch cement-lined Class 250 water pipe within a period of ten months. They have investigated every source in order to get the pipe specified, with the result that delivery could not be expected before the above-mentioned time. It is needless to say that this project would be delayed unreasonably if the water distribution could not be installed for approximately a year from this date.

We can secure, however, this pipe without the cement lining in approximately two to three months, and there would be a credit to the Boston Housing Authority of \$125.76. This credit is arrived at as follows: 1,020 feet of 8-inch pipe, at 12 cents per foot, \$122.40; 42 feet of 6-inch pipe, at 8 cents per foot, \$3.36—\$125.76.

Due to the time that can be saved in the completion of this project by substituting the unlined water pipe, we hope that you will be able to act favorably on this matter.

Yours very truly,

M. S. KELLIHER COMPANY,
By JOHN J. KELLIHER, *Treasurer*.

Allied Engineering Corporation has been allowed to make the following change in the contract for the general construction of 38 houses at Baker street, West Roxbury, Mass.:

Rock excavation, 4 yards, \$20 per yard.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$80. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Re: Baker Street Project.

Attorney: Mr. John F. Millerick.

GENTLEMEN,—Please be advised that in excavating for sewer and water services on lot 38 on George street we encountered ledge which measured 4 yards.

This rock excavation had to be removed without use of explosives due to the nearness to the water and gas mains running through George street.

We therefore charge the Housing Authority an extra of 4 yards at \$20 per yard, totaling \$80.

Very truly yours,

ROBERT E. BESSETTE, *President*.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Construction Units, Inc., has been granted an extension of the contract for the general construction of 19 houses at River street, Mattapan:

This extension of time is necessitated due to the inability of Gil Wyner Company (road, utility and grading work) to process its contract on time.

The City of Boston has determined that:

1. The delay is due to unforeseen causes beyond your control and without your fault or negligence; and
2. Notice of the cause of the delay was given within the time and in the manner prescribed by the contract.

Now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows:

The contract time for completion is extended twenty-four days (24 days) to February 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of this Authority are in no way prejudiced by this order.
3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

Re: Housing (19), River Street, Mattapan, Mass.

Attention: Mr. John F. Millerick.

GENTLEMEN,—Up to this date we have been able to dig and pour two (2) cellars on the above project.

As you realize, this delay has been beyond our control and we feel that we have been delayed at least three (3) weeks.

Very truly yours,

CONSTRUCTION UNITS, INC.,
By CHARLES A. MOGAVERO.

S. Volpe & Co. has been granted an extension of the contract for the general construction of 11 houses at Everdean street, Dorchester:

This extension of time is necessitated due to causes beyond the control of the contractor, as outlined in letter of December 26, 1947.

The City of Boston has determined that:

1. The delay is due to unforeseen causes beyond your control and without your fault or negligence; and
2. Notice of the cause of the delay was given within the time and in the manner prescribed by the contract.

Now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows:

The contract time for completion is extended sixteen days (16 days) to January 31, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of this Authority are in no way prejudiced by this order.
3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

S. VOLPE & Co.,
150 CONGRESS STREET,

BOSTON 10, MASS., December 26, 1947.

MR. JOHN F. MILLERICK, *Chief of Construction*, Boston Housing Authority,

10 Post Office Square, Boston, Mass.

Re: Veterans' Housing Development,

Everdean Street, Dorchester.

DEAR SIR,—Please consider this letter as a request for an extension of time for the completion date on the above project. The reasons for this request are as follows:

1. Due to the failure of the Boston Edison Company to install power.
2. Unable to get deliveries on doors necessary to complete project.
3. Failure of the heating contractor to keep abreast of the progress of the project.

Respectfully submitted,

S. VOLPE & Co.

FIRE DEPARTMENT.

The Boston Painting and Decorating Company has been granted an extension of the contract for painting of fire alarm boxes and posts, etc., of the Fire Department, until April 1, 1948. The contract, dated November 3, 1947, was to have been completed on or before December 31, 1947. However, due to the late starting of the painting work and severe weather conditions recently it was impossible to complete the painting work by December 31, 1947. Inasmuch as winter weather conditions will prevail through January and February it appears that the progress of the work will be slow.

HOSPITAL DEPARTMENT.

The Peabody Construction Company has been granted an extension of the contract for alterations to kitchen, South Department, Boston City Hospital, from December 16, 1947, to March 1, 1948. This extension is requested because of delay in the delivery of the kitchen equipment necessary for completion of contract.

J. W. Praught Company has been granted a further extension of the contract for furnishing and installing new feed pump in pump room of boiler house, Boston City Hospital, from January 15, 1948, to April 15, 1948. This further extension is requested because of delay in delivery of materials necessary for completion of contract.

Stearns, Perry & Smith Company have been granted an extension of the contract for reconditioning sprinkler supervisory system, Boston City Hospital, from December 31, 1947, to February 15, 1948. This extension is requested because of

delay in delivery of materials necessary for completion of contract.

PENAL INSTITUTIONS DEPARTMENT.

H. M. Lobdell Electric Company has been granted an extension of the contract for inside electrical wiring for the new prison at the House of Correction, Deer Island, from December 31, 1947, to January 31, 1948. This extension is requested for the reason that scarcity of materials, particularly steel conduit and pipe fittings, has delayed work beyond control.

J. W. Praught Company has been granted an extension of the contract for a new heating system for the new prison at the House of Correction, Deer Island, to be extended from December 30, 1947, to January 31, 1948. This extension is requested for the reason that scarcity of materials, particularly pipe and pipe fittings, has delayed work beyond control.

PUBLIC WORKS DEPARTMENT.

John Deveney Company has been granted an extension of the contract for laying sheet asphalt pavement in Columbus avenue (Arlington street to Northampton street), from December 31, 1947, to September 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions, the contractor had to suspend work and will resume work as early as possible in the spring.

John Deveney Company has been granted an extension of the contract for laying sheet asphalt pavement in Clearwater Drive, Lark street, Lebanon street, Niles street, Paula road, Tesla street and Welbey street, December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions, the contractor was unable to start work and will begin work as early as possible in the spring.

Baker & Co. have been granted an extension of the contract for laying sheet asphalt pavement in Burlington avenue (Brookline avenue to dead end), from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions, the contractor was unable to start work and will begin work as early as possible in the spring.

Caruso & Barone, Inc., have been granted an extension of the contract for laying sheet asphalt pavement in Burrwood road, Garth road, Hodgdon terrace and Kerna road, from December 31, 1947, to July 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions, the contractor had to suspend work and will resume work as early as possible in the spring.

Dooley Bros., Inc., have been granted an extension of the contract for laying sheet asphalt pavement in Nearen row, Thwing street and Warren street, from December 31, 1947, to June 1, 1948. This extension is requested for the reason that on account of unfavorable weather conditions, the contractor had to suspend work and will resume work as early as possible in the spring.

EXTRA WORK UNDER CONTRACT.

PUBLIC WORKS DEPARTMENT.

FIRE DEPARTMENT ORDERS.**General Order No. 7.****ANNUAL BALL.**

The sixty-ninth annual ball of the Boston Fire and Protective Departments will be held on Monday evening, February 9, 1948, at the Boston Garden.

The Fire Commissioner requests all officers and members who are off duty to attend the ball in uniform. All deputy chiefs and all district chiefs, who are off duty, shall report, in uniform, to the chief marshal of the ball and participate in the Grand March. The success of this ball benefits directly all members of the fire-fighting force. If we expect the citizens of Boston to support the work of the Boston Firemen's Relief Fund by giving financial assistance to the ball through the purchase of tickets, it is incumbent upon all members of the department to show their own personal interest by being present on this occasion, except those members on actual duty.

A unique feature of the ball this year will be a display of new apparatus. The city has appropriated approximately a million and a half dollars towards the purchase of new equipment in order to completely modernize the fire apparatus of the department. This will be the first opportunity for a large number of citizens attending the ball, as well as members of the department, to view one of each type of new apparatus delivered during the year. This display should arouse considerable interest among persons who follow the activities of the department and will be concrete evidence of the manner in which Boston is spending funds for the protection of life and property in the city.

The following is a brief outline of the program:

8-8.30 P. M.—Orchestra Concert.

8.30 P. M.—Entrance of Fire Commissioner, Chief of Department, Deputy Chiefs, District Chiefs and invited guests, escorted by Fire Department Band.

8.35 P. M.—Presentation of special awards:

(a) Walter Scott Medal.

(b) John E. Fitzgerald Medal.

8.45 P. M.—Display of new fire apparatus.

9 P. M.—Special entertainment. (Professional Vaudeville Show.)

9.45 P. M.—Grand March.

10.30 P. M.—General Dancing.

The floor marshal is District Chief William T. Hogan of District 2. The chief of aides is Captain James F. McFadden of Ladder Company 5, and the

master of ceremonies is Deputy Chief Franklin B. Sanborn. Members of the department detailed to the ball will report to the chief of aides at Boston Garden at 7 p. m., Monday, February 9, 1948.

Trustees, aides, members of the band, and others detailed to the ball will be granted detailed leave from 4 p. m., February 9, to 8 a. m., February 10, 1948.

Members detailed will attend strictly to the duties assigned them.

Relief fund ticket sellers are detailed as aides at the ball.

For officers, regulation uniform, sack coat and white gloves will be worn. For privates, regulation uniform, blue shirt, black tie and white gloves will be worn on this occasion. This applies to all privates in uniform, whether acting as aides or not.

Members in uniform are admitted to Boston Garden tax free upon presentation of tax exempt ticket issued by the relief fund.

By order of the Fire Commissioner
RUSSELL S. CODMAN, Jr.

NAPEEN BOUTILIER,
Chief of Department.

POLICE DEPARTMENT ORDERS.

General Order No. 1,006.

Patrolman John J. Ridge of Division 3 is hereby commended for meritorious duty performed on January 23, 1948.

While off duty and in civilian dress, he was attracted by smoke and flames in a one-story business building at 35 Cambridge street, City. Without regard for his own safety, Patrolman Ridge threw his coat over his head for protection and ran through the flames and carried an elderly man who was in a semiconscious condition to safety. Patrolman Ridge and the man he rescued both suffered severe burns about the hands and face.

The Commissioner is pleased to recognize and record the fearless conduct and devotion to duty, exemplified by Patrolman Ridge on this occasion, which probably prevented the loss of life.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

PROCEEDINGS OF CITY COUNCIL.

Monday, January 26, 1948.

Regular meeting of the City Council, held in the Council Chamber, City Hall, at 2 p. m., President HANNON in the chair. Absent, Councilors Coffey and Hurley.

The meeting was opened with the salute to the flag.

APPOINTMENTS BY THE MAYOR.

Subject to confirmation by the Council, the Mayor submitted the following appointments:

Weights of Coal, for term ending April 30, 1948: Frank Barrett, 261 Temple street, West Roxbury, Mass.; David A. Nagle, 34 Emerson street, South Boston, Mass.

Referred to the Committee on Confirmations.

APPROPRIATION FOR SNOW REMOVAL.

The following was received:

City of Boston.

Office of the Mayor, January 26, 1948.
To the City Council.

Gentlemen.—Section 3 (A) of the Amended City Charter provides that until a regular or special appropriation has been made for snow removal expenditures may be made for that purpose to an amount not exceeding the average of the annual expenditures for snow removal in the five preceding fiscal years. For 1948 this average amounts to \$624,927.95.

The unusual amount and the large number of snow storms this winter has required expenditures which practically equal the above authorization.

The Commissioner of Public Works estimates that an appropriation of at least \$1,250,000 will be necessary to meet the cost of snow removal for the balance of the winter.

I am forwarding herewith an order appropriating this sum, and request consideration and adoption by your Honorable Body.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the sum of one million two hundred fifty thousand dollars (\$1,250,000) be, and hereby is, appropriated, to be expended as herein-after specified, said sum to be raised by taxes on the polls and estates in the City of Boston, and that all orders hereafter passed by the City Council relating to appropriations, taxes and the interest thereon apply to the appropriations and taxes herein provided for.

Snow Removal. \$1,250,000
Referred to the Executive Committee.

VOTING MACHINE REPAIRS.

The following was received:

City of Boston.

Office of the Mayor, January 26, 1948.
To the City Council.

Gentlemen.—The Chairman of the Board of Election Commissioners advises me that the Election Commissioners have deposited with the City Collector a check for \$1,021.19 to be placed in a special account, entitled "Election Department Suspense Account."

This money represents insurance reimbursement for damage done by fire to two voting machines on April 11, 1947. During the year 1947 there was paid from the Election Department budget the expenses that were incurred in crating and shipping these two voting machines to Ohio, which amounted to \$159. There was a further expense of \$30 for the trucking of these machines after they had been overhauled in Ohio and were returned to Boston, or a total of \$189, paid in 1947.

However, the voting machine company has not yet been paid for the expenses incurred in the overhauling of the machines, which amount to \$807.87, plus a freight charge incurred by said company for the shipping of said machines from Canton to Boston, a charge of \$24.32. This makes an outstanding payment of \$832.19, which must be paid to the Shoup Voting Machine Corporation.

There is forwarded herewith an order appropriating the sum of \$832.19 from the Election Department Suspense Account so that the Election Commissioners may proceed with the payment of this outstanding bill. Consideration and adoption of the order by your Honorable Body is recommended.

Respectfully,

JAMES M. CURLEY, Mayor.

Ordered, That the sum of eight hundred thirty-two dollars and nineteen cents (\$832.19) be, and the same hereby is, appropriated from the Special Account entitled "Election Department Suspense Account," to be expended under the direction of the Chairman of the Board of Election Commissioners, for the purpose of meeting expenses incurred in the overhauling of voting machines damaged by fire.

Referred to the Executive Committee.

REPORT OF COMMITTEE ON RULES.

COUN. KEENAN, for the Committee on Rules, submitted the following:

January 26, 1948.

The Committee on Rules, having considered proposed rules for the years 1948-49, submits a report with the following recommendations:

That the rules for the years 1946-47 be amended in Rules 2, 4, 14, 19, 21 and 26, and, as amended, said rules be adopted as the rules of the City Council for the years 1948-49. Said amendments are set forth in the attached sheets.

For the Committee.

WILLIAM J. KEENAN, Chairman.

Recommendations of Rules Committee Relative to Changes in Rules of City Council.

Rule 2. Clear up conflict in wording of rule so that rule will read as follows:

Rule 2. A quorum of the city council shall consist of twelve members. If, at the time any meeting is called to order, or if, during a meeting, on a vote on the adoption of a motion or order, a roll call shows less than a quorum present, the president may declare a recess of not more than ten minutes, after which time, if a quorum is not present, the meeting shall be adjourned. If, on the question of lack of a quorum a roll call shows less than a quorum present, the president shall declare the meeting adjourned.

Rule 4. Insert in rule authority for president to declare a recess for purpose of going into Executive Session by adding to rule the following paragraph:

The president may declare a recess, in accordance with the order of business, for the purpose of having a meeting of the Executive Committee of the City Council.

Rule 14. Add to rule, the following provision: If, after sixty days, a matter referred to a committee is not reported upon, any member may recall such matter from the committee, and such matter shall not again be committed to the same or any other committee.

Rule 19. Rule to be changed, to be in substantial accordance with rule of Massachusetts House of Representatives, so that rule will read as follows:

Rule 19. When a vote has been taken any member may move a reconsideration thereof at the same meeting.

Debate on motions to reconsider shall be limited to twenty minutes, and no member shall occupy more than four minutes, but on a vote upon any subsidiary or incidental question, debate shall be limited to ten minutes, and no member shall occupy more than two minutes.

Rule 21. Add words to first sentence, so that first sentence of rule will read as follows:

Every member when about to speak shall rise, address the chair, and wait until he is recognized, and, in speaking, shall refrain from mentioning any other member by name, shall confine himself to the question, shall not use unbecoming, abusive or unparliamentary language, and shall avoid personalities.

Rule 26. Include in order of business, authority of president to recess body for executive session, so that order of business will be as follows:

1. Communications from His Honor the Mayor.

2. Presentation of petitions, memorials, or remonstrances.

3. Reports of city officers, etc.

4. Unfinished business of preceding meetings.

5. Recess, if declared, for meeting of executive committee.

6. Reports of committees.

7. Motions, orders and resolutions.

The report was accepted. The amendments as recommended by the committee were adopted.

On motion of Councilor Linehan Rule 14 was further amended in the fourth paragraph to read as follows: "If, within thirty days, a matter referred to a committee is not reported upon, it may be recalled by a majority vote of all the members present and voting."

On motion of Councilor Cook it was voted to further amend Rule 14 by adding thereto after the last sentence in said rule the following sentence: "Except that said matter may be referred or recommended to the Executive Committee."

Councilor Linehan's motion to further amend the third paragraph in Rule 14 by substituting the following words: "If, after thirty days, a matter referred to a committee is not reported upon, it may be recalled by a written request filed by three members of the City Council" was referred to the Committee on Rules.

Councilor Wenzler's motion to further amend Rule 14 in the final paragraph by adding the following words: "Every matter not returned by the committee within thirty days shall be returned to the Executive Committee" was referred to the Committee on Rules.

The rules as amended were adopted.

WEEKLY LIST OF ALL MATTERS IN COMMITTEES.

Coun. LINEHAN offered the following:

Ordered, That the Clerk of Committees shall cause to be published on the morning of every City Council meeting a list of all matters in committees, with date of referral, and also furnish a copy of said list to each member of the City Council.

Councilor Carey moved that the words "on the morning of every City Council meeting" be stricken out and the words "72 hours before a meeting" be substituted.

Councilor Sullivan's motion to refer the order and amendment to the Committee on Rules was lost.

Councilor Carey's amendment was carried. The order as amended was passed.

REPORT OF COMMITTEE ON CONSTABLES AND CONFIRMATIONS.

Coun. ANSEL, for the Committee on Constables and Confirmations, submitted the following:

Report on appointment (referred January 12) of William H. Crowley, 21 Aldie street, as Constable authorized to serve civil process, for term ending April 30, 1948;

Report on appointment (referred January 12) of Sylvia Goldman, 39 Baird street, Dorchester, as Weigher of Coal for term ending April 30, 1948—recommending that appointments be confirmed.

The reports were accepted, and the question came on confirmation. Committee, Councilors Bryan and Sullivan. Whole number of ballots 15, yeas 15, and the appointments were confirmed.

RECESS.

President HANNON declared a recess at 3.04 p. m., subject to the call of the Chair. The members reassembled and were called to order by President HANNON at 5.40 p. m.

REPORT OF COMMITTEE ON CLAIMS.

Coun. LANIGAN, for the Committee on Claims, submitted the following:

Report on petition of James J. Devaney, Sr., to be reimbursed for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to Fire Department, recommending passage of accompany order:

Ordered, That the sum of one hundred forty-one dollars and fifty cents (\$141.50) be allowed and paid to James J. Devaney, Sr., in reimbursement for amount of execution issued against him on account of his acts as operator of motor apparatus belonging to the Fire Department, said sum to be charged to the Contingent Fund.

Salary: The entrance salary is \$2,400 a year; the maximum salary is \$3,000 a year.

Vacancies: At present there are six vacancies for females, to be filled on a permanent basis.

Duties: To inspect and make transcription of pay rolls and related records in cases of violation of Minimum Wage or Equal Pay laws; to list substantial findings of fact with all available evidence, including records of statements of em-

ployers, employees, and witnesses; to audit records relative to the payment of wages; to interview employers and employees in regard to the hours of work, wages and working conditions in business establishments and in homes where industrial work is performed; to follow up cases of violations systematically; to compute amounts due in retroactive wages, based upon the difference between the hourly or weekly wages received and the amounts for which employees are eligible under the Massachusetts Minimum Fair Wage Law; and to perform related work as required.

Examples of Duties: Presenting credentials to owners or managers of establishments visited and announcing reasons for inspections; studying and analyzing payroll books and related records for possible violations of the Minimum Fair Wage Law or Orders; in case of violations, searching back in each such case, week by week, to the date of the original violation or to the mandatory date of the minimum wage order, copying employee's wage records on a form prescribed by the division, computing the difference between the wage paid and the minimum wage, totaling the weekly difference, and estimating the amount due to each employee in retroactive wages; interviewing employees as well as officers of corporations, individual owners, managers or personnel directors to obtain information which cannot be found in written records or where records are not available; explaining the Minimum Fair Wage Law, and the Order or Orders applicable to the particular establishment; calling attention to violations; making recommendations concerning record keeping if the pay roll and related records are unsatisfactory; quoting statutory penalties for violations of the law and failure to comply with minimum wage orders; seeing that applicable minimum wage orders are posted in conspicuous places for the information of employees in industry and occupations; interviewing applicants for special licenses, comparing the applicant's work with the work of other employees performing the same operation, analyzing the case carefully, and submitting findings on which decision will be based; making cost-of-living or other investigations for survey purposes, use of wage boards, or statistical purposes when so assigned, and analyzing and tabulating the result of such investigations on prescribed forms; making complete, concise reports concerning cases of violations of or noncompliance with the Minimum Fair Wage Law, setting forth the facts in each case, amounts if any due individual employees, whether reimbursement has been made, and any other information necessary.

A knowledge of accounting or book-keeping is required, as well as the ability to appraise business personalities and secure required information tactfully, so as to maintain cooperation between labor and industry.

The duties of this position require that the appointee travel throughout the state to assigned localities.

Entrance Requirements: Applicants must have at least five years of full-time, paid industrial, business or legal experience in connection with pay rolls, audits, or personnel and public relations work.

Subjects and Weights: Training and experience, 2; practical questions, 3; total, 5.

Passing Requirements: Applicants must obtain at least 70 per cent in each subject in order to become eligible.

Physical fitness to be determined by physical examination.

CITY RECORD

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

VOL. 40

SATURDAY, FEBRUARY 14, 1948.

No. 7

CONSTRUCTION OPERATIONS IN BOSTON FOR 1947 REACHED A TOTAL OF \$35,030,256, WHICH, WITH THE ADDITION OF PLUMBING AND GAS FITTING WORK, GAVE A GRAND TOTAL FOR ALL CONSTRUCTION AMOUNTING TO \$43,165,952 — MUCH OF THIS WAS FOR FAMILY UNITS, WITH REPAIRS AND ALTERATIONS TOTALING \$11,125,024 — FIGURES COMPILED BY BUILDING COMMISSIONER AND PRESENTED TO MAYOR CURLEY SHOW VAST IMPROVEMENT IN TWO YEARS UNDER HIM OVER THREE PRECEDING YEARS.

IMPORTANT NOTICE.

The City Record, Official Chronicle of Boston Municipal Affairs, has been published at public expense for more than forty years. It is the oldest such organ in the United States. It has never been self-sustaining, though it has covered and does cover an otherwise unapproachable field.

With conditions as they are, and with little or no help in sight from the federal or state governments, it is imperative that, wherever possible, our public services carry themselves.

Accordingly, the City Record, except for its first and last pages, will now accept advertising notices, never less than one inch, nor more than one page, per week, per month, or on annual contract. A standard inch rate is being established in consultation with the Auditor, Treasurer, and Purchasing Agent of the City of Boston.

By designation of his Honor the Mayor, I am accepting full responsibility for this effort. Please communicate with me as to your needs for space, your contractual desires, and all information concerning rates and policy.

Thank you. Let's go!

Permits showing intentions for building operations in 1947, which are now under way, amounted to \$35,030,256, according to the annual compilation of the Building Commissioner as presented to Mayor Curley. Of this sum new construction now under way amounted to \$23,905,232, and alterations and repairs to \$11,125,024.

Permits for new construction were 916 and for repairs 8,041, amounting to a total of 8,957 pieces of property. According to information gleaned and at the rate at which permits are being issued up to the present, the totals for 1948 will be more than doubled.

Permits for plumbing and gas fitting for the year reached the total of \$8,135,696, bringing the total of work done and improvements made on which taxes can now be levied to \$43,165,952. Revenue accruing to the department from fees, etc., amounted to \$82,328.

In the list of permits may be found some for almost every type of construction a complex community may require. There were permits for 61 amusement places, amounting to \$723,452; 62 church properties, with new and repair work amounting to \$583,881; 318 multifamily dwellings at a cost of \$4,987,245; 58 Institutional structures, at a cost of \$6,764,498; 362 lodgings, dormitories, and homes, at a cost of \$1,531,643; 259 garages and repair shops, at a cost of \$761,902.

The year 1946 also was a banner year for construction work under Mayor Curley, as compared with the preceding administrations, despite the scarcity of building materials. The totals for 1946 in value amounted to \$50,300,760. These figures were more than double what the preceding years of 1945, 1944, 1943 show.

Tables for the years noted follow on page 148.

PORT AUTHORITY TO GET EQUIPMENT AND SERVICES FOR FREIGHT MOVEMENT.

His Honor the Mayor received the following telegram from Congressman Philip J. Philbin:

RE YOUR TELEGRAM HAVE ALREADY INTERCEDED WITH ODT OFFICIALS IN BEHALF PORT OF BOSTON AND AM CONTINUING EFFORTS. ALSO PLEASED TO ADVISE H. S. PALMER, PRESIDENT, NEW YORK, NEW HAVEN & HARTFORD, HAS ASSURED ME EVERYTHING POSSIBLE WILL BE DONE TO PROVIDE PORT AUTHORITY WITH EQUIPMENT AND SERVICE. HOPE FOR FAVORABLE RESULTS.

REGARDS,

CONGRESSMAN PHILIP S. PHILBIN.

CARS BEING SUPPLIED TO MOVE FREIGHT FROM DOCKS.

The Mayor has issued the following statement.

Mr. Louis M. Ross, representing the American Railway Association, called on February 11, and stated that the accumulation of freight on the docks throughout the city has been due to the truck drivers' strike more than to a shortage of cars.

However, he informed me that 30 additional empty cars have been assigned to Boston, and a steady stream of cars will follow. The movement of freight from the docks should make it possible to handle any cargoes that come from now on, and it is to be hoped that the Office of Defense Transportation will notify steamship companies that there will be an abundance of available space for discharge of cargoes from now on.

The following telegram was sent to the Representatives and Senators in Congress representing the State of Massachusetts:

I RECEIVED A CALL TODAY FROM LOUIS M. ROSS, REPRESENTING THE AMERICAN RAILWAY ASSOCIATION, WHICH WOULD INDICATE THAT FROM NOW ON THERE WILL BE SUFFICIENT EMPTY RAILROAD CARS TO HANDLE THE ACCUMULATION OF FREIGHT IN BOSTON. IN VIEW OF THE STATEMENT OF THE REPRESENTATIVE OF THE AMERICAN RAILWAY ASSOCIATION, IT WOULD APPEAR THAT THERE IS NO VALID REASON FOR THE FURTHER DIVERSION OF SHIPS FROM THE PORT OF BOSTON, AND I SINCERELY TRUST YOU WILL DIRECT THIS COMMUNICATION FROM MR. ROSS TO THE OFFICE OF DEFENSE TRANSPORTATION.

JAMES M. CURLEY,
MAYOR OF BOSTON.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

REPORT OF EDWARD J. WALL, SUPERVISOR OF SAFETY EDUCATION AND HEALTH EDUCATION OF THE SCHOOL DEPARTMENT, ON ATTENDANCE AT THE 35TH NATIONAL SAFETY CONGRESS AND EXPOSITION AT CHICAGO.

The following is the report of Edward J. Wall, Supervisor of Health Education and Safety Education, on attendance at the 35th National Safety Congress and Exposition, Chicago, October 5-10:

Be Careful—The Life You Save May Be Your Own. This was the theme of the 35th National Safety Congress and Exposition held in Chicago, October 5-10, 1947. The congress was attended by some 7,500 men and women representing practically every phase of educational, industrial, and law enforcement fields relating to the prevention of accidents and the promotion of safety in general. Approximately 150 exhibiting units participated in the congress exposition. Sessions were held at the Sherman and Stevens Hotels and at the Palmer House.

While the major portion of my time was devoted to the activities of the school and college divisions, I availed myself of some opportunities to attend sessions on general fire prevention, traffic control, home safety, and industrial safety instruction. I also visited the Lane Technical High School, with particular reference to the program on driver education and training.

On Sunday, October 5, a special meeting of safety education supervisors was held. Safety courses of study were examined and reviewed. The need for continuing revision was emphasized, and special committees were appointed for further study and report. It was agreed that community cooperation is a "must" if the school safety program is to be fully effective. Considerable attention was given to the need for providing adequate accident reporting forms and also to the desirability of setting up accident analysis systems. The procedure in use in the Boston School Department was highly commended. Current emphasis on driver education was discussed at some length.

Monday morning was devoted to registration procedures. In the afternoon I attended the traffic section, which attracted a large audience and was addressed by Hon. Rudolph F. King, Massachusetts Registrar of Motor Vehicles. Registrar King, in discussing state and city relationships, made particular reference to the contribution being made by the Boston public schools. Later I visited the general session of the school and college division, participating in the panel discussion as to what contributions may be made by school safety programs.

Three sessions were attended on Tuesday. The discussion in the first, the safety education supervisors' section, developed highly stimulating discussion on the need for teacher training and the responsibility of local and state school authorities in providing in-service training opportunities. Several instances of plans now in operation in teachers' colleges were considered.

The second session was devoted to reports of the Committee on National Driver Education and Training. Accredited courses, cost studies, and the availability of training units were presented and discussed. A third session on safety in school shops presented experi-

mental projects conducted in two Chicago schools with a view of fitting technical and vocational school students to take their places in industry.

A display of safety films on Tuesday evening was most educational.

On Wednesday morning I visited the group meeting on teacher education for safety. This meeting was under the direction of the Higher Education Committee of the National Safety Council. A panel discussion centered on methods by which teacher-training institutions may prepare their students in techniques of teaching pupils to live safely. Later I attended the group meeting on driver education and training and the section on safety instruction with particular reference to shops. In the evening I attended the congress banquet.

Thursday morning was devoted to a group consultation on safety education in the elementary school, conducted by the Elementary School Committee of the National Safety Council. A group of children who had been involved in accidents told briefly of these accidents and how, in their opinion, the accidents could have been prevented. A later conference concerned community organizations interested in safety education and the contributions such organizations may make.

On Friday I visited the Lane Technical High School and discussed the school safety program with school officials. I was particularly interested in the conduct of the driver education program and witnessed a demonstration of actual behind-the-wheel instruction on the training reservation adjacent to the school building. The Lane High School was a pioneer in this special field of traffic safety. I also visited the administrative offices of the Chicago School Department and had a number of individual conferences with directors and supervisors relative to curriculum planning.

The 35th National Safety Congress was decidedly worth while and one of the most interesting and instructive group meetings that I have attended.

Respectfully submitted,

EDWARD J. WALL, *Supervisor,*
Health Education and Safety
Education, Boston Public Schools.

MAYOR CURLEY APPEALS TO CONGRESSMEN IN BEHALF OF PORT OF BOSTON.

On February 10 the Mayor addressed the following letter to Bay State members of Congress:

The Port of Boston is threatened with destruction unless empty freight cars are sent in here to take the goods away that come by water.

Already five ships have been diverted within the past week to other ports, and

the Port of Boston is suffering, the longshoremen are out of work, and the Port itself is tied up because of what has been done and what is being done.

It is absolutely vital that members of Congress from Massachusetts appeal at once to the Office of Defense Transportation to ask for allocation of freight cars to Boston and to cease diverting the ships.

The piers are all congested with freight now, with no empty cars to take it away. Two steamers loaded with wool and one with cocoa beans are due to arrive immediately, and there is a threat to divert them to other ports.

CITY TREASURY EMPLOYEES FETE RETIRING FELLOW WORKER.

The employees of the Treasury Department of the City of Boston, with their wives and husbands, gathered at Blinstrub's Village, South Boston, Wednesday evening, February 4, at a testimonial dinner to P. Henry Fahey, county paymaster in office of Treasury Department.

Mr. Fahey has been in the employ of the City of Boston since 1902, when he was appointed as a messenger in the Mayor's office by Mayor Patrick A. Collins. He was afterwards transferred to the Treasury Department and subsequently was appointed as county paymaster, the position he now holds.

The occasion for the dinner was in recognition of his retirement from the city service, which will take place at the end of March.

Besides the employees of the department with their wives or husbands, the dinner was attended by Mrs. Fahey and several other members of Mr. Fahey's immediate family.

During the course of the dinner, City Treasurer Henry F. Brennan, in behalf of the employees, presented Mr. Fahey with a handsome wrist watch suitably inscribed.

PUBLIC WORKS COMMISSIONER CURLEY REFUTES ALLEGATIONS CONCERNING SNOW CONDITIONS.

His Honor the Mayor on February 6 received the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I have the pictures that were printed in the *Traveler* of Thursday, February 5, 1948, which you sent over for my scrutiny.

This is another example of a newspaper not trying to tell the truth.

The two center pictures are pictures of private property, over which the City of Boston has no jurisdiction, and in which we do absolutely no servicing. The pictures are of the Farmers' Market. The entire area is owned by Mr. John White, and, if there is any snow to be removed there, it is a private matter for either the owner or the tenants.

The picture of the automobile on Elm street is another matter of the same type. This car was in a collision, and sustained a broken front wheel.

The market district, as a whole, is in very good condition, and I think that you will agree with me that this is only an attempt to besmirch the name of Boston and its officials.

Respectfully yours,

ROBERT P. CURLEY,
Commissioner of Public Works.

Upon January 30 the Mayor approved a contract in accordance with the following letter:

BOSTON, January 27, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Attached is the list of bids received on proposals for furnishing six food conveyors, as per specifications, to the Boston City Hospital, which were publicly opened and read at this office on December 22, 1947.

After proposals were received at this office, they were sent to the Boston City Hospital for recommendation as to the machine best suited for their needs. I am now in receipt of said recommendation, signed by the superintendent of the Boston City Hospital, in which recommendation is made that the food conveyor submitted by the Colson Corporation be accepted as it is best suited to perform the work required of it at the City Hospital.

In view of the above, I would respectfully request that permission be granted me to award a contract to the Colson Corporation, the second lowest bidder,

for furnishing six food conveyors, as per specifications, to the Boston City Hospital, at a price of \$695 each. Total amount of contract, \$4,170, less a 2 per cent cash discount for payment in 10 days.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

* Contract awarded. (One Quarter Each)

Upon February 6 the Mayor approved a contract with bidders as indicated in the following letter:

BOSTON, February 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On January 20, 1948, bids were publicly opened and read at this office on proposals for furnishing industrial and medical gases to the various city departments as per attached list.

The administration of medical gases is a procedure which, very definitely, concerns the Boston City Hospital and for this reason recommendations were requested from the superintendent of the hospital. In view of the recommendations received, I would respectfully request that permission be granted me to award contracts to the lowest bidders as indicated, with the following exceptions:

On Item 5, calling for 7,000 tanks of oxygen, I would respectfully request that permission be granted me to award this contract to Linde Air Products Company; on Item 7 and Item 10, calling for 1,600 tanks of D size oxygen and 300 tanks D size gas mixture, I would respectfully request that permission be granted me to award these items to the S. S. White Dental Manufacturing Com-

pany at the prices indicated. These awards are in accordance with recommendations received from the Superintendent of the Boston City Hospital.

The buyer agrees to return promptly all of the seller's cylinders to the place where buyer accepted delivery, with valves tightly closed, and to pay demurrage upon each such cylinder at the rate of

2 cents per day per cylinder for all time over 30 days in which such cylinder is out of the seller's possession, which demurrage shall be calculated for each receiving point and separately for each type of cylinder on the average number of days all cylinders of each type are out of the possession and control of the seller without regard to individual cylinders; and in the case of loss or destruction of, or damage to, any cylinder or fittings thereto for any cause whatsoever before they are returned to the possession of the seller, or in case the buyer fails to return any cylinder within 90 days from the date of receipt of such cylinder and fittings at the current cost of replacement, or, if the damage can be repaired, at the cost of making such repairs plus the cost of transportation. The above mentioned demurrage charges will not be charged on oxygen cylinders delivered to the city hospitals.

Linde Air Products Company.—In reference to Item 5 indicated above involving oxygen: 35 per cent of the total can now be supplied with "Cascade" oxygen and on that volume and any part of the total so supplied we quote 60 cents per 100 cubic feet delivered, which price is quoted for "Cascade" oxygen or for cylinder oxygen in lieu of "Cascade" oxygen, pending installation of a "Cascade" oxygen unit, viz., 35 per cent of 7,000 cylinders at 244 cubic feet per cylinder at 60 cents per 100 cubic feet equals \$3,586.80. On the remainder, which must be supplied in cylinders until piping is completed and some of which will be supplied in cylinders permanently, we quote a price of 65 cents per 100 cubic feet delivered, viz., 65 per cent of 7,000 cylinders at 244 cubic feet per cylinder at 65 cents per 100 cubic feet equals \$7,216.30. It is anticipated that with additional piping, 80 per cent of the total volume will be in the "Cascade" oxygen category. No extra charge will be made for the return of empty cylinders when delivered to the seller's truck at time full cylinders are made. The buyer shall return each cylinder when empty to the distributing station of the seller from which the same was shipped, and not later than 90 days after its delivery to the buyer, provided that if any loaned cylinder (except oxygen cylinders used for oxygen therapy purposes) is not returned within 30 days from date of shipment, the seller reserves the right to make a demurrage charge of 2 cents per cylinder per day for all time over 30 days that such cylinder is out of seller's possession, which demurrage charge the buyer agrees to pay on demand. Demurrage shall be calculated on a quantity basis without regard to individual cylinders, and separately for each receiving point. The buyer shall pay promptly on demand to the seller at the seller's then established valuations and rates for loss of, or damage to, any of said cylinders or fittings resulting from any cause, after delivery thereof to the buyer and until returned to the seller. We believe the City of Boston can obtain promptly a Federal grant to defray the cost of piping installation and if this is accomplished immediately our quotation should be revised to indicate the following: 80 per cent of total volume at 60 cents per 100 cubic feet, \$8,198.40; 20 per cent of total volume at 65 cents per 100 cubic feet, \$2,220.40; total \$10,418.40

S. S. White Dental Manufacturing Company.—Cylinders on loan at the following prices: D size, \$7.50; G size, \$27.

Puritan Compressed Gas Corporation.—Cylinder Terms: Cylinders will be loaned for a period of three months, after which time there will be assessed a demurrage charge, payable monthly, at 2 per cent per month of the value of cylinders outstanding longer than the three-month free loan period. For computation charges see below.

Computation of Demurrage: Each month you will receive a statement showing the value of cylinders charged out to you on a loan basis as of the end of the month. To compute demurrage we deduct from this amount the value of all cylinders shipped to you during the three-month period ending with the date of the statement. The net difference represents the value of cylinders which have been in your possession more than three months, and it is on this amount that we assess the 2 per cent demurrage charge. Invoices covering such demurrage will be issued in the regular manner and are payable in full by the 10th of the month following their receipt.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with commercial firms, contractors and supply places for furnishing supplies, labor, etc. Communications from the heads of the various departments interested were as follows:

BOSTON TRAFFIC COMMISSION.

BOSTON, January 26, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—On December 22, 1947, the City Council acting pursuant to the provisions of General Laws, chapter 40, section 22A, as inserted by Statute 1947, chapter 442, authorized the Boston Traffic Commission to enter into agreements for the acquisition of 5,000 parking meters.

After due study and consideration, the commission has decided to acquire 1,999 manually operated meters and 1,001 automatic type meters as being in the best interests of the city.

Manually Operated Type.

In response to an invitation by the commission all of the known manufacturers of this type of parking meter submitted sealed quotations.

At a meeting of the full membership of the Boston Traffic Commission the sealed proposals were opened. All of the prices submitted by the various manufacturers were the established nation-wide prices to municipalities and accordingly no advantage would be gained by publicly advertising for bids.

After long and careful study of all the proposals, the commission unanimously decided to enter into an agreement for the acquisition of 1,999 Mi-Co parking meters manufactured by the Michaels Art Bronze Company, Inc., of Covington, Kentucky, at the price of \$59 per meter completely installed, making a total price of \$117,941. This meter was the lowest priced of all the manually operated meters considered.

Automatic Type.

All of the known manufacturers of this type of parking meter submitted sealed quotations in response to the invitation of the commission.

At a meeting of the full membership of the Boston Traffic Commission the sealed proposals were opened. All of the prices submitted by the various manufacturers were the established nation-wide prices to municipalities and accordingly no advantage would be gained by publicly advertising for bids.

After long and careful study of all the proposals, the commission unanimously decided to enter into an agreement for the acquisition of 1,001 Dual parking meters manufactured by the Dual Parking Meter Company, Canton, Ohio, at a price of \$63 per meter completely installed, making a total of \$63,063. This meter is, in the considered judgment of the commission, superior to the one other meter of this type considered and although it costs slightly more than the other meter, the commission feels that the meter finally selected will prove in the long run the more economical for the city.

Payment.

The acquisition of both types of meters will not require the expenditure of any appropriated city funds. Each of the manufacturers furnishing the meters has agreed to a form of conditional sales agreement under which the city shall pay for the meters out of the fees received for the use of the meters. However, the city will keep 50 per cent of the fees and the balance of the fees are to be paid to the manufacturers until the full purchase price shall have been paid.

Very truly yours,

LEO F. CURLEY,
Commissioner.

SUPPLY DEPARTMENT.

BOSTON, February 3, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR,—Permission is respectfully requested to award a contract, without public advertisement, to the Warren Pipe Company of Massachusetts, Inc., 75 Federal street, Boston, for the following:

1,300 feet, 8-inch B & S Class 250 Warren spun pipe, cement lined and paint-seal coated at \$2.55 per linear foot.

1,000 feet, 6-inch B & S Class 250 Warren spun pipe, cement lined and paint-seal coated at \$1.71 per linear foot.

These prices represent the Warren Pipe Company's price in effect this date. The City of Boston shall pay Warren Pipe Company's price in effect at time of shipment. The 8-inch pipe will be delivered in approximately two months, and the 6-inch pipe in about four months.

The above request is made due to the desire of the Water Department to commence work on the new housing projects. I would respectfully request your approval. Total amount of contract, \$5,025.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—The Central Office of the Public Welfare Department has requisitioned this office to secure for them one inserting and mailing machine Model 10, 4-box standard with permit indicia, from the Inserting and Mailing Machine Company of Phillipsburg, New Jersey. This machine is to replace a similar machine which has been in service in this department for a great many years and now obsolete because of continued service.

In view of the above, I would respectfully request that permission be granted me to award a contract, without public advertisement, to the Inserting and Mailing Machine Company, Phillipsburg, New Jersey, for furnishing to the Public Welfare Department, Central Office, the following:

One inserting and mailing machine Model 10, 4-box standard, \$3,750, with permit indicia, \$600, plus freight to Boston, \$20, making a total contract amount of \$4,370.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, February 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR.—The construction of the extension of Rapid Transit Facilities in the East Boston district requires certain work to be performed in order to equip a railway for convenient operation and maintenance.

In view of the fact that the Metropolitan Transit Authority is particularly fitted to perform the above-mentioned work which is special and peculiar in nature, this commission has voted that the work be done by the Authority.

The cost for the furnishing and installing of rapid transit facilities in the East Boston district consisting of tracks, including ballast, rails, fastenings, frogs, switches, switch-stands, ties, tie plates, wires, poles, signals, lighting and power distribution systems, both temporary and permanent, fences, barriers, station equipment, sump pumps and incidental apparatus and such other appliances, apparatus, machinery, furniture and fixtures, excepting plumbing, to equip a railway for convenient operation and maintenance, and for all work incidental thereto, is estimated at \$2,471,205.

In view of the special and peculiar nature of the work the Transit Department respectfully requests your Honor's

permission to engage the Metropolitan Transit Authority for the above mentioned work.

Respectfully yours,

MALCOLM E. NICHOLS,
Chairman.

ADDITIONS TO CONTRACTS.

FIRE DEPARTMENT.

Approval has been given for the following addition to the contract of General Ship and Engine Works, Inc., dated December 2, 1946, for conversion of two former AMC type naval vessels for use as fireboats:

Addition No. 81.

Furnish labor and material to install new guard rails on each of the two boats, motor vessel "Marabout" and motor vessel "Bulwark," at a cost of \$3,600 per boat, the following work to be done on each boat:

Install a new guard rail extending from a point opposite the forward starboard corner of the main deckhouse. The old guard is to be removed in the way of the new guard. At the after ends of the guard, a transition piece is to be installed for a distance of approximately 4 feet. The transition piece is to be made fair to prevent fouling of the new guard against piling, etc. The guard will be approximately 10 inches deep at the hull, extending 15 inches out from the hull (at the widest point) and will have a 4-inch face protected by a 3½-inch by ¾-inch flat bar rubbing strip. The guard is to be fastened by means of through bolts every other frame, and spiked every other frame. At the bow of the boat, the guard shall extend far enough to prevent any damage to the stem. Clear, straight grained hard pine is to be used throughout the guard. It is the intent of this guard to protect the bulwark. Cost, \$7,200.

Original contract, \$168,000; total of Additions 1, 2, 3, 4, dated April 28, 1947, \$3,327; total of Addition 5, dated May 19, 1947, \$4,400; total of Additions 6-40, inclusive, dated October 24, 1947, \$11,273; total of Additions 41-54, inclusive, dated November 6, 1947, \$3,102; total of Additions 55-80, inclusive, dated December 3, 1947, \$10,426; total contract with all Additions, \$208,328.

The foregoing work is necessary on each fireboat in order to protect them from damage when tying up to their dock or at other locations during fires, including tying up to other ships on which fires may occur. Although the foregoing is in addition to work contemplated in the original contract it is incidental thereto.

INSTITUTIONS DEPARTMENT.

R. Tweed & Son, Joseph A. Tweed, owner, have been allowed to amend the contract for painting the interior of the children's hospital, the corridors and interior of hospital buildings A, B, C, D, the interior of the bakery in the main kitchen at the Long Island Hospital, Boston Harbor, Mass., as follows:

Additional Work.

Remove loose outer plaster in sections of various wards and toilets on the second and third floors front in the children's building, and install new metal lathe and three-coat plaster, not included in original specifications, \$900. After removing loose outer plaster, preparatory to painting, conditions were found which necessitated this additional work. Original contract, \$7,677; additional work, \$900; total, \$8,577.

EXTENSION OF CONTRACTS.

PARK DEPARTMENT.

R. W. Balam has been granted an extension of time until May 1, 1948, for the completion of the contract for subsoiling, concrete liners and loaming at Fairview Cemetery, Hyde Park, Mass.

PUBLIC WORKS DEPARTMENT.

The Hersey Manufacturing Company has been granted an extension of the time of completion of the contract for furnishing labor and material necessary to repair or rebuild and test Hersey water meters for the Water Division, Public Works Department, from December 31, 1947, to April 1, 1948. This extension is requested for the reason that the Hersey Manufacturing Company was unable to complete the contract in the allotted time.

The Rev-Lyn Contracting Company has been granted an extension of the time of completion of the contract for building spar pleats for various bridges to May 10, 1948. This extension is requested for the reason that the contractor has been delayed, due to severe weather and unprecedented snowstorms, in receiving spars which are en route from the West Coast.

F. Susi & DiSantis Company has been granted an extension of the time of completion of the contract for the construction of sewerage works in Cumington street, between Hinsdale street and Blandford street, Roxbury, from December 28, 1947, to March 28, 1948. This extension is requested for the reason that the contractor was unable to put on cold patch due to winter weather conditions.

J. D'Amico has been granted an extension of the time of completion of the contract for building sewerage works in Ruskindale road and Joyce road, Hyde Park, Clearwater Drive and Gallivan Boulevard, Dorchester, from January 2, 1948, to April 2, 1948, a period of 90 days. This extension is requested for the reason that delays were encountered resulting from unfavorable conditions due to winter weather.

Approval has been given for the extension of the time of completion of the contract made with C & R Construction Company for removing snow in Area No. 12, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Joseph P. McCabe, Inc., for removing snow in Area No. 10, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Dooley Brothers, Inc., for removing snow in Area No. 8, from December 31, 1947, to May 1, 1948.

This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Edward M. Matz, Inc., for removing snow in Area No. 1, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Walter Reed Corporation for removing snow in Area No. 5, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Martin J. Kelly Company, Inc., for removing snow in Area No. 9, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Ward General Contracting Company for removing snow in Area No. 6, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

Approval has been given for the extension of the time of completion of the contract made with Earl M. Carriere for removing snow in Area No. 11, from December 31, 1947, to May 1, 1948. This extension is requested for the reason that the city is desirous of exercising its option under the contract.

COASTING STREETS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the order of the Board of Street Commissioners of January 2, 1948, approved by the Mayor on January 2, 1948, designating coasting streets in the different sections of the city, be, and the same hereby is, amended, as follows:

Add to said paragraph the words: "Police Division 10.—Fulda street, and that coasting warning signs be posted at the junction of Valentine and Ellis streets," intending thereby to authorize coasting on said street.

AMENDED DAMAGES.

General Order No. 9.

I. BOARD OF MERIT.

The Board of Merit of the Boston Fire Department, consisting of the chief of department and deputy chiefs, has considered all meritorious acts referred to it for the year 1947. After careful consideration and study, the Board submitted the following recommendations which are hereby approved by the Fire Commissioner:

Case of Ladderman Louis J. Civitarese of Ladder Company 26.

At 8:29½ p. m., January 11, 1947, the department responded to an alarm from Box 2226 for a fire in the dwelling house at 22 Weston street, Roxbury.

Upon arrival of the apparatus members of this department were informed that there were a woman and child trapped in the first floor which was heavily involved in fire, heat, and smoke. Ladderman Louis J. Civitarese of Ladder

Company 26, detailed to Ladder Company 12, entered the building through the front door, forced an entrance to the first floor, crawled along a short hallway into a front room and found a child, age 4, who was unconscious on the floor. He removed the child to the street where members of Rescue Company 2 administered first aid.

In effecting the rescue Ladderman Civitarese was subjected to considerable smoke and heat and his action was performed under difficult conditions. He was highly commended in General Order No. 7, series of 1947.

Because of his prompt action and the great personal risk to which he exposed himself in performing this rescue work, the Board recommends that Ladderman Louis J. Civitarese of Ladder Company 26 be awarded the "John E. Fitzgerald Medal."

Case of Ladderman Edward C. Donovan of Ladder Company 18.

At 10:01 p. m., April 30, 1947, Ladder Company 18 was ordered by the Fire Alarm Office to Fort Point Channel, opposite the United States Parcel Post Building on Dorchester avenue.

On arrival, Ladderman Edward C. Donovan of Ladder Company 18 noticed a woman floundering in the water. She was one of the occupants of an automobile that had plunged into the channel.

Ladderman Donovan immediately dived overboard, fully clothed, and assisted the woman to a ladder that was dropped over the side of the wall.

He and Lieut. John J. Breen of Rescue Company 1 (now captain of Engine Company 26) continued diving into the water in an effort to locate the automobile, or other occupants, but were unable to do so. Both men were ordered out of the water after several futile attempts.

Captain Breen and Ladderman Donovan were highly commended in General Order No. 36 of the 1947 series, for their courage and personal risk in diving into the water, fully clothed, in their rescue attempts.

Because of his action and the manner in which he distinguished himself in rescuing a woman in the water, the Board recommends that Ladderman Edward C. Donovan be awarded the "Walter Scott Medal."

ICE AND SNOW ON CITY STREETS.

The following was received:

City of Boston,

Office of the Mayor, January 27, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order dated January 12, 1948, concerning the cleaning up of ice and snow on all streets in the City of Boston.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
January 26, 1948.

Hon. James M. Curley,
Mayor of Boston.

Dear Mr. Mayor,—I return herewith order passed in the City Council at its meeting of January 12 and reading as follows:

"Ordered, That the Public Works Commissioner be ordered by his Honor the Mayor to take immediate steps to clean up the ice and snow on all streets in the City of Boston."

In connection with this order, I respectfully report that the Public Works Department is doing all that it possibly can to clean the snow and ice from the streets of the city. It would be a physical impossibility to remove the snow from every street in the city, and, if such an attempt were to be made, the cost would be prohibitive.

This department will continue to carry on this work to the best of its ability with the facilities and finances available.

Respectfully yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

CASTLE ISLAND IMPROVEMENTS.

The following was received:

City of Boston

Office of the Mayor, January 28, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Park Department relative to your order of January 19, 1948, concerning the placing of Castle Island in first-class condition.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,

Park Department, January 26, 1948.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—I desire to acknowledge your memorandum, with enclosure, City Council order requesting the Board of Park Commissioners to put Castle Island in first-class condition, repairing the broken benches, etc.

It is our intention to advertise soon for bids for reconditioning Castle Island so as to put it into shape for use as a public park.

This work will probably cost \$30,000, which amount we have set up in the budget. When some of the snow leaves the ground, it will be easier to determine all that should be done.

Respectfully yours,

JOHN J. MURPHY, Chairman.

Placed on file.

PETITIONS REFERRED.

The following petitions were received and severally referred to the committees named:

Claims.

William L. Bryant, for compensation for injuries caused by an alleged defect at 610 Dudley street.

Frank C. Burns, to be reimbursed for execution issued against him.

Guy Caminita, for compensation for damage to car by city car.

Albert A. Carr, for compensation for damage to car by snowplow.

Ruth Cronk, for compensation for injuries caused by an alleged defect in Eastern Avenue Wharf.

Anthony Fareri, for compensation for damage to car caused by being sprayed with paint while driving through Summer Tunnel.

Robert Henkin, for compensation for damage to car caused by an alleged defect in Brook avenue, Dorchester.

Francis A. Kenney, for compensation for damage to car by car of Fire Department.

BUDGET FOR 1948.

The following was received:

City of Boston,

Office of the Mayor, February 2, 1948.

To the City Council.

Gentlemen,—In compliance with section 3 of the Amended City Charter, I submit herewith my budget recommendations in full segregated form for the fiscal year 1948.

These recommendations cover three main appropriation divisions, namely, City Maintenance, County Maintenance, and Revenue Departments and Accounts. The appropriations recommended for the first two divisions will be included in the computation of the tax rate by the Board of Assessors, while the appropriations for the last division will be met from the income received by the several Revenue Divisions of the city.

The grand total of the recommendations for the year 1948, including \$1,250,000, the amount already appropriated by your Honorable Body for Snow Removal, is \$71,360,274.79. This amount represents an increase of \$6,240,711.89 over the total of similar budget recommendations for 1947. The following table indicates in comparative form the appropriations by divisions for this year and last:

	1947.	1948.
CITY MAINTENANCE	\$57,291,444 66	\$63,358,705 64
COUNTY MAINTENANCE	4,511,229 16	4,620,399 81
TOTALS	\$61,802,673 82	\$67,979,105 45
REVENUE DEPARTMENTS AND ACCOUNTS	3,316,889 08	3,381,169 34
GRAND TOTALS	\$65,119,562 90	\$71,360,274 79

The following detailed explanations are offered in connection with the three groups in question.

CITY MAINTENANCE.

The allowances recommended for City Maintenance total \$63,358,705.64. This total represents a reduction of \$8,506,807.09 in the estimates as originally submitted by department officials, and is \$6,067,260.98 more than the total of appropriation recommendations submitted in 1947.

An analysis of this increase reveals that approximately 90 per cent is centered in the following Budget Divisions:

Fire Department	\$1,051,707 04
Hospital Department and Sanatorium Division	1,396,792 84
Public Welfare Department	1,117,544 92
Police Department	814,825 42
Long Island Hospital and Child Welfare Division	118,208 29
Department of Veterans' Services	219,707 70
Snow Removal	850,000 00
Total	\$5,568,786 21

The increases generally in the Police and Fire Departments are necessary because of referendum of the people, or legislative enactments by their duly elected representatives in the General Court, and are listed as follows:

- (1) Forty-eight-hour week for firemen.
- (2) Day off in six for policemen.
- (3) Increase in minimum and maximum salaries for members of the Police Department.
- (4) The subsequent similar increase in minimum and maximum salaries for members of the Fire Department to equalize with the Police Department.
- (5) Increased pension costs.
- (6) The increased cost of uniforms and personal equipment of the added personnel in both the Fire and Police Departments due to the adoption of the 48-hour week for firemen and a day off in six for policemen.

The increases in the Hospital Department, Sanatorium Division, Long Island Hospital, and the Child Welfare Division, are due, in part, to the establishment of the 40-hour week, which, while general throughout the city, affects these departments perhaps more than any other, because they are on a seven-day, 24-hour basis. In addition, the rise in cost of food, fuel, and medical supplies and equipment adds necessarily to the increases in appropriations for these departments.

The increases in allotments for recipients authorized by the state, and the rise in case loads, makes necessary these substantial increases in the appropriations for the Public Welfare and Veterans' Services Departments.

An appropriation of \$1,250,000 for Snow Removal has already been approved by your Honorable Body. This is an increase of \$850,000 over similar appropriations for last year. We are all aware of the fact that the snowstorms of the present winter have been record-breaking, and whether or not this appropriation will be sufficient is not easy to determine. Usually February, from past experience, is a high snow month, and, if this February lives up to its past record, it is possible that this appropriation may have to be increased.

The balance of the increase for City Maintenance, amounting to \$498,474.77, is divided among the remaining Budget Divisions of the city, and provides for step-rate increases, additional employees necessary because of the 40-hour week law, and the rising cost for Contractual Services, Supplies, Equipment, Materials, and all other commodities necessary for the proper operation of the various city departments.

The following tabulation indicates by budget groups the difference between the appropriations of last year and the allowances of the current year:

TWO-YEAR BUDGET COMPARISON.
CITY MAINTENANCE.

	1947 Appropriations.	1948 Allowances.	Increase.
A. Personal Service.....	\$29,699,586 77	\$32,864,512 52	\$3,164,925 75
B. Contractual Services.....	6,214,313 57	6,511,142 39	296,828 82

Totals.....	\$57,291,444 66	\$63,358,705 64	\$6,067,260 98

* Decrease.

COUNTY MAINTENANCE.

The allowances recommended for County Maintenance total \$4,620,399.81. This total represents a reduction of \$501,260.67 in the estimates as originally submitted by county officials, and is \$109,170.65 more than the total of the appropriations submitted in 1947.

The following table indicates in comparative form the main points of difference between last year's appropriations and allowances recommended for the current year for County Maintenance:

TWO-YEAR BUDGET COMPARISON.
COUNTY MAINTENANCE.

	1947 Appropriations.	1948 Allowances.	Increase.
A. Personal Service.....	\$3,221,908 38	\$3,288,491 75	\$66,583 37
B. Contractual Services.....	619,211 00	650,961 18	31,750 18
C. Equipment.....	82,488 14	91,443 35	8,955 21
D. Supplies.....	335,904 80	422,090 00	86,185 20
E. Materials.....	30,659 64	28,630 00	2,029 64*
F. Special Items.....	75,557 20	71,783 53	3,773 67*
Special Appropriations.....	145,500 00	67,000 00	78,500 00*
Totals.....	\$4,511,229 16	\$4,620,399 81	\$109,170 65

* Decrease.

The increase in County Maintenance provides for current step-rate increases authorized under the County Compensation and Classification Plan; the additional amount necessary to provide for statutory increases granted to county officials and employees last year by the General Court; the 40-hour week law in a smaller degree than the city departments; and the rising cost for Contractual Services, Supplies, Equipment, Materials, and all other commodities necessary for the proper operation of the various county departments and institutions.

REVENUE DEPARTMENTS AND ACCOUNTS.

The following table indicates in comparative form the main points of difference between last year's appropriations and the allowances recommended for the current year for Revenue Departments and Accounts:

TWO-YEAR BUDGET COMPARISON.
REVENUE DEPARTMENTS AND ACCOUNTS.

	1947 Appropriations.	1948 Allowances.	Increase.
A. Personal Service.....	\$1,797,173 05	\$1,804,383 25	\$7,210 20
B. Contractual Services.....	566,873 14	589,551 40	22,678 26
C. Equipment.....	120,340 00	99,670 40	20,669 60*
D. Supplies.....	61,354 75	64,465 00	3,110 25
E. Materials.....	280,655 50	297,835 50	17,180 00
F. Special Items.....	54,034 64	45,263 79	8,770 85*
Special Appropriations.....	436,458 00	480,000 00	43,542 00
Totals.....	\$3,316,889 08	\$3,381,169 34	\$64,280 26

* Decrease.

The above increase is due mainly to the increased cost of commodities and equipment, and the increase in the State-Boston Retirement System Pension Fund.

As previously stated, the appropriations for the Revenue Departments and Accounts will be met from the income received by them.

I respectfully recommend the adoption of the budget as submitted after early consideration by your Honorable Body.

Very truly yours,
JAMES M. CURLEY, Mayor.

APPROPRIATIONS AND TAX ORDERS FOR THE FINANCIAL YEAR 1948.

Ordered, That to meet the current expenses payable during the financial year beginning with the first day of January, 1948, for performing the duties and exercising the powers devolved by statute or ordinance, or by vote of the City Council during the year, upon the City of Boston, or County of Suffolk, or the departments or officers thereof, the respective sums of money specified in the tables and schedules hereinafter set out be, and the same are, hereby appropriated for the several departments and for the objects and purposes hereinafter stated.

Ordered, That the appropriation for Water Service, current expenses, and the payment to the state, under the provisions of chapter 488 of the Acts of 1895, and acts in addition or amendment thereto, and for the interest and debt requirements or for loans issued for water purposes, be met by the income of said works and any excess over income from taxes; that the appropriation for Printing Department be met by the department income and any excess over income from taxes; and the appropriation for the City Record be met by the income of said publication and any excess over income from taxes; that the appropriation for Pension Fund of the State-Boston Retirement System be met by any credits authorized by law and any excess by taxes; that the appropriation for the Sumner Traffic Tunnel be met by the income from tolls

BOSTON WAR MEMORIAL CENTER BEING PLANNED FOR CITIZENS BY MAYOR CURLEY AND TRUSTEES THROUGH FUNDS PROVIDED UNDER WILL OF LATE GEORGE ROBERT WHITE—CENOTAPH IN HONOR OF MEN AND WOMEN WHO LOST LIVES IN RECENT WAR TO BE ERECTED IN FENWAY, NEAR ROSE GARDEN AND ATHLETIC FIELD—SETTING IS OF RICH DIGNITY, ENHANCED BY REFLECTION OF BEAUTY OF CENTRAL FIGURE ON WATERS OF POND BORDERING THREE SIDES—IN MANNER OF NATIONAL MEMORIALS IN WASHINGTON HONORING THOMAS JEFFERSON AND ABRAHAM LINCOLN.

MAYOR GETS LETTER OF APPRECIATION FROM DORCHESTER CITIZENS FOR FIELDS CORNER DISTRICT HEALTH UNIT.

Mayor Curley has received the following letter of appreciation from a Dorchester citizen:

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. CURLEY,—As the other male member of the group from the Dorchester Neighborhood Council which was given a hearing by the trustees of the White Fund on Wednesday last, I wish to thank you for the courteous hearing you extended to our request for a reconsideration of previous action by the trustees and for the open-minded attitude displayed by you and the other trustees.

If our experience of Wednesday was a sample of "Curleyism" I fail to see what your critics complain about. If "Curleyism" means an open-minded approach to a problem and a willingness to weigh the facts and, if necessary, to review, to reconsider and to act for the best interests of the people of Boston, as in this case you did for the people of Dorchester who are to be served by the new Health Unit, then more power to you.

My first and only contact with you prior to last Wednesday was in the late spring of 1917 when I, cooperating with the late Tom Hurley, presented to you a protest about the way students of Boston College were treated by the examining board of the United States Army for admission to the Plattsburg Training Camp. You fought a loyal battle for us then. You are still fighting a loyal battle, so far as I can see, for justice and for fairness.

The construction of a modern and ample Health Unit, beautifully situated on a spacious lot of land which will permit of further extension if needed, and centrally located so as to serve conveniently the mothers and children of the Fields Corner district, should fill a need not for today or tomorrow but for years to come. When those of us now interested in this project are gone there will be those who will thank the unknown citizens of today who planned for the future just as we today cherish the memory of those who struggled, fought and planned for those human rights which we enjoy.

Thank you, sir, very much.

Respectfully yours,

THOMAS D. CRAVEN.

Boston's War Memorial Center As It Will Appear in Fenway Setting.

Through the funds provided by the trustees under the will of the late George Robert White, the City of Boston is to honor the Boston men and women who lost their lives in the recent World War. This, on its completion, will be known as the George Robert White War Memorial Center.

The War Memorial Center will cover a large plot of ground located in the Fenway, surrounded on nearly three sides by a pond, near the Fenway rose garden and the athletic field. The site is of particular advantage in that it is entirely removed from commercial areas, though close to the heart of the city. In the background the Evans Memorial wing of the Boston Museum of Fine Arts may be seen. The setting is one of rich dignity. The pond will reflect the beauty of the central feature of the Memorial, much in the manner of such national memorials as the Thomas Jefferson and the Abraham Lincoln Memorials in Washington.

The focal point of the Memorial Center will include a bronze victory figure of dignity and beauty, which is placed at the base of a stone shaft that is crowned by a glass-encased eternal light, shining through a cluster of 48 bronze stars symbolic of the United States. Behind the victory figure and shaft is a stone exedra, or shallow arc, consisting of 27 pilasters, bearing in permanent bronze the individual names of the 3,000 men and women being memorialized.

The central feature will include a rostrum, in front of which will be a podium and lectern. Ample space for the accommodation of speakers, musicians, etc., will be provided for on this rostrum. The whole arrangement includes practical and useful facilities for gatherings of a patriotic and educational nature, for large and small audiences.

(Continued on page 172.)

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem by

NATHAN HASKELL DOLE.

MAYOR CURLEY MAKES PLANS FOR EXTENSION OF CANOEING AND CAMPING JOYS FOR YOUTH ON UPPER CHARLES RIVER BASIN AND SAILING ON LOWER SECTION — MONEY PROVIDED OUT OF CITY-HELD CAHILL FUND, WITH PARK DEPARTMENT ACTING IN SUPERVISORY CAPACITY.

Plans to make Boston pre-eminent in its development of water playgrounds have been announced from Mayor Curley's office with the disclosure that the Mayor, as chairman of the city-held Cahill Fund, has authorized an allocation of money for the extension of canoeing and camping for boys on the upper Charles River and sailing on the lower Charles River Basin. A grant of \$2,500 was allocated upstream, and \$1,000 downstream. The Park Department will cooperate in both projects.

"No man is indispensable," said Mayor Curley "myself included. If we pass on tomorrow, the young men who come after us will fill our shoes, sit in our places, and probably run the world much better.

"But I am going to make sure that the young men and women now growing up in Boston will have the fullest advantages which the city can give them. The increased use of our beautiful Basin for the resolute science of sailing, in the added sailboats herewith provided, and the increased use of the upper Charles River and its unique forest lands above the city, with the added canoes herewith provided, for the hardy science of canoeing and camping, will furnish the leisure hours of our boys and girls this summer with two mighty schoolmasters. Nature is a great teacher."

The canoeing and camping development, open to boys, and centering at Spring street, West Roxbury, is under the sponsorship of Attorney Albert West. The sailing project, open to boys and girls

without charge on the lower Charles River Basin, adjacent to the Concert Shell, will come under the special attention of Associate Park Commissioner Joseph Lee. A half dozen more canoes and half dozen more sailboats together with broader operations will be added to the two projects, respectively, under the allocation announced today.

The sailboats for the lower Basin are now being constructed by the participating boys themselves under city supervision in the basement of the discontinued Bowdoin School at 45 Myrtle street, two blocks from the rear of the State House. Anyone is welcome to take part on weekday afternoons and evenings.

"Boston has pioneered in active water parks by the origination of these two projects," said the Mayor, "while New York and Chicago and other large or small cities of the country have been asleep. We intend to hold our leadership."

MAYOR CURLEY EXTENDS SYMPATHY TO WAR MOTHERS OF RETURNING HERO DEAD.

The following letter is being sent to all the mothers and fathers of the boys who lost their lives in this past war who are having the bodies returned:

DEAR FRIENDS,—With a realization of how futile mere words are to assuage the grief that has come to you in the loss of a loved one as a consequence of the recent World War, I, nevertheless, at this time desire to extend my sincere sympathy and endeavor, in a practical way, to be of service to you in this, your second hour of trial.

It is my desire that your wishes be considered in the matter of a final resting place for the remains of your loved one now being returned for burial in your family lot.

The office of Veterans' Graves Registration has made provision for the appointment of a supervisor for the Boston district, and this work is in charge of Frank T. Pedonti, Room 37, City Hall, Boston, with whom you are at liberty to consult at any time. The law requires that he is to work in cooperation with Federal and State authorities, to the end that our sacred obligation to the honored dead be carried out in conformity with the wishes of the next of kin. This is done in recognition of the debt of gratitude the nation owes to wonderful, brave boys such as yours, the cream of America's youth, who sacrificed their lives for our

country on foreign soil, that the principles of liberty and democracy may be preserved for the present and future generations.

Sincerely yours,

JAMES M. CURLEY,
Mayor of Boston.

CIRCULAR LETTER NO. 3.

CITY OF BOSTON,
MAYOR'S OFFICE, February 12, 1943.

To All Department Heads.

DEAR SIR,—This is to notify you that I have appointed Henry F. Brennan, City Treasurer, and George James Curley, Director of Public Celebrations, as co-chairmen of the Red Cross Drive for city employees this year. The Drive will take place between March 1 and March 31.

A meeting will be held later in the month, at which John S. Ames, Jr., will address all department heads. Representatives from the American Red Cross will contact all departments in the near future, and furnish all equipment necessary for the conduct of this year's Drive.

For any further information in regard to the Drive, contact either Mr. Curley or Mr. Brennan.

Respectfully,

JAMES M. CURLEY, Mayor.

REPORT OF JOHN P. SULLIVAN, HEAD, DIVISION OF STATISTICS AND PUBLICITY, ON ATTENDANCE AT EDUCATIONAL CONFERENCE.

The following is a report of attendance at educational conference by John P. Sullivan, head of the Division of Statistics and Publicity of the School Department:

Honorable Members of the Boston School Committee and the Superintendent of Schools.

In accordance with section 3, chapter 274, of the Acts of 1914, the following report of attendance at a conference of school public relations officials held at Detroit, Michigan, on January 23, 24, and 25, 1943, is herewith submitted.

The membership of the conference, called by the president, comprised the executive committee of the School Public Relations Association, which is an affiliate of the American Association of School Administrators. Present were representatives from New York, Philadelphia, Pittsburgh, Baltimore, Detroit, Chicago, Cincinnati, and Boston. This conference was the first meeting of the executive committee since before the war.

The agenda contained two major items: (1) selection of the future convention cities, and (2) exchange of ideas and experiences of those present as to the public relations program now in operation and a discussion of the future programs which school systems might consider in the future.

Incidentally, Boston was tentatively approved for the 1950 Convention of the School Public Relations Association. It will be held in conjunction with either the N.E.A. or the A.A.S.A. convention—whichever organization meets in Boston.

The conference consisted of round-table discussions concerning existing policies, practices, and utilization of media in our respective school systems. A field trip to the Research and Public Relations Division of General Motors proved both interesting and valuable.

The highlight of the conference was the interchange and exchange of ideas, techniques, and materials concerned with the relationship between the school and the home, the school and the public, the school and the community. As a result of the exchange of materials, this writer came home with about 20 pounds of printed matter, such as pamphlets, leaflets, brochures, house organs, reports, public opinion polls, etc. Incidentally, many cities are using their own public opinion polls designed: (1) to stimulate interest among the patrons and public in the public schools, and (2) to determine the particular viewpoints, both good and bad, which the patrons and the public express about their schools.

Although the conference considered at length the utilization of media to acquaint the public with school affairs (daily and weekly newspapers, magazines, radio, community forums, etc.), it was agreed that the future will demand some concern in the field of school personnel relations. It was interesting to note this trend toward school management problems and personnel relations as they relate to the over-all school public relations field.

This conference proved valuable. Many new ideas and excellent examples of work done can be used with profit in our own school system. I believe the trip was worth while.

Respectfully,

JOHN P. SULLIVAN,
Head, Division of
Statistics and Publicity.

BOARD OF REAL ESTATE COMMISSIONERS ISSUES STATEMENT ON MATTER OF OFF-STREET PARKING — BOARD PROCEEDING WITH ALL LEGAL SPEED POSSIBLE.

The Board of Real Estate Commissioners, whose members consist of Irving Lewis, Chairman, and four unpaid members: William F. Keesler, Vice President, First National Bank; Philip E. Bennett, Vice President, National Shawmut Bank; William Stanley Parker, Chairman of the Planning Board, and Henry F. Brennan, City Treasurer, has been holding regular meetings to deal with the problem of off-street parking. The Board is moving to establish the projects as speedily as the law will permit. The delays which have occurred were due to causes over which the Board had no control.

The question of settlement for damages in the takings is a matter in which the Finance Commission itself participates. The law makes provision as to how the claims for damages are to be handled, which is either by settlement or by court proceedings. There have been only two instances where the Board, to the present date, felt justified in settling them, which was done with full knowledge of the Finance Commission, and they saw no reason to object to the settlement which was approximately on a basis of 63 per cent of the assessed value. This settlement met with their approval.

The work on demolition was started and has been progressing since the date of the issuance of the contract. Due to weather conditions, there has been some delay, but we have every expectation that with weather permitting the work will be completed within a very short time. The parking facilities should be available upon the completion of the demolition or within a very short period of time thereafter.

The Board, at the present time, has under consideration additional sites to be taken. Due to the nature of the work entailed and the expense that may result because of these takings, the Board must determine many factors in order to obtain the best for the City of Boston and the trust that has been imposed upon them by the Legislature.

On Thursday, February 12, 1948, a full Board meeting was held with representatives of business interests in the city regarding off-street parking and further plans were discussed at that meeting.

IRVING LEWIS,
Chairman.

COMPLAINS TO MAYOR ON ROOMING HOUSE CONDITIONS FOR STUDENTS.

The following letter was received on February 13 by his Honor the Mayor:

MR. JAMES CURLEY,
Mayor of Boston.

DEAR MR. CURLEY,—This letter is to bring to your attention a matter which you as Mayor should know about. Every year students pile into Boston to come to school. These students, especially girls, are rented rooms in the not so good districts of our city. The age averages between eighteen to twenty. They live in those rooms or apartments without chaperones or any rules to abide by. They have boys up till late hours and can stay out till all hours. Surely they are not helping the school's reputation or their own or even Boston's living like this. Why don't the schools make them live in the school dorms or accredited

houses? The so-called apartments are dirty holes and cost plenty.

If we want to keep Boston as the place of knowledge and decency we should make it our business and see that girls of these ages live in decent places.

Yours truly,

A BOSTON CITIZEN.

P.S. I know you will give this your prompt attention and consideration.

Regarding the above communication, the Mayor sent the following letter to Miss Mary E. Driscoll:

February 13, 1948.

MARY E. DRISCOLL, *Chairman*, Licensing Board, 24 Province street, Boston 8, Mass.

MY DEAR MISS DRISCOLL,—I am in receipt of the enclosed communication, and, while it is anonymous, it nevertheless offers a very valuable thought for the welfare of the boys and girls who are far removed from home engaged in furthering their education in Boston.

I trust it will be possible for you to make up a list of accredited rooming houses which may be supplied to institutions of learning with a view to safeguarding the students far removed from home.

I am quite certain that as a consequence of intercession by you that the Police Commissioner will gladly cooperate.

Respectfully,

JAMES M. CURLEY, *Mayor.*

TRAFFIC COMMISSION RULINGS.

Voted, That as urgently required by considerations of public safety and convenience, for a trial period of sixty (60) days, the following street is one way in the direction indicated, effective February 16, 1948:

Walk Hill Street, West Roxbury.

From Washington street to Hyde Park avenue.

Voted, That as urgently required by considerations of public safety and convenience, during the period of snow accumulation, estimated to be thirty (30) days, effective beginning Saturday, February 14, 1948, all public streets that are officially posted with signs bearing the legend "Emergency—One Way—Do Not Enter," are one way in the direction indicated by these signs.

BOSTON WAR MEMORIAL PLANNED BY MAYOR CURLEY AND TRUSTEES OF GEORGE ROBERT WHITE FUND.

(Continued from page 169.)

The entire area surrounding the central figure will be landscaped and planted with the choicest varieties of shade and flowering trees, evergreens, and flowering shrubs, selected for their hardiness in this locality. Such plantings will include flowering dogwoods, magnolias, azaleas in variety, flowering crab apples, and ground-cover material in profusion. Leading to the central point will be walks of bluestone slabs, culminating in a lawn area facing the figure. In many recessed points will be placed benches where people may sit and rest. The result will be a park-like setting of combined beauty and usefulness unsurpassed.

This War Memorial Center is not simply a monument—it is a true living

war memorial of a permanent nature, serving a useful purpose as well as being a beautiful tribute that should inspire reverence in the hearts of all who gather to do honor to a large group of noble men and women who were until recently their fellow citizens.

FIRE DEPARTMENT ORDER.

His Honor the Mayor on February 12 received the following letter:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Attached herewith is a copy of Special Order No. 18, dated February 11, 1948, with reference to the designation of Deputy Chief John F. McDonough to be Acting Chief of Department until such time as Chief Boutilier's retirement papers can be processed.

Chief Boutilier expects to enter the City Hospital next week for a hernia operation as the result of injuries sustained at the five-alarm fire on Sleeper street, January 15, 1948. He should be discharged from the hospital approximately two weeks after the operation and should be qualified for retirement shortly afterwards.

Deputy Chief McDonough was appointed to the department July 15, 1904. He was born April 6, 1881, in Cambridge, Mass.

He was promoted to the grade of lieutenant December 19, 1921, to captain February 1, 1924, to district chief November 15, 1927, and was made a deputy chief November 27, 1936.

He has served the Fire Department with distinction and has had varied service in many Combination, Ladder and Engine Companies.

At the time of his appointment as Acting Chief of Department he had been serving as deputy chief at Division Headquarters, Warren avenue, South End.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

February 11, 1948.

S. O. 18.

From: The Fire Commissioner.

To: The Deputy Chiefs.

Subject: Acting Chief of Department.

1. Chief of Department Napeen Boutilier has been granted a leave of absence as a result of injuries received in the line of duty and is hereby relieved of further duties until such time as his retirement becomes effective.

2. Deputy Chief John F. McDonough is hereby designated as Acting Chief of Department, effective as of 8 a. m., February 11, 1948.

Per Order:

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

LOCATION OF STREET.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the location, direction, width, and grade of the private way designated as Ferncroft road, West Roxbury district, leading northeasterly from Kirk street for a distance of approximately three hundred and eighty-eight feet to Corey street, as shown on a plan approved in writing by the Board of Street Commissioners and Mayor, and on file in the office of the Street Laying-Out Department, be, and the same hereby are, approved.

CITY HIGHWAYS SET ASIDE AS ONE-WAY THOROUGHFARES DURING PRESENT SNOW EMERGENCY—DESIGNATION TO CONTINUE FOR 30-DAY PERIOD IN DIRECTION INDICATED—PUBLIC WORKS COMMISSIONER TAKES ACTION AFTER RECOMMENDATIONS OF POLICE—CITIZENS ARE ASKED TO COOPERATE IN FACILITATING FLOW OF VEHICULAR TRAFFIC AND TO PREVENT UNNECESSARY OBSTRUCTION OF STREETS.

In accordance with the recommendations of the Police Department, the streets named in the following list are hereby designated as "one-way" streets in the direction indicated, this designation to continue during the emergency period of 30 days, commencing Saturday, February 14, 1948.

This action has become necessary because of the unusually large accumulation of snow in the streets throughout the city.

The cooperation of the public in all sections will be necessary in order to facilitate the flow of vehicular traffic and to prevent unnecessary obstruction of the streets.

CONTRACTS AWARDED.

Permission to award contracts for work, materials and supplies, in accordance with recommendations of department heads, has been approved by the Mayor.

SCHOOL COMMITTEE.

The School Committee has approved proposals for furnishing bread and rolls for Boston public school cafeterias. Bids from the following concerns were opened Wednesday, December 10: General Baking Company, Gentles Baking Company, Hathaway Bakeries, Inc., Kasanof's Model Bakery.

Awards were made to the lowest responsible bidders in accordance with specifications, and contracts were awarded as follows: Gentles Baking Company, bread, \$7,140; Hathaway Bakeries, Inc., rolls, \$8,750.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor has approved contracts with contractors, commercial firms, etc., for furnishing labor, supplies, etc. Communications from the heads of the several departments interested were as follows:

SUPPLY DEPARTMENT.

BOSTON, February 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to purchase, without public advertisement, the following:

One new Oshkosh, Model W-307, 5-ton capacity, 4-wheel drive truck, with 6-cylinder Hercules gasoline engine, piston displacement 404 cubic inches, with ten speeds forward, two reverse, 10:00-20 single front, dual rear tires, 4-wheel Lockheed hydraulic internal expanding brakes, chassis weight with cab 10,200 pounds, g.v.w. 23,600 pounds, with 3-yard heavy duty body and heavy duty hoist, complete with one Model RV-876 V plow with full hydraulic system, front frame hitch, front mounted power take-off and pump, and one Model R-310 Ross heavy duty 10-foot wing front mounted with double acting wing brace slides fully hydraulic with controls inside the cab.

The Park Department are in need of snow-fighting equipment and, in my opinion, it would be for the advantage of the city to secure this plow at once so that it may be used during the present winter. The market conditions are so unsettled that the best delivery dates for heavy equipment are from six months to over a year.

The Field Machinery Company has guaranteed delivery within two days after receipt of order. Because of this guarantee, I recommend that a contract be

awarded to the Field Machinery Company at a total amount of \$11,300.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department is in receipt of a requisition from Doctor Manary of the Boston City Hospital covering the purchase of equipment for use in the Cystoscope Room at the hospital. This equipment is manufactured by the American Cystoscope Makers, Inc., 1241 Lafayette avenue, New York, New York, and the super-

intendent of the hospital has asked us to place this contract with the above-named company, as Doctor Prather, Surgeon-in-Chief of G. U. at the City Hospital, is familiar with the instruments manufactured by the company.

In view of this explanation, I would respectfully request that permission be granted me to award a contract, without public advertisement, to the American Cystoscope Makers, Inc., as per equipment listed below. Since they are the manufacturers, no advantage would be gained by publicly advertising for bids. Total amount of contract is \$2,198.90.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—During the early fall of 1947, this department publicly advertised for rock salt to be used by the various city departments and contracts were placed with the lowest bidders.

The amount involved in these contracts was 2,800 bags of 100 pounds each bag and 2,600 tons of bulk salt. Owing to the unusually severe winter which we are experiencing, this supply has been practically all used up and in order to assure the city of a reasonable margin of safety during the remainder of the winter I would respectfully request that permission be granted me to award a contract, without public advertisement, to the Atlantic Salt Company for the following:

715 bags white rock salt, cloth, \$100's, at \$1.37 a bag.

285 bags white rock salt, cloth, 100's, at \$1.34 a bag.

555 bags white rock salt, cloth, 100's, at \$1.31 a bag.

100 bags dark rock salt, cloth 100's, at \$1.16 a bag.

165 bags dark rock salt, cloth, 100's, at \$1.19 a bag.

335 bags dark rock salt, cloth, 100's at \$1.22 a bag.

The Atlantic Salt Company is the only supplier at the present time who can furnish us the quantity needed for the remainder of the winter, and, as it is imperative that fire hydrants, bridges and highways be put in a safe condition, I would respectfully request that permission be granted me to award the above-mentioned contract. Total approximate amount of contract involved will be \$2,870.55.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 6, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Public Welfare Department is using at the present time tabulating machine equipment belonging to the International Business Machines, Inc., which is secured through the medium of a rental contract as it cannot be purchased outright. The Public Welfare Department has investigated the possibility of securing similar equipment

from other companies, but has been unable to secure the proper equipment needed for its work.

In view of the above, I would respectfully request that permission be granted me to award a contract, without public advertisement, to the International Business Machines, Inc., for the following, on a rental basis for six months:

Printing Punch 10751, \$50 monthly.
Printing Punch 10382, \$50 monthly.
Horizontal Sorter 12910, \$40 monthly.
Horizontal 12913, \$40 monthly.
Electric Accounting Machine 11141, \$85 monthly.

Bill Feed 10114, \$20 monthly.
Alphabetical Electric Accounting Machine 21184, \$305 monthly.

Bill Feed 10827, \$20 monthly.
Alphabetical Electric Accounting Machine 12905, \$255 monthly.

Bill Feed 10356, \$20 monthly.
Automatic Reproducer 12062, \$90 monthly.

Check Writing Interpreter 10279, \$60 monthly.

Automatic Carriage 19138, \$20 monthly.
Multiplying Punch 11267, \$155 monthly.
Total, \$1,210.

The city reserves the right to either substitute or add to the equipment listed above provided that the monthly rental charge does not exceed \$1,250. Since this equipment can be obtained only from the International Business Machines, Inc., no advantage would be gained by a public advertisement for bids. Total amount of contract is \$7,260.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 9, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—This department is in receipt of a requisition from House of Correction, Deer Island, for ten tons of turkey-starting mash.

Since there is an urgent need for this feed at Deer Island, it is respectfully requested that permission be granted me to award an order, without public advertisement, to Thomas F. Culkeen Company, who submitted the lowest price in response to our request for bids.

Total amount of order will be \$1,258.50.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 10, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In the purchase of clothing for the Child Welfare Division of the Institutions Department, it has been found necessary to depart from the usual method of publicly advertising for our needs in order that the department may take advantage of spot offerings of this class of merchandise which occurs frequently and is productive of a great saving to the department.

If the department were to follow the customary procedure of publicly advertising for our annual requirements of this commodity it would deprive us of the opportunity of accepting specially priced offerings which, in the past, have resulted in considerable saving to the city.

I would request therefore that permission be granted me to purchase clothing for the Child Welfare Division amounting

to \$2,000 or more in the open market, without public advertisement, for the reasons outlined above.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 11, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Permission is respectfully requested to award a contract, without public advertisement, to the Haloid Company, 141 Milk street, Boston, for furnishing to the City Clerk's Department one super rectigraph duplex photo-recording machine equipped with standard copy holder at a price of \$4,200, with the following equipment:

One pair A. C. photo record Hanovia lighting outfits, \$225; one automatic timer, \$200; one single cell rectigraph stainless steel washer, \$170; one rectigraph heater press, with thermostat, \$200; two spare bulbs for Hanovia lights, \$24.70; one Bradley trimmer, 24-inch blade, wood base, \$34.50. Total amount of contract is \$5,054.20, plus an approximate freight charge of \$50.

No advantage would be gained by a public advertisement for bids due to the reason that these photo-recording machines are manufactured by only two companies, the Photostat Corporation and the Haloid Company, and as the machine manufactured by the Haloid Company which meets all the requirements is considerably less in price than that of the Photostat Corporation, I would respectfully request that the permission asked for above be granted me.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to award orders for the following emergency pumping equipment, to be used by the Sewer Division of the Public Works Department, to the companies as indicated:

To Ralph F. Morrison, 25 Lovell street, Watertown: four $\frac{1}{2}$ horsepower 3-foot tip, DC pumps, \$684; four $\frac{1}{2}$ horsepower 3-foot tip, AC pumps, \$524.

To Erving D. Moore, 65 High street, Boston: twenty 25-foot lengths, $1\frac{1}{2}$ -inch discharge hose, \$260; twenty sets, $1\frac{1}{2}$ -inch couplings (attached), \$32.20.

To Tractors, Inc., Newton: two air caisson pumps, \$450.

Total, \$1,950.20.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUFFOLK COUNTY.

BOSTON, January 16, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—In accordance with provisions of chapter 156 of the Acts of 1939, I hereby respectfully request from your Honor written authority to dispense with advertising for proposals for the purchasing of record duplex paper from the Haloid Company of Rochester N. Y., in the amount of \$5,391.10, under Item D-16 of the budget, for the following reason:

This paper is used for photo-copying all recorded instruments in this department and is manufactured by one concern only, the Haloid Company, Rochester, N. Y.

Respectfully yours,

LEO J. SULLIVAN,
Register of Deeds.

CONTRACTS AMENDED.

INSTITUTIONS DEPARTMENT.

The Peabody Construction Company has been allowed to amend the contract for construction of a brick and concrete garage, repair pit and concrete ramps at the Long Island Hospital, Boston Harbor, as follows:

By substituting as the date of completion of the work "February 1, 1948," in place of "December 1, 1947."

Delay is due to difficulty in securing underground pipe and fittings.

LIBRARY DEPARTMENT.

Rambusch Decorating Company has been allowed to amend the contract to furnish all the labor and materials required for the installation of a new electric lighting system in the Abbey Room of the Central Library Building by striking out the word and figures "January 20, 1948," as they appear in Article II, on page 7, of said contract, and substituting therefor the words and figures "on or before March 1, 1948."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

The Peabody Construction Company has been allowed to amend the contract to furnish all the labor and materials required for the new fire escape from the Lecture Hall and new stair from the Map Room at the Central Library Building, Copley square, by striking out the words and figures "on or before January 15, 1948," as they appear in Article II, on page 9, of said contract, and substituting therefor the words and figures "on or before February 28, 1948."

This agreement is made subject to the provisions of the contract hereinbefore referred to.

ADDITIONS TO CONTRACTS.

FIRE DEPARTMENT.

Approval has been given of the following additions to the contract of General Ship and Engine Works, Inc., for conversion of two former AMc type naval vessels for use as fireboats. Additions given below are all in connection with work on the motor vessel "Bulwark":

No. 82, Air Compressor.—Supply necessary labor and material to check air compressor for starting, open up compressor and repair same, repair motor, \$383.

No. 83.—Provide necessary labor and material to patch and replace with new all-linoleum in the following spaces; galley, pilothouse, captain's stateroom, aft port stateroom, and aft starboard stateroom, \$287.

No. 84.—Furnish necessary labor and material to open tanks for inspection, clean out sediment in tanks, fuel lines to main engine room and pump room, \$143.

No. 85.—Provide labor and material to insulate four Diesel pump exhaust neck and flanges, \$221.

No. 86.—Provide labor and material to install $\frac{3}{4}$ -inch diameter copper tubing and valve from pump discharge to

suction of engine, attach pump for priming (four required), \$38.

No. 87.—Provide labor and material to run necessary wires from the main switchboard to the galley and connect to electric hot plate; General Ship and Engine Works to supply hot plate, \$279.

No. 88.—Provide labor and material to overhaul heating boiler, clean, check for leaks, repair or replace all defective fittings; after completion of work, test entire heating system for operation; the heating boiler was entirely dismantled, cleaned, and reassembled; leaks found in two hot water coils to be repaired; the hot water circulating pump to be removed from the "Bulwark," allocated to the "Marabout" to replace her worn-out pump; a new circulating pump was purchased and installed for the "Bulwark"; the heating controls were found inoperable and new ones are to be purchased and installed; aquastat and thermal relay in the stack; the heating boiler found to be without an oil burner (gun type); new one was purchased and installed with the necessary fittings, making the heating system fully automatic; upon testing the system, leaks were found in the hot water pipes and radiators; some radiators required the installation of new valves; where defects showed in the covering of the boiler, they are to be patched; the whole boiler was cloth covered, effecting a new appearance, \$1,768.

No. 89.—Provide labor and material to felt wrap all fire lines in quarters above main deck, less \$30 for cork paint not used, \$80.

No. 90.—Provide labor and material to check main engine pyrometer system and put in good working order, \$95.

No. 91.—Provide labor and material to furnish and install a new salt water sanitary pump with necessary changes to the present piping system (old one beyond repair), \$333.

No. 92.—Provide labor and material to furnish and install a new, fresh water domestic pump with necessary changes to the present piping system (old one beyond repair), \$385.

No. 93.—Furnish necessary labor and material to install 200-ampere transfer switch on switchboard and for generators and shore line connection; furnish and install three-wire cable between approximately 40 feet of three-wire shore line cable; reconnect bus on switchboard for three-wire shore line operation, \$775.

No. 94.—Provide labor and material to blank off suction lines from bilge manifold to old deck bilge hand pump; remove pump and blank off pipe lines to same, \$32.

No. 95.—Provide labor and material to try out the fire and bilge pump, electrical, mechanical, pipes and valves; repair, or replace with new, all defective parts; at completion close up in good order, \$135.

No. 96.—Provide labor and material to repair, or replace with new, salt water suction lines in bilge, \$91.

No. 97.—Provide labor and material to run a separate suction line from fuel oil transfer pump in pump room to supply at main fuel oil tanks; at present the main engine, port generator, starboard generator are supplied directly from the main fuel oil tanks, and tying in a suction to this line to the fuel oil transfer pump in the pump room would deprive the three above-mentioned units of fuel oil, \$142.

No. 98.—Provide labor and material to open wash basin drainpipes and sanitary drainpipes; clean out to insure proper drainage does not change or alter

the present system; all parts beyond repair to be replaced with new, \$95.

No. 99.—Provide labor and material to change the fuel oil line to the heating boiler from the main fuel oil tanks; discontinue line from main fuel oil tanks to boiler and provide a supply line from the main engine fuel oil day tank to the heating boiler; the present system does not provide adequate lead for fuel oil supply to the heating boiler, \$143.

No. 100.—Provide labor and material to tie in the discharge of the present fuel oil transfer pump to the main engine fuel oil day tank; at present the fuel oil transfer pump in the main engine room cannot be used to fill the main engine fuel oil day tank, \$146.

No. 101.—Provide labor and material to install a wood cover over the main flywheel; the cover is to be so constructed as to allow removal of the floor boards without removing the cover; cover is also to be provided with hooks at the bottom to secure cover in place, \$155.

No. 102.—Provide labor and material to install two (one port, one starboard) 0-300 pounds water pressure gauges in the 10-inch water main, approximately between No. 3 and No. 4 pumps; General Ship to supply pressure gauges, \$42.

No. 103.—Provide labor and material to alter the present lube oil hand pump in main engine room; no provisions have been made to circulate lube oil through the main engine; the present lube oil hand pump is to be by-passed with necessary fittings to enable the operator to fill the lube oil day tank or circulate lube oil through the main engine, \$183.

No. 104.—Provide labor and material to install proper guards over the "Vee" belt drives of the engine-attached generators (one port, one starboard), \$6.

No. 105.—Provide labor and material to repair the aft port corner of the bridge deck, \$165.

No. 106.—Furnish necessary labor and material to repair, or replace with new, all defective parts on the starboard generator unit and close up in good working order as follows:

1. Completely disassemble the engine; inspect all parts for wear.

2. Overhaul engine attached water pump and repair.

3. Supply and install new hose connections and clamps for engine attached water pump.

4. Supply and install new salt water discharge valve at engine with new hose connection and clamps.

5. Supply and install new hose connection and clamps for salt water line to engine pump.

6. Supply and install new copper fuel lines on engine.

7. Supply nuts, bolts, and washers for engine reassembly.

8. Supply and install starting battery box (lead lines wood box).

9. Supply and install starting battery with necessary cables and fittings.

10. Supply and install new starting buttons with new wires.

11. Supply and install new starting relay with new wires.

12. Supply and install new charging relay with new wires.

13. Supply and install new ampere meter with new wires.

14. Supply and install new lube oil gauge with new tubing.

15. Supply and install new fuel oil filter cartridge.

16. Supply and install new fuel oil filter unit with new tubing.

17. Supply and install new tachometer cable with end adapters.

18. Supply and install battery generator guard.

19. Supply and install new battery generator "Vee" belt.

The following material to be supplied by City of Boston and installed by General Ship:

20. New pistons.

21. Wrist pins.

22. Main bearings.

23. Connecting rod bearings.

24. New exhaust and intake valves.

25. New exhaust and intake valve springs.

26. New water pump.

The following work to be done by General Ship on generator end:

27. Open for examination.

28. Completely wash with "carbon tet."

29. Surface commutator and undercut fiber.

30. All brushes reseted.

31. Brush holders repaired and adjusted.

Total for item No. 106, \$1,078.

No. 107, Port.—Furnish necessary labor and material to repair, or replace with new, all defective parts on the port generator. The above order necessitates the following:

1. Completely disassemble the engine; inspect all parts for wear.

2. Overhaul engine attached water pump and repair.

3. Supply and install new hose connections and clamps for engine attached water pump.

4. Supply and install new salt water discharge valve at engine with new hose connections and clamps.

5. Supply and install new hose connection and clamps for salt water line to engine pump.

6. Supply and install new copper fuel lines on engine.

7. Supply nuts, bolts, and washers for engine reassembly.

8. Supply and install starting battery box (lead lines, wood box).

9. Supply and install starting battery with necessary cable and fittings.

10. Supply and install new starting button with new wires.

11. Supply and install new starting relay with new wires.

12. Supply and install new charging relay with new wires.

13. Supply and install new ampere meter with new wires.

14. Supply and install new lube oil gauge with new tubing.

15. Supply and install new fuel oil filter unit with new tubing.

16. Supply and install new lube oil filter cartridge.

17. Supply and install tachometer cable with end adapters.

18. Supply and install battery generator guard.

19. Supply and install new battery generator "Vee" belt.

The following material supplied by City of Boston and installed by General Ship:

20. New pistons.

21. Wrist pins.

22. Main bearings.

23. Connecting rod bearings.

24. New exhaust and intake valves.

25. New exhaust water pump.

26. New exhaust and intake valve springs.

27. New crankshaft; entire engine was removed from boat, taken to machine shop to fit new crankshaft; engine was then reinstalled in boat.

The following work was done by General Ship on generator end:

28. Open for examination.
29. Completely wash with "carbon tet."
30. Resurface commutator and under-cut fiber.
31. Reseat all brushes.
32. Repair and adjust all brush holders.

Total for Item No. 107, \$1,093.

No. 108, Main Engine.—Provide labor and material to open up and repair the following:

1. Pilot valve assembly at engine controls; air leakage by the pilot valve feeds into the master air valve, causing the air valve lifters to operate while engine is running.

2. Master air valve; air leaking by this valve causes the air valve lifters to operate while engine is running.

The above valves to be ground and lapped in, closed up, and proved to be in good running order, \$150.

No. 109.—Furnish necessary labor and material to remove broken flushometer and install new one, \$30.

No. 110.—Furnish necessary labor and material to remove six safety valves on main engine, disassemble, clean, and grind valves; adjust to about 900 pounds and reinstall in engine; prove to be in good working order, \$120.

No. 111.—Provide labor and material to remove flywheel brake, repack piston if necessary, and close up in good order, \$80.

No. 112.—Furnish labor and material to open up and remove main engine governor and assembly, take to machine shop, examine, and replace all worn parts, after repair, reinstall, try out, and prove in good working order, \$133.

Total of foregoing additions, \$8,786; original contract, \$168,600; total of additions Nos. 1, 2, 3, 4, dated April 28, 1947, \$3,327; total of addition No. 5, dated May 19, 1947, \$4,400; total of additions, Nos. 6-40, inclusive, dated October 24, 1947, \$11,273; total of additions, Nos. 41-54, inclusive, dated Nov. 6, 1947, \$3,102; total of additions Nos. 55-80, inclusive, dated Dec. 3, 1947, \$10,426; total of addition No. 81, dated Jan. 21, 1948, \$7,200; total contract with all additions, \$217,114.

All the foregoing additions are required in order to place the boat in first-class operating condition.

Due to the very bad condition of the heating equipment, it was necessary to take it down entirely and refit it from the bottom up. The result is the equivalent of a new heating system. The work required under Additions Nos. 106 and 107 was on two auxiliary generators which were not in running condition and leaves them practically equivalent to new machines at considerably less cost than new machines.

The majority of the foregoing additions could not be foreseen until engines, generators, and other equipment were operated or opened up for inspection.

Although the foregoing work was not contemplated in the original contract it is all incidental thereto.

CHANGES IN CONTRACTS.

BOSTON HOUSING AUTHORITY.

M. S. Kelliher Company has been ordered to make the following change in the contract for the general construction of 30 houses at River street, Mattapan:

Removal of previously-excavated rock from the site, in accordance with contract unit prices.

An equitable adjustment of the contract price and contract time is established as follows:

The contract price is increased \$347.50. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

M. S. KELLIHER COMPANY,
294 WASHINGTON STREET,
BOSTON, December 22, 1947.
BOSTON HOUSING AUTHORITY, 10 Post
Office Square, Boston, Mass.
Subject: 30 Houses, Southern Side of
River Street, Mattapan.

GENTLEMEN,—We submit for your approval our price for the removal of rock from the site of the above project.

The breakdown is as follows: 275 cubic yards at \$1.25 a cubic yard, \$347.50.

Yours very truly,

M. S. KELLIHER COMPANY,
by JOHN J. KELLIHER, *Treasurer*.

M. S. Kelliher Company has been ordered to make the following change in the contract for the general construction of 30 houses at River street, Mattapan:

Extra foundation work required by unsuitable bearing soil found at the contract elevations. All work to be performed in accordance with the contract unit prices.

An equitable adjustment of the contract price and the contract time is established as follows:

The contract price is increased \$1,333.06. The contract time is not changed.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of the City of Boston are in no way prejudiced by this order.
3. All claims against the City of Boston which are incidental to or a consequence of the aforementioned change are satisfied.

Total, lot 15, \$669.42

Grand total, lots 20 and 15, \$1,333.06.

Yours very truly,

M. S. KELLIHER COMPANY,
by JOHN J. KELLIHER, *Treasurer*.

EXTENSION OF CONTRACTS.

BOSTON HOUSING AUTHORITY.

Matthews Cummings Company has been granted an extension of the contract for the general construction of fifty-five houses at Captain John's Hill, West Roxbury. This extension of time is necessitated due to causes beyond the control of the contractor, as outlined in letter of December 22, 1947.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: the contract time for completion is extended thirty (30) days to February 1, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of this Authority are in no way prejudiced by this order.
3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

MATTHEW CUMMINGS COMPANY,
77 SUMMER STREET,
BOSTON, December 22, 1947.
BOSTON HOUSING AUTHORITY, 10 Post
Office Square, Boston, Mass.

Re: Veterans' Housing, Captain John's Hill.

GENTLEMEN,—We request that the completion date for the above project be extended to May 15, 1948.

The reasons for this request are as follows:

Shortage of bricklayers delayed progress and affected other trades.

Shortage of plasterers caused delay and affected other trades.

Failure to receive oil-fired furnaces has delayed other trades.

Planting, etc., could not be started prior to date specified in contract (October 1) and must be done in the spring.

Asphalt paving cannot be done in cold weather and must be done in the spring.

Doors and windows have been slow in arriving and this delay has slowed progress of job.

Delay in receiving hardware has retarded progress.

These delays have been due to circumstances beyond our control which have been hampering all construction projects.

Yours truly,

MATTHEW CUMMINGS COMPANY,
by MATTHEW J. CUMMINGS, *President*.

Allied Engineering Corporation has been granted an extension of the contract for the general construction of six houses at Saratoga street, East Boston. This extension of time is necessitated due to causes beyond our control due to our inability to obtain various materials.

The City of Boston has determined that: (1) the delay is due to unforeseen causes beyond our control and without our fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract; now, therefore, subject to conditions hereinafter set forth an equitable adjustment of the contract time is established as follows: The contract time for completion is extended forty-six (46) days to February 15, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change and work affected thereby, is subject to all the provisions of the foregoing contract.

2. The rights of this Authority are in no way prejudiced by this order.

3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

ALLIED ENGINEERING CORPORATION,
739 BOYLSTON STREET,
BOSTON, December 29, 1947.

BOSTON HOUSING AUTHORITY, 10 Post
Office Square, Boston, Mass.
Att. Mr. John F. Millerick.
Re: East Boston Project.

GENTLEMEN: We have received a request from you for advance information as to the dates when our six buildings on the East Boston project will be ready for partial acceptance.

I wish at this time to advise you that we have encountered many delays in completing these houses. At present our chief troubles are in obtaining heat either through the connected gas furnaces or through temporary heating accommodations, and also the failure of our plumbing subcontractor to obtain the necessary fixtures, such as kitchen sinks and bathroom fixtures.

The heating men are completing the furnace installations and their part of the operation will be completed within approximately one week. Following that, however, we must connect the gas to the furnaces and complete our wiring, including the installation of electrical fixtures and wiring of burners, before heat can be turned on. This will, no doubt, take in total about three weeks.

With regard to the delay in obtaining plumbing fixtures, we have been promised by the Maguire Company that fixtures will be delivered by the middle of January and will require about two weeks for installation.

From the best information that I have it would seem that you can plan on occupying all six buildings by February 15. We will keep you advised from time to time as to any changes in this time schedule.

At present our completion date for this contract is December 31 and due to

the conditions listed above, we wish to request an extension of our contract to the February 15 dead line.

Your cooperation in expediting this extension of time will be sincerely appreciated.

Very truly yours,

ROBERT E. BESSETTE, *President*.

POLICE DEPARTMENT ORDERS.

General Order No. 1,009.

The following communication received from the Commissioner of Public Safety is published for the information of the uniformed force:

"THE COMMONWEALTH OF MASSACHUSETTS,

Department of Public Safety,

BOSTON, February 9, 1948.

To All Constables, City Marshals, Chiefs of Police, and All Other Police Officers:

I am in receipt of the following communication from His Excellency Robert F. Bradford, Governor of the Commonwealth of Massachusetts:

"THE COMMONWEALTH OF MASSACHUSETTS,

Executive Department,

BOSTON, February 6, 1948.

JOHN F. STOKES, *Commissioner*,
Department of Public Safety.

DEAR COMMISSIONER,—The settlement of the trucking strike has brought to an end the emergency which occasioned my order of January 8, 1948, directing you and every police officer within the Commonwealth to prevent all interference with lawful use of the highways by threats, intimidation, violence and other unlawful acts. I congratulate and thank you, and through you every police officer in the state, upon the fine manner in which this duty was performed.

Sincerely yours,

ROBERT F. BRADFORD, *Governor*."

JOHN F. STOKES, *Commissioner*."

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,010.

Chapter 146, Acts of 1947, accepted by the Boston City Council February 2, 1948, and approved by his Honor the Mayor February 10, 1948, is published for the information of the Department:

CHAPTER 146, ACTS OF 1947.

AN ACT RELATIVE TO ANNUAL VACATIONS AND SICK LEAVE ALLOWANCES FOR POLICE OFFICERS IN THE CITY OF BOSTON.

Be it enacted, etc., as follows:

SECT. 1. The police commissioner for the city of Boston shall grant to members of the police department of said city annual vacations, without loss of pay, as follows:

For less than one year's service, a vacation allowance of one day for each month of service.

For service of one year or more, but not more than ten years, a vacation allowance of two weeks.

For service of one year or more, but not more than twenty years, a vacation allowance of three weeks.

For service of twenty years or more, a vacation allowance of four weeks.

SECT. 2. The assignment of vacation periods shall be arranged by said Commissioner for such time or times as best serve the public interest. Vacation allowances may not be accumulated from one vacation year to another without authorization of said commissioner. Absences on account of sickness in excess of those authorized by this act may, at the discretion of said commissioner, be charged to vacation allowance.

SECT. 3. A member of said police department whose services have been terminated through resignation, retirement or dismissal, except dismissal for cause, prior to receiving a vacation in any year to which he would otherwise be entitled may be granted salary in lieu of any vacation not received. Any such member reinstated or on leave of absence without pay may be credited with his vacation status at the termination of his previous service and allowed such proportion of his vacation under section one as his actual service bears to full time for the same vacation year, except that employees in military service shall be allowed full vacation credit.

SECT. 4. Members of said police department shall, after completing six months of continuous service, be allowed sick leave with pay for periods not to exceed fifteen working days annually for each year of service thereafter. Sick leave not used in any year may be accumulated, but in no event to exceed ninety days, except that further sick leave may be granted in special cases by signed authorization of said commissioner. Sick leave with pay shall be granted to said members only when they are incapacitated for the performance of their duties by sickness, injury, exposure to contagious diseases or by serious illness or death of members of their immediate family. Notification of such absences shall, where conditions warrant, be given as early as possible on the first day of absence. If such notification is not given, such absence may, at the discretion of said commissioner, be applied to vacation leave or leave without pay. For periods of absence of five working days or more or a total number of days' absence which exceeds ten working days in any one calendar year, said commissioner may require evidence in the form of a physician's certificate of the necessity for such absence. If such certificate is not filed within seven days after a request therefor, such absence may be applied, at the discretion of said commissioner, to vacation leave or leave of absence without pay.

SECT. 5. Members of said police department whose service is terminated through death, resignation, retirement or dismissal shall not be entitled to compensation in lieu of any leave not taken. Any of such members who are reinstated may be credited with accrued sick leave due them at the termination of their previous service.

SECT. 6. Said police department shall keep a register showing records of

vacations, both accrued and granted, and records of attendance, for each member, in such form as directed by the budget department. The information on such register shall be transmitted to said budget department upon request.

SECT. 7. Upon the effective date of this act, all members of said police department shall be allowed a prior service sick leave credit equivalent to seven and one half working days per year for each prior year of service, but in no event to exceed ninety days.

SECT. 8. This act shall take full effect upon its acceptance by vote of the city council of said city, subject to the provisions of its charter, but not otherwise. *Approved March 12, 1947.*

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,011.

The resignation of Patrolman John L. Campbell of Division 7 having been presented, it is hereby accepted to take effect on Wednesday, February 18, 1948, at 7.45 o'clock, seven days' notice waived.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,

STATES AND CITIES TAKE ACTION ON EMERGENCY HOUSING.

Four states are taking steps toward meeting the housing shortage. In Massachusetts a state housing bill would authorize cities to (1) undertake repairs or remodeling of houses for veterans, (2) acquire land for sale to veterans or contractors who will sell or rent houses to veterans, (3) go into the housing business for themselves, and (4) seize homes from which veterans and their families have been evicted without fault. In Minnesota the Governor has appointed a state housing expediter to work with building supply industries and Federal agencies on materials distribution, to aid local communities in making use of unused buildings, and to help cities benefit from the programs of Federal agencies having to do with housing. In Illinois the state has contributed \$4,300,000 to the Chicago Housing Authority for use in acquiring land for veterans' housing, and in California the Governor has called a special session of the Legislature to consider a bond issue of perhaps \$100,000,000 for loans to veterans for homes and farms.

APPROPRIATION FOR SAVINGS BOND ALLOTMENT PLAN.

The following was received:

City of Boston,
Office of the Mayor, February 5, 1948.
To the City Council.

Gentlemen,—For the past five years, at the request of officials of the United States Treasury

Department, the city has been making pay roll deductions for the purchase of United States Savings Bonds. During this period, over \$3,500,000 has been deducted from salaries of city and county employees for that purpose. Eight thousand employees are still buying bonds of their government under this plan.

The officials of the United States Treasury Department have urged the continuance of this plan for an indefinite period. It is desirable, in my opinion, to continue to cooperate with the Federal Government in this worth-while program.

I therefore submit herewith an appropriation order for the continuance for another year of the unit responsible for the handling of these pay roll deductions, and respectfully recommend adoption of this order by your Honorable Body.

Respectfully,
JAMES M. CURLEY, Mayor.

Ordered, that the sum of twenty-nine thousand dollars (\$29,000) be, and the same hereby is, appropriated, to be expended under the direction of the Mayor, as administrative expenses in connection with the United States Savings Bond Allotment Plan, said sum to be charged to the Contingent Fund when made.

Referred to the Executive Committee.

 Whereas, The Veterans Administration proposes to construct a new veterans' hospital in the Heath street-South Huntington avenue section of Roxbury, Massachusetts; and
 Whereas, It is thoroughly agreed by the residents in that area that there is a great need for the hospitalization of veterans; and
 Whereas, The present plans for the construction of the proposed hospital call for the taking of several houses in that area which are occupied by approximately twenty-one families, many of whose members are themselves veterans; and
 Whereas, The area of the land on which these houses are located is an infinitesimal part of the total area intended to be used for the hospital and could well be left out of the plans without any great harm resulting; therefore be it
 Resolved, That the Administrator of Veterans' Affairs in Washington be petitioned to leave the area on which these houses are located out of the plans for the construction of the hospital so that these hard-working, law-abiding citizens may be able to retain the homes in which their life savings are invested and to remain as residents in that area; and be it further

Resolved, That a copy of this resolution be sent to each member of Congress from Massachusetts.

PROCEEDINGS OF SCHOOL COMMITTEE.

Jan. 20, 1948.

A meeting of the School Committee of the City of Boston was held in the Administration Building, 15 Beacon Street, at 7:00 o'clock P. M., the Chairman presiding.

Present: Messrs. Foley, McDevitt, Muchnick, and White.

APPROVAL OF MINUTES

The reading of the minutes of the meetings of Dec. 29, 1947, and Jan. 5, 1948, were omitted, the Committee approving them as printed.

STATEMENT OF JOSEPH C. WHITE

Gentlemen:

I want to call the attention of the School Committee to Section 5 of the Rules, which reads as follows:

"The superintendent shall be elected during the month of June 1906 and during the month of April in each sixth year thereafter and shall hold office for the term of six years from the first day of September in the year of his election; *provided*, that his employment shall terminate on the thirty-first day of August next following his seventieth birthday."

The day when we shall be called upon to appoint a successor to Superintendent Gould is not far in the future. The time is limited, but it is adequate if we, upon whom the responsibility of filling this important vacancy will fall, shall proceed with cooperation, determination, and sincerity of purpose. We, as a committee with executive powers, must be interested solely in selecting and appointing a man only after a scrupulous, unbiased investigation has proven to the satisfaction of every member on the School Board that this is the candidate who will contribute the most to the Boston School System by virtue of his administrative experience, combined with personal integrity and recognized intellectual ability. In our search for the best man qualified, we must be sagacious and remain adamant on the principle that our selection will be predicated solely on merit.

Today, I want to cogently urge and impress upon this administrative body the importance of proceeding upon this selection in an open and co-operative manner. We must encourage the proposal of worthy candidates, welcome constructive suggestions from reliable, responsible sources, examine all presented records and recommendations astutely, and work as one body toward one ultimate purpose—that of supplying the City of Boston with the very best man available to function as the chief steward of the future education of the children of Boston.

We must work objectively! We must work intelligently! And, of the utmost importance, we must work openly in the pursuit of this ideal. We must allow no personal prejudice or partiality to deter us from our obligation as public servants in this regard, or cast the slightest shadow of criticism on either our motives or our conduct. This is one time when our duty is clear. We must remove any suspicion of secret collaboration by presenting and discussing the various candidates and their qualifications overtly and without reservations. Let there be no secret conclaves, no previous commitments, no sacrificing of the ideal for the expedient. Let us win and hold the confidence of the people who placed us here by proving to them our ability and our desire to safeguard, to protect, and to promote the welfare and the educational standard of the Boston schools.

As I see it, there is a corollary to this method of selection. The man who recognizes that he has been chosen solely on his competence, by a board that has displayed not only complete impartiality, but also a keen discernment of his ability, a sound appreciation of the qualities he possesses, both academic and administrative, and a confidence in his complete integrity, will feel not only justly proud to be chosen, but deeply sensible of the type of service that this School Board will not only expect, but will demand of him as long as his tenure of office exists.

I am sincerely concerned, as you may judge, as to the conduct and conclusions of this Committee in the discharge of this serious responsibility and, I cannot urge strongly enough, a concentration of effort on the part of each member of this Board in order to arrive judiciously at the decision that is so necessary and so important to the welfare of our school children, of our teachers, and to all the responsible citizens of Boston.

I further recommend to this Committee, and so now move, that we instruct the Secretary to publicly notify every available agency of information that this School Committee in April shall make a selection of a new Superintendent of Schools to take effect on the first day of September.

I further suggest that we as a body, a full board, interview as a body every applicant, accept his records as submitted, and review them in meeting.

I also would like to suggest that the members of this Committee submit to the Secretary any suggestion whereby any avenues of publicity can be used so that everybody that would be available or would like to apply for this position will be notified that April is the month in which we shall make the appointment and that we shall start immedi-

ately to interview those applicants at the earliest possible moment.

Mr. Muchnick: I agree with the substance of practically everything that you have said and with the substance of the motions themselves.

I am just a little bit concerned about the April choice, and I would suggest that that be left out of the different communications until such time as we can get a ruling from the Law Department interpreting the rule as to whether it must be done in April or whether under the circumstances it is done after the present Superintendent retires.

It is my understanding that in any office, regardless of the period prescribed by rules for election, a man holds office until such time as his term expires and his successor is elected.

The law department may not have the same interpretation that I have, but I think we ought to ask them officially to give us a ruling as to whether we do it in April, May, June or next November, depending upon the date of retirement of the present Superintendent.

Chairman: I have no objection at all to the suggestion. I do want to say, Mr. Muchnick, that it seemed to me from reading this rule—and I have read it very carefully over the past couple of months because there has been much said publicly about the selection of a Superintendent—that whoever wrote the rule was a provident individual and those who approved it were far-sighted because it says: "Although elected in April, he does not take office until the first of September." It gives this man a chance. He doesn't take office immediately. It gives whomever we select in April a chance to sit in with his predecessor for that period of time to get acquainted with the whole school system.

Mr. Muchnick: But it will not give us a chance to pick the most qualified person. It is a short period from now until some time during the month of April.

Chairman: Well, I have no objection to asking the law department for their interpretation of the rule and that is perfectly agreeable with me.

Dr. Foley: Well, it gives us two months—a good, solid two months. I should think you can make a selection in that time.

Chairman: The suggestion to get the interpretation of the Law Department is perfectly agreeable to me, and I think it is a good idea. I don't think it will take long for them to give us a decision.

Mr. Muchnick: They should be able to run that down in a day.

Chairman: I would ask them to do it forthwith, Miss Kane, and report to us. If there is no objection to my recommendations, I would like the Committee to approve them so we can get along as quickly as possible.

No objections were voiced. Secretary proceeded to regular order of business.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

PUBLIC WORKS DEPARTMENT.

PROPOSALS FOR MACHINERY REPAIRS ON NORTH DROP, SOUTH FERRY, EAST BOSTON SIDE.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over half thereof is owned by a citizen or citizens of the United States, for machinery repairs on north drop, South Ferry, East Boston side. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be inclosed in an envelope, sealed, marked "Proposal for Machinery Repairs on North Drop, South Ferry, East Boston Side," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of MONDAY, MARCH 1, 1948, with a certified check for TWO HUNDRED (200) DOLLARS, payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. There will be a charge of two dollars (\$2) for each set of plans and specifications taken out. If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

EXPENDITURES FOR VETERANS' BENEFITS DURING JANUARY OF THIS YEAR SHOWN TO BE \$40,326.17 GREATER THAN FOR THE CORRESPONDING MONTH OF 1947—FACTS DEVELOPED IN REPORT OF DIRECTOR OF VETERANS' SERVICES, DAVID J. BRICKLEY, TO MAYOR CURLEY—543 MORE CASES AIDED, DUE LARGELY TO EFFECTS OF STRIKE OF TRUCK DRIVERS—THERE WERE 1,397 CASES, BENEFITING 3,110 INDIVIDUALS—329 CASES WERE DROPPED BECAUSE OF RETURN TO GAINFUL EMPLOYMENT.

PUBLIC LIBRARY TRUSTEES SECURE SERVICES OF NOTED ARTIST TO PAINT PORTRAIT OF DONOR OF THE JOHN DEFERRARI FOUNDATION.

On February 20 the Mayor received the following letter:

DEAR MR. MAYOR,—The Trustees of the Public Library agreed, in connection with the setting up of the John Deferrari Foundation in favor of the Public Library, to proceed to the painting of a portrait of Mr. Deferrari for eventual hanging in the Public Library in the new wing which will be made possible by the terms of the John Deferrari Foundation.

Since it is desirable that this portrait be painted forthwith, while Mr. Deferrari is still in our midst, the Trustees have undertaken within the last few months an extended and careful investigation to find for the painting of this portrait an artist who would be able to bring into being an adequate and distinctive portrait of Mr. Deferrari. As a result of this inquiry they have chosen for the purpose the distinguished painter, Mr. Leopold Seyffert, of 1 West 67th street, New York City. Mr. Seyffert has already done distinguished work here in Boston as well as elsewhere; and significant among his portraits here in Boston are those of three former governors of the Commonwealth, including yourself.

Your approval is respectfully requested for the awarding without public advertising of a contract in the sum of \$5,000 to Mr. Leopold Seyffert, of 1 West 67th street, New York City, for the painting of the portrait of Mr. John Deferrari. The awarding of such a contract is obviously one which cannot be made successfully upon results of public advertising.

Respectfully,

THE TRUSTEES OF THE PUBLIC LIBRARY
OF THE CITY OF BOSTON,
FRANCIS B. MASTERSON, President.

Expenditures for veterans' benefits show an increase of \$40,326.17 for the month of January of 1948 over the expenditures for the same period in 1947, according to the monthly report rendered to Mayor Curley by David J. Brickley, director of the services. According to this report the large increase is attributable to the fact that the department aided 543 more cases in January of this year than in the same month of last year. The 1,397 cases aided in the month of January represent a total of 3,110 individuals benefited through the Department of Veterans' Services.

The report also shows that there were 329 cases dropped from the rolls because of these beneficiaries having obtained employment, one feature of which was the end of the truck drivers' strike, during which they were awarded unemployment compensation. There were also other miscellaneous claims satisfied.

The full report as submitted reads as follows:

Boston, February 17, 1948.

DENIES MONEY SPENT BY GEORGE ROBERT WHITE FUND OFFICE FOR ARCHITECTURAL SERVICES FOR A WAR MEMORIAL IN THE FENS WAS WASTED—SECRETARY OF FUND, GEORGE DRISCOLL, PRESENTS STATEMENT TO MAYOR CURLEY REFUTING CHARGES MADE BY COUNCILOR CHASE ON FLOOR OF COUNCIL ROOM—EXPLAINS WHY PLANS ORDERED DRAFTED BY A PREVIOUS ADMINISTRATION WERE CANCELED AS TOO COSTLY FOR EXECUTION UNDER PRESENT BUILDING CONDITIONS—ALSO POINTS TO SAVINGS TO BE HAD WITH PRESENT PROPOSED PLANS PUT INTO EFFECT.

Mr. George Driscoll, George Robert White Fund, has released the following statement:

On Monday, February 16, Councilor Chase, the Republican councilor from Ward 4, Back Bay, delivered a speech on the floor of the Council claiming that money spent in the White Fund office for architectural services for a War Memorial in the Fens was wasted. As our Republican councilor never took the time to check the real story or negotiations connected with the expenditure of income of the Fund for services rendered, here are the actual facts in the case:

On September 21, 1943, the then Trustees—Maurice J. Tobin, Mayor; Charles J. Fox, City Auditor; Thomas J. Hannon, President, City Council; Henry E. Nichols, President, Chamber of Commerce, and Willard Luther, President, Bar Association, City of Boston—at a meeting of the Trustees, quoting from the records:

"An initial discussion was engaged in by the Trustees of the possibility of erecting—at a subsequent date—from the income of the Fund a suitable War Memorial. It was the unanimous opinion of the Trustees that this was a project worthy of further consideration, and Trustee Luther volunteered to secure plans and a prospectus prepared a few years ago for a special memorial commission of which he was a member."

In the interim between September 21 and December 1, 1943, special meetings were held by a subcommittee consisting of Messrs. Luther, Nichols, and Hannon. On December 4, 1943, at a full meeting of the Trustees of the Fund, quoting from the records:

MEMORIALS DISCUSSED.

"Subsequent to this inspection the Trustees met at the Algonquin Club, where lunch was served through the courtesy of Trustee Henry E. Nichols. At the luncheon there were present, in addition to the Trustees, Park Commissioner William P. Long and Charles D. Maginnis, Architect. Subsequent to the luncheon a lengthy discussion of the War Memorial project was held. At the end of this discussion it was

"Voted, That Mr. Charles D. Maginnis be authorized to proceed with the preparation of working drawings of the War Memorial and that the special subcommittee appointed at the meeting on October 29, 1943, prepare for execution by the Trustees an agreement covering the fee to be paid to Mr. Maginnis for the professional services of his firm involved in the preparation of said working drawings."

According to the above vote the agreement was prepared and executed by the parties at interest, and the firm of Maginnis & Walsh proceeded with the working drawings, etc. During 1944 the architects rendered their bills for services in connection with this project and were paid in various sums during the year a total of \$45,785.03.

After the plans, specifications, and contracts were prepared by the architect to commence work on the project, the Fund was prohibited from commencing work on account of the great demand for war materials by the government and, therefore, the whole project was held in abeyance by the then Trustees.

In 1946, when our present Mayor took office, he was informed of the projects committed and pending by his immediate predecessors, and immediately inquired of the War Memorial, and, when informed that it was estimated it would cost \$1,000,000, in 1943, asked what it would

cost in 1946, and, when told it would be nearer \$1,500,000, remarked, "In my opinion this is a stupendous amount of money to be expended from the income of the Fund at this time and also places upon the shoulders of the taxpayers the maintenance cost of the Memorial after it is completed at a cost of between \$50,000 and \$75,000," and recommended to the Trustees that a project of such an immense cost plus maintenance charges be abandoned and that consideration be given to a smaller Memorial, where the maintenance cost would not run into such high figures. The Trustees concurred with his Honor and agreed that this was not the time to undertake such a project, especially when building materials were advancing from day to day and no telling when rising prices would end.

KEEN COMPETITION.

Another important point brought out in connection with this \$1,000,000 Memorial was the number of calls received in the office of the White Fund inquiring if it was the purpose of the Fund to build projects whereby buildings like the Boston Garden, Mechanics Building, Symphony Hall, and the Arena, which pay large taxes to the city, would have to suffer for the reason the White Fund built a Memorial containing an auditorium to take care of large gatherings that might otherwise use our buildings. In other words, it would result in keen competition.

As a result of his Honor's foresight and business ability, here is what has actually happened with Boston's War Memorial to the boys and women who lost their lives in World War II. Since the time the \$1,000,000 War Memorial was abandoned, his Honor the Mayor has made extensive research work in connection with a fitting War Memorial Center for Boston, and after careful consideration and study recommended to the Trustees a War

Memorial Center in the Fens, at a cost of approximately \$300,000, thus saving the Fund \$700,000 over the cost of the 1943 Memorial, and, where it would cost the City of Boston—and this means the taxpayers—between \$50,000 and \$75,000 per year for maintenance cost of the 1943 Memorial and not one penny for maintenance cost to taxpayers for the War Memorial Center advocated by the Trustees of the Fund at this time, resulting in a saving to the city for the project itself of the difference between \$1,000,000 and \$300,000, or \$700,000, plus a maintenance cost of the 1943 project of, say, \$50,000, or a total of \$750,000, to be compared with the \$45,000 expended by the Fund for the 1943 Memorial, it is an item to which the George Robert White Fund and the taxpayers of the city should give careful consideration, and be proud that we have a man with such marvelous foresight, integrity, resourcefulness, and ability as our Mayor, Hon. James M. Curley.

GEORGE L. DRISCOLL.

BROTHERHOOD WEEK PROCLAMATION.

Whereas, The annual celebration of Brotherhood Week, sponsored by the National Conference of Christians and Jews, is to be held February 22 to 29, and

Whereas, The purpose of Brotherhood Week is to promote understanding, justice, friendship, and cooperation among Americans generally, and

Whereas, This worthy purpose is in harmony with our best national traditions, and deserves widespread support;

Now, Therefore, I, James M. Curley, Mayor of the City of Boston, do hereby proclaim February 22 to 29, of the present year, as Brotherhood Week in the City of Boston, and request the appropriate observance of the occasion,

DEPARTMENT OF VETERANS' SERVICES IN MONTHLY REPORT TO MAYOR CURLEY SHOWS MARKED INCREASE IN CASES AIDED — RESULT OF LABOR TROUBLE.

(Continued from page 193.)

Expenditures for veterans' benefits for January, 1948, show an increase of \$40,326.17 in comparison with expenditures for the corresponding period in 1947. The large increase is attributable to the fact that the department aided 543 cases more than in January, 1947.

The 1,397 cases aided during the month of January, 1948, represent a total of 3,110 individuals benefited through the facilities of the Department of Veterans' Services.

There were 329 cases dropped from the veterans' services rolls during the month of January, 1948, because of obtaining employment, the end of the truck drivers' strike, having been awarded unemployment compensation, and miscellaneous other reasons.

CLASSIFICATION OF CASES AIDED DURING JANUARY, 1948.

REAPPLICATIONS.

Carried forward from the preceding month	5
Reapplications for veterans' benefits during January	306
Reapplicants granted aid during January	233
Reapplicants rejected during January	56
Reapplication referred to other cities or towns	1
Investigations not completed	21

During the month of January, 1948, this department collected \$361.10, which represents refunds by former beneficiaries who were found to have drawn aid under circumstances which required repayment of same to the City of Boston.

Respectfully submitted,

DAVID J. BRICKLEY,
Director.

CHANGE IN PUBLIC WAYS.

The Mayor has approved the following vote of the Board of Street Commissioners:

Voted, That the names of the following public ways in the City of Boston be, and the same hereby are, changed, as follows; and that said ways be hereafter known under the names assigned thereto in this order:

Assabet street, Dorchester district, from Neponset avenue to Train street—new name, Thelma road.

West Milton street, Hyde Park district, from westerly line of Hyde Park avenue to the westerly line of Prescott street extended—new name, Wolcott square.

EXTENSION OF CONTRACTS.

PUBLIC WORKS DEPARTMENT.

John F. Shea Company, Inc., has been granted an extension of the time of completion of the contract for renewing high curbs on various bridges to May 15, 1948.

This extension is requested for the reason that considerable delay was experienced by the contractor in obtaining sheet steel necessary for the lining of the forms, and that very heavy snow has made it impossible for the contractor to install any of the curbs. Delay in obtaining the steel has also made it necessary for the contractor to cast all of the blocks indoors.

DEPARTMENT CHANGES.

The following changes in the number, rating and compensation of the city employees have been made:

FIRE DEPARTMENT.

John L. Chandler, 57 Seaverns avenue, West Roxbury, ladderman, has been retired at \$2,000 a year.

Pearson J. Powers, 96 Farrar avenue, Hyde Park, lieutenant, has been retired at \$2,275.38 a year.

* Contract awarded.

WITHOUT ADVERTISING.

Upon varying dates as indicated the Mayor approved contracts with firms, contractors and commercial houses for furnishing supplies, labor, etc., to the various city departments. Communications from the heads of the departments interested were as follows:

LIBRARY DEPARTMENT.

BOSTON, February 12, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—The Trustees of the Public Library agreed, in connection with the setting up of the John Deferrari Foundation in favor of the Public Library, to proceed to the painting of a portrait of Mr. Deferrari, for eventual hanging in the public library in the new wing which will be made possible by the terms of the John Deferrari Foundation.

Since it is desirable that this portrait be painted forthwith while Mr. Deferrari is still in our midst, the Trustees have undertaken, within the last few months, an extended and careful investigation to find for the painting of this portrait an artist who would be able to bring into being an adequate and distinctive portrait of Mr. Deferrari. As a result of this inquiry they have chosen for the purpose, the distinguished painter, Mr. Leopold Seyffert, 1 West 67th street, New York City. Mr. Seyffert has already done distinguished work here in Boston as well as elsewhere; and significant among his portraits here in Boston are those of three former governors of the Commonwealth, including yourself.

Your approval is respectfully requested for the awarding, without public advertising, of a contract in the sum of \$5,000 to Mr. Leopold Seyffert, of 1 West 67th street, New York City, for the painting of the portrait of Mr. John Deferrari. The awarding of such a contract is obviously one which cannot be made successfully upon results of public advertising.

Respectfully,

THE TRUSTEES OF THE PUBLIC
LIBRARY OF THE CITY OF BOSTON,
by FRANCIS B. MASTERSON,
President.

SUPPLY DEPARTMENT.

BOSTON, February 13, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to award an order to the Signal Systems Engineering Company, Dorchester, for twelve (12) used Motorola Type FMT-30-D mobile radio transmitters for 30-40 M. C. operation, complete with microphone, control head, and cables, at a cost of \$150 each.

These radio transmitters were used for only a few months in Rhode Island and became surplus because of a change in frequency assignments. They have been inspected by Superintendent O'Banion of the Boston Fire Department, and he strongly recommends their purchase. New Motorola transmitters would cost \$360 each.

Total amount of order, \$1,800.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 17, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to award a contract, without publicly advertising, to the Mack Motor Truck Company for five (5) "guns 4B," with one tip permanently mounted at the rear of the booster and hose carts with a 3-way siamese intake on the left and right hand sides of the body, including shut-off gate with a wheel control and two control wheels on the gun itself to swing horizontally and vertically, installed on booster and hose carts at a cost of \$1,290 each.

These guns are manufactured by the F. N. McIntire Company to be mounted by the Mack Motor Truck Company on hose wagons now on contract. The F. N. McIntire Company are the only manufacturers of this type of equipment, and no advantage would be gained by public advertisement. Total amount of contract will be \$6,450.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 17, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—This department is in receipt of a requisition from the Fire Department for six (6) siamese connections with gates 1-inch to 3½ inch, female, Old Boston F. D. thread by 3-inch to 2½ inches, male, National standard thread.

It is respectfully requested that permission be granted me to award an order to the F. M. McIntire Brass Works who have quoted us a price of \$183 each. As the F. N. McIntire Brass Works are the manufacturers of the above material, no advantage would be gained by publicly advertising for bids.

Total amount of order, \$1,098.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 17, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR MR. MAYOR.—Your approval is requested to award a contract, without public advertisement, to the Gamewell Company, Newton, Mass., for furnishing to the Fire Alarm shop forty (40) Gamewell 3-fold type fire alarm boxes at a price of \$150 each.

These fire alarm boxes are required to replace those boxes damaged as a result of automobile accidents. As the Gamewell Company are the manufacturers of fire alarm boxes, no advantage would be gained from a public advertisement for bids.

Total amount of contract, \$6,000.

Respectfully yours;

WILLIAM I. ROSE,
Superintendent of Supplies.

TRANSIT DEPARTMENT.

BOSTON, February 16, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR.—Your approval is respectfully requested to place an order without advertising with Willys-Boston, Inc., as they are general agents, for one (1) Model 4-63 station wagon, complete with standard equipment and the following items of extra equipment: bumper bar rail, wheel trim wings, spare tire and

tube, heater and defroster, for \$1,910.98, the regular billing amount, less taxes, \$93.64, total, \$1,817.34.

Nothing would be gained by advertising as they are the New England agents for the Willys station wagon.

This is urgently needed by the engineering field parties on the East Boston Rapid Transit job.

Yours respectfully,

MALCOLM E. NICHOLS, *Chairman.*

SUFFOLK COUNTY.

DISTRICT COURT OF CHELSEA.

CHELSEA, February 11, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—In accordance with chapter 156 of the Acts of 1939 which requires contracts in excess of one thousand dollars (\$1,000) to be entered into only after they have been submitted to bids, there is one item in our budget which comes under the scope of the above chapter, to wit: Item D-1.

Item D-1 covers all printing, dockets, and office supplies. May I ask that you give us authority to dispense with advertising for bids in this item for the reason that practically every dollar in D-1 is spent through the City of Boston Printing Department.

Respectfully yours,

EDWARD F. CANAVAN, *Clerk.*

DORCHESTER MUNICIPAL COURT.

BOSTON, February 2, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—In accordance with chapter 156 of the Acts of 1939 which requires contracts for work or purchase exceeding \$1,000 to be advertised, I hereby request that this court be exempt from compliance with that provision of item D-1 in the budget of this court relative to the purchase of supplies.

Very truly yours,

WILLIAM E. LYNCH, *Justice.*

EAST BOSTON DISTRICT COURT.

BOSTON, February 16, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—May I respectfully request permission to award, without benefit of advertising, the contract for the transportation of prisoners from this court, beginning January 1, 1948, and ending December 31, 1948, at the rate of \$135 per month, to S. J. Wynters, 150 St. Andrew road, East Boston, Mass.

This has been our customary way of obtaining these services, because it is difficult to hire someone from competitive bidders who is always available, as is Mr. Wynters.

Yours very truly,

CHARLES J. BROWN, *Justice.*

ROXBURY MUNICIPAL COURT.

BOSTON, February 9, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

MY DEAR MAYOR.—In past years the various mayors have granted us permission to expend sums of money under items B-4 (Transportation) and D-1 (Office Supplies, Stationery, Printed Forms, etc.) without advertising. The reason for this, of course, has been explained and has been satisfactory, namely:

The transportation is done on a trip payment basis, i. e., some days we may have four or five trips and other days, none. By arrangement with the auditor, the price per trip has been agreed upon. The stationery and forms are items that we cannot anticipate, and as a general rule the lowest price is sought commensurate with good work and materials unless certain articles are needed in an emergency. The transportation has always been done to our complete satisfaction, as has the printing.

So, I request of you written permission to expend the sums for the items B-4 (Transportation) and D-1 (Office Supplies, etc.) for the year 1948 without advertising for bids.

Cordially and respectfully,

FRANKLAND W. L. MILES,
Justice.

BUILDINGS RAZED.

The Mayor has approved the following request of the Building Commissioner:

To enter the building or other structure, or the abutting land or buildings, at 64 and 66, and 68 and 70 West Broadway, Ward 6, with such assistance as required, and make safe, vacate forthwith or remove said unsafe or dangerous buildings or other structures, and to protect the public by a proper fence or otherwise as may be necessary.

TRANSFERS OF APPROPRIATIONS.

The Mayor has approved the following requests for transfers of appropriations:

FIRE DEPARTMENT.

BOSTON, February 19, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—I respectfully request that your Honor allocate an additional sum to the Fire Department in the amount of \$10,000 from the unexpended balance of the 1947 Equipment Loan in order to service 750-pound Cardox units which are being installed on five of the new hose wagons to be furnished by the Mack Motor Truck Company under the 1947 Equipment Loan because it is necessary for the city to purchase a six-ton auxiliary Cardox storage unit.

The lowest bid received for one of these units amounts to \$9,180. In addition there will be an installation charge which will bring the total cost to approximately \$10,000.

Respectfully yours,

RUSSELL S. CODMAN, JR.,
Fire Commissioner.

HOSPITAL DEPARTMENT.

BOSTON, February 10, 1948.

MR. JOHN A. SULLIVAN,
Budget Commissioner.

DEAR MR. SULLIVAN,—Your approval of a transfer from the 1947 Departmental Equipment Loan, Furniture and Furnishings, to the Departmental Equipment Loan, Medical, Surgical and Laboratory, in the total amount of \$3,350 is respectfully requested.

This amount is needed to meet the cost of replacement of apparatus in the Thorndike Memorial Laboratory which is now unfit for use having been in use from a minimum of ten to a maximum of twenty years.

The balance that exists under Medical, Surgical and Laboratory, Departmental Equipment Loan, belongs to the equip-

ment being contracted for the X-Ray Department and the purchase of sterilizers, hence this transfer for the additional amount will be needed to meet the cost of replacement on laboratory equipment for the Thorndike Memorial Laboratory.

Your early approval of same is respectfully requested.

Very truly yours,

JAMES W. MANARY, M. D.,
Superintendent.

OVERSEERS OF PUBLIC WELFARE.

BOSTON, February 16, 1948.

HON. JAMES M. CURLEY,

Mayor of Boston.

DEAR SIR,—Your approval is requested to the following transfer to provide for the purchase of equipment for this department:

From reserve of Department Equipment Loan, \$9.76, to Public Welfare Department, Office Equipment Allotment of Loan, \$9.76.

This amount is needed in order to provide for the purchase of a metered mailing machine, the original allotment having been found insufficient.

LOUIS P. LEONARD, *Chairman.*

CLEANING OF CROSSWALKS, ETC., BY CITY LABORERS, AFTER HOURS.

The following was received:

City of Boston,
Office of the Mayor, February 16, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 26, 1948, concerning allowing city laborers who so desire, to work six hours after their regular work to clean crosswalks, catch-basins and hydrants.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 13, 1948.

J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—Receipt is acknowledged of your memorandum of February 11, attaching copy of Council order, dated January 26, 1948, as follows: "Ordered, That the Public Works Commissioner be requested, through his Honor the Mayor, to allow those city laborers who so desire, to work six hours after their regular workday to clean crosswalks, catch-basins and hydrants."

It is not considered advisable at the present time to work city laborers over the regular eight-hour day, except in extreme emergency. It has been found from past experience that the men are usually exhausted after working eight hours a day on snow and ice, seven days a week.

This past Sunday, February 8, over 150 of the Sanitary Division forces refused the opportunity to work on overtime, due to physical exhaustion.

Respectfully,
ROBERT P. CURLEY,
Commissioner of Public Works.

Placed on file.

SURVEY OF STREET LIGHTING.

The following was received:

City of Boston,
Office of the Mayor, February 16, 1948.
To the City Council.

Gentlemen,—I transmit herewith communication from the Commissioner of Public Works relative to your order of January 19, 1948, concerning the making of a survey for the purpose of replacing all street gas lamps with electric lights; obtaining an estimate of the probable cost of same, and reporting findings to his Honor the Mayor, who in turn will forward same to the City Council.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Works Department,
February 12, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—I return herewith order in City Council that the Commissioner of Public Works make a survey for the purpose of replacing all street gas lamps with electric lights, to obtain an estimate of the probable cost of same, and to report his findings to his Honor the Mayor who, in turn, will forward same to the City Council. Please be advised that the Lighting Service of the Public Works Department has requested the Boston Edison Company and the Boston Consolidated Gas Company to furnish them an estimate of the cost of changing over all gas street lamps to electric type.

Very truly yours,
ROBERT P. CURLEY,
Commissioner of Public Works.

INSTALLATION OF PUBLIC ADDRESS
SYSTEM, COUNCIL FLOOR.

The following was received:

City of Boston,
Office of the Mayor, February 9, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Superintendent of Public Buildings relative to Council order dated February 2, 1948, concerning the installation of a public address system on the Council floor.

Respectfully,
JAMES M. CURLEY, Mayor.

City of Boston,
Public Buildings Department,
February 9, 1948.

J. Joseph Connors,

Chief Clerk, Mayor's Office.

Dear Sir,—Referring to Council order, February 2, 1948, in which Councilor Keenan's order called for the Superintendent of Public Buildings be authorized through his Honor the Mayor, to install a public address system on the Council floor.

There have been many complaints from most all the councilors that telephone calls from their constituents have not been coming through. The reason advanced by the Council attendants is that the councilor is not within hearing range of his name when telephone call is received.

I have investigated this matter and agree that the councilors have a just complaint and a public announcing set that will reach all quarters of the Council would obviate this condition.

A satisfactory announcing system that will eliminate all complaints can be installed for less than \$900.

Yours truly,
JAMES E. SULLIVAN,
Superintendent of Public Buildings.

RAPID TRANSIT LINE,
EGLESTON SQUARE TO MATAPAN.

The following was received:

City of Boston,
Office of the Mayor, February 12, 1948.

To the City Council.

Gentlemen,—I transmit herewith communication from the Metropolitan Transit Authority relative to your order of February 2, 1948, concerning the making of a survey to determine the feasibility of constructing a rapid transit line from Eggleston square to Mattapan.

Respectfully,
JAMES M. CURLEY, Mayor.

Metropolitan Transit Authority,
February 10, 1948.

Mr. J. Joseph Connors,
Chief Clerk, Mayor's Office.

Dear Sir,—In connection with Council order of February 2, 1948, requesting the trustees of the Metropolitan Transit Authority to make a survey to determine the feasibility of constructing a rapid transit line from Eggleston square to Mattapan, I would say that under the provisions of section 9 of chapter 544 of the Acts of 1947, the trustees are directed to report to the present Legislature concerning the removal of elevated structures and construction of subways in their place.

Until this matter has been surveyed under the mandate of the Legislature there is no opportunity to take up the problem of a subway to Mattapan.

SALE OF LAND TO GEORGE ROBERT WHITE FUND.

The following was received:

City of Boston,
Office of the Mayor, February 16, 1948.
To the Honorable City Council.

Gentlemen,—I transmit herewith an order for the transfer of approximately 2.61 acres of land within the Back Bay Fens to the City of Boston—George Robert White Fund, for the sum of \$25,000. Accompanying this order are communications from the manager of the George Robert White Fund and the chairman of the Board of Park Commissioners relative to the transfer of this land, under authority of chapter 542, Acts 1947.

The trustees of the George Robert White Fund have voted to establish in this location at a cost of approximately \$300,000 a work of public utility and beauty in honor of the Boston men and women who lost their lives in the recent World War. This project on its completion will be known as the "George Robert White War Memorial Center."

The George Robert White War Memorial Center will cover a plot of ground located in the Back Bay Fens, surrounded on nearly three sides by a pond, near the Rose Garden and the athletic field. The site is of particular advantage in that it is entirely removed from commercial areas, though close to the heart of the city. In the background the Evans Memorial Wing of the Museum of Fine Arts may be seen. The setting is one of rich dignity. The pond will reflect the beauty of the central feature of the war memorial, much in the manner of such national memorials as the Thomas Jefferson and the Abraham Lincoln Memorials in Washington.

The focal point of the George Robert White War Memorial Center will include a bronze victory figure of dignity and beauty, which is placed at the base of a stone shaft that is crowned by a glass-encased eternal light shining through a cluster of 48 bronze stars symbolic of the United States. Behind the victory figure and shaft is a stone exedra or shallow arc consisting of 27 pilasters bearing a permanent record in bronze of the individual names of the 3,000 Boston men and women being memorialized. The central feature will include a rostrum in front of which will be a podium and lectern. Ample space for the accommodation of speakers, musicians, etc., will be provided for on this rostrum. The whole arrangement includes practical and useful facilities for gatherings of a patriotic nature, for large or small audiences. The entire area surrounding the central figure will be landscaped and planted with the choicest varieties of shade and flowering trees, evergreens and flowering shrubs, selected for their hardiness in this locality. Such plantings will include flowering dogwoods, magnolias, azaleas in variety, flowering crab apples and ground cover material in profusion. Leading to the central point will be walks of bluestone slabs culminating in a lawn area facing the figure. In many recessed points will be placed benches where people may sit and rest. The result will be a park-like setting of combined beauty and usefulness unsurpassed.

The George Robert White War Memorial Center is not simply a monument—it is a true living war memorial of a permanent nature, serving a useful purpose as well as being a beautiful tribute that should inspire reverence in the hearts of all who gather to do honor to a large group of noble men and women who were until recently their fellow citizens.

I recommend consideration and the passage of the enclosed order by your Honorable Body.

Respectfully yours,
JAMES M. CURLEY, Mayor.

City of Boston,
Park Department, February 12, 1948.
To the Honorable Mayor and City Council.

Gentlemen,—The Board of Park Commissioners of the City of Boston are in receipt of a vote of the City of Boston—George Robert White Fund passed February 11, 1948, wherein the City of Boston—George Robert White Fund requests that the City of Boston transfer to it an area of approximately 2.61 acres of land situated within the Back Bay Fens, near Park Drive and Agassiz road, and offers to the City of Boston the sum of \$25,000 as the fair cash value of said land.

The City of Boston—George Robert White Fund has selected this parcel of land as a site for the establishment of a war memorial center by said fund.

The Board of Park Commissioners of the City of Boston on February 12, 1948, voted that this Board recommends that the request and offer of the City of Boston—George Robert White Fund be accepted and further recommends that the selected area of land be transferred to the City of Boston—George Robert White Fund for the sum of \$25,000, the fair cash value thereof.

Very truly yours,
BOARD OF PARK COMMISSIONERS,
JOHN J. MURPHY, Chairman.

City of Boston,
George Robert White Fund.
To the Honorable Mayor and City Council.

Gentlemen,—The City of Boston—George Robert White Fund acting by and through the trustees designated in the fourteenth clause of the will of George Robert White and having the control and management of said fund on February 11, 1948, passed the following vote:

Voted, That for the purpose of the establishment of a war memorial by the City of Boston—George Robert White Fund, the trustees have selected a site containing approximately two and sixty-one hundredths (2.61) acres of land situated in the Back Bay Fens, near Park Drive and Agassiz road.

The City of Boston—George Robert White Fund requests that the City of Boston transfer said land to the City of Boston—George Robert White Fund.

The City of Boston—George Robert White Fund offers to the City of Boston the sum of twenty-five thousand dollars (\$25,000) as the fair cash value of said land.

The Manager of the City of Boston—George Robert White Fund is directed to communicate this request and offer to the Mayor and City Council and to the Board of Park Commissioners of the City of Boston.

Very truly yours,
JAMES J. MCCARTHY, Manager.

Whereas, The City of Boston owns in fee the Back Bay Fens, a public park containing an area of approximately 116.99 acres; and

Whereas, The City of Boston—George Robert White Fund has selected within the Back Bay Fens an area of approximately 2.61 acres as a site for the establishment of a war memorial center by the George Robert White Fund and has requested that the said parcel of land be transferred by the City of Boston to the City of Boston—George Robert White Fund, and has offered to the City of Boston the sum of \$25,000, as the fair cash value of said land; and

Whereas, The Board of Park Commissioners of the City of Boston recommends that the request and offer of the City of Boston—George Robert White Fund be accepted and that the selected parcel of land be transferred to the City of Boston—George Robert White Fund for the sum of \$25,000, the fair cash value of said land; now therefore it is hereby

Ordered, That his Honor the Mayor of the City of Boston be, and he hereby is, authorized, in the name and behalf of the City of Boston, to transfer to the City of Boston—George Robert White Fund by an instrument in writing satisfactory in form to the Law Department of the City of Boston a parcel of land within the Back Bay Fens containing approximately 2.61 acres for the purpose of the establishment of a war memorial center on said land by the George Robert White Fund and upon the consideration of the payment to the City of Boston by the George Robert White Fund of the sum of \$25,000, the fair cash value of said land. The parcel of land to be transferred is shown on a plan marked "Land in Back Bay Fens Belonging to City of Boston, Park Department," "City of Boston, Park Drive, Agassiz Road, Boston Proper, January 16, 1948, Thomas F. McGovern, Chief Engineer, Street Laying-Out Department." The original of said plan is on file in the office of the Street Laying-Out Department, City Hall, Boston.

Referred to the Executive Committee.

CITY OF BOSTON—DEPARTMENT OF SCHOOL BUILDINGS 26 NORMAN STREET

Jan. 30, 1948.

Miss Louise Kane
Secretary, Boston School Committee
15 Beacon Street, Boston, Massachusetts

My dear Miss Kane:

Under date of January 30, 1948 you forwarded to the Board of Commissioners of School Buildings the following draft of a proposed budget for Land and Buildings:

"In compliance with the provisions of Section 7 of Chapter 351 of the Acts of 1929—An Act to Establish a Board of Commissioners of School Buildings and a Department of School Buildings in the City of Boston—the School Committee herewith submits a draft of a proposed budget for Land and Buildings under the provisions of Section 2 of Chapter 224 of the Acts of 1936, for the following item:

LAND AND BUILDINGS

Rent of Hired Accommodations \$3,900.00

This amount will be made available by the re-appropriation of a balance from 1947."

At a meeting of the Board of Commissioners of School Buildings held this date, it was voted to report favorably on the above draft of the proposed budget for Land and Buildings, all as provided in Chapter 351 of the Acts of 1929.

Respectfully submitted,
Board of Commissioners
of School Buildings—
By Robert A. MacLellan,
Chairman.

It was agreed by the School Committee on roll call that the following letter, embodying the estimates of proposed expenditures for school purposes for the fiscal year 1948, be forwarded to His Honor, the Mayor, James M. Curley:

Jan. 30, 1948.

Honorable James M. Curley
Mayor of Boston
City Hall

Boston, Massachusetts

My dear Mayor Curley:

In compliance with the provisions of Chapter 224 of the Acts of 1936 and of Chapter 513 of the Acts of 1945, the School Committee submits its estimates of the proposed expenditures for school purposes for the fiscal year 1948, as follows:

Construction and furnishing of new school buildings, both temporary and permanent, including the taking of land therefor, and for school yards and the preparing of school yards for use, and for rent of hired school accommodations	\$ 3,900.00
The above sum of \$3,900.00 may be obtained by the appropriation of an unexpended balance from 1947.	
Alteration and repair of school buildings and for furniture, fixtures, and means of escape in case of fire, and for fire protection of existing buildings, and for improving existing school yards	\$ 1,773,946.66

The above sum of \$1,773,946.66 may be obtained in part by the appropriation of unexpended balances from 1947, totaling approximately \$7,608.35.
Maintenance, exclusive of alterations, repairs, furniture and fixtures \$19,704,015.09
The above sum of \$19,704,015.09 may be obtained in part by the appropriation of unexpended balances totaling approximately \$459,213.45 and estimated income totaling approximately \$1,655,973.35.

Total \$21,481,891.75

The above estimates of proposed expenditures for school purposes for the fiscal year 1948 are based on the assumption that the Legislature will take favorable action on the petition of the School Committee for increased appropriating power, as embodied in House Bill No. 1795.

Very truly yours,

(s) Louise Kane,
Secretary.

On roll call, the members agreed to submit the foregoing communication to His Honor, the Mayor, by the following vote:

ABSENT—Mr. Ward—1

HOUSE BILL 1795—AN ACT RELATIVE TO APPROPRIATIONS FOR SCHOOL PURPOSES IN THE CITY OF BOSTON

The Superintendent presented the following statement:

The School Committee has requested an amendment of Chapter 224 of the Acts of 1936 as embodied in House Bill 1795.

This bill would authorize the School Committee to appropriate up to fifty cents on each one thousand dollars of the average of the assessors' valuation for the three preceding years for the construction of new school buildings, the taking of land, preparation of school yards for use and for the rent of hired school accommodations. This is in conformity with the present provisions of the law.

The bill would also authorize for the alteration and repair of school buildings, for furniture, fixtures, means of escape in case of fire, for fire protection of existing buildings and for improving existing school yards, an appropriation not in excess of one dollar and twenty cents on each one thousand dollars of the average of the assessors' valuation for the three preceding years.

This would provide for a change from eighty-five cents to one dollar and twenty cents on each one thousand dollars of average valuation and would make available an increase of approximately \$500,000 for the purposes specified.

For all other school purposes the bill would authorize the appropriation of \$19,310,000, or an increase of \$4,150,000 over the present statutory limit of \$15,160,000.

This additional amount is requested for the following reasons:

- (1) To continue the salary increases authorized by the Legislature in April, 1947. This would cost approximately \$2,300,000 for a full year.
- (2) To put into effect section forty of Chapter seventy-one of the General Laws, as amended, relative to equal pay for men and women teachers. This would cost, for a full year, approximately \$1,550,000, and the amount to be appropriated would be determined by the date on which the law is made effective.
- (3) To provide for the increased cost of books and supplies. This would require an additional appropriation of approximately \$300,000 for a full year.

The bill also provides that unexpended appropriation balances may be re-appropriated together with the estimated income of the current year and the excess income over the estimated income of the preceding year, if any.

The bill further provides that nothing in that section shall prevent the Mayor, on request of the School Committee, from recommending and the City Council from passing additional appropriations for school purposes.

This is in conformity with the provisions of the present law.

The Committee adjourned.

Attest:

LOUISE KANE,
Secretary.

HIGHWAY AID.

The Federal Works Agency has apportioned to the states the \$500,000,000 made available for this year under the Federal Highway Aid Act of 1944. This appropriation recognizes that the major traffic problems are in and adjacent to urban centers and is therefore to be spent in large part (\$125,000,000) for removing traffic bottlenecks and connecting principal cities with express highways. A total of \$100,000,000 is being made immediately available for planning, surveying, engineering, acquiring rights-of-way, and for construction.

CITY OF BOSTON.

LIBRARY DEPARTMENT.

INVITATION FOR PROPOSALS FOR MAGAZINE CASES, CATALOG CASES AND PERTINENT EQUIPMENT.

The Trustees of the Public Library of the City of Boston, hereinafter referred to as the Awarding Authority, invite sealed proposals for supplying certain magazine cases, catalog cases and pertinent equipment. Details and specifications as to finish and hardware may be had upon application at the Business Office, Public Library of the City of Boston, Copley square, Boston, Mass.

Proposals will be received until 12 o'clock noon, Thursday, March 13, 1948, at the office of the Awarding Authority, at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed, and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of three hundred dollars (\$300), shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

Specifications may be obtained on and after Monday, February 16, 1948, at the Business Office, Public Library of the City of Boston, Boston, Mass.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful bidder.

The Awarding Authority reserves the right to accept or reject any or all bids, and to accept or reject any portion or portions of bids, and to award the contract as he deems for the best interests of the city.

THE TRUSTEES OF THE PUBLIC LIBRARY OF THE CITY OF BOSTON,

by ELIZABETH B. BROCKUNIER,
(Feb. 21-28.) Clerk.

BOND SALES.

Labor, farm, school and women's groups were responsible for 1943's greatest sale of E Bonds.

Using the person to person approach, Payroll Savings added two million workers—bringing its ranks to 26.4 million. Payroll Savings allotments jumped from 355 millions in December, 1942, to 445 millions in October, 1943. Thousands of labor-management War Bond committees were organized.

Farm committees worked intensively through personal solicitation and farmers' organizations to convert a large share of the largest farm income in history into War Bonds.

In the schools, the nation's youngest group of Bond buyers is rapidly enlisting every pupil in America.

OFFICIAL CHRONICLE OF BOSTON MUNICIPAL AFFAIRS.

SATURDAY, MARCH 6, 1948.

No. 10

MAYOR CURLEY EXPLAINS TO CITIZENS OF STATE CAUSES FOR PRESENT PROSPECTIVE HIGH TAX RATES ALL MUNICIPALITIES FACE FOR 1948 AND OFFERS SUGGESTIVE LEGISLATION THAT WOULD BRING RELIEF—URGES STATE FOLLOW PATTERN OF FEDERAL GOVERNMENT IN GRANTING ESTIMATED NEEDS EARLY IN EACH YEAR, RATHER THAN FORCING CITIES AND TOWNS TO RAISE NEEDED FUNDS AND THEN DEPEND ON REIMBURSEMENTS AT END OF YEAR—ALSO WOULD GIVE OLD AGE ASSISTANCE TO ELIGIBLE ALIENS AND ADOPT CORPORATION TAX INCREASE AND PAYROLL WITHHOLDING TAX OF ONE PER CENT.

WELFARE RELIEF EXPENDITURES IN 1948 TO BE \$2,000,000 OVER 1947, MAYOR IS INFORMED—LAWS PROVIDING FOR RAISING REVENUE NEEDED.

The following report was on March 3 received by his Honor the Mayor from the Public Welfare Department:

Public Welfare Department relief expenditures for the year 1948 will be almost \$2,000,000 in excess of the expenditures for 1947. This increase is due to an increase in the state mandatory budget for relief allowances and also to an increase of 2,000 in the number of families and individuals being assisted as compared with last year. At present, 22,474 families or individuals are being assisted.

It is difficult, of course, to forecast business conditions, and it may be possible that the welfare expenditures will increase more than we have estimated.

The City of Boston has filed several bills with the Legislature, two of which will help the situation considerably if enacted. The first provides for payment by the state, including federal grants, of 75 per cent of all relief expenditures. The second provides for the turning over of federal grants to the cities and towns by the Commonwealth upon their receipt, rather than after payments have been made. If these are passed, the situation will be somewhat relieved.

The following figures show the change in public policy in relation to relief over the years.

In 1912, the year before the Mothers' Aid Law became effective, the relief expenditures of the Public Welfare Department were \$136,000. Expenditures thereafter increased tremendously. In 1929, relief expenditures were \$2,500,000. In 1933, in the depths of the depression, relief expenditures were \$13,600,000. In 1947, relief expenditures were \$15,500,000, and 1948 expenditures will be almost \$2,000,000 more. This is an astounding increase, particularly in view of the fact that the wealth of the country has increased greatly during this period.

(Continued on page 215.)

The following is the radio address broadcast by Mayor James M. Curley over Station WMEX in appeal for revenue aid for cities and towns of state:

The title of this night's address is, "Live Horse Until You Get Grass," meaning, in simpler language, a city, state, nation, or individual cannot long survive on promises alone, and this is equally true in the case of Boston, which is in a sounder position financially than any other city of similar size in the United States. This despite the fact that relief and welfare expenditures undertaken by the federal government, and to a lesser extent by the states, have soared to astronomical figures. Local governments, on the other hand, whose revenue raising is strictly controlled by the states, as in the case of Massachusetts municipalities, have been permitted to do practically nothing in the matter of the creation of new revenue-producing agencies.

The increase in revenue between 1932 and 1941 upon the part of the federal government amounted to 313.4 per cent. In the same period of time state revenues increased 138 per cent, while the revenues of municipalities increased but 2.5 per cent.

A certain amount of the federal increased revenue found its way back to the cities as direct grants as aid. From the states came piteously little, despite the fact that two thirds of state revenues were derived from the cities.

If the municipalities of the state are to survive, it is imperative that no new burdens be placed upon them without provision being made for revenue to offset the burden. Unless this alternative is followed by the Legislature, there is no way in which we can relieve the burden imposed upon realty, which today represents 72 per cent of the total cost of conducting activities of municipalities of the state.

IN FINANCIAL VISE.

At the present time Massachusetts municipalities are caught in a vise. They need more revenues to meet unusual snow-removal expenses, rising welfare costs, equal pay for teachers, extensive highway repairs occasioned by the severe winter, higher wages for municipal employees, shorter working hours for firemen, policemen, and other employees, and the continued high level of commodity prices. Unfortunately, their powers of obtaining the revenues necessary to meet these mandatory expenses are restricted.

Speaking frankly, in the absence of legislative action granting increased state aid to cities and towns, the only source of revenue available to municipalities is increased property taxes. Within the past week stories have appeared in the

REPRESENTATIVE MATERA THANKS MAYOR FOR AID IN EAST BOSTON RECREATION PROJECT.

His Honor the Mayor on March 2 received the following letter from Representative Francis V. Matera:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—I wish to express my sincere thanks for your action on Friday, February 20, 1948, when, at a conference at your office for East Boston's recreation, you were able to effect an agreement between the city and state. Your promise to furnish the additional funds required to complete the project in excess of the \$1,300,000 already appropriated demonstrates your deep understanding of East Boston's recreational plight.

At the conference, I informed you of a bill I filed this year seeking additional funds for the development of these projects, the passage of which would place the full financial burden of the recreational development upon the state, where it rightfully belongs. House Bill No. 467 will be heard before the Legislative Committee on Harbors and Public Lands in Room 489 on March 4, 1948, at 10 a. m.

I sincerely hope that you will lend every effort toward passage of this bill, so that we in East Boston may realize the full development of the project without being required to look to our city government for the additional money.

Thank you for your kind cooperation, and sincerest personal regards.

Respectfully yours,

FRANCIS V. MATERA.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

MAYOR CURLEY EXPLAINS TO CITY COUNCIL THE ADVANTAGES TO ACCRUE TO CITIZENS BY ERECTING PROPOSED MEMORIAL TO WORLD WAR II DEAD OUT OF GEORGE ROBERT WHITE FUND MONEY — CALLS ATTENTION TO FACT STATE IS IN DUTY BOUND TO ERECT FITTING MEMORIAL TO HERO DEAD OF ALL WARS AND EFFORTS SHOULD BE MADE TO PERSUADE COMMONWEALTH TO THAT EFFECT.

Mayor Curley has addressed the following communication to the City Council relative to the war memorial to be erected in the Fenway through the agency of the George Robert White Fund:

Mr. Chairman, Members of the City Council of Boston.

With a view to dispelling any misunderstanding with reference to the subject of a war memorial by the City of Boston to commemorate the services of those who died in World War II, I beg to direct your attention to the following facts:

To the present time, no suitable memorial other than the temporary one on Boston Common to commemorate the services of those who died in World War II is to be found in our city. To the men who died either in the Cuban Insurrection, the Mexican Insurrection, the Philippine Insurrection, the Spanish-American War, or in World War I, there is no memorial to commemorate the services of those who died while fighting under the flag of our country. It is my judgment that it is the duty of the Commonwealth to erect a memorial to the veterans of all wars, and it should be along the lines which have been adopted in Los Angeles, namely, a building commanding and beautiful, and costing not less than \$5,000,000, with suitable quarters for the veterans of every war in which our nation has participated in the last half century, and with a hall of sufficient size to provide accommodations for three thousand or more persons.

This memorial, which should be created by the state, should be located in the capital city of Massachusetts, namely, Boston. We have a duty to those who died in World War II which can be discharged at the present time, and, unless we take advantage of it, there is a likelihood that their services may be disregarded, as in the case of those who died in other wars.

The George Robert White Fund at the present time has but a limited amount of money to devote to any particular purpose, but it has made available a sufficient sum to provide a suitable, proper, and worthy memorial to those who died in World War II. A site has been selected adjacent to the Rose Garden in the Fenway, where a gathering of seven to eight thousand persons can be accommodated upon memorial occasions, and where the relatives of those who died can come and read the names in enduring bronze in peaceful and beautiful surroundings, where opportunity can be afforded for prayer and proper tribute to those men and women who sacrificed their all that free government might live. A war memorial center such as has been determined upon should serve as an inspiration to a higher order of patriotism and the preservation of its traditions of service and sacrifice that are so essential to the continuance of free government in the world.

Other cities and towns, not only in Massachusetts, but throughout the country, have erected, or are now arranging to erect, war memorials similar in character to that planned for the Boston war memorial center.

The order pending before your Body provides opportunity for the George Robert White Fund Trustees to purchase from the city a suitable site upon which the war memorial shall be erected. It must be evident to every thinking individual that, unless we take advantage of this opportunity, we are following the policy that has been adopted since the close of the Civil War of giving only lip service to those who died that free government might live. It is clearly our duty to act favorably upon the pending measure, and to then work earnestly and unitedly for the erection of a fitting memorial, such as has a direct appeal to everyone, by the Commonwealth for the perpetuation of the memory of all who served and died in all wars.

WELFARE RELIEF EXPENDITURES IN 1948 TO INCREASE \$2,000,000.

(Continued from page 213.)

The financial situation which the city finds itself in now has resulted from the enactment of laws by the Legislature with no provision being made to raise the money except by the increase of taxes on the already overburdened real estate. No one will deny the poor and the aged the right to adequate relief. However, the Social Security laws should be broadened to include all of the population, so that everyone may be provided for on the basis of insurance rather than public assistance.

MAYOR CURLEY ASKED TO BE AT HEARING ON SCHOOL TAX BILL.

His Honor the Mayor on March 2 received the following letter:

To All Mayors.

GENTLEMEN,—I shall greatly appreciate your attendance before the Committee on Taxation, Room 407, State House, Boston, March 4, 1948, at 10.30 a. m.

At that time consideration will be given to House Bill 1705 relative to providing for a separate tax bill for the School Department. This bill is for state-wide application.

A similar bill for the city of Woburn (only) was heard last week, February 25. Mayor McLean very kindly sent telegrams notifying you of that hearing as it was my understanding that both bills were to be heard at the same time. However, on arriving at the State House, I learned

that the bill to be considered then was the one for Woburn only.

While I appreciated your attendance at that hearing, nevertheless I regret if the telegram notice caused you any inconvenience.

House Bill 1705 provides the one opportunity for mayors and city councils to transfer this municipal headache to the school committees where it belongs because they spend almost all the city's money while the mayors unjustly carry the burden of high tax rates caused by school committees' expenditures over which the courts have persistently ruled that neither the mayors nor city councils have any control.

Trusting that you will not only be present at the hearing on March 4 but also that you will contact your representatives and senators to favor this bill, I am

Very truly yours,
WILLIAM M. KANE, Mayor,
City of Woburn.

CAMBRIDGE CITY MANAGER THANKS MAYOR CURLEY FOR BOSTON'S AID IN FIGHTING FIRES.

His Honor the Mayor on March 1 received the following letter from John B. Atkinson, City Manager, Cambridge, Mass.:

DEAR SIR,—I wish to express to you appreciation of the City of Cambridge for the prompt and generous response of your Fire Department last Sunday night when we were unfortunate enough to have two very bad three-alarm fires at one time. Your apparatus did a fine job and the men gave every indication of a well-trained and well-disciplined department.

This is additional proof of the great value of the mutual aid system which fire departments of the cities and towns of Greater Boston have evolved.

Again with my sincere thanks and assurance that the Cambridge Fire Department will be prompt in returning whatever aid is needed when your city is in need of outside assistance.

Very truly yours,
JOHN D. ATKINSON,
City Manager.

DIRECTOR OF PUBLIC CELEBRATIONS RESIGNS.

His Honor the Mayor on March 2 received the following letter:

YOUR HONOR,—I wish at this time to submit to you my resignation as of March 10, 1948, as Director of Public Celebrations with the City of Boston.

It has been with great pride and pleasure that I have served in this capacity in your present administration, and it is with regret that I submit my resignation at this time. However, since it has been my desire for some time past to go into private business, I am availing myself of that opportunity at this time.

With sincere gratitude to you for all that you have done for me as Director of Public Celebrations, and with respectful wishes that your present term as Mayor of Boston will carry your name to even greater heights in the minds of Boston's citizens, I am

Very respectfully yours,
GEORGE JAMES CURLEY,
Director of Public Celebrations.

Accepted with regrets.
JAMES M. CURLEY.

SNOW REMOVAL COSTS FOR BOSTON SINCE JANUARY 1 SHOWN TO BE OVER \$1,241,993, WITH \$272,824.86 FOR THE LATTER PART OF 1947 — INFORMATION PRESENTED TO MAYOR CURLEY IN LETTER FROM PUBLIC WORKS COMMISSIONER ROBERT P. CURLEY — DEPARTMENT NOW FULLY EQUIPPED TO MEET ANY SITUATION WITH MODERNIZED EQUIPMENT.

Snow removal costs for the City of Boston since January 1 to the present time have amounted to more than \$1,241,995.55, according to a letter sent to Mayor James M. Curley by the Commissioner of Public Works, Robert P. Curley. To this must be added the costs of \$272,824.86 up to the first of this year. The letter containing the information from the Public Works Commissioner reads as follows:

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,— There is no doubt in the minds of the people of Boston that the current winter has been exceptional because of the amount of snow that has fallen. We had a succession of storms, practically one upon another, and, with the accompanying low temperatures, there were few days on which thaws occurred; in fact, on only one or two days did the thermometer rise above 32 degrees.

The Public Works Department, which has jurisdiction over the work of keeping our streets and highways available for use, did everything humanly possible to open, and keep open, the roadways in all sections of the city by plowing, and also by removing snow from the downtown area, particularly in the section where the department and other stores are concentrated.

The department was efficiently organized with crews trained in snow removal procedure, and every available employee was pressed into service. Supplementary service was rendered by contractors familiar with snow removal, this supplementary service comprising labor and equipment furnished at the request of the Public Works Commissioner.

Much satisfaction has been expressed and many favorable comments were received regarding the manner in which this very difficult and unusual situation was

handled. These commendations came from all sections of the city.

By the acquisition of new trucks and other snow removal equipment, the department has been modernized, and I am proud to say that it is now in a better position than it ever was to carry on its various functions, including snow removal.

While the expenditures made for this very important work may be considered large, there is no question as to justification when consideration is given to the fact that we have had more snow in Boston this winter than we have had for years.

The expenditures previous to January 1 of the current year amounted to \$272,824.86. From January 1 to the present time the commitments for snow removal have totaled \$1,241,995.55. An itemized account of these commitments thus far this year is as follows:

Contract removal.....	\$360,209 74
Plowing.....	410,000 00
Force account contracts...	270,000 00
Hauling.....	50,000 00
Overtime.....	125,858 47
Ninety-day temporary men	23,947 48
Emergency men.....	1,979 86

Total..... \$1,241,995 55

Yours very respectfully,

ROBERT P. CURLEY,
Commissioner of Public Works.

public press to the effect that 1948 tax rates in Greater Boston cities will reflect, on the average, an increase of \$4.50 over the rates of last year. The surprising feature of this particular story was that Medford, a strictly residential community and with a reputation for sound government, is facing a tax rate increase of \$10. Even Plan E cities like Cambridge and Lowell are facing increases of from \$4.50 to \$10. It is clearly evident that all Massachusetts cities and towns are facing the same dilemma, and that, unless an intelligent program of relief is adopted by the Legislature, property owners in Massachusetts will be faced with confiscatory tax rates.

PROPOSALS FOR RELIEF.

What are some of the proposals that, if adopted by the Legislature, would afford relief to the harassed cities and towns? Time will not permit an elaborate discussion at this point, but I feel it desirable to mention some of the proposals

that have been submitted to the General Court as a part of the City of Boston's legislative program for 1948. Since the greatest burdens resting on municipalities today are connected with schools and welfare, the city has requested increased state aid in these two governmental functions along the following lines:

1. *Annual reimbursement by the state to cities and towns of one third of the amount expended for public school purposes during the preceding school year.* Massachusetts stands at the very bottom of the 48 states in the amount of aid distributed to local communities for educational expenses. At the present time the City of Boston is reimbursed by the Commonwealth for approximately 8 per cent of its school expenditures. Throughout the remaining states of the Union the average of educational aid distributed is 45 per cent, and in some states the actual percentage is actually higher. Education is a state-wide problem and therefore is a field in which the state government should not be niggardly in the amount of aid distributed. In view of the national average, a proposal for a distribution of 33½ per cent cannot be termed exorbitant or unreasonable.

2. *Elimination of complicated welfare settlement laws and annual reimbursement by the Commonwealth to municipalities for three fourths of the sums expended for General Relief.* At the present time, cities and towns bear the entire expense of General Relief except in those cases where the parties to be aided have a legal settlement in some other community. If this community is within Massachusetts, the municipality granting the relief may eventually bill the other community for the aid rendered, or, if the legal settlement is in a community outside the state, demand may be made on the state for reimbursement. This settlement requirement in General Relief cases is a complicated arrangement and, in case any doubt or uncertainty is present with regard to individual settlements, results in extensive and expensive litigation between cities and towns. Elimination of this settlement requirement would result in material savings to municipalities, since it would remove the necessity for the legal and administrative expenses now required. The relief of the poor and the needy is a state-wide problem and, therefore, expenditures by local communities for this purpose should be liberally supported by the state. New York and Rhode Island are two states in this particular section of the country which have recognized this principle and have adopted legislation whereby local communities in those two states receive from 70 to 75 per cent reimbursement for welfare costs.

OLD AGE AID TO ALIENS.

3. *Extension of the benefits of Old Age Assistance to aliens.* Under existing law aliens of sixty-five years of age or over who apply for relief may only be aided within the category of General Relief. This means that the entire expense of the relief so granted must rest on a local community. Under federal laws aliens are not barred from old age benefits; consequently, if the existing state law was amended so that payment would be made to aliens under the Old Age Law, the federal government would participate up to 50 per cent in such disbursements, and the ultimate cost to local communities would be roughly one sixth, as against the present 100 per cent requirements.

4. *Extension of benefits of Old Age Assistance to inmates of public institutions.* At the present time an inmate of the Long Island Hospital who is sixty-five years old is not eligible for old age benefits. If, while living on the mainland, a person was receiving Old Age Assistance, the moment he or she enters a public institution like Long Island, payments of this character stop. The inconsistency of this arrangement must be evident when it is realized that, if this same person went to a private institution or rest home, no interruption in Old Age Assistance would occur. It is difficult to see any logic or reason for the present arrangement with regard to inmates of public institutions, and the proposal of the city for an amendment to existing law should be approved.

5. *Providing for the immediate disbursement to municipalities of Old Age Assistance grants received by the Commonwealth from the federal government.* At the present time the Commonwealth receives at the beginning of each quarter advance payments from the federal government to meet estimated disbursements under the federal Social Security Law for Old Age Assistance. Because of certain provisions in existing statutes, the Attorney General has ruled that the Com-

monwealth may not disburse this advance grant until after the accounts of municipalities for the quarter have been actually checked and audited. Since the federal government turns over the money in the first instance on the basis of estimates submitted by the state, why is it not proper for the state to make payments to its municipalities on the basis of estimated local expenditures for Old Age Assistance? The present arrangement not only delays payment to municipalities, but increases local financing.

These are but a few of the proposals advanced by the city for increased aid by the Commonwealth, and I am sure you will admit that they are not radical or revolutionary in character. They merely require the Commonwealth to participate in a reasonable financial measure in two functions of government which are clearly state-wide in importance and ultimate effect.

HOW TO MEET PROBLEM.

Undoubtedly the question will be asked, "Where is the state going to secure the additional funds required under such a program for increased aid to municipalities?" Such a question is not difficult to answer. Under its sovereign rights, the State Legislature may enact two measures, either of which will undoubtedly provide ample funds to put into operation the state aid program I have previously suggested. The first of these measures is an increase in the corporation tax from the present $5\frac{1}{2}$ per cent to 10 per cent. It is estimated that such an increase would produce roughly \$33,000,000. While at first glance this might appear to represent a staggering burden on the corporations of the state, it should be remembered, first of all, that moneys paid by corporations under the state income tax law are deductible on federal tax returns, and that in effect the amount involved in the proposed corporation tax increase would merely be diverted from the federal treasury to the state treasury. In addition, the federal government last year granted refunds to Massachusetts corporations totaling \$350,000,000, so that these companies have ample resources to meet increased state income tax requirements.

The second financial measure which the Legislature might well consider is an amendment of the state income tax law so as to provide under the earned income section for a withholding payroll tax of 1 per cent, the receipts from which could be utilized either by the state, to finance an increased state aid to municipalities program, or turned over directly to municipalities, to offset the high tax rates which now appear inevitable in 1948. Philadelphia and Toledo are notable examples of the soundness of the payroll withholding tax. The proceeds from such a tax in Massachusetts would go a long way toward affording municipalities the means to meet obligations that have been imposed on them either by legislation, by referendum votes of the people, or by postwar developments.

The enactment of this program which is so essential to the welfare of every one of the 351 municipalities of the state can be secured, provided every person listening in will take it upon himself or herself to contact their Senators and Representatives in the General Court and induce them to support these measures so vitally essential to the well-being of every inhabitant of the entire Commonwealth.

BOSTON NOW BOASTS SECOND LARGEST HOSPITAL FOR BED-RIDDEN UNFORTUNATES IN NEW ENGLAND — 590 BEDS.

Boston now boasts of maintaining the second largest hospital in New England for the care of unfortunate citizens, which is deemed now a Class A hospital in such work. This information was conveyed to Mayor Curley in a letter from Institutions Commissioner G. Frank McDonald, in which it is stated that due to improvements there are now 590 beds for bed patients at the institution. The letter to the Mayor follows:

BOSTON, February 27, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Institutions Department takes pleasure in informing your Honor that three new wards, to accommodate 92 patients, have been added to the Long Island Hospital. This will make a total capacity of 590 beds for bed patients.

This addition was made possible by major alterations in the building that was adaptable in our group of buildings and required no new building. The new wards are modern and have every equipment for the professional treatment of patients.

According to the Hospital Council of Greater Boston, the Long Island Hospital is now the second largest hospital in New England for the treatment of medical cases. The Hospital Council submitted the following bed capacity of some of the largest hospitals:

Boston City Hospital:	
City Hospital proper.....	1,700
Sanatorium.....	678
Long Island Hospital.....	590
Massachusetts General Hospital...	449
Baker Memorial.....	306
Massachusetts Memorial.....	405
Mercy Hospital, Springfield.....	303
Deaconess Hospital.....	310
St. Luke's Hospital.....	294
Springfield General Hospital.....	281
St. Elizabeth's.....	256
Peter Bent Brigham Hospital.....	250

An interesting observation is, in effect, that the City of Boston maintains the second largest hospital in New England, with the enviable classification of a Class A hospital, devoted to the poor of Boston who require long-term hospitalization.

Respectfully yours,

G. FRANK McDONALD,
Commissioner.

TO PURCHASE GRAPHOTYPE MACHINE.

The Mayor has approved the following request of the Retirement Board:

BOSTON, February 3, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—The Board respectfully requests you to allocate the sum of \$1,150 from the Departmental Equipment Loan (Revenue) to the Boston Retirement Board to purchase a Graphotype machine, which will replace the machine now being used, which is 20 years old.

Since 4,000 employees transferred to the State-Boston Retirement System, it will necessitate embossing plates for these members. The old machine is slow and not capable of cutting so many plates, and it would be impossible at this time to get these plates cut outside.

Very truly yours,

WILLIAM D. KENNEY,
Secretary and Executive Officer.

LAW DEPARTMENT RULES AS TO APPEARANCE OF HEADS OF DEPARTMENTS BEFORE CITY COUNCIL.

His Honor the Mayor on March 3 received the following letter from James A. Kelleher, Assistant Corporation Counsel:

DEAR MR. MAYOR,—You have asked for an opinion from the Law Department as to whether department heads are required to attend meetings of the committees of the Boston City Council.

The appearance of department heads before the Council is governed by section 2 of the Charter, which reads as follows:

SECT. 7. The City Council at any time may request from the mayor specific information on any municipal matter within its jurisdiction, and may request his presence to answer written questions relating thereto, at a meeting to be held not earlier than one week from the date of the receipt of said questions, in which case the mayor shall personally, or through a head of a department or a member of a board, attend such meeting and publicly answer all such questions. The person so attending shall not be obliged to answer questions relating to any other matter. The mayor at any time may attend and address the city council in person or through the head of a department, or a member of a board, upon such subject as he may desire.

It is apparent that the personal appearance of a department head or a member of a board is required only in the case where written questions, relating to a municipal matter within its jurisdiction, have been submitted by the City Council to Mayor at least one week before the time when the appearance is requested. The department head or board member so appearing is by express provision of section 7 of the Charter not "obliged to answer questions relating to any other matter." The Mayor may, of course, appear in person to answer such question.

Yours very truly,

JAMES A. KELLEHER,
Assistant Corporation Counsel.

RETIREMENT BOARD REPORT.

SUPPLY DEPARTMENT.

BOSTON, February 19, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—Your approval is requested to award an order to George A. Hamlin Company, 26 Warrenton street, Boston, the lowest bidder on specifications for copper tubing to be furnished to the Water Division of the Public Works Department. Bids were publicly opened and read in this office on February 12, 1948. Total amount of order, \$1,780.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

BOSTON, February 26, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR MR. MAYOR,—On February 10, 1948, your Honor approved the award of a contract for furnishing equipment for the Cystoscopic Room at the Boston City Hospital. The original award was made to the American Cystoscope Makers, Inc., 1241 Lafayette avenue, New York City.

This office is in receipt of a communication from the American Cystoscope Makers in which they state that it is their policy to do business directly through their local agents in Boston.

In view of this, I would respectfully request that this contract be awarded to the Thomas W. Reed Company, direct agents for the American Cystoscope Makers. All other provisions of the contract regarding prices and conditions remain the same. Total amount of contract, \$2,198.90.

Respectfully yours,

WILLIAM I. ROSE,
Superintendent of Supplies.

SUFFOLK COUNTY.**SUPERIOR COURT, CIVIL BUSINESS.**

BOSTON, February 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—In accordance with provisions of section I, chapter 156, of the Acts of 1939, I request your approval to dispense with the contract formality of such acts, and assign as reasons thereof the following:

It is impossible for the clerk to anticipate the amount and kind of printed forms, lists, books, and office supplies necessary for the proper maintenance of his office. The many forms and lists are subject to change without notice, and it would be unwise to place orders in anticipation of a year's supply, as it would result in vast overstocking of many items and a shortage of others.

In addition, it is the duty of the clerk to prepare and promulgate the orders of court and to prepare and mail the various weekly trial lists; also to keep the court, and sessions thereof, supplied with forms and stationery as needed.

As it is impossible to foresee what supplies are necessary to carry out this duty, I believe the continuance of the practice of ordering supplies as needed

should be followed. I call your attention to the fact that I have been granted this permission each year since I have been clerk.

Respectfully yours,

THOMAS DORGAN,
Clerk.

EAST BOSTON DISTRICT COURT.

BOSTON, February 18, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

DEAR SIR,—In accordance with chapter 156 of the Acts of 1939, which requires contracts for work or purchases exceeding \$1,000 to be advertised, I hereby request that this court be exempt from compliance with that provision of Items B-4 and D-1 in the budget of this court relative to the transportation of persons to and from correctional institutions and the purchase of office supplies.

Yours very truly,

CHARLES J. BROWN,
Justice.

MUNICIPAL COURT, CITY OF BOSTON.

BOSTON, February 12, 1948.

HON. JAMES M. CURLEY,
Mayor of Boston.

MY DEAR MR. MAYOR,—I enclose letters from the civil and criminal clerks of this court in which they request your Honor to dispense with the necessity of advertising for bids for the printing necessary in their respective offices. I approve their requests and hope they will be granted.

Very truly yours,

DAVIS B. KENISTON,
Chief Justice.

MUNICIPAL COURT, CITY OF BOSTON.

(Criminal Business).

BOSTON, February 11, 1948.

HON. DAVIS B. KENISTON, *Chief Justice,*
Boston Municipal Court.

MY DEAR MR. CHIEF JUSTICE,—I respectfully submit herein reasons for exemption of this office from chapter 156, Acts of 1939. No one or several items purchased by this office will amount to \$1,000, with the exception of the purchases of various dockets and indexes. These various dockets, consisting of domestic relations, drunk, general, released drunk, inquests, and traffic violations, differ in many respects, and it would be impossible to class them in one contract. The dockets used in the parking violations are of a greater variance from the rest, so this would have to be treated as an individual item. It would take many orders for over a period of months in the printing of our forms to total the amount of \$1,000. It does not seem to me that there is any possible way to estimate the number of the arrests or cases brought by summons that would appear before this court; therefore, one could not estimate the number of the various forms used for the various crimes that we would use in any given year.

The statistics of this court will show that there is a variance in each year, sometimes increasing and sometimes decreasing, the increase or decrease not being consistent enough to set a figure for a certain amount of forms that would be needed for the particular offences. Again I would call to your attention that the printing of these forms should be done by a printer with plenty of experience along the line of printing legal papers, as it is very important that much care should be used in this work.

Therefore, I feel that the above should be sufficient to grant the exemption requested.

Very truly yours,

DANIEL J. LYNCH,
Clerk.

MUNICIPAL COURT, CITY OF BOSTON.

(Civil Business).

BOSTON, February 12, 1948.

HON. DAVIS B. KENISTON, *Chief Justice,*
Boston Municipal Court.

MY DEAR CHIEF JUSTICE,—With reference to section 1 of the Acts of 1939, requiring a written contract for purchases in excess of \$1,000, or approval by his Honor the Mayor to dispense with contract formality, I wish to advise that no one item to be purchased by this office will amount to \$1,000.

The different forms of writs, certificates, executions, summonses, etc., of which there are 140, are purchased from time to time as needed, as there is no manner in which an estimate could be made of the number of any one form to be needed during a given period.

The largest item needed annually is the docket, and the cost of having these printed and bound is in the vicinity of \$800.

I know of no way in which these various purchases could be combined to amount to \$1,000 and therefore feel that this office should be exempt from the requirement of a written contract.

Sincerely,

EDMOND J. HOY,
Clerk.

EXTENSION OF CONTRACTS.**BOSTON HOUSING AUTHORITY.**

Allied Engineering Corporation has been granted an extension of the time of completion of the contract for the general construction of 38 houses at Baker street, West Roxbury. This extension of time is necessitated due to causes beyond the control of the contractor, as outlined in letter of February 2, 1948.

The City of Boston has determined that (1) the delay is due to unforeseen causes beyond your control and without your fault or negligence; and (2) notice of the cause of the delay was given within the time and in the manner prescribed by the contract.

Now, therefore, subject to conditions hereinafter set forth, an equitable adjustment of the contract time is established as follows:

The contract time for completion is extended 60 days, to March 23, 1948.

The conditions hereinbefore referred to are as follows:

1. The aforementioned change, and work affected thereby, is subject to all the provisions of the foregoing contract.
2. The rights of this Authority are in no way prejudiced by this order.
3. All claims of any nature against the City of Boston and/or the Boston Housing Authority which are incidental to or a consequence of the aforementioned change are satisfied.

ALLIED ENGINEERING CORPORATION,
739 Boylston Street,
Boston Mass., February 2, 1948.

MR. JOHN F. MILLERICK, Boston Housing Authority, 10 Post Office Square, Boston, Mass.

Re: Baker Street Project.

DEAR MR. MILLERICK,—Due to the severity of this present winter and to

difficulty in obtaining certain materials for the above project, we wish to request an extension in the time for performance of our contract of four months.

It would, however, be possible to deliver certain of these houses for partial occupancy commencing in approximately five weeks.

Your cooperation by granting this extension will be sincerely appreciated.

Very truly yours,

ROBERT E. BESSETTE,
President.

TRANSIT DEPARTMENT.

Raymond Concrete Pile Company has been granted an extension of the contract for wash borings, Vehicular Tunnel, Boston to East Boston, from 65 calendar days to 80 calendar days, and all provisions of said contract, excepting as modified herein, shall continue in full force and effect.

POLICE DEPARTMENT ORDERS.

General Order No. 1,015.

The following-named officers having requested retirement under the provisions of the Statutes of 1892, chapter 353, as amended, for the reason that they are incapacitated, it is hereby

Ordered, His Honor the Mayor having approved the same, that they be retired from active service in the Police Department; effective Monday, March 1, 1948, at 7.45 o'clock a. m.:

Patrolman Frederick H. Bogardus, Division 4, 28 years of service.

Patrolman James Muldoon, Division 9, 28 years of service.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,016.

Acting under provisions of chapter 521, Acts of 1922, as amended, the Boston Retirement Board has approved for

retirement on account of accidental disability, the following-named police officer, a member of the Boston Retirement System; effective at the close of business, Sunday, February 29, 1948:

Wherefor, In view of this operation of law, after February 29, 1948, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman John W. Campbell, Division 7.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,017.

Acting under provisions of chapter 658, Acts of 1945 (State-Boston Retirement System), the Boston Retirement Board has approved for retirement on account of accidental disability, the following-named police officer; effective at the close of business, Sunday, February 29, 1948:

Wherefor, In view of this operation of law, after February 29, 1948, the said police officer shall no longer be an active member of this department, and it is hereby ordered that its records be so amended.

Patrolman Walter S. Yarosh, Division 6.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,019.

Patrolmen Charles H. Dias and Joseph H. Ziniti, both of Division 4, are commended for meritorious police duty performed on February 12, 1948.

While patrolling in a radio car, these officers were dispatched to the Decatur-Hopkins Company, 93 Berkeley street, and upon arrival proceeded to cover the front and rear of the building. As Patrolman Dias approached the main entrance, he observed a man jump from the ledge at the second floor to the sidewalk. He immediately ran towards him, covering him with his revolver, and then observed that the man was armed with an automatic pistol which he pointed at the officer. Patrolman Dias grappled with him and both fell to the sidewalk. During the ensuing struggle Patrolman Dias felt something press against his neck and then heard a clicking sound. The officer then discharged his revolver, the bullet striking the man in the left leg, and as a result he released his hold on the officer and was disarmed.

During the struggle Patrolman Ziniti responded to Patrolman Dias' call, and assisted in effecting the arrest.

The Commissioner is pleased to commend these officers for their prompt response to the radio alarm and the excellent judgment shown in accomplishing the capture of this dangerous felon.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

General Order No. 1,020.

Patrolmen Edward J. Mitchell and Elmer J. Cuddy, both of the Traffic Division, are hereby commended for meritorious police duty performed on February 27, 1948.

While on duty at the intersection of Brookline avenue and Park Drive, these officers were informed by a citizen that a boy had fallen through the ice in Muddy River opposite Emmanuel College. They proceeded to the scene immediately and observed a small boy struggling in the water. With the assistance of a passing motorist they locked hands, forming a chain, plunged into the water, and pulled the boy to safety.

The Commissioner is pleased to recognize and commend these officers for their prompt response in this emergency, which undoubtedly saved the boy's life.

The Superintendent of Police will promulgate this order.

THOMAS F. SULLIVAN,
Police Commissioner.

INSTITUTIONS DEPARTMENT.

INVITATION FOR PROPOSALS FOR REPAIRS TO THE STEAMSHIP "STEPHEN O'MEARA" TO INCLUDE REMOVAL OF FOUR FURNACES FROM FIREROOM AND PLACING FOUR NEW FURNACES IN FIREROOM.

The Commissioner of Institutions of the City of Boston, Mass., hereinafter referred to as the Awarding Authority, invites sealed proposals for repairs to the Steamship "Stephen O'Meara" to include removal of four furnaces from fireroom and placing four new furnaces in fireroom.

Proposals will be received until 12 o'clock noon, Monday, March 15, 1948, at the office of the Awarding Authority, eleventh floor, 1109 City Hall Annex, Boston, Mass., at which time and place they will be publicly opened and read aloud.

Proposals shall be submitted in duplicate on forms obtained from the Awarding Authority. Each copy of the proposal shall be properly filled out, signed and inclosed in a sealed envelope, plainly marked with the name of the bidder and the description of the work bid upon. One copy shall be filed at the office of the Awarding Authority, designated above, and the other copy shall be filed at the office of the City Auditor, City Hall, Boston, Mass. Both copies shall be filed before the time stated above for the opening of proposals.

A bid deposit in the form of cash or a certified check on, or a certificate of deposit issued by, a responsible bank or trust company, payable to the City of Boston, in the sum of \$1,000, shall be submitted with the copy of the proposal filed with the Awarding Authority. The bid deposit shall be in a separate envelope, properly marked. Bid bonds will not be accepted.

No bidder may withdraw his bid within thirty days after the actual date of the opening thereof.

The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed shall not be less than the rate of wages determined for this work by the Commissioner of Labor and Industries of the Commonwealth of Massachusetts under the provisions of General Laws (Ter. Ed.), chapter 149, section 26, a schedule of which appears in the specifications.

The successful bidder will be required to provide by insurance for the payment of compensation and the furnishing of other benefits under the Workmen's Compensation Law, General Laws (Ter. Ed.), chapter 152, to all persons to be employed under the contract and sufficient proof of compliance with the foregoing stipulation will be required prior to the award of a contract.

Specifications may be obtained at the office of the Awarding Authority.

A performance bond, issued by a surety company satisfactory to the Awarding Authority, in the full amount of the contract, will be required of the successful general contractor.

The Awarding Authority reserves the right to waive any informalities and to reject any and all bids if it be in the public interest so to do.

G. FRANK McDONALD,
(Mar. 6.) Commissioner of Institutions.

HEAVY LIFT LIGHTER TO SERVE HUB PORT.

A new all-steel, diesel-powered, heavy lift lighter has been obtained by Charles L. Hazelton & Son Co. of East Boston. With a capacity to lift from 60 to 70 tons. It was built for the U. S. Army and completed just as the war came to an end, and features an elevated boom which makes it more adaptable for all around general port work. It can also be used for dredging by attaching a 5-ton grab bucket.

The lighter is 135 feet long, has a 50-foot beam, and was purchased recently from the Maritime Commission. According to its owners it has the heaviest lifting capacity of any equipment north of New York. It cost \$265,000.

PROPOSALS FOR EARTH EXCAVATION AND REFILLING TO ALLOW WATER DIVISION EMPLOYEES TO INSTALL, REGULATE OR REPAIR WATER DIVISION STRUCTURES; ALSO FOR THE INSTALLATION OF WOODEN BOXES AND ESTABLISHING POST HYDRANTS IN THE WEST ROXBURY (WATER DIVISION) DISTRICT, INCLUDING HYDE PARK.

The Commissioner of Public Works of the City of Boston, office 508 City Hall Annex, invites proposals from citizens of the United States and corporations or other legal associations wherein the controlling interest to the extent of at least over one half thereof is owned by a citizen or citizens of the United States, for earth excavation and refilling to allow Water Division employees to install, regulate or repair Water Division structures; also for the installation of wooden boxes and establishing post hydrants in the West Roxbury (Water Division) district, including Hyde Park. A bond will be required for doing the work of a surety company approved by the Commissioner in the sum of 100 per cent of the amount of the contract, to secure the due performance of the contract and the full protection of the city. Forms of proposals may be obtained at Room 508, City Hall Annex. Each proposal should be enclosed in an envelope, sealed, marked "Proposal for Earth Excavation and Refilling to Allow Water Division Employees to Install, etc., in the West Roxbury (Water Division) District, Including Hyde Park," and left at Room 508, fifth floor, City Hall Annex, before 12 m. of FRIDAY, MARCH 19, 1948, with a certified check for TWENTY-TWO HUNDRED AND FIFTY DOLLARS (\$2,250), payable to and to become the property of the city if the proposal after acceptance is not carried out. The proposals will then and there be publicly opened and read. Proposals must be made in duplicate, the sealed duplicate, without check, to be deposited by the bidder with the City Auditor previous to the time named for opening the bids. *There will be a charge of two dollars (\$2) for each set of plans and specifications taken out.* If the price of any item appears to the Commissioner to be abnormally high or low, or the bidder neglects to bid on each and every item, it may lead to the rejection of the proposal containing such price. The rate per hour of the wages to be paid to mechanics, teamsters, chauffeurs and laborers in the work to be performed under the contract shall not be less than the rate of wages in the schedule determined by the Commissioner of Labor and Industries of the Commonwealth, a copy of which schedule is annexed to the form of contract referred to herein. Copies of said schedule may be obtained, without cost, upon application therefor at the office of the Commissioner of Public Works. Before commencing performance of this contract, the Contractor shall provide by insurance for the payment of compensation and the furnishing of other benefits under chapter 152 of the General Laws (the Workmen's Compensation Law so called) to all persons to be employed under this contract and shall continue such insurance in full force and effect during the term of this contract. The undersigned reserves the right to reject any or all proposals or to award the contract as he deems best.

CREATES ARBITRATION BOARD TO SETTLE INDUSTRIAL LABOR DISPUTES.

The city council of Toledo, Ohio, recently approved an "industrial relations charter" which creates a labor-management citizens' committee of 18 appointed by the Mayor. The charter is recommended by the Toledo City Council for adoption by representatives of industry and labor in the city. The preamble states: "Industrial harmony means more than the elimination of strikes, slow-downs and lock-outs. It means a practical, common-sense recognition of the rights of both employers and employees, the mutuality of their interests, and the importance of their joint responsibility to the citizens as a whole, whose interests transcend the presumed rights of any group."

HOSPITAL COSTS HAVE GREATLY INCREASED AND FINANCIAL STRUCTURE CHANGED DURING PAST TEN YEARS, ACCORDING TO COMMUNICATION FROM DR. JAMES W. MANARY, SUPERINTENDENT, BOSTON CITY HOSPITAL, TO MAYOR JAMES M. CURLEY—EXPLANATION GIVEN TO SHOW HOW GREATLY MAINTENANCE BURDENS HAVE INCREASED AND WHY THIS AFFECTS RISING OF TAXES—PLIGHT OF SUCH INSTITUTIONS, PUBLIC AND PRIVATE, ADDS TO THE PERPLEXITIES OF MANAGEMENT.

MAYOR CURLEY ESPOUSES CAUSE OF GENERAL DOUGLAS MacARTHUR AS MAN TO BRING COUNTRY THROUGH PRESENT TURMOIL TO PERMANENT PEACE AND PRESERVED DEMOCRACY.

On March 9 Mayor Curley issued the following statement:

The announcement by General Douglas MacArthur that he would accept a nomination for the Presidency of the United States is a challenge to the people of America which leaves no middle of the road course for anyone interested in the preservation of a democratic form of government and the establishment of permanent peace.

What has been accomplished through his leadership in Japan, namely, the rejection of an age-old superstition and belief that the Emperor of Japan was divinely inspired and selected by God to rule over the people, and then the substitution under his leadership of a democratic form of government, without the shedding of blood, is an outstanding accomplishment. Provided the United States government would furnish the necessary military supplies of planes, guns, tanks, etc., to China and afford General MacArthur the opportunity to do in China what has been done in Japan, namely, drive out Communism and aid in the establishment of orderly government, it would give to the democratic nations of the world the services in the event of war with Russia of 500,000,000 people in addition to the establishment of a base that would be invaluable in the event of war with Russia.

It would give courage and confidence to the nations whose people desire democratic government and it would constitute the serving of notice upon Russia that the day of appeasement has gone and the time has arrived for them to sign on the line for permanent world peace. It would bring hope and confidence and contentment to the mothers of America and the world who look with horror on the possibility of an atomic war as something in the immediate future. It is a challenge to the people of America to place the welfare of humanity and permanent peace above a party tag. Through the services

The financial structure of hospitals the country over has changed greatly during the past ten years, and what is true of the remainder of the country has been true for Boston, especially in connection with the City Hospital and the other institutional services under control and management of the City of Boston. This has been made clear in a communication presented to Mayor James M. Curley by Dr. James W. Manary, Superintendent of the Boston City Hospital. The communication from Dr. Manary reads as follows:

The financial structure of hospitals has changed greatly during the past ten years. The plight of hospitals is perhaps entirely familiar only to those who are closely working with the problems. Formerly the voluntary hospitals were charitable institutions. Now they have been forced into the position of being business concerns.

1. They have been forced, in order to exist financially, to depend upon voluntary prepayment plans such as Blue Cross, health insurance, commercial companies, etc.

2. They have been forced to accept federal and state government aid. They have at all times accepted municipal aid by the fact that they receive police and fire protection, sewerage service, library service, and all the other facilities that a municipality offers — and all this they receive gratis.

3. They have fallen back on their endowments and legacies, added to which in recent years has been the money made available through the Community Fund.

"O Boston, fair City enthroned like a radiant queen,
From thy hills looking down on the ship-teeming plain of the ocean,
May thy future be bright, thy skies beam with light all serene,
Ensured by thy sons' and thy daughters' unselfish devotion!"

From Boston Centennial Poem-by

NATHAN HASKELL DOLE.

Tomatoes (case)	2 79 gal.	4 50 gal.	61

Cost of construction in New York City from 1939 to 1947 is up 100 per cent. In 1939 it was 70 cents per cubic foot — today it is \$1.70. When the Mallory Institute at Boston City Hospital was built, the cost was 43 cents per cubic foot. Hospitals in Connecticut have run into \$2 per cubic foot recently — which, when figured against our cost of 43 cents, is up pretty nearly 400 per cent. We formerly figured roughly that a hospital could be built for \$5,000 per bed. From tentative bids received recently, costs have been shown as high as \$25,000 per bed.

The public seems not to complain when they pay \$3.50 for a \$1.50 dinner, but they object to any increase in hospital, police, fire, educational, or relief expenditures, and these things are the things that make up the cost of municipal government.

One hundred small hospitals reported to the Hospital Forum that the over-all per diem cost showed an increase since 1941 of approximately 45 per cent.

MAYOR CURLEY URGES NOMINATION OF GENERAL DOUGLAS MacARTHUR.

(Continued from page 229.)

of one man, General Washington, in the early brave days when American liberty had its birth, the Republic was established. Through the divinely inspired leadership of the great emancipator, Abraham Lincoln, it was preserved through the days of civil strife between 1861 and 1865. The need of the hour is a genuine leader who combines the courage, leadership, and ability of General Washington with the vision of a Lincoln, and the most commanding figure in the political arena of America today, who overshadows all others who have been mentioned, is General Douglas MacArthur.

MAYOR SECURES SHOWING OF MOVING PICTURES AT LONG ISLAND HOSPITAL.

His Honor the Mayor has received the following letter from John G. Moore, branch manager, Paramount Film Distributing Company:

DEAR MAYOR CURLEY,—Replying to your letter of February 11 regarding the gratis showing of film at the Long Island Hospital, Boston Harbor, please be advised that this has been approved. At your request we will supply motion pictures to this hospital.

Yours very truly,

JOHN G. MOORE,
Branch Manager.

CITY TREASURER AS ACTING DIRECTOR OF PUBLIC CELEBRATIONS—GEORGE JAMES CURLEY AS TEMPORARY CITY GREETER WITHOUT COMPENSATION.

On March 9 the Mayor issued the following statement:

Following the resignation of George James Curley as Director of Public Celebrations, the Mayor has designated as Acting Director of Public Celebrations the City Treasurer, Henry F. Brennan, who will serve in this capacity until a permanent appointment shall have been made by the Mayor at a later date.

Following the precedent established during the year 1930, when the late Mr. Thomas Johnson was designated as the official city greeter without compensation from the City of Boston, the Mayor has announced that Mr. George James Curley will still remain the official city greeter for the City of Boston but will receive no compensation for whatever work he may carry on under such designation.

At a later date an announcement will be made as to the gentleman who will permanently take over both duties for the City of Boston.

EVACUATION DAY EXERCISES PLANS OUTLINED.

Within the forthcoming week, the City of Boston will hold its annual exercises and events in connection with the anniversary of the evacuation of Boston. These series of events will be started off on Sunday, March 14, when the annual historical exercises will be held in the South Boston High School Auditorium.

As in the past, these exercises will include speeches and musical entertainment plus the awarding of the prizes for the best essay written in connection with March 17.

The principal speaker at these exercises will be Mr. Thomas H. Buckley, of Abington, who is now Commissioner of Administration of Finances for the Commonwealth of Massachusetts.

On Wednesday morning, March 17, the annual flag-raising and wreath-laying ceremonies will be held at Dorchester Heights. Wednesday afternoon, March 17, the events sponsored by the City of Boston will come to their climax in the annual Seventeenth of March parade, which will be held in South Boston.
